Thirty-five years ago, the first Kiwanis club came into being in the City of Detroit, a neophyte among organizations then in existence. Perhaps it is logical to assume that these early pioneers were unaware of the underlying motive that prompted them to unite for a common purpose. It soon became evident, however, that the driving force behind their efforts was “service to others.” Throughout the years, voluntary services to youth, communities and nations have become more and more synonymous with the name of “Kiwanis.” During the past year, we have seen a greater participation by clubs in all the broad fields of Kiwanis service than ever before. It is gratifying to report that the average participation in all activities by all clubs during the year 1949 was eighty-three per cent. While it is not possible to cover in detail the multitudinous projects successfully completed by our 3071 clubs in the past year, we have endeavored to present a brief resume of total activities performed. May this inspire us to even greater voluntary service in the years to come.

"Enough, if something from our hands have power
To live and act and serve the future hour."

WORDS WORTH

KIWANIS INTERNATIONAL, Activities Department
520 North Michigan Avenue Chicago 11, Illinois
Kiwaniians have long believed that the wealth of our nations exists primarily in our natural resources and in the initiative of our peoples. With this thought in mind, Committees on Agriculture and Conservation were fitted into our organizational structure at International, district and club levels. The basic concept of committee organization is that these committees shall be composed not only of farmers and men who know farmers, but also of open-minded men who do not know farmers' problems. Through service on these committees, the latter can better interpret the problems of the farmer to other Kiwanians who, like themselves, may not have had opportunity for many contacts. The effectiveness of this organization is graphically shown in the fact that the average participation in Agriculture and Conservation activities by all clubs during 1949 was 73.1 per cent, an increase of 8.3 per cent over the previous year. Here is the record for 1949:

109,125 Farmers entertained at Kiwanis-Farmer Meetings.
20,771 Workers secured for growing and harvesting crops.
3,880 4-H Club, Future Farmers of America and Junior Farmer activities sponsored.
1,407 Soil conservation or drainage projects sponsored.
17,310 Tree planting projects sponsored.

THE HENRY COUNTY KIWANIS CLUB sponsored, for the second time, the annual Ham and Egg Show for Negro farmers. All meat was raised, killed and cured by these farmers. Cash prizes and premiums were distributed by Kiwanians, and outstanding speakers were provided for the show. Henry County Kiwanians feel that this stimulates Negro farmers in the community to better quality production and cements friendliness throughout their community.

CANADIAN CALF CLUB

Special circulars were given to each child registering a garden and these gardens were inspected by Kiwanians during the growing season. Much information and assistance were given to the children. A Harvest Jubilee was held in the fall with over 1700 individual exhibits, including vegetables, flowers and canned goods. Four Kiwanis judges and two assistants spent three days judging each exhibit, after which cash prizes and more than 1200 certificate awards were presented.
public and business affairs

It is extremely interesting to note that eight of the twelve resolutions adopted by delegates during our last annual International convention pertained entirely to Public and Business Affairs. This does not denote lack of interest in long established youth services, but rather a greater realization of citizenship responsibilities and the desire to forcefully carry out our theme: Aggressive Citizenship—Our Individual Responsibility. Although Kiwanians have long recognized their responsibility to community and nation, it is evident that we have widened the scope of our influence through personal and united voluntary service. “Proof of the pudding” of these expanded services is shown briefly in the statistics below:

29,600,000 “It's Fun To Live In America” folders distributed (2 years).

