RISE to the IUPUI Challenge

The RISE to the IUPUI Challenge initiative engages students more deeply in their learning and contributes to their intellectual and professional development in unique ways. Each undergraduate student is challenged to include at least two of the four RISE experiences - research, international, service learning, and experiential learning - into their degree programs.

The RISE to the IUPUI Challenge initiative enhances the teaching and learning process that occurs during formal classroom coursework. The initiative builds on IUPUI's long tradition and commitment to experiential learning. Each RISE category incorporates qualified experiences, integration of knowledge, reflection, and assessment, and will be documented on students' transcripts.

The IUPUI undergraduate educational experience is distinctive because it intentionally uses experiential learning to prepare students for graduate school, careers, and citizenship. It provides skills, knowledge, and experiences that are highly prized by employers and establishes the foundation for future leaders.

MESSAGE FROM EVC PAYDAR

Academic Affairs promotes and supports the academic environment needed for the success of IUPUI's mission, including recruiting and retaining excellent faculty, fostering collaborations across the Campus, and managing changes in policies and practices that affect the academic life of the campus as a whole.

IUPUI, a core campus of Indiana University and the State's urban research and academic health sciences campus, is committed to excellence in teaching and learning; research, scholarship, and creative activity; and civic engagement locally, nationally, and internationally.
