Fiscal Health

IUPUI Community Learning Network (CLN) fiscal health and finances were stable in Fiscal Year 2007-2008. Please note the assessment in Fiscal Year 2008 included the IUPUI Solution Center. Effective August 2008, $356,565 moved from our assessment and RC to University College.

CLN has emerging fiscal and staffing needs for the Fiscal Year 2009 and 2010. CLN is expanding IUPUI outreach and educational services by opening additional off-campus centers and Weekend University at IUPUI. CLN will need to hire additional staff to manage these facilities and additional technology staff to support these facilities. The funding needs include a web graphic designer ($50,000 + $20,300 benefits), and a technology support person ($40,000 + $16,240 benefits).

As mentioned above, CLN has several major programs or activities which require investment of resources in the next 2 to 3 years. We are targeting the Northeast area of Indianapolis - Glendale; far north area - Carmel; West - near the Airport. The other major program activity is launching Weekend University. The IUPUI Community Learning Network has submitted an application for $100,000 for 2
Reallocation Plan

Other Question(s)

1. If you had to implement a budget reduction of 3-5% in your base general fund budget, a) what would be your budget priorities and b) what strategies would you employ to walk the fine line of maintaining critical operations and investing in your future? Please describe how faculty and other stakeholders will be involved in the decision making process.

1a. The Community Learning Network streamlined its staff in 05-06 (no clerical staff remains); only full-time staff would be retained in the future.

1b. Maintain new learning centers.

1c. Leadership team consulted. Team is composed of (4) directors of units, development/marketing and officer and fiscal officer.

2. Please describe current commitments or plans that require multiple year funding, including the amount of funding required and the length of time the initiative’s funding is required.

3. How do you intend to use your reserves over the next four years? Please provide the information by fiscal year.
4. How do you define return on investment for diversity efforts in your unit (e.g., numbers of faculty/staff/students recruited and retained, grants received for special studies, new teaching methods or courses, placement of graduates, program reputation)? What are you doing to improve your ROI?

Two significant investments made toward diversity initiatives:

- An advisor has dedicated time to support diverse students.
- A grant ($650,000) was awarded to support a statewide study of African American Males. Fiscal Officer and Director of Development dedicated time toward this proposal.

ROI on diversity efforts are defined by increased numbers of diverse students recruited, retained and graduated. General Studies is the largest major on the IUPUI campus and it graduates the largest minority percentage on campus, 15%.

Efforts to improve ROI include:

- A diversity competency requirement has been added to the AGS degree.
- CLN diversity team will conduct diversity retreat for CLN staff and continuing education instructors.
- Increase interaction and collaboration with other departments to promote sharing of ideas, programs, and staff.
- Increase outreach and recruitment efforts directed toward diverse students.
- Marketing efforts embrace diversity in brochures, ads, etc.
- Develop evaluation tool to determine age/race/gender of instructors and students in continuing education.
- Develop list of courses that satisfy the General Studies cultural competencies requirement.
- Identify funds to establish a General Studies scholarship directed toward a minority student.