A typical cartoon jingle: "Jack and Jill tore up the hill, Passed a car on the way; A truck coming down broke Jack's crown, And Jill a harp doth play.—Drive Carefully Over The Fourth of July Week-end." "UNTO THE LEAST OF THESE—"

WINDSOR, ONTARIO KIWANIANS are working hard to prove that a penitentiary sentence is not the end of the road for malefactors. The club formed a committee to work in cooperation with the John Howard Society of Ontario. Members render assistance to paroled and pardoned men, finding them employment, seeing that they are properly clothed, securing lodging and, where necessary, providing tools in order that they may reestablish themselves in their respective trades. Even before their discharge, these men are interviewed by the parent organization and their case histories forwarded to the club committee. After six months of operation, the committee reported that of the 12 prisoners assigned to them, not one had "slipped" and that all are living as law-abiding citizens.

by the club and bids were submitted. Contracts were let by
the club last June at a total cost of $252,000. Construction

They realized the urgent need to combat various diseases, particularly polio, and they conducted an active campaign. The club sponsored the purchase of a garbage collection truck which collected garbage twice weekly for the first time in the history of the city. These Kiwanians also conducted a fund-raising campaign to operate a "fogging" machine and each Kiwanian volunteered to take his turn at operating the machine at night. Spraying the city regularly proved most successful in killing flies, mosquitoes and other insects. Thanks to these public-spirited Kiwanians, health conditions in San Marcos during 1949 improved to a very great degree.

BOONTON SAVES LIVES

IN BOONTON, NEW JERSEY, eleven years ago, an accident victim died because there was no ambulance in town to take him to a hospital. Boonton Kiwanians decided something had to be done. They formed a Kiwanis First Aid Squad and found an old ambulance which the club purchased for $50. By the end of the first year, the Kiwanis Ambulance was averaging one call a day. These Kiwanians then devoted themselves to raising money for a new ambulance and soon a new Packard was purchased and the Kiwanians provided better emergency service for their community. In 1949, these men built a permanent headquarters almost entirely through Kiwanis volunteer labor. They also purchased a new Cadillac ambulance. This is indeed unselfish service for humanity.
Kiwanis might well and truly be defined as Stewardship in Action—stewardship of time, talent and resources for building a better world. Kiwanis is proud to lend its united and effective support to the Church as "the greatest Force for the greatest good." The originality, ingenuity and the genius of Kiwanians is nowhere more evident than in their ever increasing activities in Support of Churches in Their Spiritual Aims. It is encouraging and inspiring to report that activities in this important field of service increased over 13 per cent during the past year and that average participation by all clubs during 1949 stood at better than 75 per cent.

UPON THIS ROCK THEY BUILD

EAST KILDONAN, MANITOBA KIWANIAN shouldered the responsibility in remodeling and renovating the Washington Avenue Mission of Saint Stephen’s Anglican Church. Not only did these conscientious Kiwanians assume the major portion of the financial obligations, but they also took charge of the work and supplied the labor on a voluntary basis. Their actual cash contribution amounted to $750; however, the work voluntarily given far surpassed the cash donation. They exemplified Christ’s words when He said, "Upon this rock I will build my church."

MEETIN’ TIME IN ALABAMA

GREENVILLE, ALABAMA KIWANIAN decided to conduct a "Go To Church" campaign, and they did not do it half way. They utilized every means of publicity available to get their message to all the people. Starting out with a radio campaign, they enlisted the support of newspapers, merchants, automobile owners and public transportation. Stickers were distributed in great quantity for automobiles, and display cards were prepared for windows of stores throughout their city. Needless to say, the great increase in church attendance can be attributed to the splendid unselfish work of these Kiwanians.

Completing plans in detail, with pastors and Sunday School superintendents of local churches joining forces, this successful Bible School was conducted in the high school auditorium by ten instructors in the various departments. Sixty-four pupils attended these daily sessions of Bible study. Another tribute to the splendid efforts of this comparatively young Kiwanis club!

“A LITTLE CHILD SHALL LEAD THEM”

IN FLORA, ILLINOIS and vicinity many youngsters had no means of transportation to and from Sunday School and church. Flora Kiwanians, learning of this need, went to work. A suitable bus was secured and now every child who needs transportation is taken to the church of his choice. The great success of this project is attested by the fact that the average increase in attendance at all churches was 22 per cent. Yes, Kiwanians of Flora are “known by their deeds.”

