No. 1

1866 - Centennial Homecoming Special - 1966

Exciting times are at hand at the Normal College and throughout the building students and faculty alike are working hard on some phase of the Centennial program. Search parties have been busy looking into nooks and crannies for relics of a bygone era — for printed material, for pictures — for equipment — for costumes or for whatever comes to light.

Cleaning and refurbishing have taken on a new pitch — teachers are muttering such comments as — Where can I find a copy of the Sea Shell? — The 3rd movement of the Hungarian Rhapsody has got to be slower — The Jolly Coppersmith came from the era of??? — No one can swing clubs like that! Guess who got hit on the head again today? No wonder they got rid of dumbbells — How did they ever move in these bloomers? They must weigh 10 pounds! Be careful with that music — it's old! Whose foot ever fit in a shoe like that? That's a dress?

And to think that in less than six weeks all this will go together into a smoothly running pageant with two professional radio announcers, Tom Carnegie and Glen Weber, weaving it all together. The entire program of the Homecoming has been blocked out as follows:

THURSDAY, THANKSGIVING DAY — Nov. 24 afternoon

Dinner at the Athenaeum by prior reservation only
Informal get-together, mixers and gemütlichkeit

FRIDAY, Nov. 25

9:00 a.m.

Faculty Reception and Coffee Hour
Ladies Parlors of the Athenaeum

10:00 a.m.

Meeting of the Alumni of the School of Health, Physical Education and Recreation (All Normal College Alumni invited)
Little Auditorium
Clarence Biedenweg, President, presiding

12:00 Noon

Normal College Alumni Luncheon — business meeting to follow
Kellersaal — Athenaeum
Marge McCleish, Pres., presiding
Greetings by Mayor Barton of Indianapolis

Speaker, Elvis Stahr, President of Indiana University
Song leader, Bill Streit, Lou Roth at the piano

3:30 p.m.

Demonstrations of activities in the gymnasium of games and activities.
Normal College students now enrolled on campus

3:30 p.m.

Delta Psi Kappa Coffee Hour
Phi Delta Pi Get-together
(Phi Epsilon Kappa's arrangements are not complete as of this time, but something is being planned. To be announced later.)

This time until 8:00 p.m. when the Pageant is scheduled has been left free for social hours and dinners for different reunion groups. Several classes have already scheduled parties and dinners at the Sheraton-Lincoln. If you have been contacted for such get-togethers it would be well to get your reservations in shortly.

8:00 p.m.

Centennial Pageant by the Normal College students
Big ballroom

SATURDAY, Nov. 26

9:00 a.m.

Alumni-Student Volleyball game
Gymnasium
Let's show the students how to play volleyball

10:00 a.m.

Turner Instructors meeting
Gymnasium

9:30 a.m.

Bus tour of city for wives and/or husbands of alums

12:00 Noon

Our Turner Heritage Luncheon
Little Auditorium
Pres. George Jacquin, American Turners President, Ladies Auxiliary

2:00 p.m.

Slides and Movies of the good old days
Little Auditorium
It Only Seems Like a Hundred Years!
Clara L. Hester, commentator

6:00 p.m.

Banquet
Kellersaal
Speaker, Frank Edwards, author and international authority on mysteries of Outer Space

9:30 p.m.

Dance to the music of Ted Lange and his orchestra
Kellersaal

ALUMNI OFFICERS

The Alumni Officers, elected for a three-year term at the annual business meeting of the Normal College Alumni Association at Camp Brosius August, 1963, are as follows:

| | |
|----------------|---|
| President | Marge McCleish, Indianapolis, Indiana |
| Vice-President | Charles Palmeri, Buffalo, New York |
| Secretary | Coila Stevens, Indianapolis, Indiana |
| Treasurer | Norman Schulte, 2524 Losantiville, Apt. 4 Cincinnati, Ohio 45237 |

For your convenience we have arranged a shuttle bus between the Sheraton-Lincoln Hotel and the Normal College at no additional cost to you.

You will also note that we have left ample time on the program for get togethers and just for visiting. We know you will see so many friends and have so much to say!

We are delighted to report that many alums whom we have not heard from in many years, have written us and it was wonderful to hear from them. We hope as many as possible will be able to come back and renew old acquaintances.

I must say thank you now to all of you who have helped us already. To those who have been contacting alumni, sending pictures and costumes, for free printing (Pete John), for looking for music (Virginia Selig), for contact with the Turners, (Harry Grabner and Gene Mitchell), for the entire Steering Committee's efforts, for the splendid regional meetings we had last spring and to all those who worked so hard to make them successful... There are just too many to mention, but I thank each and every one of you.

It is gratifying when each day's mail brings reservations for Homecoming... packages with pictures, costumes, memory books... you all make our efforts so worthwhile. Let's keep those reservations coming and WE'LL ALL MEET AT THE CENTENNIAL HOMECOMING... A MEMORABLE FIRST.

Lola Lohse

BIRTHS

Congratulations to the following proud parents:

Thurman Jenkins, Jr., son of **Elnora (Taylor) and Thurman Jenkins** of Indianapolis, who was born July 30, 1966.

Russell Robert Leach, Jr., son of **Mr. and Mrs. Russell Leach** of Rockville, Maryland, who was born March 27, 1966.

Erika Perry, daughter of **Sue (Anderson) and Joe Perry** of San Mateo, California, who was born September 1, 1966.

William David Mackison, son of **Gwen (Stiles) and Elmer Mackison** of Indianapolis, who was born September 29, 1966.

OUR DEEPEST SYMPATHY

Our deepest sympathy is extended to the friends and families of the following who have passed away:

Dr. Arthur S. Daniels, Dean of Indiana University School of Health, Physical Education and Recreation.

Arthur S. Daniels was the son of Anthony Joseph and Anna D. Daniels. He was born in New York City, December 21, 1905 and died in Indianapolis, Indiana, on June 18, 1966, at the age of 60 years and six months.

He is survived by his widow, Alice A. (Miller) Daniels, a daughter, Carolyn Frances and her husband Stanley G. Lyons, his mother, and two brothers.

He received his public school education in New York City, the B.S. degree from Springfield College in 1931, the M.A. degree from Columbia University in 1935, and the Ed.D. degree from Columbia University in 1943.

From 1931 to 1937 he was Assistant Professor at Allegheny College where he was Coach of Football, Swimming, and Track, and Director of Intramural Sports.

From 1937 to 1945, except for Sabbatical and Military leave during 1941-45, he was Associate Professor of Physical Education at the University of Illinois where he

was a member of the University Graduate Faculty and Assistant Varsity Football Coach.

During the summers of 1936 to 1941 he taught in Teachers College of Columbia University.

From 1942 to 1945 he served in the United States Air Force where he was Assistant Chief of Physical Training for the Technical Training Command, Chief of Physical Training and Project Officer for establishment of Air Force Convalescent Hospitals for Continental United States in the Air Service Command, and Chief of Physical Reconditioning for United States Air Force Convalescent Hospitals in the Personnel Distribution Command. He was separated from the Air Force in August 1945 with the rank of Lieutenant Colonel.

From 1945 to 1957 he was Professor of Physical Education in the Ohio State University where he was Supervisor of the Adapted Physical Education Program; a member of the Graduate School Faculty, the Policies and Standards Committee, and the Graduate School Council; and advisor to Ph.D. candidates.

He joined the Indiana University Faculty in 1957 as Dean of the School of Health, Physical Education, and Recreation where he served until his death.

On June 3, 1966, Art and Alice passed the milestone of 35 years of married life, having been married on June 3, 1931.

His professional Services and Accomplishments are too many to review in detail here, but the following are worthy of special note as listed in Who's Who in America:

Member, National College Physical Education Association and President in 1957-58.

Member, A.A.H.P.E.R., Pres. in 1961-62, member of numerous important committees and boards, Board Member, faithful worker, and Recipient of the National Honor Award in 1957.

Fellow, American Academy of Physical Education from which he received the Citation for Outstanding Work in Adapted Physical Education, in 1948.

Member, President's Advisory Committee on the Fitness of American Youth.

Member, National Advisory Board for the Athletic Institute.

Secretary, NCAA Committee on Sports Injury.

He has been active on the international level and his interest and achievements were recognized by his appointment by the United States Department of State, as a part of the State Department's American Specialist Program, to study Physical Education in the Hong Kong Schools in the spring of 1965.

He was a member of the Research Committee of the International Council for Sport and Physical Education, in the interest of which he attended the International Meeting in Cologne in April, 1966.

