ENGINEERING
AND TECHNOLOGY

DATE: July 2, 1997

TO: William Plater, Dean of Faculties, AO 108

FROM: Cliff Goodwin, Chair,
Organizational Leadership and Supervision, Department
ET 309C

SUBJ: Program Articulation Agreement Between Department of
Organizational Leadership and Supervision
and Ivy Tech State College

This document will serve as the program articulation agreement between the Organizational Leadership and Supervision (OLS) department in the Purdue University School of Engineering and Technology at IUPUI and the Ivy Tech State College, Indianapolis campus.

The OLS department agrees to accept credit hours (with the minimum of a C grade) earned at Ivy Tech in its Associate in Science and Associate in Applied Science programs. Where applicable, these credit hours will be distributed to satisfy the requirements of the Associate of Science and Bachelor of Science degree programs in OLS.

This articulation will be retroactive to January, 1991, for all courses except those general education courses articulated under separate agreements. This agreement does not include course work taken at other Ivy Tech campuses, nor does it affect any other campus of Indiana University or Purdue University.

The Organizational Leadership and Supervision department and Ivy Tech State College agree to initiate this articulation agreement on July 1, 1997. Both parties to this agreement agree to meet annually at the end of June for exchange of outcome measures resulting from this agreement. Continuous improvement of the outcomes of this articulation agreement will be the primary goal of the meeting.

Signatures:

Two handwritten signatures are shown above horizontal lines. The first signature is 'Cliff Goodwin' and the second is 'M. Ann Quastrey'.