BROTHERHOOD WEEK

SANTA FE, NEW MEXICO KIWANIANS organized and sponsored an outstanding Brotherhood program in their city. Featuring Catholic, Jewish and Protestant participants alike, background music was furnished by a chorus of 80 Indian boys and girls. Santa Fe Kiwanians were justly proud that this program served to turn the spotlight of public opinion on the necessity to overcome racial and religious prejudices. Too, all were agreed that this much-publicized meeting stimulated friendly relations among business and professional men as well as the various churches within the city.
The homely philosophy that "no boys or girls are well prepared for rough climbing unless they are well shod with Christian principles" has long been the basic concept of Kiwanis service to youth. Without exception the multitudinous youth service activities reported by clubs are character building in nature. It is not our intent to eulogize or glorify past deeds, but rather to inventory accomplishments as a yardstick of Kiwanis service. No nation is stronger than its youth and we, of Kiwanis, recognize our responsibility. May these examples of activities point the way to greater unselfish service:

1,043,646 Boys and girls visited club recreation centers.

A total of 68 boys and girls between the ages of 12 and 18 were instructed twice weekly in the uses of firearms by 11 Kiwanian instructors. An unusual and worth-while project, indeed!

MISSION MEETS AND BEATS

MISSION, SAN FRANCISCO KIWANIANS do not believe in doing anything half way. When they sponsor a boys' baseball team, they want it to be the best, and that is exactly the way it turned out in the San Francisco Recreational League playoffs last year. Much time and energy were put in by these fine Kiwanians in guiding and coaching their Junior Baseball Club. This club took on all comers in the final playoffs and won the championship of the league in San Francisco. "A boy in a baseball game is a boy out of trouble."

"HELP THOSE WHO HELP THEMSELVES"

PADUCAH, KENTUCKY KIWANIANS believe wholeheartedly in "incentive." They like to lend a helping hand, but at the same time they believe that work is an essential part of youth training. With this thought in mind, the club set up a $200 loan fund to make it possible for underprivileged Scout members to earn their uniforms. Uniforms must be earned by working on playgrounds or other school and recreational equipment.
“SPRINGTIME IN THE ROCKIES”

GRAND JUNCTION, COLORADO KIWANIS, way over on the Western Slope, made it "Springtime in the Rockies" by providing camping facilities for five different Girl Scout troops last year. The first group to use the beautiful youth camp on the Grand Mesa were 40 Girl Scouts and their supervisor. Four more Girl Scout troops followed within the next month, after which underprivileged children and church groups were then permitted use of the camp. Grand Junction Kiwanians are to be highly commended for the great amount of effort and money that has gone into the building of this beautiful camp. Hats off to you!

LUBBOCK’S LITTLE LADIES

LUBBOCK, TEXAS KIWANIS were not pikers when they set out to build a Girl Scout House. After determining the need for such a project, these boys from the Texas Plains decided to set a goal of $10,000. "Goals" apparently only mean one thing to them, however, and that is that all goals should be topped. When the drive was completed, the funds raised for the Girl Scout House amounted to $14,681.31. The club then hired an architect and, after approval of plans, contracted for building the house. A beautiful monument to the splendid work of these Kiwanians.

MARYLAND MUSIC

The Pikeville, Maryland Kiwanis Band celebrated its fifteenth birthday last year. The Junior Band is now traveling over a good part of the state. An example of the time put in by these conscientious Kiwanians is indicated by the fact that in one month alone, seven club members spent 119 hours and traveled 349 miles with the Boys and Girls Band. What a tribute to Pikeville leadership!
"IT IS BETTER TO GIVE . . . ."

Over twenty years ago, KIWANIANS OF NATIONAL CITY, CALIFORNIA, built themselves a fine clubhouse. The clubhouse was fitted with complete kitchen equipment and the building was used for regular club meetings and other affairs. Last year, the Kiwanis Club of National City signed over the title and all rights to the property to the city for a youth center. Today, the club pays rent for the use of the building for its meetings.

