## LEGISLATIVE REPORTS I

Governor-Elect Otis Bowen delivered his first major address since the election to the annual meeting last week of the Indiana State Chamber of Commerce and listed these points for major emphasis in his program for the Indiana General Assembly:

On public employees' bargaining rights: ". . . It is a matter of highest public priority that essential public services be provided free of interruption. And I firmly believe that a soundly conceived and properly drafted public employees' bargaining bill can provide that assurance . . . and . . . provide that Indiana's many fine public employees can be fairly compensated and employed and that their vital services be rendered free of interruption."

On law enforcement and justice: "I intend to undertake major efforts to improve all facets of Indiana's system of criminal justice. I shall press for workable procedural and statutory changes within the structure of Indiana's criminal courts."

On drugs: "Because the major portion of crime . . . is committed in support of, or under the influence of drugs of abuse, I shall emphasize an effective program of a medico-legal approach to Indiana's drug/crime problem."

On governmental relations: ". . . Indiana state government (will) assume a more aggressive posture in its dealings and relationships with the Federal government and its agencies, while maintaining a more understanding and helpful attitude toward . . . local government."

"I shall seek . . . an aggressive Washington liaison office that will provide . . . strong ties and open communications between local needs and state and Federal programs."

## SUBSTITUTE TEACHERS NEEDED

The Indianapolis Public Schools need substitute teachers, according to Mrs. Ethel Tilson, supervisor of substitute teachers for IPS. Persons who have had experience working with children and who have completed 30 semester hours of college training are eligible to substitute for a total of 15 days upon application and acceptance. Individuals who have a regular teaching license may substitute for an unlimited number of days.

Qualified adults are encouraged to call the substitute office at 634-2381, Ext. 315 or 316, between 9 a.m. and 2 p.m. The daily rate for substitute teachers is \$21 for persons who aren't licensed teachers and \$23 for licensed teachers.

NEWS 'N' NOTES FROM HERE & THERE

Behind Locked Doors -- The Safety Department has announced re-instatement of a policy on the after-hours unlocking of offices and building rooms. As a security precaution, Safety officers have been directed not to unlock any rooms unless permission has been granted by the person occupying that office or having direct control over the room involved. People who want to get into such rooms must contact the occupant or department head who in turn must call the Safety Office dispatcher with proper authorization. Any person who wishes blanket authority to be given to an individual(s) should submit this authority in writing to George W. Combs in the Safety Office.

Correction -- Contrary to information in last week's issue, the telephone extension for Internal Auditing is really 8441.

Work/Study Info -- If you have Work/Study openings available for the second semester, please contact the Financial Aids Office, Gemma Harrison, Cavanaugh Hall (Room 305), Ext. 8877, to place your job listing. They have students who want jobs.

HONORS & ACCOLADES DEPT.

3 Faculty members from the School of Dentistry were prominent in the 113th annual meeting of the American Dental Association held recently in San Francisco. Dr. Jack D. Carr was elected president-elect of the American Association of Dental History; Professor Paul Barton received an award from the American Association of Dental Editors; Dr. Timothy J. O'Leary received an award from the American Academy of Periodontology, and Chancellor Maynard K. Hine received the William J. Gies Award from the American College of Dentists.

4 Dr. Varoujan A. Chalian, chairman of maxillofacial prosthetics in the School of Dentistry, has been named president-elect of the American Academy of Maxillofacial Prosthetics. Co-author of a recently published textbook on his specialty, Dr. Chalian also was elected chairman of the academy's scientific program for its 1973 annual meeting.

5 Dr. Burdellis L. Carter, professor and assistant dean of the School of Nursing, has been appointed to the Tuberculosis Task Force. The group will study the problem in Indiana and make recommendations to the Governor's Council on Tuberculosis.

Dr. Allan A. Katzberg, associate professor of anatomy, received the first-place award from the Indiana State Medical Association for his presentation on "The Acceleration of Wound Healing" at the recent ISMA convention.

