FIRST CHALLENGE TEAM RUNS FLEET FEAT

Somehow, 33 people from diverse occupations, schools and departments made a team of themselves and for the first time entered IUPUI in the nonprofit division of the four-year-old Corporate Challenge run last month. Vying with 106 other teams of 3,000 runners, our team came in sixth--only 94 points behind the fifth and a respectable 460 points ahead of the seventh place team. Among the secretaries, deans, directors, processors and professors, five brought home medals. They are Ruth Ann Ross, Mary Yates, Gerry Arffa (team captain), Lena Woods and Greg Mingus. Our sterling runners were not all fresh-faced kids. They competed in age groups up to 59 and over. While it is not a good idea for the Green Sheet to be a letter of lists, our first Challenge runners perhaps deserve a pat on their soles. The runners not mentioned include: Lisa Fishbaugh, Betsy McGown, Peter Rabideau, Ken Dunipace, Melissa Lalich, Greg Rosner, Dave Rutherford, Paul Galanti and Joseph Ingraham. Also, Mark Daly, Mike Edwards, Jim McDonald, Walt Buchanan, Dave Malik, Stella Wickware, Norm Brown, Pam Chambers and Mike Rees. And, Marv Needler, Mary Beth Weimer, Sally Fadely, Marlene Rawles, Bill Thompson, Dan Miller, G. Chris Keeley, Steve Richards, Dave Bostwick and John Nickels.

DAY CARE EXTRAORDINAIRE! If your school-age children don't go to classes Oct. 30-31, you can take them to the IUPUI Child Care Center for two terrific days of special fun. There is a tasting party at the downtown O'Malias, then a visit to the Children's Museum Haunted House on Thursday. Bowling and an afternoon Halloween party are Friday. Cost is $30 for both days for everything--tickets, lunch, snacks, etc. For reservations or more, call Peggy, 4-3508.

BOOKSTORES FOCUS ON BETTER TEXTBOOK SERVICE

It did not go unnoticed that students became fairly vocal last term about delays in getting their textbooks. To prevent that problem, Jim Humphrey, director of the bookstores, reminds faculty that spring '87 Book Request forms were supposed to be turned in by Oct. 6. Overdue forms should be turned in now. Also, beginning late this month, the Textbook Department is launching "Operation Textbook." Departmental secretaries are being invited for bookstore tours, films, discussions and refreshments. The hope is for better communications between departments and textbook personnel.

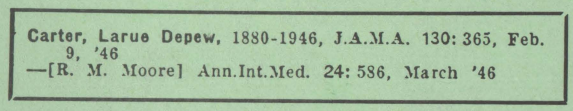
IUPUI FILLS HALF WOMEN OF YEAR NOMINEES

Among the 14 nominees for Business Women of the Year, seven are from IUPUI. The annual award is sponsored by the Indianapolis Business and Professional Women's Club. Charlotte B. Kerkhoff from the Dept. of Orthopaedics at Long Hospital is a member of the group and heads the award commmittee. She's "very proud" of IUPUI nominees Patricia M. Boer, director of the Continuing Education Center for Women; Kathleen M. Hanson, lecturer in computer technology; Carlyn E. Johnson, professor in SPEA; Sally L. Knox, associate director of hospitals--nursing; Evelyn J. Payne, assistant director of budgeting and fiscal affairs; LaVern Vernell Sutton, minority/international counselor, nursing, and Ann Roman Weiner, associate professor, Dept. of Microbiology & Immunology. Selection of the winner came Wednesday, too late for deadline. It will be announced later.

NOMINATIONS FOR '87 TEACHING AWARDS DUE IN DECEMBER

Four years ago IU began giving special awards to recognize excellence of teaching and to call attention to those who excel in this area. The awards are given each Founder's Day, and the nominations for next year are due by December 26. Most of the awards are granted to those teaching in any area; three to five are given to associate instructors. You are responsible for getting together all necessary information on your nominee. Guidelines are available in the Office of Learning Resources, Bryan Hall 215F, IUB.

