## LIGHTS OUT, HEAT DOWN

The coal strike emergency, which has prompted Governor Otis R. Bowen to announce that coal electricity consumption must be cut by 25 percent, requires all of us to take steps to conserve energy. (The Indianapolis campus does not use coal but all our electricity and the steam which produces most of our heat are supplied by the Indianapolis Power and Light Company.)

At IUPUI some actions have been under way but we need to do more. Much activity at this institution is in the Medical Center hospitals, where cutbacks are more difficult because of health care requirements, but the hospitals, too, are co-operating in our efforts.

During the coal strike emergency I am asking that thermostats be turned down, where possible, to 60 degrees at night. This reduction already has been achieved in about 25 percent of the 80 buildings on our campuses. I also ask that daytime temperatures in buildings, where possible, be kept at 65 degrees.

Our Physical Plant personnel are turning off the coolers in many refrigerated water fountains, hot water service is being curtailed or reduced in some areas, and decorative lighting is being eliminated where it is not considered necessary for security.

We have disconnected several hundred lighting fixtures throughout the IUPUI campuses. Housekeeping and maintenance duties are stopping in buildings by 11 p.m. each day to reduce electricity used for lighting. I ask that you make every effort to operate all buildings with minimal lighting necessary for function and security through the day. You are urged to turn off all electrical equipment when its operation is not essential -- lights, electric typewriters, individual electric heaters, coffee makers and copiers.

Regardless of the coal strike situation, some of these steps will continue. A cutback of up to 25 percent will cause some discomfort and inconvenience for everyone during the emergency but it is certainly better to live with inconvenience now than to have forced shutdowns of our industry, institutions and offices. -- Glenn W. Irwin, Jr.

## SPRING ENROLLMENT DOWN SLIGHTLY

The 1977-78 spring semester enrollment for I.U.'s eight campuses is 72,790, a decrease of less than two percent (1.80 percent) compared to the second semester last year when 74,126 students were enrolled.

All campuses except New Albany reported a decrease.

The number of students attending classes this spring is within earlier enrollment patterns for second semesters, which historically are lower than those recorded for fall semesters. (The 1977-78 fall semester enrollment was 78,009.)

Second semester enrollments, compared to second semester last year are: Indianapolis, 19,966, down 408; Bloomington 30,503, down 232; East (Richmond) 1,213, down 87; Fort Wayne 5,035, down 199; Kokomo 2,204, down 217; Northwest (Gary) 4,328, down 269; South Bend 5,673, down 66; Southeast (New Albany) 3,868, up 142.

#### TRUSTEES OKAY PARKING LOTS, COLEMAN REMODELING, APPOINTMENTS

Requests to proceed with planning two "mound design" parking garages on the IUPUI campus were approved by the I.U. board of trustees meeting this month (February 4) at Bloomington.

The requests were for the first phase of a 1,749-vehicle garage complex south of Michigan Street across from University Hospital and a 500-vehicle garage on the northwest corner of Michigan and Blake streets.

Phase One of the larger complex would hold 1,034 vehicles and be built on land bounded by Michigan, Patterson, Vermont, and Barnhill streets. Earth excavated from the site would be sloped around the east and north sides of the building and planted with ground cover and trees. Half the garage would be below ground level; the other half would be part of the mound design. A covered walkway would span Michigan Street from the garage to University Hospital.

The project, estimated to cost \$5,357,203, needs the approval of the Higher Education Commission (HEC), State Budget Agency (SBA), and General Assembly. Parking revenues would fund a proposed bond issue.

(There is no projection on the start of construction for the second phase, which would be south of the first garage with earth sloped around the south and west sides to complete the mound effect.)

The smaller garage would be connected to the planned School of Business-SPEA building at Blake and Michigan streets by an overhead walkway. The estimated project cost is \$2,946,461 and also needs appropriate state approvals. A bond issue also would be proposed to fund the construction with parking revenues used to pay off the bonds.

