STAFF COUNCIL... YOUR VOICE!

What Happened at the Last Staff Council (SC) Meeting?

Karen Lee, Coordinator, klee2@iupui.edu

The following information comes from the March 21 Staff Council Meeting:

- **Associate Vice Chancellor Emily Wren** announced **parking permits** will be automatically renewed this year. You will need to go to Parking Services only if you want to change permits. The **Eskenazi Garage** has spaces available for parking. The garage is located just west of the old Union Building space. A shuttle (gold line) is available to ride to a location near your office. The **Sports Garage** will be parkable by the end of April and fully finished by the start of fall classes. **University Boulevard** is being extended all the way to Blackford Street, but will not be finished until the end of spring/early summer. Bids have gone out for the following **building projects**: Rotary Building, Science/E&T lab, and the Neuroscience Building. The basement of **Cavanaugh Hall** will be renovated for classroom space. Projected completion date is August 1. The **Herron** facility on Indiana Avenue is being renovated and will hopefully be done in June. CS3 is being worked on as an expansion to Herron and the sculpture building in that area. Art will be added to the grounds. The grass area at the **stadium** used by the soccer team is being dug up and replaced with rubber pellets so the area can be used for soccer at all times.
- **Assistant Vice Chancellor for Auxiliary Services Kate Julius**, discussed points regarding [changes](#) in Auxiliary Services.
- The Faculty and Staff Relations Committee (made up of both faculty and staff) are meeting and keeping a pulse on **health insurance premiums** for 2013 through a committee of the University Faculty Council. They also continue to monitor developments stemming from change in Student Services.

FMI, see the full set of minutes [here](#).