He was a member of Kiwanis and an Elder in the First Presbyterian Church. His sincere devotion to his profession stands out as probably most characteristic of him. He was held in high regard by his professional associates, from students to highest university officials. In a very real sense, he gave his life to the cause of physical education and the School of which he was Dean.

In this relationship the words of Bradford Smith, in his book *Dear Gift of Life, A Man's Encounter With Death* have a very significant meaning.

"Suddenly one senses that his life is not just his own little individual existence, but that he is bound in fact to all of life, from the first splitting off of the planets, through the beginning of animate life and on through the slow evolution of man. It is all in him and he is but one channel of it. What has flowed through him, flows on, through children, through works accomplished, through services rendered, it is not lost."

The life of Arthur Daniels is bound to all of life, and it flows on through each of us, and through us to generations as yet unborn.

Leo A. Rosasco, class of 1918 passed away July 25th in Mackinaw City, Michigan. He taught English at George Washington High School and had taught physical education and English for 39 years in the Indianapolis Public Schools.

He was a member of Sigma Alpha Epsilon Fraternity, Retired Teachers' Association and the National Council of Teachers of English.

He is survived by his wife, Mrs. Dorothy Troendle Rosasco and two daughters, Miss Joan Teresa Rosasco of New York and Miss Betsy Jean Rosasco, at home.

Mrs. Elsa (Heilich) Kempe, class of '17, director of the Elsa Heilich School of Dance in Elizabeth and Westfield, New Jersey, died June 20, 1966, in Elizabeth New Jersey.

Mrs. Kempe was a past president of the New York Society of Teachers of Dancing and the American Society of Teachers of Dancing. She was a judge of the Harvest Moon Ball finals, New York City, many years and was a director of the New York Chapter of the Dance Masters of America.

Mrs. Kempe also taught dancing at Cornell and Rutgers universities, Cortland, N.Y., State Teachers College, the Emma Willard School, Troy, N.Y.

She was a medalist and graduate pupil of the late Louis Chalif and also studied under Mikail Fokine, Mordkin and Terasoff of the Russian Ballet.

Mrs. Kempe was one of the founders and honorary life member of Delta Psi Kappa, professional sorority of physical education teachers. She had ballroom dancing and ballet classes at the Elizabeth Elks Club and the Westfield Tennis Club. She taught teachers as well as children and in 1962 received a citation from her pupils paying tribute to her ability.

While the objective of her instruction was health, grace and charm, without emphasis on a theatrical career, a number of her former pupils appeared in New York theaters and in ballet groups. Others stepped into careers in dramatics, singing, modeling, television, skating and physical education. During World War II she contributed her services to several N.Y. USO organizations.

She is survived by a niece, Mrs. John Haertlien of Westfield and a nephew, Arthur C. Heilich, Jr.

Mrs. Laura (Elder) Corson, class of '25, passed away April 28, 1966 in Cape May Courthouse, New Jersey. She is survived by her husband, O. M. Corson.

WEDDING BELLS

Our sincere and best wishes are extended to the following newly-weds:

Richard Short, '69, of Mooresville, Indiana was married August 21, 1966 to **Marilyn Jill Burns** of Mooresville.

Dennis Schafer, '69, of Indianapolis was married May 23, 1966 to **Linda Moran** of Indianapolis.

Shirley Ann Bernat, '68, of Niagara Falls,

N.Y. and **Steven Neff**, '68 of Indianapolis were married September 3, 1966. Shirley and Steve are living in Bloomington where they are continuing with their education at I.U.

Ruth C. Vincz, '66 of Indianapolis and **Thomas F. Nalepa**, '64 of Niagara Falls, N.Y. were married August 20, 1966. Tom is teaching at Howe High School.

Deanna S. Gray, '66, and **Robert T. Schreiber**, '66 were married August 14, 1966. Bob is teaching in the Warren Township Schools and Deanna at Washington High School, Indianapolis. Bob and Deanna have established residence in Greenfield.

Jane E. Vogt, '60 of Indianapolis and **Theodore R. Pollock**, '51 of Indianapolis were married August 7, 1966. Both are teaching in the Indianapolis Public Schools.

Margaret Greiner, '26 of Chicago, Illinois was married to **Otto Kling**, June 29, 1966.

Juanita (Davis) Lennox, '45 of Indianapolis and **Tom Holevas**, '45 of Pittsburgh, Pennsylvania were married June 17, 1966.

Lynda Sutton, '66 of Syracuse, N.Y. and **Jack Farrell**, '66 of Lewiston, N.Y. were married August 20, 1966. Jack is teaching at Lawrence Central High School, Indianapolis, Indiana.

BOB FLANEGIN REPORTS FROM CALIFORNIA:

EDITOR'S NOTE: *Bob wrote to a great many alumni in California and below are excerpts from some of the letters.*

Jack Feller, '16, Menlo Park, writes:

I left Normal College in 1916 and taught one year in Madison, Wisconsin — then back to N.C. for a summer course. My second job was in Rochester, N.Y., then, entered the service in the first World War. After the armistice I went back to Rochester, married a girl from Cleveland, Ohio, and went into business in Cleveland. My wife, daughter, and I spent many happy vacations at Elkhart Lake. My wife died in 1943. I sold my business in 1948 and moved to Menlo Park in 1960 to be near my daughter and family. However, I do miss my old friends, and there is a chance that I may move back to Ohio again.

Martha (Gault) Coffing, writes:

Though I didn't teach very long after 1919 graduation from A.G.U., I have always been grateful and appreciative of the excellent education received, and have fond memories of the associations and friendships

made. Taught two years in Crawfordsville, Ind., and two years, half days, in Indianapolis. Married in 1921 at my home in Muncie, Ind., lived in Indiana, Chicago and Cedar Rapids and Vinton, Iowa. Because of ill health my husband sold the Coffing Lumber Co., at Vinton in 1952 and we retired to Los Gatos, California. My husband died in 1963.

Son David was born in 1925 at Indianapolis and has been teaching in Creative Art Dept., San Francisco State College. Now in residence at Stanford Univ., Palo Alto finishing Ph.D.

Richard, born in 1937, Cedar Rapids, Iowa is a Stanford Univ. graduate of 1959 and is Assistant to the Santa Cruz County Administrator.

I now keep busy with gardening, family genealogy, knitting, sewing, oil painting lessons and at present am regent of the Santa Cruz Chapter of the DAR. Have always wanted to visit the College again and perhaps someday I shall. If any College graduates pass thru Santa Cruz or will call by phone if near by, I shall be delighted, especially if they can stop to chat for a moment or two.

George J. Altmann, '13 writes from Los Gatos:

My last position was Prof. of Health and Physical Education at Kent State University, Kent, Ohio 1927-58. Retired as Emeritus Prof. of H.P.E. in 1958 and moved to Los Gatos, California. I have three married children and fifteen grandchildren nearby. Chief activities in addition to keeping up house and yard (I am a widower living alone) are: member of Senior Group of Los Gatos-Saratoga Recreation Dept. for the past eight years; Treasurer, Parliamentarian, Program Chairman, each for two years; member of Executive Committee, Choral Group, art (oil painting) class throughout my membership. I am learning to play the organ.

Erna (Wuesthoff) Attula, '13, writes from Hemet:

My husband and I are retired and live in the beautiful little town of Hemet in a retirement village called Panorama Village. We have all kinds of activities: a large heated swimming pool, three Gacuzzi and a Sauna Bath, shuffleboard and hobby rooms. We go swimming almost every day and

play shuffleboard afternoons and evenings when we feel like it. We are really enjoying life and wouldn't want to be any other place. We have one son and two lovely grandchildren (a girl and boy) so we feel our life is complete. Hope the rest of my classmates have it as good.

Ed Bernauer, '50, writes from the University of California:

I am on the physical education staff and until recently have been involved in all aspects of the program, i.e. major teaching and advising, teaching of activities, and coaching as the head track coach. We admit our first graduate students next fall and consequently my duties will be directed primarily to graduate teaching and research.

Since leaving the Indiana campus in 1950, I have completed a M.S. in Physical Education at Illinois, taught and coached two years at the University of Delaware, returned to Illinois to complete a second M.S., 1959, in Physiology and a Ph.D., 1962. I moved to California to assume my present position, Assistant Professor. My wife, Pat, who I met while in Delaware is kept busy looking after our seven children, ages 11½ to 1 year, 3 boys, 4 girls. We live in a small community, approximately 50 homes, three miles from the campus and within an hour's drive of the Sierras or ocean.

I haven't had an opportunity to visit or communicate with anyone but two of my classmates of 1950 since leaving the Indiana campus. I think of the place and people with the greatest affection.

