Notes

- Reports for the 2010 update were run by IUSM Academic Administration on August 29, 2010. Data are accurate as of that date.
- Prior to 2008-09, faculty in the Dean's office were grouped under "Dean-Med." Starting with 2008-09, faculty in the Dean's office are grouped with their department appointment.
- The designation "affiliate" is used to identify faculty who are not 100% FTE in IU's budget and are employed by other affiliated institutions such as the VA, Larue Carter, IU Medical Group, Indiana Clinic, and other institutions (including department practice plans). "Affiliate" is used only for identification of these individuals in internal databases and is not part of their published title.
- Departments are categorized as Basic Science, Clinical, and Other Department. Included in "Other Departments" are: Knowledge Informatics & Translation (formerly the Ruth Lilly Library), Laboratory Animal Resource Center, and the Department of Public Health.
- "URM" is an abbreviation for underrepresented minority. In medicine, this includes Black/African American, Hispanic/Latino(a), Native American, and Pacific Islander.
- When the N = 1831, this includes all faculty: academic appointees and affiliate faculty, both full and part-time.
- When the N = 1711, this includes only full time academic appointees and affiliate faculty (excludes part-time)
- When the N = 1381, this includes only the full time academic appointees (excludes affiliate faculty and part-time faculty).