NO "WHITE ELEPHANT" HERE

PAYETTE, IDAHO KIWANIANS definitely do not have a "white elephant" on their hands, but they put on a White Elephant Sale to keep it going. These fine Kiwanians constructed a Youth Lodge for all the youth of their community. Naturally, it had to be equipped and maintained, and therein lies the "White Elephant" tale. They put on a White Elephant Sale and raised funds to add equipment to the lodge. Prior to this, a great minstrel show was held with interlocutors, end men and what have you! The hundreds of grateful boys and girls now using the lodge are the "pay-off for Payette."

A total of 6184 boys and girls were counseled by 260 counselors, one-third of whom were Kiwanians. These counselors, from almost every known vocation, gave these boys and girls the benefit of an average of more than twenty years experience in the various businesses and professions. Hearing the good and bad points of all vocations gave these boys and girls real knowledge of their chosen vocations. This is indeed "mile high service."

WATERBURY WORKS

IN THE KIWANIS CLUB OF WATERBURY, CONNECTICUT, a club of 106 members, over 30 members signed up for the club’s vocational guidance program. NO "MILL TAX" HERE

Residents of War, West Virginia wanted floodlights and new seats for the Big Creek High School football field. It probably would have been easy to vote an increased mill tax to complete this project using public funds. Kiwanians of War did not see it that way, however, so they spearheaded a drive to get the job done. Three thousand, three hundred and twenty dollars were pledged by club members for floodlights. New lights, seats and other added facilities were installed, costing approximately $11,000, all paid for through contributions.
key clubs

The United States and Canada need better leaders and more of them—big city leaders, small town leaders, labor leaders, business and professional leaders, leaders of character; yes, leaders of the world. Society, like business and industry, gets its directions from the top—from key men. Only through these better leaders will we serve a better world for which we strive. Our Kiwanis leaders believe that Key Clubs are one of our finest agencies to develop the leadership so badly needed, for Key Clubs are the only high school organization that provides a constant contact among the school, the student body and the community leaders. The tremendous growth in numbers of Key Clubs in recent years is indicative of the growing realization of the importance of this great activity. The following figures show Key Clubs and membership at the end of 1949:

729 Key Clubs sponsored.
15,200 Members of Key Clubs.

ACTIVITY EXAMPLES
Sponsored high school Key Clubs.
Supplied Key Club equipment such as pins, banners, etc.
Provided Key Club meeting places.
Cooperated in Key Club convention arrangements and paid expenses of delegates.
Attended Key Club meetings.
Entertained Key Club members at Kiwanis meetings.
The old adage, "By their deeds ye shall know them," seems most appropriate when applied to Key Clubs; therefore, rather than listing the work of Kiwanis clubs in sponsoring Key Clubs, we will show that Key Clubbers are truly learning the value of community service.

GREENWOOD, MISSISSIPPI KEY CLUBBERS participated 100 per cent in the February March of Dimes campaign. Every Key Clubber helped in making a house to house campaign throughout the entire city. In cooperation with their sponsoring Kiwanis club and with the help of the high school band members, a total of $1150 was collected during one evening drive.

KEY CLUBBERS of the OHIO SCHOOL FOR THE DEAF, COLUMBUS, OHIO, do not "hide their light under a bushel." The members placed a lighted plaque in the chapel which reads, "Let there be light." These industrious Key Clubbers also conducted a paper drive, netting $32.42 with which they are converting an old "broom room" into a candy sales room. Not the least of their projects was the printing of the songbooks and delegates' tickets for the Key Club International Convention held in Columbus.
underprivileged child

"SERVICE TO THE UNDERPRIVILEGED—THE HEART OF KIWANIS." This heart-warming and inspiring motto of the 1950 International Committee on Underprivileged Child truly exemplifies the spirit behind the oldest work in Kiwanis. The traditions and legends of unselfish Kiwanis service to boys and girls of subnormal circumstances are myriad indeed. Endless volumes would be needed to relate the "payoffs" that have occurred—the "little brother" who became a priest, the cripple who became an author, the orphan who became a great baseball player, the delinquent who became a legislator. May we, in humbleness and unselfishness, emulate our Master who said, "Suffer the little ones to come unto me, for of such is the kingdom of heaven." In brief, the following statistics cover these activities during the past year:

248,172 Lunches provided needy children.