Carl Spitzer, '21, writes from San Francisco:

It was nice hearing from you. I graduated from Normal College in 1921. Came west to see the country and stayed because I liked San Francisco. My last 39 years were at Galeleo H.S. where I coached the swimming, track, and soccer teams for 28 years. Then went into the counseling field. I enjoyed every minute of my 42 years of teaching.

I retired in June of 1964. I am really enjoying my retirement. Now I can enjoy the things I never had time for, like taking trips, etc.

Edna (Goedde) Swezey, '19, Walnut Creek writes:

I came out, with my husband, in '59 but

he passed away shortly after our arrival. For the past five years I have been house-mother at Alpha Omicron Pi at San Jose State College. During the summer I travel fairly extensively — including two trips to Europe.

I am resigning as of the close of school this June and will make my home with my daughter until I move into the apartment I've bought in Leisure World some time next spring. I still miss Chicago and my many friends in the midwest.

C. T. Rothweiler, Kern City writes:

I graduated in 1928 and went on to the University of California at Berkeley for an A.B. degree and teacher's credentials. I taught in San Francisco 33 years and am now retired. I am really enjoying life. I have won some golf, badminton, and bowling trophies over the past few years and am present Kern City golf champ. Otherwise I have been just a small cog in the big wheel of the San Francisco schools.

Ella (Sattenger) Williams, '18, Sherman Oaks writes:

Since I retired from Los Angeles in 1962, my activities now are of a leisure nature. This, I enjoy. I was one of the Founders of Delta Psi Kappa and have been written up in "The Foil." So there is little need to do it again.

My service with the Board of Education included teaching in Corrective classes under Dr. Lokranz; regular classroom teaching and the last 19 years were spent as Principal, two years in Watts, five years at Rodger Young Village, (now a ghost school) and final years at Kester Ave. Elementary.

Hope (Solbrig) Keller, '16, San Jose writes:

Your letter arrived and I've been wishing I had some special news or activities to report. Last summer I sold my house in Gilroy and moved myself up to San Jose to an apartment near my daughter. I keep almost too busy helping my daughter raise her two children while she works. I still weigh the same as in college and have a few gray hairs. So you see I just live an ordinary active life.

I've always thought I'd get back to Indianapolis for some College events but so far, I haven't made it.

Inez (Lemmon) Lang, '18, Santa Monica writes:

I'm looking forward to being in Indian-

apolis for the big celebration in November and hope to hear more about this — if there will be a contingent from here going by special train or plane — and what the program will contain. I think it will be great fun. It has been 48 years since I graduated from there.

In June of 1961 I retired from Santa Monica High School after 18 years of teaching and being in charge of the Department of Girls' P.E. My husband died two days after my retirement — so many plans were changed.

I have just returned to Santa Monica after a 5½ months sojourn in Wisconsin and Virginia. Also by being in Virginia for two months, I got to know our wonderful Capitol City of Washington, D.C. — a real thrilling and exhilarating experience.

Andy Lascari, '23, Sacramento writes:

I retired in 1958 both from the Buffalo Turners and the public schools. I moved to California in 1961. I am teaching gymnastics one afternoon per week in an elementary school and also assisting coaching gymnastics for a high school girls gymnastic club. During the summer I coach diving.

My daughter, Lorelei, a freshman in high school, won first place in the all-high diving meet. My oldest son, Dr. Andre, will move from the Children's Hospital Medical Center of Boston to the University General Hospital State University of Iowa. He will be in charge of all the patients with blood diseases and cancer, and will be doing pediatrics and also a lot of teaching.

My son, Arno, the gymnast, is holding his own in gymnastics. In the last National AAU meet he tied in 2 first places and got 3rd in the all-around. My wife, Charlotte, aside from taking care of the family, manages to attend the various AAUW and church meetings. I also have two married daughters living in Sacramento. Each has two children.

Joseph Janelunas, '35, sends information to Bob:

"Jana," his wife Grace, daughter Diana and son Val reside in Palm Springs. Jana is a portrait artist and does it in pastels in 30 minutes. For many years he traveled with Russ Morgan's orchestra doing an "Act with an Easel." He is still doing portraits in his hillside studio in Araby. Many

famous personalities have had their portraits painted by Jana.

Bob Flanegin writes:

Right now I am trying to make arrangements and see if we can get back there for the homecoming. As soon as I get everything lined up I will let you know and you can make some reservations for me. I have saved a couple of days vacation time so I can get there for Thanksgiving.

REPORTS FROM CINCINNATI, OHIO:

David Mather, class of 1957 reports:

A major milestone was reached on June 1 of this year when I was awarded my Masters Degree at Xavier University. After four years of attending classes on Saturday mornings and some afternoons I completed the requirements for the Degree with a major in Physical education.

I am beginning my seventh year at Withrow High School as a driver training instructor and also varsity tennis coach. Last year our tennis team achieved state recognition in that we had the state singles and doubles runner-up in tournament competition.

My wife, Pat, has been bitten by the bowling bug and will bowl with two teams this season. I'll play baby-sitter for our three daughters on the one evening that Pat bowls. Our oldest daughter Janice is starting the second grade and especially likes to read. Barbara will be starting afternoon kindergarten class this year and our youngest, Pam, is not quite ready for school.

Withrow High School won the Public High School League football title last year and we are getting ready for another big year (we hope). I see many games as I assist at the stadium in selling tickets. With some luck I hope to renew acquaintance at the big Homecoming celebration at Normal in November. With best wishes for another successful year at Normal College.

Norm Schulte reports:

This was the warmest summer at Camp Brosius that I can remember. From the first day to the last we had beautiful weather resulting in a most pleasant camp season.

After camp I visited my mother in St. Louis. Then my daughter, Karen, and I took

a cruise to Nassau. A wonderful way to relax and to prepare for a new job as principal of a large elementary school (Rockdale).

As treasurer of the Alumni Association it is heartwarming to receive notes from so many people. Especially from those that have not been in contact with the Association for many years. From all indications there will be a large turnout for the Centennial Celebration.

Rudie Memmel reports:

This past summer was perhaps the most fascinating and interesting that I have experienced. My wife, Vickie, and I served as co-directors of the Children's International Summer Village at St. Edmund's Camp just outside of Cincinnati in Glendale, Ohio. For four weeks from mid-July to mid-August we lived, played, worked and learned much from the 46 eleven-year old boys and girls and 12 adult delegates from 12 different nations. Belgium, Canada, France, Germany, Guatemala, Japan, Mexico, Netherlands, Norway, Sweden, Philippines and the U.S.A. (Knoxville, Tenn.) were the countries represented.

There is so much to be said from an experience of this nature. Nine different language groups were represented with only three of the delegations able to speak English. The adults could speak English and this was most helpful. We were quite busy from morning 'till night but loved every minute of it! Quite regularly we hear from our many friends around the world and look forward to the time in the not too distant future when we can visit with those in the European countries.

Bill Streit reports:

Bill and his wife Ethel enjoyed a belated honeymoon in their Northwoods hideaway during the month of August. It was Ethel's first real fishing experience and, in addition, she qualified as a Knight of the Finnish Sauna having observed the ritual of ordeal by steam, being duly boiled alive in all modesty and notwithstanding having shown admirable courage and endurance throughout. In June, Mrs. Streit was promoted to the principalship of one of Cincinnati's elementary schools.

Bill was recently elected a Fellow in the American Academy of Safety Education for his contributions in this area. He also at-

tended the San Francisco meeting of the American School Health Association of which he is a member of the Governing Board and was one of six to receive a Distinguished Service Award for distinct contributions to health. From a beginning in physical education he has broadened his interests to encompass these related fields. While in the West he visited his old friend and pal Andy Lascari who is retired and living in Sacramento.

Lou Roth reports:

After nineteen summers he left a private boys camp on Torch Lake in Michigan to, "help out temporarily," with the summer recreation activities at Covington Protestant Children's Home. This was in '62 and he has just completed his fifth summer there!

In the spring of 1966 Lou was given a surprise dinner party by the Covington Turners honoring 35 years of teaching there and 40 years of membership in the organization. Also during this past spring, Bloom Junior High School had its 50th anniversary and both Lou and his wife Mutzie were pleasantly surprised when they were presented with a silver tray marking 31 years of service for Lou at the school.

Lou is now officially a "Kentucky Colonel" having had this honor bestowed upon him by the governor in recognition of long service. He plans to remain in the ranks with the rest of the "soldiers" for several more years in spite of "rank."

Al Isler reports:

Al again served as director of Camp Stepping Stone this past summer. The camp is operated for handicapped children. Not only was this an interesting and challenging experience but it also has its rewards in terms of service to the needy.

