Mission

IUPUC’s Mission is to be the first choice for those who seek a small university experience in south central Indiana, emphasizing intellectual and personal development, community engagement and preparation to enter the global workforce.

Reflecting the hopes and dreams of the community it serves, IUPUC aspires to be:

- distinguished as a destination university of choice for students seeking professional degrees or education in liberal arts and science, known for graduating students who are uniquely well-prepared for successful careers in the regional and global economies,
- recognized as an institution of focused academic inquiry guided by an outstanding faculty and staff who create a world-class intellectual, creative, and scholarly experience in a small campus environment, and
- known internationally as a uniquely creative, cost-effective, and nimble collaborator in the delivery of high-quality education solutions aligned with the needs of the learners, employers, and communities in South Central Indiana and beyond.

Strategic Priorities

IUPUC, serving South Central Indiana, delivers higher education through selected degree programs and the advancement of knowledge aligned with regional and global needs.

IUPUC accomplishes this through close collaboration with other regional primary, secondary and post-secondary educational enterprises and in partnership with key regional sources of economic opportunity.

IUPUC will pursue the following strategic priorities:

1. Regional and Global Impact – IUPUC will meet the global workforce needs of regional industry with the right programs at the right times.

2. Academic & Scholaristic Achievement – IUPUC will attract and retain faculty members who are motivated by our Mission and Strategic Plan and who will deliver academic programs of regional distinction and global quality with high student success rates. IUPUC will attract and retain students who are prepared and who seek a best-in-class small institution experience.

3. Welcoming Campus – IUPUC, as a place of higher learning, will possess a sense of campus community that welcomes the personal and intellectual growth of its students, faculty, and staff by demanding critical thinking and creative expression, cross-disciplinary collaboration, civic engagement, student-directed leadership, and creative development activities.

4. Collaboration and Service – IUPUC will serve cultural, intellectual and economic development in the region through collaboration and innovation.
