UNDER THE BIG TOP

The mammoth red-and-white tent will be up again this week on the east side of the Union Building for two events: the 39th Annual Medical Alumni Day on May 21 and the fourth annual Fitness Day and Health Fair on May 22.

From 500 to 600 alumni of the country's second largest medical school and their spouses will gather Wednesday for the 9 a.m. registration, the 11 a.m. annual meeting (on the Union Building mezzanine) and the noon luncheon topped off with the traditional strawberry shortcake prepared and served by the Department of Nutrition and Dietetics. Dean Walter J. Daly will brief the attendees on what's been happening at the medical center and the program also will include presentation of the Distinguished Medical Alumni Awards, the Kime and Moore Awards and recognition of the Class of 1936. Interested alumni also can tour new and/or renovated facilities on the campus: the Riley Hospital addition, the fifth floor of Emerson Hall, the urology clinic and the hematology-oncology clinic in University Hospital and the new Magnetic Resonance Imaging building, just west of Riley.

The next day, the tent will be full of booths and displays and people taking fitness tests of all sorts during the Staff Council-sponsored Fitness Day and Health Fair from 9:30 a.m. to 3:30 p.m. Drop by to learn more about yourself and to get a chance on one of the door prizes announced hourly.

IN CASE YOU HAVEN'T NOTICED DEPT.

South is the only direction you can go on Agnes Street between Michigan and New York streets. Reason: they're in Phase I of a three-month (at least) project to widen Agnes and folks working east of Agnes are encouraged to park on the east side of campus. During Phase II of the project, construction will be on the east side of Agnes and traffic will be restored to two-way traffic. All this should be over by the end of July, when they'll move to widen Agnes north of Michigan. Hang in there!

MORE PROGRESS

Speaking of fitness, it took one shovel and six men to break ground May 9 for the National Institute of Fitness and Sport, a 130,000-square-foot facility just south of the natatorium. Scheduled for completion in time for the Pan American Games, the three-story institute will house human performance research labs, fitness testing labs, administrative and instructional area, a gymnastics training area, a 200-meter indoor track, and auditorium. The three-acre site is owned by IU. Doing the "digging honors" for the \$10-million complex were Dr. Beurt SerVaas, chairman of the institute's 44-member board; Tony A. Mobley, president of the board and dean of the IU School of Health, Physical Education and Recreation; Leroy (Bud) Getchell, the institute's executive director; John Miller, executive director of the American College of Sports Medicine; Michael Carroll of Lilly Endowment, Inc., and Mike Jacki, executive director of the U.S. Gymnastics Federation.

J

Meanwhile, a few blocks away on May 13, the Indiana Ronald McDonald House and IU Medical Center officials announced plans to build a \$2.5-million wing that will double the House's capacity and enable it to serve more families than any other Ronald McDonald House in the world. Called McDonald's Family Place, the new wing will feature six self-contained apartments, 20 bedrooms, a large central kitchen, satellite kitchen, family room and small lounge areas. Officials hope to accommodate families with patients undergoing treatment in programs such as bone marrow transplantation and heart transplants. The wing will extend south of the existing structure and David Paul, IUPUI director of housing, says every effort will be made to relocate those affected by the elimination of Unit 5, eight apartments in the Graduate Townhouses complex. The existing Ronald McDonald House has had a nightly waiting list for admission eve since it opened four years ago. More than 1,500 families have "lived" in the house for periods ranging from a few days to almost a year.

NEWS 'N' NOTES FROM HERE 'N' THERE

Commencement Postscripts -- A total of 2,680 IU degrees and 830 Purdue degrees were awarded at last Sunday's IUPUI commencement at the Hoosier Dome. That means that 3,510 degrees went to teachers, doctors, social workers, political scientists, artists and all the other areas that make IUPUI such a comprehensive campus. And among all the awards ceremonies preceding and following commencement, **Kenneth M. Stroud**, professor of law, won the Black Cane Award from the 200-member senior class at the law school, while **Dr. Arthur J. Provisor**, professor of pediatrics, was presented with the Golden Apple Award from medicine's 285-member senior class.