Jim and Jan Anthony report:

We spent a very enjoyable summer at Camp Claybanks, a day-camp in Cincinnati. Jim managed the pool and I taught archery. We ended our summer with a beautiful week at Lake Ontario with Jim's parents.

I (Jan) am still teaching at Mariemont High School and Jim is venturing into a new area of education — a visiting teacher. He is also a John Glenn protégé — taking off into the "wild blue yonder." He is working toward a private pilot's license.

Jim completed his Masters degree in

June and now it's my turn. I am starting my Masters at Xavier University this fall. Can't wait until Homecoming! See you all then!!

Hans Hafer reports:

Since 1954, we were engaged in camp work in Wisconsin, Pennsylvania, and Ohio. In 1966, we decided to camp as a family traveling to the west coast.

On July 5 we left Cincinnati, Ohio, for our destination San Francisco and Los Angeles. We were most fortunate weather-wise and had very little rain between the time we left Cincinnati and the time we returned. Our trailer, a Nimrod, met the test after our first night. We were parked in the Red Haws State Park in Iowa when Des Moines was hit by a tornado. We survived the winds and were on the move early the next morning.

We arrived in San Lorenzo Saturday afternoon. The home of the Paul Chappells was our first stop. We enjoyed our visit with Paul and Marion. It was a real joy to be with them and their lovely family. Shortly after our visit, they were to leave for Hawaii, that is, if the air strike didn't cause them some difficulty.

The things that impressed me most on our trip was the courteous manner in which we were treated traveling the expressways. We were also impressed by the beauty of this great country and recommend to all who are interested in traveling to travel throughout the United States before going abroad. This country of ours has as much to offer in scenic beauty as any country I have seen in my limited travels abroad.

We will see you all at the 1966 Homecoming in November!

BOBBIE LARSEN REPORTS FROM CHICAGO:

Erma Marth and her friends had a pleasurable visit in New York City last spring. They did all the usual things and included a tour of the SS Queen Mary and the SS Michelangelo.

Al (Huth) Krumbein wrote, in May, that she had started two weeks ago on her new job — retirement. She said, "There had been so many festivities that it was like having been on cloud nine." She is writing to A.G. U. friends about Homecoming and we hope to see them there.

Lanky Schueler had a very enjoyable trip to California and visited her family. They even camped out on the Mohave Desert one night. Her granddaughter visited her this summer.

Bob Pegel, his wife and friends, rented a houseboat at Clinton, Iowa and spent their vacation cruising on the Mississippi River. They camped out and had many exciting times. He says the river folk were the most helpful people in the world. Later they drove up to Copper Harbor.

Carl and Rosalie Barnickol summured at McHenry, Illinois. They contemplate a fall trip to the Tetons.

Albert Diete was at Lake Namakgin, near Cable, Wisconsin. Fishing was fair. He is now visiting his brother-in-law Albert Tuschner who lives in Shawano, Wisconsin. He plans on wintering in Chicago, which will be a change from Florida.

Ed Hall enjoyed fishing in Spooner, Wisconsin this summer.

Charlie Siebert retired after five years of Emeritus teaching. This completes 45 years of teaching in the Chicago schools. He is planning on a New England Heritage Tour this fall, and will winter in Florida.

Emil Rothe visited St. Louis and is planning on a European trip.

Bill Schaefer taught Driver Education in the schools this summer and spent the rest of his vacation fishing at Eagle River, Wisconsin.

George Wallenta is recuperating from a broken hip.

Where was **Mike Valentine** this summer? He won't tell.

The **Pritzlaffs** are in the east visiting their son and relatives.

Hattie Vossell was home all summer nursing her husband who has been quite ill.

Min Braker is up on her Wisconsin farm.

Kate Steichmann returned from Europe. She got bronchitis in Germany and is recuperating at home so she can come to Homecoming.

I (Bobbie Larsen) sold my home in August and have started to roam. After a visit with **Margherite (Lobraico) Lavieri** and her sister, I drove to Washington Island and Elkhart Lake. Now I'm on my long trek to find my Shangri-la. I visited **Clara and Len Hester** and am headed for Florida and the

Southwest via Pennsylvania, Washington, D.C., etc. Wherever I am, I'll return for Homecoming. Hope to see many from the Class of '24 and others.

PEG STOCKER REPORTS FROM BUFFALO:

Louis Montgomery, '24, who has been Track Coach at Cornell University for the past eighteen years, retired at the close of the school year. Lou had taught previously in Buffalo. Not really willing to retire, he has accepted a position as Athletic Director, at the Buffalo Athletic Club. He and his wife, Ruth, a Buffalo girl moved into living quarters at the B.A.C. around the first of August. Their oldest son has just been released from service, and is now training to become a pilot for the American Airlines. The younger son was graduated from Cornell this year in Hotel Management, and is now connected with the Roger-Smith Hotel Chain in Washington, D.C.

At the National Turner Convention in Chicago, Aug. 21-25, 1966, **George Jacquin** was re-elected as National President. Eugene Mitchell from Moline, Ill. was re-elected Chairman of the Physical Education Com. Arthur Buehler, Chicago's supervisor of Physical education of the public schools was one of the speakers at the banquet. Delegates from Buffalo included the John Stockers, the William Naabs, and Elsa Hoyler Tuthill's brother, Arthur and wife. Arthur Hoyler is President of Buffalo Turners, also Ruth Baecher's brother, who is on the Turner Legal Committee. Delegates and visitors from other places included these Normal College graduates — Edward Hille, Philadelphia; Harry Warnken, Detroit; Arnold Trummer, St. Louis; Henry Schroeder, New York; Jerry Jacquin, Wheaton, Ill.; Rosie and Whitey Bressler, Chicago; Margaret Greiner and Bobbie Larsen, Chicago. If I have missed anyone, my apologies.

Hyacinth Kolb, Joseph Kerstein, George Jacquin and Jack Stocker were among the retirees from the Buffalo School Department in June.

William McColgan is Conference Manager of the Eastern District Conference of the American Health, Physical Education, and Recreation Association which will be held in Buffalo April 14-17, 1967.

Rudy and Clara Heis are enjoying their

summer home on Cayuga Lake after spending the winter in Hawaii. While there they were visited by Dr. and Mrs. Louis Schmitt of Buffalo.

The **William Meissners** are back east for the summer. They are planning on staying east until after Homecoming.

"Swede" and "Buddy" Nielson visited in town a couple of times this summer.

Art and LaMar Keltz Whalley are here in Buffalo for the summer also. They spend a part of the year in Florida, and the rest of the time here.

Sally Whittemore Mann who lives in Florida also has been in Buffalo vicinity this summer visiting her son and family.

Robert Duerr has been transferred to work in City Hall on a development program for the under privileged children. He has been working at the Crippled Children's School for twenty years.

HENRY SCHROEDER REPORTS FROM NEW YORK:

The American Turners National Convention will be held next June in Moline, Illinois and in conjunction with that there will be an Instructor's Meeting in Indianapolis in connection with our Centennial Celebration, as we have had many a year.

Bernard Unser and his wife, Dorothy, after retiring comfortably in Fort Lauderdale, Florida had an unfortunate automobile accident. We do not have the details as yet, but we surely hope they are well.

The New York Turners were host to a top group of gymnasts from Bremen, Germany and we sponsored their exhibition on Sept. 14. These gymnasts will present exhibitions on their tour to Michigan.

The **Henry Schroeders** are hoping to come to the 100th Anniversary Celebration in November.

MARTHA GABLE REPORTS FROM PHILADELPHIA:

Florence Bergneister is enjoying retirement. She had a short sojourn in the hospital but is now in good health.

Grover Mueller spent September in Philadelphia. He lives in Melbourne, Florida with his wife, Rose. His sister lives across the street. "Bill" keeps in shape mowing lawns. During the summer they live in Goose Cove, Maine. This summer "Bill" cut a path through virgin wooded land for one and a half miles.

In the meantime he writes for the American Sports College of Medicine, headed by Dr. Joseph Wolffe. The Muellers travel a part of each winter. Needless to say, they are enjoying life.

Dr. Henry Schneider is extremely busy as one of Philadelphia's well known Proctologists.

I (Martha Gable) have been made Director of Instructional Materials in the Philadelphia Public Schools. This includes Radio-TV, Audio-Visual Education and Libraries. I am directing a project to explore uses of small video tape recorder in 34 schools to record ETV programs from the educational station and replay the tape through closed circuit cables to classrooms when needed, this will overcome scheduling problems.

