RUN, VIPS, LASER LIGHT SHOW WILL HIGHLIGHT GROUNDBREAKING

Expect high-tech in groundbreaking ceremonies Nov. 2, marking the start of Phase II of the three-phase Science/Engineering and Technology (SET) complex and it will come with a laser light show, DNA-synthesized music and CAD-CAM (computer-integrated manufacturing) graphics. University officials and other VIPS will lead the campus community and the public in the outdoor ceremonies. Phases II and III will cost about \$40.6 million. The next two phases also mark the coming together of the School of Science and the School of Engineering and Technology already on the main campus. To note that special move, a symbolic run with faculty, staff and students from all over IUPUI is planned. At 9:15 a.m. ten runners will leave the 38th St. campus and run the six-mile distance to the groundbreaking site. The morning program then begins at 10:30 a.m. with a reception in the first floor hallway of the E/T Building. Ceremonies begin at 11 a.m. in a tent on the grassy area behind E/T. Five speakers include I.U. President Thomas Ehrlich, Purdue President Steven Beering, IUPUI Chancellor Gerald Bepko, Acting Dean of the School of Science Robert Keck and Dean of the School of Engineering and Technology Bruce Renda. Dignitaries will assist in pushing the button for the laser show and for breaking the ground with a two-handled shovels, also symbols of the two schools uniting.-S. Rogers.

DISEASES OF AGING FOCUS OF FIFTH CONFERENCE

The Dept. of Psychiatry and the I.U. Program in Medical Neurobiology are bringing together experts for the fifth annual International Symposium on Neuronal Control of Bodily Function: Molecular Neurobiology, the Aging Process and Neurodegenerative Disease, Nov. 8-11, Hilton-on-the Circle. Molecular biologists and genetic engineers will meet with neuroscientists and clinicians who focus on such diseases as Parkinson's, Alzheimer's and Huntington's, as well as various forms of dementia. Among the subjects of lectures is the role of the immune system in the aging process. Support for the conference is provided by a \$40,000 grant from the National Institute for Aging, Eli Lilly and Company of Indianapolis and the A.E. Sterne Fund, Dept. of Psychiatry, School of Medicine. All interested faculty, graduate students and residents are invited to scientific sessions. For details, call Dr. Hugh Hendrie's office, 4-4012.

OUR GOAL \$190,000

MEETINGS TO EXPLAIN HOW YOUR DONATION IS NEEDED

by the scores of men, women and children depending on your United Way pledge have been met with enthusiasm in Physical Plant, the School of Science and Environmental Services. Steve Kerr, our campus United Way rep, hopes other meetings are planned. The scale to the left shows you that, already, IUPUI people have pledged 17% of our \$190,000 goal. **Your pledge is needed to push us over the top this year.**

It brings out the best
in all of us.

RESERVATIONS TAKEN NOW FOR BSU ANNUAL MARTIN LUTHER KING DINNER

The Black Student Union's traditionally sold-out Martin Luther King Dinner is set for Jan. 16 and will feature William Raspberry, syndicated columnist for The Washington Post who began his journalism career with The Indianapolis Recorder. Tickets for the 18th annual dinner are \$12 for students, \$15 for others, with individual and table reservations available. The memory of the slain civil rights leader and those individuals who exemplify Dr. King's dream will be honored during dinner at the West End, near campus on W. 11th St. For reservations and more information, call the BSU, 4-2279, weekdays, 9 a.m.-5 p.m.

NEWS 'N' NOTES FROM HERE 'N' THERE

Don't Fall Back--No need to fiddle with the dial or digits, you have nothing to do but wait until 2 a.m. on the last Sunday of October for the world around us to get on the same time track. Clocks in Eastern and neighboring states go off Daylight Saving into Standard Time.

Interchurch Seminar--Dominic Bisignano, Sue Moenius and Rev. Wayne Olson, all from our campus, are involved in a two-day seminar, Nov. 4-5, at the Interchurch Center, 1100 W. 42nd St. Entitled "Toward Partnership: Reclaiming Our Spiritual Roots," the seminar will focus on Riane Eisler's book, "The Chalice & the Blade: Our History, Our Future." Rev. Ursula Pfafflin is among the featured speakers. Cost is \$5; all welcome. For more, call 4-2585.

Kid Stuff--Children ages 5-14 can participate in basic skills classes in several sports offered on five Saturdays beginning Nov. 5 at the natatorium. Call 4-8613.

"Flute" Continues--The IU Opera Theater presents Mozart's "The Magic Flute" through Nov. 5 at the Musical Arts Center. For tickets, call 6-335-7433.