The board also approved Phase One of a plan to renovate the former William H. Coleman Hospital for Women as headquarters for the School of Medicine's Division of Allied Health Sciences and for continued use by the Student-Employee Health Service. Cost of the phase was estimated at \$1.2-million with funding to be sought from the state legislature, after approval by HEC and SBA.

Phase One will improve quarters for the Health Service and provide space for offices and classrooms of allied health programs.

In actions affecting personnel on the Indianapolis campus, the trustees approved the appointments of Dr. Timothy J. O'Leary as chairman of the Department of Periodontics, School of Dentistry; William T. Anstey as acting chairman of the Department of Supervision, School of Engineering and Technology; Rowland A. Sherrill as acting chairman of the Department of Religious Studies, School of Liberal Arts, and a title change for Neil E. Lantz, to director of administrative affairs.

Dr. Kenneth G. Kohlstaedt, professor of medicine and special assistant to the dean of medicine whose retirement is effective May 1, was cited for his distinguished contributions to medical education which have earned a national and international reputation.

WHO, WHAT, WHEN, WHERE & SOMETIMES WHY

Viva la Food -- An International Day gourmet dinner -- flavored with the cuisines of Hawaii, France, Greece and Switzerland -- will be served Monday at 8 p.m. at the Airport Hilton. A 6:30 p.m. cocktail hour will precede the dinner and international entertainment will follow it. The evening has been planned by the IUPUI branch of the Food Service Executive Association.

Seminar -- "Theories of Quasi-Linkage and Affinity," Medical Genetics Seminar by Stephanie Sherman, graduate student; Riley Research, Room 139, 4 p.m. Tuesday.

Special Lecture -- "Catholic Problems in Medical Ethics," a lecture sponsored by the Catholic Student Center, will be given by the Rt. Rev. Msgr. Raymond T. Bosler, a priest of the Indianapolis archdiocese and a nationally syndicated columnist. The program will be held Tuesday at 7:30 p.m. in the Roof Lounge at the Union Building. The session is open to the public and there is no admission charge.

"Women" -- "Men's Lives," a film and discussion program in the 1978 Women's Forum Series, will be held Tuesday at 8:15 p.m. and Wednesday at noon, both in Cavanaugh Hall, Room 107. For more information, call Kathleen Klein at Ext. 8246 or Ext. 2258.

Grand Rounds -- Dr. Charles Clark will discuss "Complications of Diabetes Mellitus and Their Prevention" at Department of Medicine grand rounds Wednesday at 8:15 a.m. in Myers Auditorium of Wishard Memorial Hospital.

Trio -- Three "Career Development" programs, sponsored by the Personnel Division, are scheduled this week. "Payroll Procedures" with Ruell Fiant will be held Wednesday from 9 a.m. to 11 a.m., followed by "Personnel Policies" with Tom Duane from 1:30 p.m. to 3:30 p.m. An all-day "Supervisors Seminar" with Mary Jane Maxwell is slated for Thursday from 8:30 a.m. to 4:30 p.m. All will be held in the School of Nursing.

Forum -- William F. May, professor of religious studies at IUB, will be the guest speaker for the School of Medicine Forum program this week. Prof. May, who will discuss "The Right to Die and the Obligation to Care -- Guidelines," has studied and written about the process and methods of medical decision-making. (He spent time last year at the Cornell Medical Center to observe the problems of medical decisions in the clinical setting.) The program starts at noon Wednesday in Hurty Hall C, Fesler Hall.

What's Up There? -- Frederick W. Kleinhans, assistant professor of physics, will talk about "Extra-Terrestrial Life: Saucers, Chariots, Triangles and Bunk" during the School of Science Dean's Convocation Series. The Wednesday noon program will be held in the faculty lounge of the Krannert Science Building, 38th Street Campus.