VERA ULBRICHT REPORTS FROM ST. LOUIS:

Lelia V. Gunther, '16, retired after completing a 50 year teaching career. For 39 years she was director of the physical education department at Cleveland High School. Lelia, remarked, "It was a wonderful time. Martha Hehrlein, Vera Ulbricht and I built that physical education department up and at one time we had more girls taking part in the after-school athletics than all the other high schools put together. I still have movies of our Play Days when we'd have 800 girls on the field at one time."

For many summers, Lelia taught at Cornell University and at Corland State Normal School in N.Y., but in recent years she has traveled. She's been to Europe, South America, Alaska, Mexico, Hawaii, Bermuda and throughout the United States.

Lelia celebrated her retirement by first visiting her niece Iris (Hofmeister) Cheney and family on Cape Cod this summer and is looking forward now to a Mediterranean cruise in October and back for Homecoming.

I (Vera Ulbricht) and my sister had the opportunity to visit our niece in Barbados this summer and to use that as a stepping stone to visit "Fourteen Islands in the Sun"; both on cruise and cargo ships. As it happens nearly every summer, **Marie Clark** of Syracuse and I manage to arrange a few days for a reunion, this time at Rehoboth Beach, Delaware.

As of now, it looks like St. Louis will have a good representation at the Centennial Homecoming.

School Opens

On September 23, eighty-five students enrolled in the Normal College representing the following states: N.Y., Ia., Mo., Ky., Wis., Ohio, and Ind. And, when the last one registered we had 36 sophomores and 49 freshmen; what a fine group of students!

The following Sunday we had a "Get Acquainted" picnic at Walt Lienert's camp; students from the campus were also strongly represented. The weatherman didn't co-

operate 100%, but that didn't dampen our spirits. He was kind enough to turn-off the rain clouds to permit us to maneuver from one building to another. Sure — we had a lot of fun. Did you ever see a group of N.C. students who couldn't enjoy themselves, regardless of the weather. The food disappeared without any trouble and every morsel was delicious — right down to and including the variety of cakes and pies.

L. to R. — Emil Rinsch, Mrs. Marie Schlee, Mrs. Rinsch, Bobbie Larsen and Mary Kimball.

Lola Lohse and Mrs. Rudy Schreiber.

WHO'S WHO?

PAUSE THAT REFRESHES

Saturday, Sept. 16, Lola and Henry Lohse invited the faculty and close friends of Mr. Rinsch to their home for dinner in honor of Emil Rinsch. Following a most delightful dinner, Lola, on behalf of everyone present, presented Emil with an inscribed plaque in appreciation of his loyalty and 39 years of devoted service to the Normal College. After this brief and formal moment, everyone put on his "thinking cap" to have his mental and artistic ability challenged. Leave it up to Lola and Henry to come up with some good ideas; it was a most hilarious and enjoyable evening.

The pressure is on now — the freshmen and sophomores are being thoroughly conditioned for the Herculean task that lies before them in the preparations for the pageant to be presented in the large ballroom at Homecoming. There's a lot of work to be done yet, but it'll be done; the esprit-de-corps that prevails is the answer. The students are looking forward to seeing you, so don't disappoint them — see you at HOMECOMING!

F.M.

JUNE CAMP

Before we knew it June was here, and it was time to pack for another season at Camp Brosius. This camp season was excellent in all respects — weather, spirit, and friendship being three very prominent factors.

Upon our arrival we found sunshine instead of the icy blast that we had encountered last year. Much to our happiness, the month continued to provide us with many opportunities for swimming and sunning ourselves.

The camp atmosphere does much to lend to the spirit that is displayed in the varied activities. The parties and campfires were all a great success thanks to the hard work of the committees and the great degree of participation on the part of the students and the faculty. After all, how can you have a swimming meet if no one will swim?

We were happy to see Nick Kellum and Carol Smith return to Brosius for their third season. They did a fine job as instructors. We also want to thank Mrs. Jean (Seager) Jacoby for visiting with us. She turned out to be a wonderful friend to us, even if she did make us go in the lake every day.

The farewell banquet and dance were excellent. The sophomores thank the freshmen class for their sincere effort in making our last days at camp memorable ones.

Camp days aren't soon forgotten. Though there are a lot of "fun times," there are a lot of times for working, learning, and just "growing." Thanks to all who helped us "grow" this June: Mrs. Lohse, Mrs. Hester, Dr. Schreiber, Nick Kellum, Carol Smith, and Mr. and Mrs. Powell, along with all the other friends of Normal College who made this camp experience possible.

And so the month ended, and we went our separate ways — a little wiser, a little healthier, and a little happier.

Karen Safford

MESSAGE FROM ALUMNI PRESIDENT

Tuitions have been paid, the all school picnic has been held, and now the old routine of getting down to business has begun at Normal College. The one big difference this year is that this is the Centennial celebration for N.C.A.G.U. of Ind. U. Freshmen will get a quick initiation into its rigorous endeavors since they will be participating in the Homecoming activities in November.

As alums, we can look forward to many happy and exciting events and get-togethers. An interesting pageant on the history of Normal will be given by the students. Our alumni dinner will be especially important since this is the year for election of officers. Class get-togethers will be held. All in all, it's a Homecoming no alum should miss. I'm sure we all appreciate the letters from Lola Lohse informing us of all sorts of details. Be sure to take heed and make your plans early. We're hoping to see as many years represented as possible. One little thought — If you would like to be a really eager beaver, why not send your alumni dues (still \$2.00) to the treasurer soon. Send to: Norman Schulte, 2524 Losantville - Apt. 4, Cincinnati, Ohio 45237.

Here's hoping we'll see you coming to join in the fun at Thanksgiving.

Marge McCleish

**JOHN R. ENDWRIGHT,
ACTING DEAN**

John R. Endwright, Associate Dean of the School of Health, Physical Education and Recreation, has been appointed Acting Dean by the Trustees of Indiana University to fulfill the position which was formerly held by the late Dr. Arthur S. Daniels.

Over the years, many of you have had the pleasure of seeing or meeting Mr. Endwright either on the campus, at Homecoming, at our Spring Demonstrations, or at Camp Brosius. He always has a pleasant smile, speaks with a very soft voice, has a wonderful sense of humor, and is always anxious to meet and know you personally. His constant interest in our school and the welfare of our students is well recognized by those who have made his acquaintance and seek his wise guidance in solving many perplexing problems.

During World War II he was a Lt. and served as a pilot in the Army Air Force. Following his military career, he entered Indiana University where he obtained his B.S. in 1946 and his M.S. in 1947.

In 1947, he became a member of the Indiana University faculty. He is married and has three children. At present, he is Associate Professor of Physical Education, Associate Dean of the School of Health, Physical Education and Recreation, Chairman of the Dept. of P.E. and Acting Dean of the School.

Dean Endwright is a member of a great many committees and in many instances, chairman. Among these are: nine Indiana

University Committees, four Public Services Committees, eight School of Health, Physical Education and Recreation Committees, five Professional Service Committees and eight Special Awards of Recognition, State and National Societies, Editorial Work, etc. One wonders when he finds time to eat.

This is the second occasion that John Endwright has assumed the duties as Acting Dean and has done, and is doing, a superb job in this highly responsible position.

On behalf of the Alumni Association we extend our best wishes to John, and wish to assure him that the Association is ready and willing to assist wherever possible, in the many responsibilities with which he is confronted in his position as Acting Dean.

F.M.

PATRICIA HUSEMANN

HANDICAP DOESN'T STOP THIS ACTIVITIES LEADER

Strangers in Birmingham, Michigan express surprise when they learn a vivacious, freckle-faced lady is in charge of the city and school district's ambitious year-around recreation program.

They are still more astonished when they note that Pat, a polio victim, wears a brace on her right leg and her right arm is paralyzed. Their amazement becomes awe when they see her in action, directing more than 4,000 youngsters daily in a wide range of sports, arts, crafts and other activities.

Despite her handicap, Pat is an expert swimmer, enjoys horseback riding, golf, sailing, dancing and fishing. She is an enthusiastic member of the Metropolitan Activities Club which she helped organize for handicapped adults and was its president for two years.

Pat was a sophomore at the Normal College in 1952. She went home to Detroit for Christmas vacation and had planned a ski weekend with friends before the Olympic finals; she was a contender for the U.S. Olympic swimming team and an all around athlete. On Christmas Day, Pat awakened with her entire right side paralyzed and her dreams shattered. Doctors credit determination for her successful rehabilitation. She believes it was faith.

ROBERT COLWELL RETIRES

After 42 years Robert Colwell, class of '24, retired as teacher, coach and athletic director at Norwood High School in Cincinnati, Ohio. Bob looks fine and is just as fit today as when he started in 1924 as a teacher and head track coach.

