### Evening of the Arts – April 2

Evening of the Arts, an annual event showcasing the performing arts talents of IUSM students, faculty and staff, will be from 6 to 9 p.m. Saturday, April 2, at the Crispus Attucks Medical Magnet High School.

For college basketball fans reluctant to miss the Butler Bulldogs fight their way to the top in Saturday night's NCAA Final Four matchup, the lobby will be set up with computers streaming the game. Go Dawgs!

In addition, Evening of the Arts will include a silent auction of student, faculty and staff artworks, which will begin when the doors open at 5:30 p.m. and continue through the intermission.

More information at [msa.iusm.iu.edu/StudentDevelopment/eota.htm](http://msa.iusm.iu.edu/StudentDevelopment/eota.htm).

### Health Engagement Program feedback session

Faculty and staff are invited to participate in an interactive community conversation on the IU Health Engagement Program from 2 to 3:30 p.m. Monday, April 4, in the IUPUI Campus Center, room 450C.

Participants will be able to provide feedback on how IU can best design and implement a health engagement program that creates a climate of healthy lifestyle engagement, meets the needs of employees to maximize participation and is supported by the culture and environment at IUPUI. Input is sought for all aspects of health engagement, including, but not limited to, dietary support, exercise programs and lifestyle initiatives.

A reservation is not required to attend a session.

## Student Showcase

### Rock for Riley VII with Matt and Kim – April 7

Matt & Kim will perform live in Indianapolis at 8 p.m. Thursday, April 7, at The Vogue Theatre in Broad Ripple as part of the seventh installment of the annual Rock for Riley concert series.

Matt & Kim have a large fan base and have won an MTV Video Music Award in 2009 for Breakthrough Video. Matt & Kim recently released their third full-length album in November 2010 that features "Cameras" as the first single from *Sidewalks*. This concert will be a great opportunity to hear their new album live before the start of their *Sidewalks* tour in late May.

Rock for Riley is a one-of-a-kind organization, created and managed by IUSM students. As IUSM's largest student-run philanthropic group, Rock for Riley gives students a unique opportunity to donate their time and energy to pediatric patients in a creative way. Rock for Riley's primary mission is to organize an annual benefit concert in support of the Riley Hospital for Children, Indiana's only comprehensive children's hospital.

Each year, the Rock for Riley show features a nationally recognized band at an established Indianapolis music venue. Rock for Riley's inaugural concert featured Karl Denson's Tiny Universe and raised nearly \$25,000. Subsequent concerts have featured well-known

musical acts, from Wilco and My Morning Jacket to local rising stars Margot and the Nuclear So and So's. IUSM faculty, staff, residents and students are encouraged to attend the show.

Tickets for this year's event are on sale now for \$22 at the Vogue Box Office, Ticketmaster Online at [www.ticketmaster.com](http://www.ticketmaster.com) and during the noon lunch hour in the Daly Center. For more information, check out [www.RockForRiley.org](http://www.RockForRiley.org).

The OMSL promotes a lifelong commitment to community service through innovative service-learning experiences including Rock for Riley.

## News to Use

### ***Kids Healthcast* podcasts from pediatric residents**

*Kids Healthcast*, a monthly podcasts from pediatric residents at IUSM that provides easy-to-understand, evidence-based health information, celebrated its first year on-air last month with a themed episode focusing on childhood obesity.

The residents who produce the podcast research and present six topics during each 30-minute episode, many focused on concerns or questions raised by parents of the patients the residents have seen at Riley Hospital. Over the past year, monthly downloads have increased ten-fold as listeners from across the country—and beyond—have tuned in to learn more about topics including transitioning babies to solid food, teen driving, seasonal allergies and how to prevent colds and flu.

*Kids Healthcast* is available without charge anytime in the iTunes store and may be played on an iPhone, iPad, MP-3 player or computer. The program is funded by the Division of General and Community Pediatrics of the Department of Pediatrics.

To learn more, visit the [IUSM Newsroom](#). To tune in, visit [kidshealthcast.org](http://kidshealthcast.org).

### **This Week on *Sound Medicine***

This weekend, Saturday, April 2, and Sunday, April 3, *Sound Medicine*, the award-winning radio show airing on WFYI, 90.1FM, and on many other public radio stations, IU health-policy authority Aaron Carroll will explain health benefit options for the nation's new Affordable Care Act. Also this week, experts discuss how radiation exposure will affect Japanese citizens, why less sedation is better in the ICU, and what predisposes people to psoriatic arthritis. *Sound Medicine*

Since the passage of the Affordable Care Act last year, actuaries at insurance companies have been working out the coverage and benefit details. *Sound Medicine's* health policy analyst, Aaron Carroll, MD, will join Barbara Lewis to provide insight on this process. Dr. Carroll is an associate professor of pediatrics at IU School of Medicine and director of the IU's Center for Health Policy and Professionalism Research.

It's been more than three weeks since the Japanese nuclear power plant was damaged by earthquake and tsunami. The evacuation zone has been expanded, and there have been runs on bottled water in Tokyo. Barbara Lewis will speak with radiation expert Peter Johnstone, MD, to discover what medical problems lay ahead for workers at the power plant and for the people who live nearby. Dr. Johnstone chairs the department of radiation oncology at IUSM.

