Sub Unit:

Time Frame:

Actions taken for 2006-2007:

The MPA Program completed its eighth full year of operations with the graduation of the class of 2007 (academic year 2006-2007). In 2000, the program graduated 10 students while in 2001 that number increased to 30 students. The graduating class of 2002 rose to 47 students while the graduating class of 2003 grew to 61 students. Since 2003 the program appears to have reached a steady state, graduating 61, 62 and 61 in 2004, 2005 and 2006 respectively. In 2007, the program graduated 63 students. The program currently has a total of 249 students enrolled in the program.

The MPA Program petitioned for and gained approval to change the name of the program to the Master of Science in Accounting (MSA). The name change will be more consistent with evolving titles and naming conventions for similar programs at competitive institutions and will better position the degree for prospective students. In addition, the name change will eliminate confusion between the current MPA degree and the existing Master in Public Administration (MPA) offered by SPEA. The name change will take effect September 1, 2007.
