ULTRASOUND 'GUN' NETS SAVINGS AND AWARD

An innovative heat-saving technique that utilizes a special ultrasound device to check for malfunctions in steam traps is saving IUPUI $285,000 each year in heating costs. As a result, IUPUI was cited this week as one of three institutions of higher education to share top honors in the annual Cost Reduction Incentive Awards Program sponsored jointly by the National Association of College and University Business Officers and the United States Steel Foundation, Inc.

I.U. Treasurer John D. Mulholland accepted the award at ceremonies recently in Chicago. Two Oregon colleges--Lane Community College of Eugene and Linfield College of McMinnville--were also winners.

IUPUI has approximately 2,000 steam traps on the West Michigan Street campus and tests with a $600 ultrasound device that looks like a hand-held gun with a probe indicated that perhaps half of them were faulty at any one time. The trained four-man crew that tests the traps is also able to make on-the-spot repairs. The crew is also building a computer data base of the entire campus steam system which should aid future maintenance of the steam system.

ORR SEES TEACHERS' COMPUTER-SAVVY SYSTEM

Gov. Robert Orr was on campus last week visiting the Indiana Clearinghouse for Computer Education (ICCE) and saw part of the program being established state wide by the Indiana Consortium for Computer and High Technology Education to educate teachers on the use and purchase of computer hardware and software for the classroom. The program's aim is to make teachers computer literate so that they can better provide their students with basic computer skills. The consortium hopes to reach about 18,300 teachers by next June. Since its creation last January, ICCE has been visited by more than 700 teachers and educators from the state and ICCE has sponsored in-school workshops for hundreds of educators. Many more have sought information through ICCE's toll-free line, 1-800-222-4223. C. Frederick Risinger is acting director of ICCE. Michael Neill of the University of Oregon becomes director Aug. 1.

COL. LENZ NEW PROFESSOR OF MILITARY SCIENCE-ROTC

West Point graduate, U.S. Army Col. Robert J. Lenz has become the new professor of military science and director of ROTC at IUPUI, which is a host institition for ROTC training for several central Indiana colleges and universities. He replaces Lt. Col. Henry Rosser, who has been reassigned. Col. Lenz's career has focused on military infantry education. Originally enrolled at Mankato (Minn.) College in pre-engineering, he transferred to the U.S. Military Academy at West Point. He has served in areas such as Berlin and Vietnam. He enrolled at Purdue University and obtained his master's degree in industrial engineering. Pleased with the young and growing ROTC program at IUPUI, Col Lenz hopes to attract more students. He plans to focus on educating students to the benefits of ROTC, and to the excellent nursing program which offers scholarships.

NEWS 'N' NOTES FROM HERE 'N' THERE

Need Rh- And More--The Central Indiana Regional Blood Center will have a campus blood drive on Monday, Aug. 27, from 1:30 to 5:30 p.m. The mobile unit will be between Cavanaugh and Lecture Halls, and Dean Alvin S. Bynum plans to be first in line. Rh- negative needed, as well as all other types. All welcome.

Partial Volunteers--The Oral Health Research Institute, I.U. School of Dentistry, seeks volunteers for a research program on dental plaque. Must have missing lower posterior teeth where a partial denture can be placed, or have existing partial denture. Two hours per week; reimbursemwnt is $10 per hour per visit. Call Becky Whetstone, Ext. 8822.

CPR Update--All American Heart Association CPR instructors are mandated by the association to be critiqued, updated, evaluated and recertified. Group updates are set for two sessions in Coleman Hall. Dates are: Session I--July 18, noon-4 p.m. and July 20, 8:30 a.m.-noon; Session II--July 25, noon-4 p.m. and July 27, 8:30 a.m.-noon. Call Joanne Sprinkle, Ext. 7381.

Females Needed--Healthy females, ages 21-45, are needed for a study about blood pressure and diet pills. Does not require injections or cutting of the skin. Participants are paid. For more, call Belinda, 630-6100, 8 a.m-5 p.m.