Mrs. Evelyn J. Abel, chief nutritionist, Riley Hospital, took office as president of the Indiana Dietetic Association during its annual fall meeting this month at Gary. The association has more than 500 members.

Ralph D. Gray, professor of history, presented a paper recently at the Indiana Academy of the Social Sciences meeting at Butler University. The paper was called "The Puritan and the Robber Baron: An Episode in the Exploitation of Indiana's Natural Gas." Patrick J. McGeever, assistant professor of political science, also presented a paper entitled "Political Impatience."

9 Edmund F. Byrne, assistant professor of philosophy and co-ordinator of the department's area concentration in technology and human values, was chosen to participate in a short course last month at Miami University on Traditional Society and the Impact of Urbanization. Dr. Byrne also spoke last month to the Indiana Philosophical Association on "Film, Myth and Phenomenology: Some Thoughts on the Technology of Understanding."

10 Miss Ann Van Camp, search analyst with the School of Medicine Library, has been appointed to the Ad Hoc Committee on Network Operations of the State University of New York Biomedical Communications Network.

During last month's annual conference of the Indiana Library Association, Miss Kay Hosier, reference librarian at the 38th Street Campus, was elected chairman of the group's reference librarians' section.

(continued)

John M. Riteris, lecturer in philosophy, has been elected secretary of the Indiana Philosophical Association, an organization of about 200 philosophy teachers in the state.

Dr. Elaine V. Alton, associate professor of mathematics, has been appointed to the State Mathematics Advisory Committee.

#### TRAVELLERS

3 Dr. Warren A. Andrew, chairman and professor of anatomy, is in Miami Beach this week to moderate the hematology session at the 47th Anniversary Congress of the Pan-American Medical Association. He will present a paper called "Evidence of Lymphocyte Function from Phylogenetic Studies." Last month Dr. Andrew was in Omaha to discuss anatomical changes in aging as part of a program on aging presented by the University of Nebraska Medical School.

4 Dr. Victor C. Hackney, chairman and professor of dermatology, was in Palm Springs, California, last month for a meeting of the Pacific Dermatology Association. He presented a paper entitled "Nerve, Fibrous, Muscle and Adipose Tissue Tumors of the Skin."

Dr. Morris H. Aprison, professor of biochemistry and chief of the Section of Neurobiology, Institute of Psychiatric Research, was invited to speak recently at the Department of Life Sciences, Indiana State University. He talked about "How Might One Go About Discovering a New Transmitter in the Central Nervous System?" Dr. Aprison also visited the University of Connecticut recently where his subject was "The Present Status of Glycine as a Neurotransmitter."

Warren G. French, chairman and professor of English, was at Ohio University in Athens last week to present a paper at a celebration of the 50th anniversary of the publication of T.S. Eliot's *The Waste Land*. Professor French currently is editing a book of essays on "The Age of *The Waste Land*."

Dr. Phyllis I. Danielson, associate professor of art education, discussed "Why the Artist Creates and How" at the recent Michigan Art Education Association Conference.

7 Dr. Richard A. Fredland, assistant professor of political science, was at the Department of State in Washington last week to participate in a "Scholar-Diplomat Seminar." His subject was African affairs. Earlier this month, he attended the African Studies Association meeting in Philadelphia.

8 Dr. Ward W. Moore, professor of physiology and associate dean for basic medical sciences, was invited to participate in a symposium at the 45th Session of the American Heart Association last week in Dallas. The George E. Brown Memorial Symposium was on the "Circulatory Effects of Cardiac Mechanoreceptors" and Dr. Moore's contribution concerned cardiac receptors, antidiuretic hormone secretion and blood volume regulation.

9 Herron School of Art faculty members who have been visiting other schools include Robert P. Eagerton, associate professor, University of Saskatchewan (Canada); Gary F. Edson, associate professor of sculpture, Bennington (Vt.) College, and Miss Margaret D. Fierke, assistant professor, Austin College in Sherman, Texas.