LAND OF THE MIDNIGHT SUN

THE WHITEHORSE, YUKON TERRITORY KIWANIS CLUB, a "baby club" in years, has already provided many outstanding services to its community. One of the greatest of these was its organization of an examining clinic to provide complete physical examinations, including dental care, to every school child in the City of Whitehorse. Needless to say, this outstanding activity resulted in the prevention of more serious physical ailments in the years to come. Our brothers to the north have given us another example of real voluntary service.

MONTREAL MAKES MEN

MONTREAL, QUEBEC KIWANIANS have "adopted" Shawbridge Boys Farm and Training School as their major juvenile delinquency project. Not only is the club giving much financial assistance, but individual members and club committees are constantly working with this corrective school for boys. Just one example of such unselfish devotion is the report that a dentist member of the Montreal club and his nurse devote one full day per week, driving 80 miles round trip, to take care of the dental needs of the 195 boys in the school. Need we say more?

BIG BROTHERS OF BROOKLYN

BROOKLYN, NEW YORK KIWANIANS are supporting the Big Brother movement in a big way. The chairman of the club's Underprivileged Child Committee was elected president of the Brooklyn Big Brother Movement. Thirty-five Brooklyn Kiwanians, out of a membership of 130, are serving as Big Brothers to needy boys and girls. Who said "the heart of a big city is cold?"

**BLUE BABY**

WHEN GARLAND, SPOKANE, WASHINGTON KIWANIANS heard of a blue baby in their city, they took action immediately. An operation was the only chance to save this youngster’s life. The club sent the boy to Portland for an operation. He was on the operating table five and one-half hours; however, he was returned home in two weeks and at last report another life was saved. Garland Kiwanians have developed a special fund so that other unfortunate blue babies will be given the necessary care.

MAGNOLIA "HELPS FREDDY WALK"

ONE OF THE SADDEST AND most unfortunate cases publicized by newspapers in recent years is that of the little Arkansas boy born without arms or legs. The Kiwanis Club of Magnolia, Arkansas, though only a year old, decided to see if something could be done for little Freddy. Sponsoring a fund-raising campaign known as the "Help Freddy Walk" fund, these sincere Kiwanians made it possible for little Freddy to be sent to a noted eastern doctor where it was determined that artificial limbs could be attached to Freddy's muscles through a series of operations. The long duration of medical attention will require a large available fund; however, Magnolia Kiwanians are staying with the job. They are determined that Freddy will walk.

Bradenton, Florida Kiwanians furnish meals at school for all underprivileged children throughout the county and in addition to this, they supply glasses, clothing, medical and dental care for these unfortunate youngsters. No report could possibly show the hours of service put in by these conscientious Kiwanians. Suffice it to say that this is the "heart" of their outstanding club.

RIPON SAVES FOR THE FUTURE

Literally thousands of educational assistance activities were reported last year by Kiwanis clubs. Without exception, all had great merit and it is impossible to list in detail these many altruistic activities. Typical of these activities was the splendid contribution of the Kiwanis Club of Ripon, Wisconsin, in raising a $2500 fund which was placed in trust for the education of a Ripon child born without two of his limbs. John Gransee now has the opportunity to take his place in society.

OPPORTUNITY FOR ALL

Euclid, Ohio Kiwanians are supporting the Euclid Opportunity School in a great way. They pay part of the teacher's salary, furnish milk and supplies and take an active interest in the youngsters in this fine school. Here again, Kiwanians are "helping them to help themselves."
