This Articulation Agreement provides a framework for students at Ivy Tech State College-Indianapolis to continue their formal education.

To ensure a smooth transition to the baccalaureate degree program at IUPUI, the faculty of both institutions developed the attached listing of course equivalences approved for transfer beginning with the Fall Semester 2004. This agreement identifies each course in the Ivy Tech State College-Indianapolis *Logistics Management* Associate of Science degree program, and exactly how that course is distributed to meet degree requirements for the baccalaureate degree in Organizational Leadership and Supervision. The second page of this document, prepared for use by IUPUI academic advisors, details precisely how each of the transferred courses will be integrated into the student's academic program at IUPUI. To ensure consistency and accuracy, these documents must be periodically reviewed by representatives from both institutions. A grade of "C" or above must be earned in a course in order to obtain credit toward the baccalaureate degree.

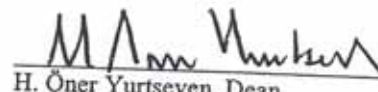

This agreement is extended to all Statewide Ivy Tech sites. This Articulation Agreement, including any modifications, may be reviewed by either institution upon request.