Stress Test--The next stress management workshop offered by the IUPUI Counseling Center is Nov. 10, 5-8 p.m. at the Center. No charge. Call 4-2548.

Biology/Biophysics--David Warshaw, U. of Vermont, Burlington, presents "Modulation of Cross Bridge Cycling in Single Smooth Muscle Cells," Nov. 2, 4 p.m., MS 205.

Rehab--Alexander L. Quittner, assistant professor, presents a rehabilitation research seminar, "Coping with a Hearing Impaired Child: A Model of Adjustment to Chronic Stress" Nov. 4, noon-1 p.m., KB054.

Billings Meeting--Noted professional historian Dr. Saul Benison, Ph.D., will discuss the extraordinary American physiologist Walter B. Cannon in the next John Shaw Billings History of Medicine Society Inc. meeting Nov. 8, noon, Emerson Hall. The meeting is in conjunction with the Dept. of Pharmacology and Toxicology and is open to everyone. Among his many published writings, Benison is a co-author of the book, "Walter B. Cannon, The Life and Times of a Young Scientist." Cannon conceived and named homeostasis, wrote "The Wisdom of the Body," solved the problem of traumatic shock in World War I and introduced the use of radio-opaque media in the gastro-intestinal tract--among other things.

Healthy Women--Next in the Women's Health Awareness series is Dr. Diane Brashear presenting "The Juggling Act, Coping with Multiple Roles" Nov. 4, noon, UH C261.

Math Sciences--Franz Walter, Purdue U., presents "Shortest Path Distance Function and Cut Loci in Worlds With and Without Obstacles" Nov. 4, 4-5 p.m., KB 060. Coffee and such at 3:30 p.m..

Physics--Richard Hake, Dept. of Physics, IUB, presents "High Temperature Superconductivity" Nov. 2, 3:15 p.m., KB 127; with refreshments at 3 p.m., KB 118.

(Editor's Note: Speakers and presenters whose professional affiliation is not mentioned in the Green Sheet are from this campus.)

PROFESSIONALS WILL FOCUS ON LATEST IN CARE OF ILL CHILDREN

Pediatric nurses and other health care professionals who care for children will speak at and attend the fourth annual Pediatric Nursing Clinical Sessions, "Progressive Pediatrics" Nov. 10-11 at the University Conference Center. Focus will be on advances in the multidisciplinary care of children and their families, applying research to clinical practice and the challenges and solutions facing caregivers. Included will be a book display, a tour of Riley Hospital and a reception. Concurrent sessions run throughout both days and there is a special workshop, "Perspectives of Pediatric Trauma" for pediatric and emergency nurses on Nov. 9. Sponsors are Nursing Services for Children at Riley Hospital, Surgical and Adult Critical Care Nursing Services at IU Hospitals and the I.U. School of Nursing. For more, call 4-0187.

CHIEF JUSTICE RANDALL T. SHEPHARD OF THE INDIANA SUPREME COURT WILL DISCUSS PROPOSITION 2 in a free public forum at the School of Law Nov. 3, noon, room 102. Proposition 2 is an upcoming election issue, could change automatic appeal in criminal cases. Currently, all sentences of life or more than 10 years get automatic appeal to the Supreme Court. If passed, it will change to "...sentences of 50 years or less follow the same path through the Indiana Court of Appeals to the Indiana Supreme Court as civil appeals." Supporters of the change say it will decrease the case overload in the Supreme Court and allow the court to hear more civil appeals. Forum sponsor is the school's Student Bar Association.

PRIZES, BARGAINS, CHANCELLOR WELLS, WAMPLER PLANNED FOR BIG BOOK SALE AT LIBRARY

A holiday book sale is set for University Library, Nov. 5, 10 a.m.-2 p.m.; Nov. 7, 10 a.m.-8 p.m., and Nov. 8, 10 a.m.-4 p.m. On Monday author of "Wildflowers of Indiana" Maryrose Wampler will autograph her books. On Tuesday the ever-popular Herman B Wells will sign his autobiography, "Being Lucky," and Tuesday is also the grand prize drawing for \$50 in books of your choice. Friends of the IUPUI libraries is sponsoring the sale that has discounts up to 90% among hundreds of choices.

MORE NEWS 'N' NOTES

South to East--First Creole food, then New England fare is on the menus for the Tuesday lunches offered by advanced students in Restaurant, Hotel and Institutional Management. Serving is at 11:45 a.m. and 12:15 p.m. in the Hoosier Room of the Union Building. Lunch is \$10; tax and tips included. Reservations required. The menu Nov. 1 includes soup, trout almondine, rice pilaf, yam biscuits and bananas Foster. On Nov. 8, the fare includes Boston chowder or slaw, boiled dinner, bran muffin and cranberry supreme. Call 4-7649.

