

Crispus Attucks Medical Magnet School ranked one of Indiana's best high schools in the nation by US News and World Report.

One of the Most Unique College Prep Schools in the World

Crispus Attucks Maintains a 100% Graduation Rate for the Class of 2012

Attucks Makes The Best High Schools Report

Crispus Attucks Medical Magnet High School was included in the Best High Schools online report, released May 8. In partnership with the American Institutes for Research, U.S. News determined the rankings by analyzing how well students performed on state assessments and their preparedness for college based on success in Advanced Placement courses. The IPS schools earned a Bronze rating. They were among 4,850 schools named top performers.

US News Education

Vision

The Crispus Attucks Medical Magnet High School community, drawing on its rich tradition and history, provides a rigorous and relevant education, preparing students for a life of learning, excellence, and service.

Core Beliefs

- Academic success requires both rigorous instruction and a willingness to learn.
- All staff will demonstrate and encourage the values of excellence, scholarship, courage, and respect.
- All students deserve a safe, caring, and encouraging learning environment.
- High expectations prepare student for excellence.
- All students can learn and everyone is accountable for their success.
- Parents, students, and teachers are ultimately responsible for student achievement both academically and socially.

Goal

All students will improve their higher level thinking skills by applying logical procedures to problem solving. They

will demonstrate their academic abilities by applying what they have learned in real-world scearios.

2008 Winner of Magnet School of Distinction Award

The Medical Magnet focuses on a holistic approach to teaching and learning. This approach includes a rigorous curriculum that incorporates direct instruction, problem and inquiry-based learning, and scientific methodology in daily instruction. Students will have an on-going opportunity to engage in real world learning situations in the medical and science fields through internships, and shadowing experiences at a variety of local hospitals and medical science facilities.

All CAMMHS students are encouraged to complete the Indiana Academic Honors Diploma. Students must also complete a minimum of 3 semesters of internships in collaboration with local hospitals and health care providers.

Upon graduation from the Medical Magnet, students will be prepared to excel in college and beyond as they complete the requirements necessary to become medical professionals.

Certified Early College Site

Indianapolis Public Schools is proud to be home to two high school s ranked among the best in the nation by U.S. News and World Report.