Trustee Actions -- The IU trustees have approved an operating budget of \$962 million for 1986-87 for the eight-campus university system, only about one-third of which will be funded by state appropriations. . . Among their personnel appointments was that of **Charles L. Schauf** as professor and chairman of biology in the School of Science. Schauf will come from Rush University in Chicago where he is associate chairman and professor of physiology and professor of neurological sciences. And **Robert E. Martin** was named director of administrative affairs for IUPUI.

Hoosier Hospitality -- Host families still are needed for the 14 visitors from 13 countries participating in the annual international program with the School of Social Work. The time periods are June 1-July 7 and July 8-Aug. 11. The guests have come from Hungary, Sweden, Greece, Argentina, Peru, Zimbabwe, Switzerland, Lesotho, Norway, Thailand, Israel, Cyprus and Botswana. For information, call Dave Metzger at Ext. 7405.

Holiday Hours -- The School of Dentistry Library hours for the Memorial Day holiday are: 7:30 a.m.-5 p.m. on May 23, closed May 24-26, and 7:30 a.m.-8 p.m. on May 27.

Arms -- William Winpisinger, president of the International Association of Machinists and Aerospace Workers, will speak on "The Arms Race and The American Worker" on May 19 at 1 p.m. in Lecture Hall 103.

Hands -- The Camp Fire Boys and Girls and the Soldiers' and Sailors' Monument Restoration Project invite you to honor Miss Victory who has reigned over the downtown circle for 84 years. There's a reception May 20 for Hands Around The Circle from 5-6 p.m. at the Indianapolis City Center on the Circle. For info, call 634-3351.

ISO Plans -- James Dapogny's Chicago Jazz Band presents a single performance May 24 at 8 p.m. at the Circle Theatre and John Birks "Dizzy" Gillespie is slated for a single show on June 5 at 8 p.m., also at the Circle. Call 639-4300.

'Tis Spring -- The Goodwill Greenhouse, just across the river at 1635 W. Michigan, is open to the public on Saturdays in May from 9 a.m.-2 p.m. Bedding plants, hanging baskets, perennials and patio pots are available, as well as selected foliage plants. For info about other products and services of the Greenhouse, call Ext. 1304.

