ROOM BEING READIED FOR NEWLY INCORPORATED FACULTY CLUB

Secretary of State Evan Bayh affixed the seal of Indiana to the articles of incorporation making official The University Faculty Club in Indianapolis, Inc. effective July 26, 1988. According to the articles and by-laws, the Faculty Club will operate for the pleasure and recreation of its members and to provide academic and social events for its members. Charter membership is open until Dec. 31 and already more than 100 people have joined the Faculty Club that is headed by interim officers Henry Wellman, president; Susan Zunt, vice president; Linda Brothers, secretary, and Henry Besch, treasurer. They are among nine members of the board of directors who were elected after an April 6, 1988, organizational meeting of 80 or so people. The other directors are Delores Hoyt, James Faris, Walter Buchanan, Byron Olson and Rebecca Markel. Zunt said that while the intent of the Club is to serve the needs of full-time faculty, anyone who wants to pay dues can join. "No one is excluded and we feel pleased about that," she said. The next meeting is set for sometime in November, providing the Faculty Club's newly renovated room in the University Conference Center is ready. The 1,000-square-foot room located in the concourse that extends from the hotel to the Conference Center is being redecorated, furnished and prepared for food service. The room will accommodate 35-50 members at one time and initially will be open weekdays from 11 a.m.-6 p.m., with a paid employee providing services. "Our goal is to include evening hours, when we can afford it," Zunt said. Chancellor Gerald Bepko fully supports the new club and is providing the meeting space through a contract between the Faculty Club and the Conference Center management. Annual dues are \$75 a year and there are founding memberships of \$250 "for those who would like to help us in getting started," Zunt said.

EVERYONE INVITED TO CAMPUS UNITED WAY KICKOFF

Food and drinks, music, words of wisdom from IUPUI Chancellor Gerald Bepko, celebrity visits and information from the people who need our help, are among the offerings planned for IUPUI's first outdoor United Way Campaign kickoff on Sept. 15, 11 a.m.-2 p.m. on the Library Mall. Emily Wren, assistant director of administrative affairs, and Mike Cozmanoff, IUPUI bursar, are this year's co-chairman. Mark your calendars and watch for more details in next week's Green Sheet.

DIME-A-DIP ICE CREAM, JOB AND ACTIVITY FAIR PLANNED FOR THE BIG TOP SEPTEMBER 7-8

On Sept. 7 Career & Employment Services will set up shop in a big tent on library mall from 11-3 p.m. where students will meet employers and explore various job opportunities. At your service

FAMILY PRACTICE OFFERS ROUND-THE-CLOCK MEDICAL CARE FOR YOU AND FAMILY

The new clinical director of the Family Practice Center Betty A. Routledge, M.D., other faculty physicians and residents learning the fine art of becoming a family physician, invite faculty, staff and students to take advantage of their well-equipped medical offices in Long Hospital. The Center offers general medical care and can arrange consultation with the many medical units on campus. It also offers travel and immunization services, and a resident is on call 24 hours a day, and there is free valet parking. Appointment hours are weekdays, 9 a.m.-4 p.m., but you can reach the Center 24 hours a day by calling 4-2167 or the answering service, 926-3466 and asking for the IU Family Practice Resident on call.

Routledge is an assistant professor of medicine, Dept. of Family Medicine, where she is now supervising all clinical teaching and administrative aspects of the Center, among many other duties. She came to us after serving as an instructor in the Dept. of Family Medicine, U. of Cincinnati Medical Center. She replaces Dr. Mac Roller, who is practicing in Franklin, Ind. She was born in 1958 in Mineola, NY, the fifth of seven children and she lived with her family in Ireland from 1966-1973. She earned her undergraduate degree from St. John's University and her M.D. from New York University School of Medicine. Her residency was done at the U. of Cincinnati School of Medicine, where she was also chief resident.

GREEN SHEET EDITOR INVITES "AT YOUR SERVICE" ARTICLES

So that we can all take advantage of the many medical, personal and professional services offered on campus, the editor of the Green Sheet is inviting service-oriented departments and units to send in three brief paragraphs describing what is offered and how much is charged--if there is a charge. The name of a contact person, a campus address and a phone number should be included. A black and white photo of the director of the unit or department or a logo is welcome. The information will be used in a section labeled "At Your Service"--when space permits. It will attempt to inform you of such things as handling fires in your area, campus centers such as the one mentioned in the story above and more. Send the info to At Your Service, Green Sheet, AO 139.

REC FEE OPENS DOORS TO FITNESS AND SPORT ON CAMPUS

Faculty and staff are invited to pay their fall recreational fee of \$18 which entitles them to use all the gymnasias, pools, outdoor track, weight rooms and the racquetball courts and access to many free activities in the School of Physical Education/Natatorium Building. You can mail your personal check, along with your name, campus phone number and your department to the Athletic Business Office, PE 254, or you can pay in person. If you mail your fee, wait 2-3 days for processing, then report to the Laundry Room/PE 062, where your ID will be validated. (Call Personnel for a campus ID.) To pay in person, stop by the ticket booth on the Concourse Level 3-6 p.m., Monday through Thursday, or pay at the desk downstairs. Your fee entitles you to a small locker, a lock and a towel that can be exchanged at anytime for a clean one. To get to the laundry room and PE locker rooms, enter the building on the east side, go down the stairs, turn right, proceed through the double doors and follow the long hallway. Printed schedules are available in the areas mentioned above. The fee is good through Dec. 18, 1988. For more, call 4-2248.

MAGAZINE RESPONSE OVERHWELMS INFORMATION DESKS

The sharing nature of campus folks has overwhelmed information desks at the hospitals. People responded to a recent Green Sheet article saying magazines are needed for waiting rooms in the hospitals. In this case a little information caused a big problem and magazines by the heaps were brought in. The magazines were to be a year old or less, in good shape and clearly marked for the Riley Family Library. Especially needed are popular magazines for men, women and teens, such as People, US, Reader's Digest, Rolling Stone and so on. Please remove your own mailing label from the magazines and take them to the Room 407, Riley Hospital. Librarian Lynn Dunnagan will thank you, as will information desk folks who were buried in bundles of magazines.