Six Kittens Need Homes--Black and white, six weeks old. Call Karen, Ext. 7671.

Voter Registrars--Persons on campus qualified to register voters are invited to join the voter registration drive project sponsored by the I.U. School of Social Work and the political science department. For more, call Professor Fredland, Ext. 3855, or Dean Jerry Powers, Ext. 8362.

Farewell Ms. Sprinkle--A farewell reception for Joanne Sprinkle, Respiratory Therapy Department, Allied Health Sciences, is Aug. 3, 1-3 p.m., Room 224, Coleman Hall. Friends and associates welcome. Call Kay, Ext. 7381.

New Books Noted--The I.U. School of Medicine Library is now posting a quarterly list of books added to its collection on the bulletin board outside administration offices.

Operative Dentistry Course--Registration is open for the Oct. 10 course, "Clinical Operative Dentistry," offered by the I.U. School of Dentistry. For fees or other information, call Dr. Derry, Ext. 7782.

Street Users Beware--The Department of Transportation, City of Indianapolis, is closing more streets in this area--effective 7/24, with re-opening expected around mid-August. Closings are: North Street--from West Street to the east; Indiana Avenue--from West Street to the AUL Building, and West Street--from Ohio Street to New York Street. DOT suggests we use Blake to 10th street, or West to New York.

Hospital Relations Moves--The offices of Hospital Relations has moved to the Clinical Building, Rm. 292. Phone extension is still 8078.

YMCA Needs Help--Volunteers ages 16 and over are needed for a short assignment with the West District YMCA Branch. To help conduct a phone survey, call 271-5305.

Integrate Dow, Yellow VAX--The I.U. School of Business has made it possible for accessibility to the Dow Jones News Retrieval Services through the Yellow VAX computer.

HONORS AND ACCOLADES

Scott Evenbeck, associate professor of psychology, School of Science graduate school and associate director of administrative affairs, became president of the American Lung Association of Central Indiana on July 1.

Angela B. McBride, Ph.D., R.N., F.A.A.N., and Rosanne Perez, Ed.D., R.N., C.P.N.Z., were honored for significant contributions to specialized areas of nursing during the 54th convention of the American Nurses' Associations in New Orleans recently. McBride received the Council of Specialists in Psychiatric and Mental Health Nursing Current Empact Research and Scholarship Award. She is professor and chairman of the graduate department of psychiatric/mental health nursing, I.U. School of Nursing. Perez received the Maternal and Child Health Nurse of the Year Award. She is chairman and professor of the department of pediatrics, family and women's health nursing, I.U. School of Medicine, and chief, nursing section, Riley Child Development Center. She also received the March of Dimes National Nurse of the Year Award.

Howard F. Polley, professor (without stipend) I.U. School of Medicine, was a speaker during a special symposium, "Landmark Advances in Rheumatology," during the 50th anniversary meeting of the American Rheumatism Association in Minneapolis recently. Former consultant for the Mayo Clinic, he holds a special citation for the clinical development of cortisone.

Gerald L. Bepko, dean, I.U. School of Law-Indianapolis, will serve as one of two accreditation visitors who will conduct an on-site review of the University of Bridgeport School of Law, Sept. 10-12, for membership in the Association of American Law Schools.

Gabrielle Riggs is appointed assistant bursar for banking and data entry at IUPUI. Formerly with Citicorp Information Resources, Inc., her experience spans more than nine years in banking and financial services.

Marvin A. Needler, Ph.D., professor of engineering and technology, Purdue University at Indianapolis, was re-elected chairman of the Central Indiana Section of the Institute of Electrical and Electronic Engineers--1984-85.

Carl F. Rothe, M.D., professor of physiology and biophysics, I.U. School of Medicine, was recently appointed a member of the Education Committee of the American Physiological Society.

