U.N. OFFICER HEADLINES INTERNATIONAL DINNER

Students in traditional national dress, an international menu and a discussion of world issues by a United Nations official will set the tone for the Seventh Annual International Dinner next Monday (April 14) in the Union Building.

Ambassador Richard W. Petree, deputy United States representative to the U.N. for Security Council affairs, will speak on "The Role of the United Nations in Global Crisis Management."

Petree joined the State Department in 1950 as a researcher on Korea. After assignments in Japan and Ethiopia, he was appointed to the U.S. mission in 1976. His first responsibility with the mission was as counselor for political and security affairs; later he was appointed minister-counselor in the same position. Petree was named alternate U.S. representative for special political affairs with the rank of ambassador in 1978 and was named to his present position last September.

Preceded by hors d'oeuvres at 6:15 p.m. the dinner is scheduled to begin at 6:30 p.m. The international menu promises shrimp and snow pea salad, pineapple boats with fruit, chicken Hawaiian, roast port kalua, rice, yams -- all finished off with coconut pudding with rum sauce.

Tickets are $7.50 ($5 for IUPUI students with valid I.D. cards). Tickets are available by mailing a check and a stamped, self-addressed envelope to: International Dinner, Union Building Director, 1300 West Michigan Street, Indianapolis, Indiana 46202. Visa and Master Charge will be accepted.

The dinner is sponsored by the IUPUI Office of International Programs and Services, the International Affairs Steering Committee, and the IUPUI Lectures and Convocations Committee.

EXPERT TO SPEAK ON NUCLEAR POWER, PHILOSOPHICALLY

A philosopher-scientist who also is a former "Outstanding Young Woman" of Kentucky will be on campus next week for a series of lectures sponsored by the Department of Philosophy.
Dr. Kristin S. Shrader-Frechette, associate professor of philosophy at the University of Louisville, will speak April 15 at 11:30 a.m. in Cavanaugh Hall, Room 201, on "Does Philosophy Apply to Anything?".

Later that day, at 8:30 p.m. in Lecture Hall 100, she will give her "feature presentation" -- "Nuclear Power Plants: How Do We Decide If They're Safe?". All interested persons are invited to attend.

Her schedule on April 16 includes an 8:30 a.m. appearance in Cavanaugh 113 when she will discuss "Standard Setting in Environmental Matters: Low-Level Radiation and Equal Justice" and an 11:30 a.m. lecture in Cavanaugh 440 on "Pesticide Toxicity and Carcinogenic Thresholds: Methodological Problems in Assessing Risks and Benefits." Her final program will be April 16 at 2:30 p.m. in Cavanaugh 115 when she will talk about "Problems of Logic and Scientific Methodology in Technology Assessment."

Shrader-Frechette, who holds degrees in physics, mathematics and philosophy from Edgecliff College, Xavier University and the University of Notre Dame, has been at the University of Louisville since 1973. In 1977 she was named the university's "Outstanding Faculty Member" and Kentucky's "Outstanding Young Woman."

Besides writing many articles for professional publications, Shrader-Frechette has written two books -- Nuclear Power and Public Policy: Social and Ethical Problems and Fission Technology and Environmental Ethics.

This special lecture series is also being sponsored by the Council of Philosophical Studies and the IUPUI Lectures and Convocations Committee. For more information, call Ext. 8698.

WHO, WHAT, WHEN, WHERE & SOMETIMES WHY

Last Chance -- This is the last week for the "Herron Student Exhibition '80" -- more than 240 works by first- through third-year students at the art school. Gallery hours are 9 a.m. to 7 p.m. Monday through Friday (till 9 p.m. on Wednesday).

Displays -- Pharmacy displays this week in University Hospital will be Boots Pharmaceutical Co. on Monday, Sandoz Co. on Wednesday and Ayerst Laboratories on Friday. Hours are 8:30 a.m. to 3:30 p.m.

Biochemical -- "The Nature and Implications of Electrostatic Interactions in Proteins," Biochemistry Seminar by Dr. Frank Gurd, professor of chemistry at IUB; Medical Science Building, Room 205, 2 p.m. Monday.

Urban Expert -- Dr. Kingsley Haynes, director of the Center for Urban and Regional Analysis (SPEA) and professor of geography, will speak on "Non-Metropolitan Changes in Urban America: A Texas Case Study" during a program Monday at 2:30 p.m. in Lecture Hall 103. Dr. Haynes's special interests are economic geography, locational theory and geographical methodology. Open to all interested persons, the program is sponsored by the Urban Studies Committee and the IUPUI program in geography.