DEPT. OF HONORS & ACCOLADES

Elizabeth M. Grossman, dean and professor of nursing, has won the Family Life Education Award from the Indiana Association for Marriage and Family Therapy for her meritorious service to families over the years...**Dr. Rosario H. Potter**, professor of oral facial genetics at the School of Dentistry, was one of 11 site visitors recruited from U.S. and Canadian institutions by the National Institutes of Health to review a \$2.5 million grant proposal from the Institute of Reconstructive and Plastic Surgery at the New York University Medical Center. The proposal includes 14 research projects on craniofacial anomalies. Dr. Potter was assigned to review genetics, growth prediction, statistical analysis and computerized tomography imaging of patients with craniofacial anomalies, as well as the first-degree relatives of those patients...Two Engineering and Technology faculty members have been honored for outstanding teaching. **Raymond A. Dault**, professor and chairman of the Department of Restaurant, Hotel and Institutional Management, received the school's 1985-86 Frank E. Burley Distinguished Professor Award by his colleagues, and **William T. Antsy**, associate professor of supervision, won the 1985-86 Amoco Foundation Outstanding Undergraduate Teaching Award...**Ann Tripplett**, a three-year employee of the Division of Continuing Studies, and her husband John, have won the "Couple of the Year" award from Mayor William H. Hudnut and Prosecutor Stephen Goldsmith for their outstanding contribution to the Volunteers for Youth project. This is a government project stemming from the prosecutor's office for first offenders between 9 and 27 years old...A team of students from the School of Law-Indianapolis placed third in the National Administrative Law Moot Court competition, hosted recently by the University of Dayton Law School. **Harold Greenberg**, associate professor, is team adviser...**Terrell W. Zollinger**, assistant professor of public and environmental affairs, has been elected to a one-year term as secretary of the Indiana Public Health Association...**Diane L. Brashear**, assistant professor of obstetrics and gynecology, won the Pauline K. Selby Award from the Big Sisters of Greater Indianapolis for demonstrating significant efforts on behalf of girls' services in Indianapolis. Brashear also is the local president of Planned Parenthood and serves on that organization's national board...The Affirmative Action Advisory Council honored **Frances Dodson Rhome**, director of the Institute for Humanities Research and professor of English, for her years of work in affirmative action issues. Before accepting her current position at IUPUI, Rhome was the IU systemwide director of affirmative action...A lengthy biographic overview of the career of Elwood Haynes, written by history professor **Ralph D. Gray** is featured in a special sesquicentennial issue of The Commercial Review. The paper's editor refers to Haynes as Jay County's "most famous man" and the 120-page special edition is the largest in the history of Jay County newspapers. It was, of course, no accident that Gray was asked to write this piece, since he is the author of the principal biography of Elwood Haynes, automotive pioneer and metallurgy innovator...**Dr. Gary Campbell**, senior resident in radiation oncology, lectured on prostate cancer, the second most common cancer in males, at the recent Indiana Society of Radiologic Technologists' Spring Seminar in Indianapolis...**Gail Stygall**, lecturer in English, has been appointed regional judge for the 1986 Achievement Awards in Writing by the National Council of Teachers of English. Every year, about 800 high school seniors are cited for excellence in writing and are recommended to colleges and universities for admission and for financial aid, if needed. Last year, more than 6,000 students were nominated for awards...**Roger E. Jerman**, professor of business administration, was named Transportation Person of the Year last month at the 33rd Annual L.L. Waters Indiana Transportation Conference. Indianapolis students also honored Jerman this year with the Schuyler F. Otteson Undergraduate Teaching Excellence Award...**Irene Queiro-Tajalli**, assistant professor of social work, has been appointed to the Indianapolis Public Housing Advisory Council. Her three-year term runs through February, 1989...The American Occupational Therapy Association acknowledged the outstanding efforts of two IU Medical Center employees at its 66th annual conference: **Anita H. Slominski** received the Award of Merit, the highest honor bestowed by the association, for her contribution in the treatment of cerebral palsy, and **Margaret S. Coffey**, lecturer in occupational therapy, was placed on the Roster of Honor for her achievements in research and education...Former students from Japan, Puerto Rico, Canada and all across the country

were in Indianapolis May 9 to honor Dr. James J. Baldwin, associate professor (part-time) of orthodontics, for 30 years of service to the school. The full day of activities at the Embassy Suites North included scientific presentations, gifts, tributes and letters.

WIZARDS COMING TO IUPUI

Thirty "very clever" junior high school students will explore some realms and dimensions of math and science in a workshop this summer at IUPUI, according to Christine Young Fitzpatrick, assistant to the dean in the School of Engineering and Technology. "Wizards' Workshop," designed to help students entering grades 7-9 apply math, physics, problem-solving and computer programming to electrical and mechanical design projects, will take place at the 38th Street campus from 9 a.m. to 3:30 p.m., Mondays through Thursdays, June 9-July 18.

Supported by a \$10,994 grant from the U.S. Department of Energy, the school sponsors the program in hopes that participants will continue to study math and science in high school and college, according to Fitzpatrick, co-director. "The primary goal of the summer project will be to identify junior high school students who may be capable of achieving the minimum entrance requirements for an engineering program," she said.

Instruction will be free and students will be paid a weekly stipend to help cover costs for transportation, meals and supplies. Alan M. Greenburg, assistant professor of mechanical engineering and director of the freshman engineering program, will direct the instructional part of the workshop.

