

TRIBUTE PAID MISS KATZ
FOR 50 YEARS OF FAITHFUL SERVICE

One hundred and thirty-five admiring members of the IUSD family paid tribute to "Miss Katz" on Friday evening, January 14th as faculty, staff, students, alumni and friends gathered at the Union Building for dinner and an evening of acclaim and recognition of Miss Gertrude Katzenberger's 50 years of devoted service to IUSD.

Mrs. Ruth Chilton, accompanied on the piano by Mrs. Evelyn Buchanan, opened the program with a beautiful rendition of "The Lord's Prayer" as the invocation.

Following an excellent dinner, The Rippletones provided a musical program of old favorites. Mr. Scott and his staff had arranged for a printed program resembling a \$50 bill and bearing Miss Katz's smiling countenance. A beautiful golden "money tree", fashioned by Mrs. Lehman of the library staff and laden with legal tender leaves, served as the centerpiece for the speaker's table. Dean Hine served as toastmaster and representatives of the faculty, staff and student body presented individualized views of Miss Katzenberger and her years of association with IUSD.

The student body was represented by Mr. David Avery, senior class president. He related the student's appreciation of Miss Katz's efforts in their behalf, and presented to her an attractive ornamental bell to replace the old school bell used to signal the end of a clinical period. He also gave her a miniature bell so she would have "a pair and a spare."

Dr. Harry Healey, the oldest full-time faculty member (in years of service) represented the faculty and reviewed the history of IUSD, especially that concerning the people who comprised the assisting staff fifty years ago. On

behalf of the faculty, he presented Miss Katz with a set of heavy bronze bookends which bear the IU seal.

The assisting staff was ably represented by Mrs. Cleona Harvey. She showed slides of the buildings formerly occupied by the dental school and pictures taken of Miss Katz at the time the school was in each of the buildings. The alumni particularly enjoyed Mrs. Harvey's and Dr. Healey's presentations because they brought back many memories of their educational experiences. Alumni were present from all parts of the state and from nearly every year of Miss Katz's fifty years. Mrs. Harvey, on behalf of the assisting staff, presented a magnificent gold vanity tray to Miss Katz.

Dr. Jerry Timmons, who served as Acting Dean of IUSD from 1938-1940, was present to represent the alumni. Dr. Timmons, who now resides in Scottsdale, Arizona, provided a very humorous and interesting recollection of his memories of the early history of the dental school and of "Gertie."

In addition to the large group in attendance, there were many who could not be present. The congratulatory messages from a large segment of this group were arranged in a book by Mr. Scott for presentation to Miss Katz. Dr. Bogan, representing the dental school administration, presented this book to her. Dean Hine expressed the appreciation of the entire dental school for Miss Katzenberger's fifty years of continued and devoted service.

When called upon to speak, Miss Katz was almost speechless, and what she did say was nearly obliterated by the spontaneous applause.

Mrs. Chilton closed the evening with

MISS KATZ (continued)

the singing of "Always," one of Miss Katz's favorites. This was indeed an evening to be long remembered, full of warmth, good fellowship and pleasant associations.

DR. DELLINGER WINS MILO HELLMAN AWARD

Dr. Eugene Dellinger, MSD '65, has been awarded the Milo Hellman Award given each year for the most outstanding research by a graduate orthodontic student. Dr. Dellinger received the award on the basis of his thesis, "A Histologic and Cephalometric Investigation of Premolar Intrusion in the Macaque Speciosa Monkey". Upon completion of his graduate work, Dr. Dellinger returned to his hometown of Fort Wayne, Indiana, to practice.

PROF. PHILLIPS APPOINTED MEMBER ORAL RESEARCH ABSTRACTS EDITORIAL BOARD

Professor Ralph W. Phillips has been appointed a member of the Editorial Board of the Oral Research Abstracts, a monthly publication of the ADA to be released early this year. This publication will offer a truly comprehensive abstracting service for dental investigators, educators, and others with highly specialized information requirements. Professor Phillips joins 24 other consultants throughout the world to offer critical comment on the new journal and review pertinent literature.

DR. ROSENSTEIN CONDUCTS POSTGRADUATE PROGRAM IN ORTHODONTICS

Dr. Sheldon Rosenstein, Director of Orthodontics, Cleft Lip and Palate Institute, Northwestern University, presented a program entitled, "Orthodontic Management of the Cleft Lip and Palate Patient" on January 10th.

MISS MORRISON'S PASSING MOURNED

The sad news has reached us that Miss G. Archanna Morrison passed away on Sunday, December 26th in West Roxbury, Massachusetts as a result of a cerebral hemorrhage suffered two weeks earlier. Miss Morrison was a special lecturer in practice administration to senior dental and dental hygiene students at IU for about 20 years. She will long be remembered as a dynamic, enthusiastic, sincere, and well-informed lecturer by her students, and many prominent dentists acknowledge that her help and inspiration led them to successful practice.

