To boldly go where no man has gone before, NASA (the National Aeronautics and Space Administration) will visit the campus Nov. 20 to host one of six "town meetings" scheduled around the U.S. during November and December. The meetings will allow the space agency to inform the public about ongoing programs and help NASA reshape its mission through feedback from people and their perceptions of the space program. The town meeting will be held at the University Place Conference Center and Hotel from 2-6 p.m. NASA Administrator Daniel Goldin will open the program with a glimpse of the agency's vision of its future, followed by a question-and-answer session with the audience. After a break, a panel discussion — featuring NASA officials, local business leaders and education officials — will lead to another open-forum session. The public is welcome and encouraged to attend the meeting, which is free. Those with questions are asked to bring written versions of their query. Other sites are North Carolina State University in Raleigh-Durham (Nov. 9), the University of Hartford in Connecticut (Nov. 17), Cal Tech University in Los Angeles (Dec. 3), the University of South Florida in Tampa (Dec. 11) and the University of Washington in Seattle (Dec. 15).

**MEDIA RELATIONS DIRECTOR SAYING GOODBYE TO UNIVERSITY**

The university's loss will be the Lilly Endowment's gain when Gretchen Wolfram, the long-time director of media relations for the campus, leaves at the end of October to become communications director for the Endowment. She has been with IUPUI since it was formed in 1969. She became director of the News Bureau in 1979, then director of media relations in 1989. During her career here, she won a 1990 Glenn W. Irwin, Jr. M.D. Experience Excellence Recognition Award for service to IUPUI "beyond the call of duty," a 1980 Grand National Award for communications program improvement from the Council for Advancement and Support of Education and a 1978 Frances Wright Award from Women In Communications, Inc. for "distinguished service to communications." While a national search for her replacement takes place, media relations staff member Sandy Matthys Roob will serve as the interim director.

**SCHOOL OF NURSING NAMES NEW ADMINISTRATORS**

Victoria L. Champion, a nationally recognized authority on breast cancer detection, has been named the associate dean of research for the School of Nursing. She joined the faculty in 1980 and has been the assistant chair of the department of community health nursing. Champion was inducted into the American Academy of Nursing in 1990 in honor of her research work. The nursing school also has given administrative duties to a pair of new faculty members, Gail L. Ingersoll and Nancy D. Opie. Ingersoll will be the chair of the department of nursing administration and teacher education. Opie will be acting chair of the department of psychiatric-mental health nursing.
Regional recognition has already been earned and national recognition could be next for The Sagamore, which is one of 15 student newspapers to receive a regional Pacemaker Award from the Associated College Press. The award moves the paper into competition for the national Pacemaker Award at the Oct. 31 ACP national convention. The Sagamore was one of more than 140 entries in the four-year, weekly category.

PIONEERING NURSING LEADER HEADLINING MINORITY FORUM

Renowned nursing leader Elizabeth Carnegie, who helped gain professional acceptance and equality for black nurses in the 1940s and 1950s, will be the featured speaker at the School of Nursing's second minority forum Oct. 23 from 4-6 p.m. at the school. Carnegie was a distinguished visiting professor at the nursing school last year and is the author of the acclaimed book on black nursing history, The Path We Tread. Call 4-1548 for more. For more information call 4-8931.

Human Resources also has a Nov. 5 (9-11:15 a.m.) workshop for those responsible for requisitions or personnel/payroll action forms. The session will be in UN 372 and registration is due Oct. 29. A Nov. 10 (9-11:30 a.m.) workshop will focus on current procedures for people who interview or hire new biweekly employees. It will be in UN 372 with a Nov. 3 deadline. For more, or to register, call 4-8931.
**NATO BRIEFING TEAM TO VISIT CAMPUS**

The cold war may be history, but expect a lively discussion of the future of the North Atlantic Treaty Organization (NATO) during a NATO situation report Oct. 22 in CA 237. The meeting will run from 2:30-4:30 p.m. and will be run by a three-member briefing NATO team. The team visits between eight and 10 cities each year conducting similar briefings, which are free and open to the public. Among the topics to be discussed are changing security concerns, the history and organization of NATO, the strategic importance of sea lanes under NATO jurisdiction and ongoing relationships between NATO and its former adversaries. The briefing includes a slide presentation and question-and-answer session. Space is limited so those interested are asked to notify the department of military science at 4-2691.