NEWS 'N' NOTES FROM HERE 'N' THERE



Carter, Larue Depew, 1880-1946, J.A.M.A. 130: 365, Feb. 9, '46
—[R. M. Moore] Ann.Int.Med. 24: 586, March '46

Larue has no big R, as you can see by the insert to the left taken from the 1946 issue of "Quarterly Cumulative Index Medicus" sent to the Green Sheet by none other than Phil Enz (cq) from the library at Larue (small r, one word) D. Carter Memorial Hospital. Poor old Larue can finally be left alone, but not without noting that one Larue brings up another and because of them spellings go haywire. Take the old La Rue's of North Meridian fame, where many red-blooded Indianapolisites went for their first legal imbibing and a look at night life in Indy. And there was that whippersnapper Jack LaRue, the '40s bad guy cowboy who turned over a new leaf with a whip only to become "sort of a hero" known as Whip LaRue (one word, big R).

Forum--"Women and the Caste System" and 'The Karachi Hijacking--A Personal Account" by Angela B. McBride, professor of nursing, is next in the Women's Studies Lunchtime Forum on Oct. 24, noon-1 p.m., LS 318. Bring lunch and listen.

"Wonderful"--IUPUI is working to hard to become a more gracious host to our many foreign students and faculty. To that end, there was a vice president's reception recently for internationals on campus that was attended by more than 70 people. It was "wonderful" said a spokesperson from International Student Services Office.

Sign Posts--Next in the "Vital Signs" lecture series is Thomas A. Sebeok, distinguished professor of linguistics and semiotics and professor of anthropology, IUB, presenting "The Varieties of Signs and Sign Processes" on Oct. 23, noon, Hurty Hall C, Fesler Hall. All welcome.

Name Change--While it still gives 25-30 grants annually, Seed Grants for Young Scholars has changed its name to the Spencer Foundation Small Grants Program. Grants still range from $1,000-$7,500 for a wide variety of research problems that yield new knowledge. For more, call Ann Kratz, 4-8285.

Reminder--You can still see University Theatre's play, "Whose Life Is It Anyway?" on Oct. 24-25, 8 p.m., Mary Cable Building theater. And, for no extra charge, you can stay after the Friday performance and join a matrix discussion on the right-to-die issue. Call 4-2094.

For Your Good Health--Aerobics/gentlecize classes are offered on Tuesday and Thursday evenings at University Hospital. Aerobics are from 5:30-6:30 p.m.; gentlecize from 4:30-5:30 p.m. Classes are $1.50 each. Call 4-8110 or 4-1625.

Donor News--If you are one of the quiet heroes who give blood at the Central Indiana Regional Blood Center on North Meridian, you should note that the center has moved up the street to 3450 N. Meridian. Blood drawing, apheresis and offices are now there--the old facility will be used for labs and the tissue bank.

POSITION AVAILABLE

COUNSELOR EDUCATION, School of Education, IUPUI. Tenure-track, Dept. of Counseling and Educational Psychology, begin Aug. 1987. Requires doctorate from a counseling program, prefer APA-accredited counseling psychology program and demonstrated commitment to teaching, service, research and professional writing. Desire interest in teaching career theory and development courses. Duties include regular course load each semester and research in counseling-related areas. Salary commensurate with training and experience. Send CV, official transcript, statement of professional interests, copies of publication exemplars and three letters of recommendation to: Dr. Keith Moran, chair, search and screen committee, ES 3115.

(IUPUI is an EO/AA employer)

MORE NEWS 'N' NOTES

Short Courses--Computing Services has short courses beginning this or next week on Intermediate DOS, Introduction to Mulitmate and Introduction to CMS. For dates and fees, call 4-0710.

Management Seminar--You can register now for "Manufacturing Resource Planning (MRP-II) offered at IUPUI Oct. 30-31 in the Management in Action Seminar Series offered by the Graduate School of Business. Call IUB, 335-0229.

What's the Question?--Those neat little "tents" from Continuing Studies that give answers to interesting questions about IUPUI are great, but don't forget to keep them from week to week. Ye ol' editor didn't and can't remember last week's question....

Magical IUB--Magician David Copperfield will be at IUB to celebrate Halloween on Oct. 31 in the IUB auditorium. He performs at 5:30 p.m., disappears and reappears at 8:30 p.m. Children under 12 get half-price tickets. Call IUB, 335-1103.

Nice for Nursing--Our nursing grads, and others (of course), are apparently in great demand. Last week 82 would-be employers came on campus for interviews during Nursing Employment Opportunities Days '86, sponsored by Career & Employment Services. Also from nursing, a junior from the school Michele Gerise Kuhn is making a mark for us by serving on the National Advisory Council on Nurse Training. She's one of three students in the nation appointed by Otis Bowen, M.D., secretary of Health and Human Services.