Women's Studies--Gail Cox, MSW, Metrohealth therapist, presents "Guilt - The Woman's Trap" in the next forum, Nov. 9, 11:30 a.m.-1 p.m., CA 001C. All welcome; bring lunch.

Chemistry--Ted Cohen, U. of Pittsburgh, presents "Synthetic Methods for Love Potions and Other Natural Products via Hydrocarbon Allylmetallics" Nov. 2, 4:30 p.m., KB 231. Refreshments at 4 p.m.

Healing Wounds--An all day workshop Nov. 5, "Coping with Grief and Loss," will focus on dealing with the sadness of losing home or job, a loved one from death or divorce and health through catastrophic illness. Margaret Pike, Ed.D., School of Nursing, will teach and she will be joined by "survivors" who will discuss grief. For fees and more, call Div. of Continuing Studies, 4-5036.

Only November--If you plan to switch from one health/dental insurance plan or tax saver benefit plan at IUPUI, November is the time you must do it. See Personnel, UN 343.

CHANCELLOR BEPKO TO HELP DEDICATE NIFS

The campus community is invited to join more than 300 people expected to attend the dedication of the National Institute for Fitness and Sport (NIFS) Nov. 1 at 4 p.m. on the south edge of campus. Doing the dedicatory honors will be IUPUI Chancellor Gerald L. Bepko, Indianapolis Mayor William Hudnut, NIFS President Michael Donahue, NIFS Executive Director Leroy (Bud) Getchell and Chairman of the NIFS Board Beurt SerVaas. Funding for the \$12 million institute came from the Lilly Endowment, Inc, the state of Indiana and the city of Indianapolis. "Our goal is to provide the most comprehensive sport and fitness program in training, education and research in the nation," Getchell said. "Our focus will be on fitness participants and athletes of all abilities and ages." The public is invited to the dedication ceremony and open house and tours of the facility.

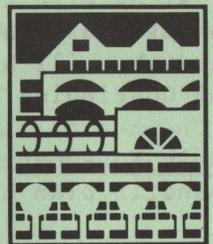

"EVOLUTIONARY ORIGINS OF INTERCELLULAR COMMUNICATION: APPLICATIONS TO HUMAN DISEASE" will be presented by Dr. Jesse Roth Nov. 2, 8:30 a.m., Conference Center auditorium. The winner of the 1988 Steven C. Beering Award for Advancement in Medical Science, Roth is director of the Div. of Intramural Research, National Institute of Diabetes and Digestive and Kidney Diseases, National Institutes of Health. Dr. James W. Smith, M.D., will make introductions; Chancellor Gerald L. Bepko will welcome guests and Charles M. Clark Jr., M.D. will introduce Dr. Roth. After his lecture, the Beering Award will be bestowed by Walter J. Daly, M.D., dean of the School of Medicine. A reception follows in the second floor lobby area.

PERSONAL ADVICE ON GRANT REQUESTS TO THE NATIONAL ENDOWMENT FOR THE HUMANITIES will be available from Jerry L. Martin, Div. of Education of the NEH, who will be in Indy Nov. 2-4. Sponsored by the Humanities Institute, School of Liberal Arts, his visit is designed to show educators what the NEH offers and how to apply for assistance. A request for personal time with Martin should be made in writing and taken to the Institute, CA 001D. Martin also will attend a meeting for college and IUPUI personnel Nov. 2, 7:30 p.m, Union Building. For a schedule, or more information, call Fran Rhome, director of the Institute, 4-2447.

NOVEMBER'S INDY ALIVE READY FOR CABLE CHANNELS

Special Media Projects put the finishing touches on the TV show, "Indy Alive," which will air on cable channels 10/33 and 36, on Thursdays at 5 p.m, Fridays at 7:30 p.m. or Sundays at 7:30 p.m. Appearing on the personality segment will be Don Tavel, IU professor of music who teaches at IUPUI. He will talk about his course "Musical Instrument Digital Interface" which focuses on the development of electronic music. The show is produced by IUPUI's Special Media Projects, Office of the Dean of the Faculties.

POSITION AVAILABLE, part-time, lab assistant in the Mohs Micrographic Surgery Unit, Dept. of Dermatology. Will be trained in frozen section processing, tissue staining and quality control. Requires manual dexterity and patience; prefer lab or science background. Send resume to Melissa Weiler, Regenstrief 524. Call 630-6843.