Bob's career began as a volunteer to Clyde Fordyce, then head football coach, and later he took over the duties himself in 1930 and retained that position until he became athletic director in 1940.

His immediate plans are not definite but, rest assured, Bob does not intend to sit in a rocking chair and watch the world roll by; he just can't stand loafing.

EDITOR'S NOTE: We extend our hearty congratulations to Bob and his lovely wife and wish them the best of everything in the years ahead in their new home in Boca Raton, Florida.

SPUTH SCHOLARSHIP RECIPIENTS

The scholarship, awarded annually to two outstanding juniors, was presented this year to Karen Safford of Indianapolis, and Carol Johnson of Fortville, Ind.

These two youngsters were given this scholarship on the basis of their scholastic records, their potentiality in the field of physical education, and their fine character and personality traits.

We congratulate Karen and Carol for this outstanding recognition. We know they will continue their fine work. Both are worthy of the honor bestowed upon them; a memorial to our beloved Dr. Carl B. Spath.

STECHER AWARD

Russell Leach of Monongahela, Pennsylvania was the recipient of the Stecher Award this year. This award is presented during intermission at the Spring Demonstration. Unfortunately, Russ could not be here to accept this honor personally.

This award is given each year to a senior who has demonstrated superiority in the following: scholarship, physical ability, professional attitudes toward physical education as a career, character and personality traits, leadership and service.

As many of you know, this award is named after William A. Stecher, a graduate of Normal College, a text book author, teacher, and nationally known figure in physical education.

REQUEST FOR TRANSCRIPT OF CREDITS

Please write directly to the Registrar of Indiana University, Bloomington. A \$1.00 fee is charged for this service.

LOU MONTGOMERY

Lou Montgomery was honored by Cornell University alumni and friends at a testimonial dinner last June. The occasion marked the retirement of Lou from his post as head track coach at Cornell, a job he held for the past 17 years.

Following his graduation from N.C.A.G. U. he went on to Buffalo, N.Y. and was a highly successful coach for several years, until he attracted the attention of Cornell. Since then he has made trips all over the world with outstanding members of his teams.

Lou Montgomery, also known as "Mister Track and Field" found that he was not quite ready yet for retirement; he accepted a position with the Buffalo Athletic Club as Director of Physical Education. Things will really "hum" when Lou gets underway — a veteran, an expert — in the driver's seat.

EDITOR'S NOTE: We all wish Lou the very best of everything in his new position.

TO PROFESSOR RINSCH FROM PRESIDENT STAHR

The following letter was sent to Emil Rinsch which many of you will enjoy reading and join with us in extending hearty congratulations to Emil and to wish him the very best of everything in the golden years ahead.

Assistant Professor Emil Rinsch
Normal College of the American

Gymnastic Union

Indiana University

Dear Professor Rinsch:

In their meeting of June 10, 1966, the Trustees of Indiana University were pleased to award you the title of Assistant Professor Emeritus of Education and Social Sciences, Normal College of the American Gymnastic Union, effective July 1, 1966.

On behalf of the members of the Board and on the occasion of your retirement from the Normal College of the American Gymnastic Union, I am instructed to convey to you their deep appreciation for your years of loyal, effective, and dedicated service to the University. I am pleased to add my personal thanks and my very best wishes to you.

THE FAMILY WITH THE "MOST" WHO ATTENDED NORMAL COLLEGE

For many years the "George Heesch Clan" held the honors for having the "MOST" who attended Normal College. However, two families have now broken their record. The "Sutton Clan" has the distinct honor of taking over 1st place and the "Schreiber Clan" capturing the laurels for 2nd place — Here they are:

Sutton Family — 1. Charles Sutton 2. Vera Menapace (Mrs. Charles Sutton) 3. Lynda Sutton (daughter and now Mrs. Jack Farrell) 4. Thomas Sutton (son) 5. JoAnn Sutton (daughter and freshman at N.C.) 6. Jim Menapace (brother-in-law) 7. Jack Farrell (son-in-law).

Schreiber Family — 1. Nick Schreiber 2. Rudy Schreiber 3. Irene Schreiber 4. Robert Schreiber (son of Mr. and Mrs. Rudy Schreiber) 5. Nancy Schreiber (daughter and freshman at N.C.) 6. Deanna Gray (daughter-in-law and wife of Robert Schreiber).

THE LAST DAY

AND — THE BEGINNING OF
A NEW CAREER — RETIREMENT

GEORGE LIPPS

A former member of our faculty, George Lipps, celebrated his 79th birthday last August.

George graduated from the Normal College in 1913. While he was a student he taught swimming at the Independent Turnverein, which later became the Hoosier Athletic Club. He was also one of the Founders of Phi Epsilon Kappa, professional physical education fraternity.

Following his graduation from Normal College, George taught two years in the Indianapolis Public Schools and then accepted a full-time position with the Independent Turnverein and continued in the same capacity when the organization became the Hoosier Athletic Club. At the same time he was appointed a part-time instructor at the college. Over the years George taught dancing, boxing, wrestling, games, and apparatus. In the latter years with the college, he confined his teaching to fencing.

Dancing was really his great love. He was so proficient in this subject that he has the great honor and distinction of being the first man to receive a gold medal for excellence in dancing from the Chalif's School of Dance.

In 1930, Mr. Lipps started his own school of dance. Since his school required his undivided attention, he gave up his teaching position with the Normal College in 1949. In 1955, on the advice of his doctor, George closed his dance studio.

Many of the students who had George as

their teacher, prior to his leaving the Normal College, still remember his prowess in the art of fencing. Since George had the experience of fencing against two of the outstanding fencers in the country, namely, Costello and Vinz, it was no wonder that one could hardly make a "touch" against him.

Mr. George Lipps is now living at the Indiana Baptist Home in Zionsville, Ind.

EDITOR'S NOTE: George would appreciate hearing from his colleagues and pupils — just write to the above address.

THE HERBIE SCHACKS TOUR EUROPE

Herb and his wife, Dorothea, left Los Angeles by ship October 2, 1965. They took the long route to London via the Panama Canal, arriving in London October 25th. From there, writes Herb: "we took the plane to Hamburg where we picked up our trusty Volkswagen. This was to be our means of transportation through all kinds of weather throughout Europe, the U.K. and Ireland.

"We visited the following countries: Germany, Denmark, Norway, Sweden, Holland, Belgium, France, Spain, Portugal, Majorca Island (Palma), Italy, Austria, Switzerland, England, Scotland and Ireland. We enjoyed all the countries, especially the people of the different lands. We lived, slept, talked, drank, danced, sang and ate among all. Our policy was to live among the folk of all lands, to accept them as they were and to respect their culture, views, and way of life. Many times we had a language barrier. However, this was overcome by using an age old substitute: — Speak with your eyes, your hands, a friendly smile. Keep a sense of humor and don't get mad.

"The outstanding part of our journey to the foreign lands was the friends we made (not fair weather friends) and to appreciate even more the fact that our little family is lucky indeed to live in the U.S. of America. We were lucky and did not know it.

"We left Cork, Ireland via the S.S. Statendam March 30th arriving in New York April 5th. Finally arrived home the middle of May. Regret to report that Dorothea entered the hospital last month, but now all signs point to a favorable recovery."

ELECTED NATIONAL PRESIDENT

Miss Peggy Hope was elected National President of the Delta Psi Kappa at the convention held in Indianapolis last March.

Peggy is on the staff of Indiana University in the Women's Phy. Ed. Dept., was formerly President of the Central District of the Indiana Association for H.P.E.R., and is also serving as President of the Indianapolis Alumni Chapter of Delta Psi Kappa.

Delta Psi Kappa, a national professional organization for women in the field of physical education, celebrated its Golden Anniversary by holding the National Convention in Indianapolis where it was founded on October 23, 1916.

EDITOR'S CORNER

First I wish to express my thanks to all the reporters and alums who were so kind in submitting news for the bulletin. This, as you know, is what makes the bulletin — news from our "Big Family." To accomplish this, reporters are located throughout the country who are constantly gathering news of our alums. I urge all colleagues to assist and cooperate with these reporters in every way possible. Send them news of yourself or others and they'll be glad to write it up.

I'm happy to announce that three alums have offered their services as reporters, they are: **Harry Fink** from Miami, Fla., **Richard**

(**Dick**) **Strohmer** from Detroit, Mich., and **John Dalton**, roving reporter from Cincinnati, O. I welcome you all to the staff of the **Alumni Bulletin**; it's certainly nice to have you with us.

Since pictures add so much in enhancing an article, it would be nice to submit pictures (black and white only) with items whenever possible. The old adage, "a picture is equivalent to 10,000 words," is still true. Please do not send pictures which must be returned because they may have to be "cut" in order to be used for the bulletin.