Westside Ride--Paula needs a ride to and from the Medical Center, weekdays, 8 a.m.-4:30 p.m. from the area of Lynhurst Dr. and West Washington Street. Call 4-8442.

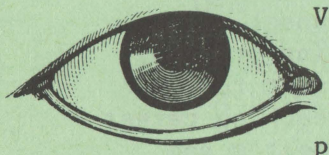
Demonstration--Computing Services and Indy Micro presents a COMPAQ demonstration that includes Deskpro 386 all day on Oct. 22 in the Discovery Room, ET 1017. For more, call Don Smith, 4-0746 or Jim Williams, 4-0736.

Turbo Z-ing--If you saw some folks driving in a serpentine rally at the parking lot at Beauty and New York Streets last week, it was the National Collegiate Driving Championships, hosted by our Society of Manufacturing Engineers. Students were driving a Dodge Daytona Turbo Z and winners will compete with 100 colleges and universities for scholarships and a year's use of the car.

Portfolio Day--Anyone interested in pursuing an art career can attend Herron's portfolio and careers in art day, Oct. 21 at the school. Open house is from 9 a.m.-noon and 1-3 p.m. Tours of the school are offered and faculty will be there to answer questions.

CLU Conference--A conference, "Civil Liberties in Crisis: Weathering the Storm" is Nov. 1 at the School of Law. Dinner is offered. For more, call Nathan Houser, 4-2173. Sponsor is the Civil Liberties Union.

CLINIC OFFERS FREE VISION SCREENING



Visual acuity, eye coordination, high blood pressure, glaucoma and any need for glasses are among the items tested in free vision screening exams offered through Nov. 14 at the IU Walker Eye Clinic in the Madame Walker Urban Life Center on Indiana Avenue. The half-hour procedure is open to people of all ages. The free exam commemorates the second anniversary of the Walker Eye Clinic which is operated by the IU School of Optometry. You can schedule an appointment weekdays between 8:30 a.m.-5 p.m. Call 4-4582.

SESSIONS FOCUS ON HAZARDOUS WASTE MANAGEMENT

The professional group that certifies managers of hazardous waste for industry and manufacturing has designed SPEA as a test site. To help prepare the people who must deal with the pesky by-products of modern manufacturing and industry, SPEA is sponsoring a two-day review Oct. 23-24, 9 a.m.-4 p.m. at the school. Toxicity, chemistry, transportation, spills and emergency response are among the topics to be covered by Gary Lingren from Industrial Waste Treatment and Disposal Specialists of Indianapolis and Ingird Ritchie, assistant professor, SPEA. Anyone interested in the review is welcome. For fees and info, call Peggy Zike, 4-3418.

ADVANCED MATERIALS CONFERENCE Automotive and electronic applications by producers and users of advanced materials is the focus of the Oct. 29 Corporation for Science and Technology advanced materials conference at the Meridian Mark conference center. People from the private, academic and public sectors are expected to attend. Call Gloria York, 635-3058.

CAMPUS FORMS "LAB" ON CHILD ABUSE

Concerned people from campus were set to meet Oct. 18-19 at the Adam's Mark Hotel with national experts from law, medicine, psychology, anthropology and other disciplines for a unique exchange regarding the abuse of children. They hope to exchange fresh research and information on every aspect of child abuse--its effects on children, how they respond, why they often wait to tell anyone, what the courts will allow as evidence and the cultural attitudes that can worsen the trauma and make prosecution difficult--to mention a few. Those from our campus who are involved in the workshop have firsthand experience in dealing with abused children. They include Susanne Blix, M.D., assistant professor, Dept. of Psychiatry; Henry C. Karlson, (co-director of the workshop), professor, School of Law; Richard J. Lawlor, Ph.D., J.D., assistant professor, Dept. of Psychiatry; Robert G. Lehnen, Ph.D., professor, SPEA; John E. Pless, M.D., (co-director of the workshop), professor, Dept. of Pathology, and Cathy Spatz Widom, Ph.D., Chairman and associate professor, Dept. of Forensic Studies. (If you get your Green Sheet in time, and you are interested in attending any session of the workshop, call Continuing Education Medical Education, sponsor, 4-8353.)