FACILITIES AND SERVICES EXPANDED IN NEW RILEY DENTAL CLINIC

With the recent opening of the new addition to Riley Hospital, the Dental Clinic has ideal facilities available to provide treatment under general anesthesia. These new facilities not only expand the services rendered for the patients, but also enhance the teaching program for the interns and residents in pedodontics.

VISITORS TO IUSD

Dr. Stephen Dachi of the University of Kentucky visited the Departments of Oral Pathology and Dental Materials on December 22nd concerning mutual research studies on the effect of pH on the dental pulp.

Dr. David Hoppenstand of the Prosthetics Department at Ohio State University visited Professor Phillips to discuss the development of a possible graduate program.

DR. NOONAN PASSES AMERICAN BOARD OF PEDODONTICS EXAMINATION

Dr. Roger Noonan received word that he passed the American Board of Pedodontics examinations given at Chapel Hill, North Carolina December 13-16 and has been named a Diplomate of the Board.

DENTAL DIVISION REPORTS ON NEW AND CONTINUING STUDIES

The Dental Division of the Indiana State Board of Health has begun a new study in Anderson, Indiana to determine the effectiveness of dental health education teaching methods for elementary school children. Approximately 550 third graders have been divided into three groups, two of which will be instructed using Proctor & Gamble classroom dental health education materials. One of these two groups will be taught by a person who has received special inservice training in the use of the materials. The third group will serve as a control group with no specialized materials or instruction being utilized. The criteria for measurement will be DMF and def indices, Russel's periodontal index and the simplified oral hygiene index. It will also be noted whether or not the child has visited a dentist during the study period.

The self-application/fluoride study in Frankfort is progressing at the rate of about 20 treatments per hour under the supervision of a dental hygienist. The advantage of such a program, if an effective compound can be found, is the large number of children which can be treated.

The new mobile dental unit has been completed and an open house for faculty and students is planned for early spring.

PROF. PHILLIPS CONSULTS WITH USAF & CAULK RECEIVES HONORARY IADR MEMBERSHIP

Professor Ralph W. Phillips consulted with representatives from the School of Aerospace Medicine, U.S. Air Force of San Antonio and the L. D. Caulk Company at a meeting in Washington concerning a research project in which a new filling material will be tested in the field by the Air Force.

Professor Phillips was made honorary member of the Dental Materials Group of the International Association of Dental Research of Brazil.

DR. CONVERY VISITS DR. HYDE IN VANCOUVER DURING CHRISTMAS

During a Christmas visit to Vancouver, B.C., Canada, Dr. and Mrs. Liam Convery met and were entertained by Dr. Ted Hyde (MSD Preventive Dentistry, '60). Dr. Hyde asked to be remembered by his friends in the dental school. Dr. Hyde is presently working in the public health field and is very involved in organized dentistry, particularly in the field of public relations and fluoridation.

FREDA SHERRILL INJURED IN AUTOMOBILE ACCIDENT

Miss Freda Sherrill, Secretary to Professor Phillips in the Department of Dental Materials, sustained a broken leg as a result of a collision with another vehicle on icy streets Wednesday evening, January 12th. She is in St. Francis Hospital and reportedly doing well.

WEDDINGS IN THE OFFING

Two young ladies in the Department of Pedodontics came back from the holidays wearing bright new engagement rings and smiles to match. Marilyn Buck received hers from David Bradley, and she and her fiance plan to be married May 7th in the St. Joan of Arc Catholic Church. David Jarrel, a senior dental student, gave a ring to Barbra Hultberg, and their plans call for a summer wedding. Congratulations to all of you!

HOUSEKEEPING EXPRESSES APPRECIATION

Mrs. Edna Woods, on behalf of the entire dental school housekeeping staff, wishes to thank the faculty for their Christmas gift.

YEAR END "DIVIDENDS" REPORTED NEW YEAR ASSETS DECLARED

Three dental school families (that we know of) have been blessed by the timely arrival of new offspring.

Dr. and Mrs. Stanley Braun, Department of Orthodontics, reported a third child and second son, Mark Charles, arrived November 28th.

Dr. and Mrs. Travis Bauer, Main Clinic, have a new daughter, Jennifer Ann, on December 10th, their firstborn.

A girl, Dana Lynn, was born December 17th to Carol and Ronald Gardner. Carol was a dental assistant in the Department of Pedodontics.

The two new year babies are Andrew Jonathan, new son and first child of Rosemary (Mimeograph) and Kenneth (Student Instruments) Nelson, born January 12th; and Elizabeth Ann, first child of Jane Ann (Student Instruments) and Earl (Junior student) McKinley, born January 17th.