Oral Cancer -- Dr. Richard P. Elzay, chairman of oral pathology at the Medical College of Virginia School of Dentistry, will be the guest speaker this week for the spring meeting of the Indiana Student Oral Cancer Society. His topic will be "Cytology in the Detection of Oral Cancer -- Its Use and Abuse." The program will be held Monday at 5:15 p.m. in the School of Nursing auditorium.
Sponsored by the Indiana Division of the American Cancer Society, the meetings of the ISOCS are open to anyone with a professional interest in oral cancer, but members and students of the dental and dental auxiliary professions are particularly urged to attend.

Seminar -- "URD Computer Facility Update (New VAX System)," Ultrasound Research Division Seminar by Narendra Sanghvi from ICFAR; University Hospital, Room C303, Tuesday at 3 p.m.

Tuesdays in April -- A video tape session on employment opportunities for graduating seniors is offered every Tuesday in April from noon to 1 p.m. in the Office of Career Counseling and Placement in the Union Building. For information on the informal programs, call Ellie Workman at Ext. 2554.

Hypnotic -- "Clinical Hypnosis for the Practicing Dentist" will be the topic for a School of Dentistry continuing education course all day Wednesday at the School.

Oncological -- "G-U Cancer and the Role of Radiation Therapy," grand rounds in oncology presentation by Dr. Maurice Krause; Radiation Therapy Building, Room R104, Wednesday at 1 p.m. This tumor conference is open to all residents and medical, dental and nursing students.

Feelin' Blue? -- "Depression: Getting There and Back" is the subject of a talk by Dr. Joseph Mazzei at a Mental Health Association in Marion County public meeting Wednesday at 8 p.m. at the association building, 1433 North Meridian Street. Dr. Mazzei is a staff psychologist in the Outpatient Clinic at Larue D. Carter Hospital and a consultant for St. Mary's Child Center, Inc. Pre-registration is required for the program; call 636-2491.

Developmental -- "Cognitive Deficits in Children with Language Disabilities," Child Development Seminar by Dr. Lawrence B. Leonard, associate professor of speech/language pathology at Purdue; Riley Hospital, Meiks Conference Room, Room A564, 3:30 p.m. Thursday.

Social Workers -- The role of the social worker as a professional consultant will be the topic of a School of Social Work continuing education program all day Friday in the Krannert Science Building. For information, call Ext. 7221.

Colloquium -- "Assessment and Training of Social Competence," colloquium sponsored by the Department of Psychology (School of Science) and the Department of Psychiatry (School of Medicine) given by Dr. Richard M. McFall, professor of psychology at IUB; Krannert Science Building, Room 031, 3 p.m. Friday.

Think Assertive -- "The difference between being too meek and too aggressive is assertiveness," claims Dr. Constance Clodfelter, a psychologist with the IUPUI Personal Counseling Center. She will lead an assertiveness training session for students and the public Saturday in the University Library, Room 318. There is no charge. For information, call Ext. 2540.
Coming Up -- Dr. Reinhard Furrer from the chemistry department at the University of Chicago will present a seminar for the Department of Physics called "Magnetic Resonance Spectroscopy in Photoexcited Molecular Crystals" next Monday (April 14) at 4:15 p.m. in the Krannert Science Building, Room 118. Besides being a researcher in magnetic resonance, Dr. Furrer is one of three European physicist-astronauts chosen to participate in joint space flights of NASA and ESA (European Space Agency).

NEWS 'N' NOTES FROM HERE 'N' THERE

A-V Program -- A workshop on "Preparation of Inexpensive Audio-Visual Aids," sponsored by the Department of Learning Resources, is slated for April 17 in Cavanaugh 509. Leaders will be Dennis Pett from the School of Education at IUB and Norman Mikesell from the School of Liberal Arts at IUPUI. Enrollment will be limited, so send your name, phone number, academic unit, building and room number to J. Marvin Ebbert, AO 124 -- today.

Outdoorsy? -- The Indiana Division of Fish and Wildlife is offering a $1,500 grant for short-term wildlife research. Information and applications can be obtained at the Office of Scholarships and Financial Aids, Berkey Building, 920 West Michigan Street (Ext. 4162).

"500" Volunteers -- RNs, LPNs and GNs are needed to volunteer their services at The Track on qualification weekends (May 10-11 and May 17-18) and race day (May 25). For information, contact your nursing chairman's office or Mona Jacobs at 293-4485 (after 6 p.m.). April 22 is the application deadline.

Nurses -- "A Comparison of Nurses' and Their Employers' Expectations about Dissemination of Knowledge Acquired through Continuing Nursing Education" is a session set for April 22 at noon in Room 305 of the nursing building. Presented by Dr. Charlotte A. Carlley, associate professor of nursing, the program is a School of Nursing Research Colloquium.