Participant selection will be based on grades earned this year in school, written recommendation of a teacher, counselor or principal, and an interview with the student and parent. To sign up for an interview or for more information, contact Greenburg at 923-1321 (Ext. 454), or Fitzpatrick at Ext. 2943.

Positions Available -- Nursing Faculty One full-time adult care and four part-time adult and/or child care positions are available in the associate degree nursing program. Master's degree in nursing and at least two years' related practice experience required; teaching experience preferred. Contact Margaret Applegate at Ext. 4353.

MAY

- 19 BIOCHEMISTRY SEMINAR: Probes for Chromatin and DNA Structure (Dr. John N. Anderson-Purdue Univ), MS 321, for information 264-7151
NEW EMPLOYEE ORIENTATION, Fesler Hall, Hurty C, 2-3:30 pm, for information 264-8931
HEALTH INSURANCE INFORMATION, Union Bldg Mezzanine, 8:30-9:30am, for information Barbara Jones
264-8931
POLITICAL SCIENCE LECTURE: The Arms Race and The American Worker, 1-3pm, LH 103, for information 264-7387
- 20 LAST DAY TO WITHDRAW WITH COURSE DELETED
NURSING CONTINUING EDUCATION: Legal Aspects of Supervision and Employee Relations, For information Charlotte Carlley 264-4360
NURSING TOPICS IN AGING PROGRAMS: New Options in Late Life: Person-Environment Interaction, 9am-noon, for information Sue Morrissey or Su Moore 264-4318 or 264-8579
- 21 DROP/ADD 50% REFUND thru 5/27
MANAGEMENT IN ACTION SEMINAR: Leadership: Individual and Group Performance, thru 5/23, BS, for information 264-2670
MEDICAL ALUMNI DAY, Union Bldg Lawn, Noon, for information 264-8828
PHYSIOLOGY AND BIOPHYSICS SEMINAR: Recombinant DNA Technology (Dr. Steven Larsen-IUMC), 4pm, MS 405 for information Ann Hollingsworth 264-7772
TRACK & FIELD EVENT: "Just say NO" National Rally, for information 264-3517
- 22 FITNESS DAY, Union Bldg front lawn, 9:30am-3:30pm, for information Pat Jenkins 264-4827
- 23 MICROBIOLOGY & IMMUNOLOGY SEMINAR: Enhancer Elements and Trans-acting Factors in Eukaryotic Gene Expression (Dr. George Khouri-National Cancer Institute), MS 205, 4pm, for information 264-7671
NATATORIUM EVENT: U.S. Swimming Memorial Day Development Camp, thru 5/25, for information Betty Bainbridge 630-3440
- 26 MEMORIAL DAY RECESS
- 27 LAST DAY FOR P/F OR CR/AUD OPTION
HEALTH INSURANCE INFORMATION, Union Bldg Mezzanine, 3:30-4:30am, for information Barbara Jones 264-8931
MEDICAL GENETICS SEMINAR: Does the Mother Have any Immunological Control Over the Development of Her Fetus? Some Possible Maternal Effects. (Debra J. Morley, M.D.-Grad Student/IUMC), RI 138, Noon, for information 264-2241
NURSING TOPICS IN AGING PROGRAMS: Family Caregivers, 9am-noon, for information Sue Morrissey or Su Moore 264-4318 or 264-8579
- 28 PHYSIOLOGY & BIOPHYSICS SEMINAR: Chemoreceptor Control of Vascular Capacitance (Dr. Milton Pressler-IUMC), MS 205, 4pm, for information Ann Hollingsworth 264-7772.
RESIDENCE LIFE: SCRL Pizza Party, Ball Residence, for information 264-7457
- 30 TRACK & FIELD EVENT: IHSAA Boys/Girls Track and Field Championships, also 5/21, for information 264-3517
- 31 ICE CREAM SOCIAL, Patio of University & entrance of Riley Hospitals, 10:30am-2:30pm, for information 264-4041