Seminar -- "Specific Glycopeptide Patterns of Animals' Tissues," Biochemistry Faculty Seminar by Dr. Johan Jarenefelt, visiting professor of biochemistry from the University of Kentucky; Medical Science Building, Room 205, 2:30 p.m. Wednesday.

Physiology -- "Visual Photoreceptor Function: Studies in Excised Vertebrate Retinas and Drosophila Phototransduction Mutants," Physiology Seminar by Dr. Sanford Ostroy from the Lafayette Center for Medical Education; Medical Science Building, Room 326, 3:45 p.m. Wednesday.

One More Seminar -- "The Role of Intestinal Microorganisms in Antibiotic-Associated Colitis," Microbiology and Immunology Seminar by Dr. Steven D. Allen from the Department of Clinical Pathology; Medical Science Building, Room 205, 4 p.m. Wednesday (refreshments at 3:30).

Have a Seat! -- "Chairs" -- real chairs, painted chairs, drawn chairs -- will take center stage at the Herron Gallery when a public reception opens the exhibit Friday from 7 p.m. to 10 p.m. Both faculty and students have made chairitable contributions to the exhibit which runs through March 3. "Chairs" is open to the public on Monday, Tuesday and Thursday from 9 a.m. to 7 p.m., Wednesdays from 9 a.m. to 9 p.m. and Fridays from 9 a.m. to 5 p.m.

ISO -- Guest conductor Walter Susskind and pianist Emanuel Ax will headline concerts of the Indianapolis Symphony Orchestra Friday and Saturday at 8:30 p.m. in Clowes Hall.

\* \* \*

#### UPGRADING

Computing Services has announced an upgrade of the DEC-10 Timesharing System in the Union Building Data Center. During the next four months, the following equipment will be installed and/or replaced:

- 1) Upgrade the 1080 processor to a 1090
- 2) Replace the IBM729 7-track mastape drives with three DEC TU45 9-track drives
- 3) Add another 256K words of memory
- 4) Replace four RP03 disk drives with two RP06 disk drives

After these changes, the configuration of the DEC-10 will be:

- 1) A KL-1090 processor with 512K words of memory
- 2) Disk storage consisting of three RP06 disk drives and two RP04 disk drives, which will give a maximum storage capacity of 775 million characters
- 3) Three DEC TU45 9-track mastape drives.

The card reader, printer, plotter, terminal access ports and DECTape drives will remain the same. Because this is a significant change, additional downtime will be scheduled between now and the end of May. Here are the dates that have been confirmed so far for the DEC-10 Downtime Schedule: Saturday (February 18), 8 a.m. to 5 p.m.; February 24-26, upgrade processor, down from 8 a.m. on the 24th until 12:01 a.m. of the 26th; March 9-11, installation of TU45 drives, down from 8 a.m. on the 9th until 12:01 a.m. on the 11th.

The DEC-10 Timesharing System, and the access of the CDC 6600 and IBM 370/158 through the DEC-10, will not be available at those times. The Union Building Data Center will be open for other client services (keypunching, consulting, etc.) as scheduled. Batch jobs will be accepted at the I/O window as usual, and will be run when the DEC-10 resumes operation.

Questions about this schedule should be directed to Allan Horn or James Appleby, Ext. 3838.

NEWS 'N' NOTES FROM HERE 'N' THERE

Are You Ready? -- IUPUI has joined the ranks of the big-time?: The first IUPUI homecoming -- complete with king and queen and all the trimmings -- will be February 28 when the IUPUI Metros finish off their season against Indiana State-Evansville. The festivities will be at the State Fairgrounds Coliseum. Anyone who has graduated from I.U. or Purdue schools is especially invited.

Artist -- The works of Stanley Burford, assistant professor of art at Herron, are on display this month in the Union Building showcases. Her work has been exhibited in 76 juried shows, 12 one-woman shows and she is represented in the Indianapolis Museum of Art Rental Gallery and Editions Ltd. Gallery.