Common practice in intensive care unit has been to keep patients heavily sedated and often immobilized during the healing process. Now, the emphasis in the ICU is on lighter sedation and rousing the patient as soon as possible. Geriatrician Malaz Boustani, MD, MPH, researches the effects of sedation. With *Sound Medicine's* Steve Bogdewic, PhD, Dr. Boustani will explain the problems heavy sedation causes and the need for new ICU protocols. Dr. Boustani is an associate professor of medicine at IUSM and a researcher at the IU Center for Aging Research.

The Masters Tournament in Augusta, Georgia, opens this week. Expected to be among the top finishers is veteran Phil Mickelson, who plays with a different sort of handicap. Mickelson suffers from psoriatic arthritis, which can make it difficult to grip and control his clubs. To learn about this condition, *Sound Medicine's* Kathy Miller, MD, will speak with Cleveland Clinic arthritis specialist Elaine Husni, MD, MPH. Dr. Husni is vice chair of rheumatology and director of the Arthritis and Musculoskeletal Center at the Cleveland Clinic.

Also on this week's show, nutritionist and essayist Alix Litwak will provide advice for "spring cleaning" our cupboards and refrigerators.

For more information on *Sound Medicine*, or to listen to archived episodes, visit [soundmedicine.iu.edu](http://soundmedicine.iu.edu).

*Sound Medicine* is an award-winning radio program co-produced by IUSM and WFYI Public Radio (90.1FM). *Sound Medicine* is underwritten by IU Health, IU Health Physicians and IUPUI. Reports on Primary Health Care topics are sponsored by Wishard Health Services.

### IUPUI Walking Challenge – register April 4

The IUPUI Work/Life Walking Challenge kick off will be from 12:15 to 12:45 p.m. Friday, April 8, in Lecture Hall 100, south of Cavanaugh Hall.

This year's kick-off event will include a guest speaker, Avis Frieson, an IUPUI staffer who's achieved considerable health and fitness benefits by becoming a more dedicated walker. Participants in the program will record their steps for three weeks from 6 a.m. Saturday, April 9 to 5:59 a.m. Saturday, April 30.

The first 100 people to sign up will receive a free pedometer at the kick-off event. Participants who wish to receive additional materials, including a booklet, record sheet and plan for working up to 10,000 a day, contact Maggie Stimmin at [mstimmin@iupui.edu](mailto:mstimmin@iupui.edu).

To register a team, visit [www.hra.iupui.edu/worklife](http://www.hra.iupui.edu/worklife) and complete columns one, three and four on the entry form under "News & Events." Registration deadline is **5 p.m. Monday, April 4.**

## At Your Fingertips

### Continuing Medical Education

The Continuing Medical Education office launched a new and improved website at [cme.medicine.iu.edu](http://cme.medicine.iu.edu). In addition to online registration and listings of grand rounds, conferences and courses, the site provides in-depth tools and information for presenters and program developers. Included are forms, tips, links, contacts, maps, and a host of other handy resources to make it easier to participate in CME events, prepare a presentation or plan an event.

### Resources

Want to find a room that has a Polycom hook-up? Need official IUSM templates for your PowerPoint presentation or poster about a guest lecturer? Check out the new "Resources For" page on the IUSM web site. Resources For is accessible from the school's home page ([medicine.iu.edu](http://medicine.iu.edu)) – look on the right-hand side of the page.

If you have suggestions of other resources that would be beneficial and could be added to this list, contact the Office of Public and Media Relations at [medschl@iupui.edu](mailto:medschl@iupui.edu).

### MedTV

The Office of Public and Media Relations now manages the MedTV screens on the medical school campus. This closed-circuit TV system, part of the IUPUI network, presents a wonderful opportunity for faculty, staff and students to communicate events and information of interest to others. It also serves as a source for broadcasting emergency information on campus.

The MedTVs are located in public areas of the HITS building, the VanNuys Medical Science Building atrium, the Daly Center, Research II, Walther Hall (R3) and the Cancer Research Institute (R4).

Announcements from departments and offices are welcome. To have your department or office announcements posted on MedTV, please read the MedTV guidelines: [medicine.iu.edu/medtv](http://medicine.iu.edu/medtv). Questions? Phone 274-7722.

## Scope submission guidelines

*Scope* wants your news items.

The deadline for submission is 8:30 a.m. on Thursdays. *Scope* is published electronically and sent to faculty, staff, students, and residents on Fridays (except on holiday weekends when it is published on the following Monday).

There are three easy ways to submit story ideas or information to *Scope*:

- e-mail the information to [scopemed@iupui.edu](mailto:scopemed@iupui.edu)
- mail the information to Kevin Fryling, 1110 W. Michigan, LO 401, IUPUI
- fax your information to (317) 278-8722

Contributions submitted by e-mail should be forwarded in 12 point, plain text format. Word document attachments in lieu of fliers are encouraged.

In the interest of accuracy, please do NOT use:

- acronyms
- abbreviations
- campus building codes (use full, proper name of building and include the room number)
- Dr. as a preface before names (designate MD or PhD)

To keep the electronic version of *Scope* as streamlined as possible, only seminars and lectures of general or multidisciplinary interest will be included.
