

Issues we'd like your input on:

- Do your graduate students who take EAP classes improve their English while in EAP courses?
- Do your ITAs do well in their teaching after taking ENG G020?
- What issues are there with the current placement procedures (EAP Placement and SPEAK Tests)?
- Should the EAP Program offer more or less courses for international students? Why or why not? Which courses should stop/start/continue being offered?
- What suggestions do you have for improving the way the EAP Program serves the international graduate students and their departments at IUPUI?

Please suggest other issues/questions you think we should examine.

Contact person: Estela Ene (Director of the EAP Program), [eene@iupui.edu](mailto:eene@iupui.edu)

Senior EAP Lecturer Aye-Nu Duerksen, on sabbatical-like leave in Spring 2014, may conduct some interviews related to this project.
