CAMPUSS CAMPAIGN HEADING INTO HOME STRETCH

The 1993 Campus Campaign is heading into the home stretch, but there is still plenty of time to join the effort to support a wide range of programs, projects and other areas. Among the most popular recipients in the early returns are the new IU>UI library and student scholarships. Campaign organizers have been pleased with the eagerness of faculty and staff members to participate, since a high level of participation was a pre-campaign goal. Pledge cards already sent back to the IU Foundation office indicates that payroll deduction has become a popular method of joining the '93 campaign both now and for the future. Volunteers have reached many campus offices and buildings, but not all. If you have not yet been contacted but would like to be part of the campus-wide effort, call 4-5495 for more information about how to go about making your contributions. And remember, you can decide how your donation will be used.
