The Frank and Katrina Basile Center for Art, Design and Public Life is Herron's avenue for applying the talents and skills of Herron students and faculty to the actual, relevant needs of businesses, nonprofit organizations, and government agencies. The Basile Center brings Herron's commitment to civic engagement to life through core offerings of art and design to a variety of clients. In turn, Herron students gain professional experiences through rewarding, collaborative partnerships.

The professional art and design school of Indiana University in Indianapolis.