At Fort Wayne -- Francis T. Borkowski, has been named acting chancellor of the I.U.-P.U. campus at Fort Wayne. Borkowski, now vice-chancellor and dean of faculties, will be the temporary chief administrative officer at Fort Wayne when Chancellor Donald Schwartz leaves this spring to accept the position of chancellor at the University of Colorado, Colorado Springs campus.

Southbound -- Dr. Isidore Mandelbaum, professor of surgery, will be traveling to New Orleans in May to present a paper at the annual meeting of the American Association for Thoracic Surgery. Other authors of the paper, "Results of Combination Therapy for Small Cell Carcinoma of the Lung," are Dr. Ned Hornback, chairman and professor of radiation therapy; Dr. Beng-Tek Joe, assistant professor of radiation therapy, and Dr. Lawrence Einhorn, associate professor of medicine.

\* \* \*

DEDUCTIBLES

A payroll deduction plan has been developed by which IUPUI employees can support the Metro athletic program. IUPUI offers student-athletes the opportunity to compete in six intercollegiate sports. The women's program includes volleyball, basketball, and softball, and the men's program offers golf, basketball, and tennis.

The employee deductions, which are deposited in an Indiana University Foundation account, are tax-deductible, and are made out to the IUPUI Athletic Fund. Figured on a 10-month basis, if each IUPUI employee dedicated \$1 per month to the Athletic Fund, Metro Athletics could realize approximately \$60,000 per year. That money would probably be enough to add sports to what is now a relatively small program, and upgrade existing programs.

Interested persons can contact IUPUI's athletic coordinator, Bob Bunnell, at Ext. 3764 for a pledge card, or for more information.

GREEN SHEET'S FRIENDLY AD SERVICE

Ride Needed -- R.N. wants a ride to Medical Center from the area if 86th Street and Ditch Road, day-night rotation. Please call Ext. 3717.

Ride -- Person wants to share a ride to and from IUPUI campus, 8 a.m. to 4:30 p.m., will help pay for gas. Call 547-7437.

House for Sale -- Home across from Highland Country Club, three bedrooms and den or four bedrooms, two baths, living room with fireplace, drapes and carpeted, air conditioned, basement, rec room, two-car garage, built-ins, two brick patios, trees, enclosed porch, 3/4 acre. \$48,900. Call 251-0247.

Condominium -- Assume condominium for \$1,800, \$223 monthly. Townhouse including range, refrigerator, dishwasher, attached garage, 1 1/2 bathrooms, fully carpeted. Call 898-9125 evenings.

Potpourri -- Woman's Etonic golf shoes, never worn, size 7½B. \$25. Also Nurse-Mate nursing shoes, brand new, size 8½. \$15. Call 299-5422. . .1977 Sanyo 19-inch color TV, has full warranty, solid state. \$325 or best offer. Call 297-2053. . .Portable dishwasher, avocado, four years old, used two years. \$125. Also RCA color TV, solid walnut cabinet. \$75. Call 259-7495. . .Lowrie Genie 44 organ with built-in tape deck, earphone jack and earphones, bench seat and easy learn-to-play chart. \$1,200. Call 896-3734. . .Pioneer 949 tuner/amplifier, stereo or quad, 18 months old, excellent condition. \$325. Call 842-2410 after 6 p.m. . .Presto-Mist professional-style hair drier, seldom used. \$12. Sperti sun lamp. \$15. Call 251-0586 after 6 p.m. . .Firewood for sale, \$25 a rick, \$30 if delivered. Call 784-2964 after 6 p.m. . .Contemporary furnishings, beige velour, playpen sofa, Swedish pine dining table, 9 x 12 area rug, pecan decorator chest, more. Call 293-7891. . .One Motorola Pageboy with charger. \$150. Call 897-2175. . .Double bed with head and foot boards, long dresser with mirror, tall dresser (all walnut) mattress and springs included. \$100. Call 253-7642 after 6 p.m.