It is imperative that I stay within my limited budget. Therefore, it is necessary to confine the bulletin to a certain number of pages. News which cannot be included in the present issue is held over for the next issue. I trust that everyone will bear with me in this respect.

Again, I wish to repeat, please forward us your **change of address** if you should move; we do want to keep in touch with you. Also, please include your "Zip Code." Postal regulations make this mandatory beginning in January '67. — Many thanks.

F.M.

NEWS

Congratulations are extended to **Gene Nesbit** of Indianapolis, who was elected Vice President of the Warren Township Classroom Teachers Association.

Jan Clarke, daughter of **Thelma (Simmons)** and **J. Coleman Clark** of Indianapolis, was married to **Charles W. Johnson**, September 17, 1966.

Rudy Schreiber and **Rudie Memmel** have something in common — both had hernia operations recently.

The old adage, "Chip off the old block," still holds true. **Bob Romeiser**, son of **Jack** and **Barbara Romeiser**, won 1st place in high and low board diving in the Indiana State A.A.U. and Junior Olympic meet for boys under 12 years of age. Not to be outdone, **Jeanne**, their daughter, took 3rd place on low board in the A.A.U. meet and 2nd place in the Junior Olympic Meet for girls 10 and under. Congratulations, **Jeanne** and **Bob**. As many of you may remember, **Jack** won 2nd place in the National A.A.U. Meet held in Cincinnati in 1942 and took many

1st and 2nd places in City and State A.A.U. Meets.

Virginia Sapp, '52, is in San Diego, Calif., completing her requirements for her M.D.

Frank Feigl, '54, will head the Physical Education Dept. of the Citadel in Charleston, S.C. while Col. Dellastatious is on a year's leave of absence. Frank was promoted recently to the rank of major and given the designation of associate professor.

Kathy R. Zimlich, daughter of Constance Zimlich of Indianapolis, was married to Lawson J. Clark II, July 29, 1966.

Michael A. Farkas, son of Mr. and Mrs. George Farkas of Indianapolis, was married to Marcia A. Scott of Albany, Ind., July 30, 1966.

Charlotte (Roeder) Corbin is teaching physical education in the Burn's Flat School System, grades 1-3, Clinton, Oklahoma.

Amy Miller, '62, has accepted a position at the Coral Gables High School, Florida.

Jerry Barlow, 2nd Lt. USMC, paid us a visit June 1st while he was on leave following his training at Quantico, Va. Jerry is Rifle Platoon Commander and his next assignment will take him to Vietnam.

Mary and Walter Lienert had their adopted son, **Kurt**, christened Saturday, Sept. 17 at the Greek Orthodox Church. It was a beautiful, impressive and informative ceremony; you really had to be there to appreciate it. Following the christening a reception was held at the Athenaeum Turners.

Bill Bergstrom and **Chet Lesniak** are members of the Buffalo Public High School Coaches Association which was organized to "maintain the highest possible standards in athletics and the coaching profession."

Roberta Van Nostrand is one of the candidates for election to a three year term on the five member school board of the Kenmore-Town of Tonawanda, N.Y. She is a co-founder of the Kenmore-Town of Tonawanda Symphony Orchestra, a past president of the Kenmore PTA Council and recently received a 500 hour pin for volunteer work at Roswell Park Memorial Institute.

Hubert Lee, Tonawanda, N.Y., received the Distinguished Service Award of the Buffalo Alumni Chapter of Phi Epsilon Kap-

pa, physical education fraternity. The award was presented to Hubert by George Geoghan, immediate past president.

Dr. Thomas Marshall, Tonawanda, N.Y. was appointed principal of the senior high school by the Lewiston-Porter Central School Board. He has been guidance counselor for eight years at the school.

Robert J. Duerr received a probationary appointment as an assistant project administrator for the teacher aide program in the Buffalo Schools.

Dennis Schafer of Indianapolis, sophomore, was the victim of a motorcycle accident this past summer. According to witnesses, he was hurled 40 feet away from his motorcycle and was lucky to escape with just a broken ankle. Happy to report that his ankle has healed beautifully.

Elizabeth (Gutermuth) Kerchusky has moved to Forest Park, Georgia, after living 17 years in Jacksonville, Florida.

Sandra Fleser has accepted a position with the Indianapolis Chapter of the American Red Cross. Her title is Assistant Director of the Youth Service Dept. Sandra will also undertake the duty as Case Worker in the home for families of military personnel.

A number of you alums who had **Paul D. (Tony) Hinkle** as your teacher and coach will be glad to know that he has his name marked indelibly on the Butler University campus where he has served 45 years.

The university changed the name of its gym from Butler Fieldhouse to Hinkle Fieldhouse.

Tony Hinkle, who recently was named to the Naismith Basketball Hall of Fame has just completed his 37th year as head basketball coach.

After a trip through Wisconsin and Illinois, **Mrs. Robert (Mead) Nohr**, class of '13, visited her sister, **Mrs. Laura (Mead) Bressler-Pettis**, class of '20, in Winter Park, Fla.

Henry Schiget, '26, Director of Physical Education of the Northwest Turners, Chicago, was awarded the Honor Key, American Turners highest award. Congratulations, Henry.

Lt. Col. Joseph Hoog, is now stationed at the U.S. Public Health SVC Hospital, San Francisco, Calif.

Gerald Pate, of Indianapolis, was promoted to principal of School No. 9.

Margery Peck, '66, has accepted a position at Bucknell University in Lewisburg, Pa. She will be teaching the required service courses to freshmen and sophomore women.

Kathryn Lawrie, Indianapolis, who is on the campus this year, is quite an outstanding tennis player. She won first place in the Indianapolis Campus Tennis Tournament and first place in Greenwood, Ind. She defended her title five years in the CYO Tournament and was runner-up this year in the Indianapolis doubles.

Bill Treichler, '34, who coached Tech High School to the 1952 state high school wrestling championship, has resigned as head wrestling coach at Northwest High, Indianapolis. He will devote full time to his duties as head of the physical education department. Bill, who produced three individual state champs who won two titles each at Tech, had a three-year unbeaten string of 45 dual meets at Tech.

After only three years at Northwest, Treichler coached Bob McKee to third place in this year's state finals.

Lt. (jg) Larry Olliges is attending school in San Diego and will leave for Pearl Harbor sometime in January. Larry's wife, **Betty Lou (Roth)** and his son **John**, will join him.

Clarence (Bud) Abrams, '17, of Cincinnati was a winner in this year's Freedom Foundation Annual Contests. He won his award for his photograph "In Memory of Those Who Died That We Might Live in Freedom!" This is the third time that Clarence Abrams has received an honor award from Freedom Foundation of Valley Forge.

William Gilson, '19, was elected President of Chicago Retired Teachers Association.

Milton Weaver, '49, is Program Director for the Ozarks Council B.S.A. (Boy Scouts of America). The Weavers have three children — Terri-16 yrs., Chris (boy), 14, and Jon, 8; they live in Springfield, Mo.

Fred Jacobie, '17, and his wife made a trip to Europe this summer.

Leo Doering and his wife drove their converted school bus (Blue Goose) to Texas

recently and also enjoyed a holiday in Wisconsin.

Maxine (Heacock) Plummer is teaching Health and P.E. in Monticello, Ind. Her son, Chuck, is married and doing graduate work in psychology and her daughter, Karen, will enter I.U. this fall.

Frances (Brallier) Ewing is Director of Voluntary Service and Public Relations Officer at the Altoon, Pa. Veterans Administration Hospital.

Harry and Mrs. Fink of Ft. Lauderdale, Fla., took a two months' trip through the northern states and spent two weeks with their son and grandchildren in St. Louis. On their way home they took the scenic trip through the mountains; they covered a total of 5300 miles traveling through 14 states.

Russell Leach, '66, has accepted a position in Rockville, Maryland and is teaching physical education at the secondary level.

George Farkas, Supervisor of Athletics, Physical Education, Health and Safety of the Indianapolis Public Schools, is in Methodist Hospital with a blood clot in his leg. George is recuperating nicely and expects to be back in his office soon.

William K. Streit was presented the award for "Distinguished Service" by the University of Cincinnati Alumni Association. The following inscription was on the certificate: "For many years a leader in all activities of the Association, he has consistently rendered with boundless energy and enthusiastic efforts countless significant contributions to the effectiveness of organized alumni support of the University of Cincinnati." — Congratulations, Bill.

Sandy Spuzich, who left her teaching position in the Indianapolis Public Schools in '62 to do what she loved most — play golf — found her greatest dream to be a reality when she captured the United States Women's Open Golf Championship.