Walter C. Low, Ph.D., assistant professor of physiology and biophysics, recently presented an invited paper, "Cross-Species Transplants of Cholinergic Neurons and the Recovery of Function," at the Fernstrom Symposium on Transplantation in the Mammalian Central Nervous System at Lund, Sweden.

MORE NEWS 'N' NOTES

Ms. Duncan Dies--Mary Alice Duncan, IUPUI's first director of financial aids died recently in Bloomington. She founded the University Women's Club at IUPUI.

Across the Bridge--Goodwill's first annual warehouse sale is Aug. 4 at the main facility, 1635 West Michigan St., from 8 a.m.-noon.

Ticketmaster Is Here--Get your tickets for all events sold by Ticketmaster at the Natatorium/PE ticket office, concourse level, 10 a.m.-6 p.m., Monday-Friday, and 8 a.m.-1 p.m. on Saturday. For information, call Ext. 7364.

Female Fitness--YMCA Women's Fitness Vacation, Aug. 12-17. Call 635-5417

NURSING GETS NOD TO EXTEND DEGREE OPTIONS

The Higher Education Commission has approved a plan to extend opportunities for baccalaureate prepared nurses in Indiana to earn a master of science in nursing degree at multiple sites in the state. Dr. Hilda Frazier is chairperson and director of the project and will assume her duties in the fall. The project will make it possible for nurses to earn credits toward a MSN from the I.U. School of Nursing in their own geographical areas, through television courses from our campus and through year round offerings of clinical courses on campus that will accomodate students' needs and schedules. Dr. Frazier will work closely with I.U. statewide campuses and other state universities in order to increase student opportunities and to promote sharing of resources. For information about the project and meetings for prospective students, call Ext. 8046.

AMY AHLERSMEYER IS ABC SWIM CONTACT AT OLYMPICS

When ABC News interviews swimmers from across the globe at the Summer Olympic games in L.A. this month, the contact person behind the reporter-athlete meetings will be Amy Ahlersmeyer, coordinator of sports information for IUPUI. "It's a chance of a lifetime," said the avid sports fan, who grew up with three brothers in an athletic-minded family. "I don't think I'll do anything in my entire career that will be comparable. It's special and I'm thrilled about it," Amy said before flying to L.A. July 20 when she began her duties as assistant press chief of the swimming and diving venue. The opportunity came through contacts she made during the swim and diving trials at the Natatorium. Amy returns Aug. 13.

POSITIONS AVAILABLE

CHAIRMAN, DEPARTMENT OF ORTHOPAEDIC SURGERY, nominations being accepted by Dr. Kenneth D. Brandt, chairman of the Search and Screen Committee, which was appointed by Dr. Walter J. Daly, dean of the I.U. School of Medicine. Others on the committee include: Joe Christian, Stephen F. Dierdorf, John Donohue, David Heck, Richard E. Lindseth, Murray Passo, George Rapp, Robert Worth and Daniel P. Benford. The position was held since Feb. 1974 by Dr. Donald B. Kettelkamp, who has accepted a position as Associate Dean in the School of Medicine, Texas Tech University Health Sciences Center. Dr. Linseth is acting chairman.

DATA GATHERER, part-time for administering questionnaires to outpatients in University Hospital and Wichard Clinics, five afternoons a week. Contact Marilyn Potts, MSW, Clinical Bldg, Rm. 492, Ext. 4225.

RESEARCH ASSOCIATE, clinical research laboratories. Responsibilities include supervise and maintain analytical research labs that include methods in HPLC, gas chromatography, radioisotpe techniques, animal surgery, and general basic biochemical procedures in labs for experiments in basic and clinical research in the psychiatric disorders, Instititute of Physchiatric Research, Department of Psychiatry, I.U. School of Medicine. Requires Ph.D. or M.S. in chemistry or biology and one year experience in laboratory biochemical procedures. Contact Dr. Philip A. Shea, Ext. 8426, or write: The Institute of Psychiatric Research, I.U. School of Medicine, 791 Union Drive, Indianapolis, IN 46223.
