PROGRAMS AND AWARDS

New policy for special needs and disabilities: During the 2003 award year the National FFA Organization incorporated a new policy and procedure for accommodating special needs and disabilities in national Career Development Events (CDEs). This policy was adopted to make CDEs more accessible to our members with special needs, to uphold the organization's legal obligation and to address our key strategic priority area of increasing diversity in membership and participation. Based on the success of this effort, special needs policies and procedures have been developed for each of the following award areas for implementation at the 2004 National FFA Convention: Agriscience Fair, Agriscience Student of the Year, Agriscience Teacher of the Year, H.O. Sargent, Models of Innovation (National Chapter Award), SAE, Proficiencies and Stars. Career Development Events will operate under the same guidelines as 2003. Information regarding these policies and procedures will soon be available on www.ffa.org in the specific areas for each program, and will be included on the 2004-2005 Local Program Resource CD-ROM. As you prepare to certify teams for national participation, please take a moment to look at these policies so that we can best serve participating members with special needs. For more information contact Mike Honeycutt, mhoneycutt@ffa.org, or 317-802-4262.

A call for H.O. Sargent Diversity Award applications: The H.O. Sargent Diversity Award is a special honor and recognition given by the National FFA Organization in celebration of the work and dedication of FFA members and non-FFA members advancing efforts to diversify FFA and/or agricultural education. The award program, initially established through the leadership and vision of Mr. G.W. Owens of New Farmers of America and Dr. H.O. Sargent of the U.S. Department of Education, was re-instituted in 1995 in commemoration of the contributions underrepresented groups and majority groups together have made to FFA and agricultural education.

Activities that qualify an individual for the award are as varied as imagination and resources allow. This is in part because "diversity" is broadly defined to embrace any activity that has a goal of bringing balance between minority and majority groups within your community, school, chapter and more. Consequently, pen pal programs, community service activities, cultural awareness programs, membership recruitment campaigns, and a wide range of other projects make a nominee eligible for the award. It's all about accepting, connecting, developing. Both FFA members and non-members can apply or be nominated. The application deadline is June 30 (postmark date). The application is attached below. For more details visit <http://www.ffa.org/programs/hosargent/> . For more information, contact Damon Spight, dspight@ffa.org, 317-802-4244. The H.O. Sargent Diversity Award program is sponsored by Monsanto as a special project of the National FFA Foundation.

STATE STAFF NEWS

Electronic calendars available: State Staff are reminded that National Team Ag Ed/Local Program Success Specialists have developed electronic calendars for both Outlook and Excel. These calendars can be found for download, with instructions at: <http://www.ffa.org/statestaff/index.html>. Scroll down that web page to: "Help & Resources" -- "Calendars" for options and calendar file downloads.

Important Information regarding CDE certification and payment: The deadline for CDE declaration forms (June 1) is rapidly approaching, and several states have submitted their declaration forms. Before we start invoicing states based upon those teams, we are informing state staff of the processes being implemented this year to ensure that

declaration forms, certification forms and payments are appropriately processed.

Two years ago, nearly all states paid for the certification of their CDE teams with one check, but last year we had several states that asked individual chapters to send their payments directly to the National FFA Center. This year, please ask your chapters to pay the state directly, and then each state should pay the National FFA Organization for the total amount. We are unable to process certification forms without proper payment and we would hate to hold your teams back. Paying by one state association check ensures the reliability of the certification, expedites the processing time of the certification form, and ensures team orientation packets and other correspondence are sent in a timely manner. Your cooperation with this method of payment will be most appreciated.

After states send in their CDE declaration form, the National FFA Organization will invoice you for the number of teams you declared. The packet this invoice comes in will include four items:

- a copy of your declaration form
- an invoice based on the number of teams declared (on green paper)
- a large envelope pre-addressed to CDE Certification Coordinator at the National FFA Center (with a pink label "CDE Certification Forms")
- a legal size envelope pre-addressed to the Accounts Receivable Department at the National FFA Center (with a green label "CDE Certification Payment")

Please use the large envelope addressed to the CDE Certification Coordinator to mail all of your certification forms.

Please use the separate, legal sized envelope addressed to Accounts Receivable to mail the check and the voucher portion of your invoice. Please remember to include this payment voucher to ensure that payment is processed correctly.

Please **do not** send this payment to the National FFA Organization lockbox in Cincinnati; as this will undoubtedly delay the certification process!

Our desire is to be proactive in this process to ensure that forms and checks get to the right place. We do not want to delay your teams or have them disqualified because payment was never received. Please help us help you by following the processes outlined above. Please contact Jessica Ells at jells@ffa.org, 317-802-4288 with any questions or concerns.

MERCHANDISING

One invoice per order: Effective Saturday May 15th all orders shipped will have one invoice. You may receive shipments from multiple locations depending on where the merchandise is shipped from, however you will not be invoiced until the last item on your invoice is shipped. In general invoices will be mailed within 3 weeks of order placement. A few items will take 4-6 weeks for delivery as noted in the catalog so these orders will not be invoiced until the last item is shipped.