EDITOR'S NOTE: Congratulations, Sandy. Here's wishing you the best of everything in the tournaments ahead.

Lou and Pauline Kittlaus visited their daughter-in-law's parents in Oslo this summer.

Walter Lorenzen and his wife also vacationed in Europe this summer.

Bill and Alice Gerber vacationed in British Columbia.

Walter and Louise Eberhardt visited their son, Dick, in San Diego. Walter and his grandson, Karl, who is just nine, learned to water ski the same day. Karl sailed away on the first attempt and it took grandpa two spills before he mastered the technique.

Martha Dupes, '66, of Indianapolis, has accepted a teaching position at Indiana High School, LaPorte, Indiana.

The following alums are represented in the freshman class: **Gilda Gene Broadwell**, daughter of Roy and Evelyn (Gorr) Broadwell of Liverpool, N.Y.; **Christopher Garcea**, son of Mr. and Mrs. Russell (Rosi) Garcea of Buffalo, N.Y.; **Nancy Schreiber**, daughter of Mr. and Mrs. Rudy Schreiber of Indianapolis, and **JoAnn Sutton**, daughter of Charles and Vera (Menapace) Sutton of Syracuse, N.Y.

TO ALL — THANKS

I wish to thank the sophomore men and Mrs. Mosier for the dinner and the plaque; the freshmen class for the beautiful silver tray; the sophomore class for the watch; Mr. and Mrs. Lohse and the faculty for the dinner and the nice plaque; the Normal College Alumni for the jewelry; Indiana University for the retirement dinner and certificate; the Board of Trustees of Indiana University for the luncheon for the retirees, and students and friends who sent cards and letters upon my retirement. Their good will was highly appreciated. All have made my retirement a beautiful sunset of my teaching career.

Emil Rinsch

HAS IT CHANGED ANY?

THROUGH THESE PORTALS

How many of you, as you look at this picture, recall the number of times you flew up or down these steps, that there are just eight steps. I have asked quite a few alums this question and it was amazing to note how many didn't actually know but merely guessed — like asking a man what shoe he puts on first, on what side does he button his coat, etc. It was rather interesting to discern how little one observes the things he does daily year-in and year-out.

Probably the only time these steps were ever scrutinized in detail was the occasion when one climbed them for the first time and during final exams when each step seemed to increase the blood pressure.

Yes, everything is still intact but the steps do show signs of wear — so, if and when you return again, pause just a moment to look at the first step that took you where you are now.

F.M.

FROM OUR MAIL DEPARTMENT

Dr. William Gregory writes from Kodiak, Alaska:

Through most of these past 14 years I have been teaching science courses (chemistry, physics, biology) to high school and jr. high school pupils. Since 1963 my work has been the supervision of rural elementary schools in remote native villages here on Kodiak and adjacent islands. These are accessible only by boat or amphibious airplane, and they present a real challenge to teachers and administrators alike.

Physical education in Alaska needs, I feel, the influence of N.C.A.G.U. trained people, but to my knowledge, I am the only one in the state. If you know of graduates who have the wanderlust tell them to look to Alaska — we have a great future up here.

Mrs. Wayne (Karle) Murphy writes from Lagos, Nigeria:

There are two sports here that amaze me with the amount of play they get. Table tennis even if the table is not as large as a card table, they are playing all over the area. They may not have a net, just a string across, but they are playing. Of course, tennis is very popular.

You will ride along the streets and see kids jumping over a string for high jump. I guess track and field events are some of their best activities. I have also seen several very nice public swimming pools.

I am expecting to help in the outdoor activities of a mentally retarded school, conducted by Irish nuns.

I believe that the main indoor sport is the gambling casinos. There must be at least 100 different kinds of pools played each day, some have fixed odds.

Beverly (Cubel) Dischinger writes:

After being in Colorado nine years, Al's insurance company transferred him last July to the office in San Francisco. He is quite happy in his new position here and we like California almost as much as we did Colorado.

I did quite a lot of classroom substitute teaching in the elementary grades while we were in Colorado. I am now teaching part time in a private Christian school. I teach various subjects to grades 4-8.

Our 13 year old son, Todd, is a lot like Al inasmuch that he is very apt in physical edu. and the drums. Wendy, our 11 yr. old daughter, is interested in art. We all have one hobby in common and that is the training and showing of our 14 month old, 180 lb., St. Bernard — Grindle. Believe me, she really keeps us "in shape!"

Richard H. "Dick" Strohmer writes:

Both my wife and I plan to attend the Centennial. We also are trying to have with us, Louis E. Thierry (1915) and his wife. Both Thierry and I started our teaching in September of 1915 in Cincinnati, under the great guidance of Dr. Carl Ziegler.

The assistance and the cooperation I received from the many members of the Health Ed. Department was, during my early teaching days in Cincinnati, outstanding. Those folks were wonderful to me, a stranger in a strange town.

I was given the opportunity of going to Detroit to a new high school the Nordstrum (which in 1922 was enlarged and named the Southwestern High). At Nordstrum in Detroit I relieved Arthur Froelich (also a graduate of the N.A.G.U. Normal College, who was sent to the Southwestern High and who retired from there a couple of years ago. In 1925, it was my luck to move from Nordstrum to the new Southwestern High to become Athletic Director where I served until my retirement in 1959, more than 40 years in that one school.

Rudy Heis writes from Seneca Falls, N.Y.:

Both Clara and I had a most wonderful time in Hawaii last winter. Everything from weather, sights to food was beyond our expectations. You should teach the Hulu. I believe it's a good pleasant way of performing lateral trunk exercises with no boredom for the performer or the observer. Many thanks for the Bulletin which made our stay even more enjoyable.

We visited the William Meissners during our three week stay in Tucson. They, too, are enjoying their retirement. Chicago was our next stop to attend the wedding of Dick Nilson (number 2 son of Swede and Buddy Nilson) then home to Seneca Falls to our place on Lake Cayuga.

Margie (Black) Hasch writes from California:

Ralph has been gone since last Friday

and is due back tomorrow afternoon. This time they went to New Delhi, India. Just two weeks ago we learned that we will be sent to Whidbey Island, Washington in February, for two years. We're happy about going up there — it's beautiful country, I hear.

Eleanor "Heggie" Hegman writes:

I wasn't able to go on teaching because I didn't have my degree. Things weren't so good during the depression. In 1933, Delco Products, Division of General Motors, hired me. My teaching preparation paid off. I advanced from production worker to instructor, to assistant supervisor of a training school, and from there to the engineering lab. Now, after nearly 34 years, I'm ready to call it a day. I expect to retire at the end of this year.

Al Alvin writes:

I saw my old high school and Normal College pal, Dr. Herman L. Schmitt, a few weeks ago in Pittsburgh, and he had given me an issue of the Bulletin announcing the Centennial. We made tentative plans to attend, with that undiminished enthusiasm that characterizes our alums.

I retired February 1, 1966 from the Army after 20 years of active and four years of reserve duty. This was combined enlisted and commissioned service, and I retired in the rank of Major.

I must have missed the Herb Schacks in Germany by days. Herb is "Old Faithful." Every Christmas, without fail, he sends cards to his old Normal College buddies.

A few evenings ago, on the spur of the moment, I phoned Bob Flanegin in Los

Angeles. Haven't seen Bob and Nina in 36 (count 'em) years, so you can imagine how enjoyable it was to talk with them.

Arlene (Brennecke) Stephens writes from San Antonio, Texas:

Noel and I are living in San Antonio now. Noel is a 2nd Lt. in the Army's Medical Service Corps. He is presently attending a school for incoming officers but we will probably remain here at Ft. Sam Houston for three years as this is his permanent duty station.

Noel knew he would have to be going into the service soon so we accepted two summer jobs. During July we worked at the Ohio School for the Blind. This program was to help prepare the students for college. During August we worked in New Jersey. Part of this time we worked in a camp and then after camp closed we continued with the students in their own home towns. I found it most interesting when we went to the student's home. This gave us the opportunity to meet the parents which helped so much in understanding the student's actions and attitudes.

I am teaching mobility in the San Antonio Independent Schools. I have found that most of the totally blind children need help in developing their body image and their kinesthetic sense. I also work quite a bit on posture and gait. I really love working with these blind children and find it fascinating discovering their needs and how to help them help themselves.

Noel and I had hoped to come to the demonstration this fall but now that we are stationed down here in Texas I'm afraid we are going to miss it. I really wish we could go because I know we'd enjoy it.

ALL RESERVATIONS MADE?

DON'T WAIT — IT'S LATER THAN YOU THINK.

WE HOPE YOU'LL MAKE IT!
