Mr. Henry Groseclose  
Treasurer of F. F. A.  
Department of Education  
Richmond, Virginia

Dear Mr. Groseclose:

As acting state adviser of the Future Farmers of America of the Wisconsin Association I am making application to the National Congress of the Future Farmers of America for a state charter. I am inclosing a check for \$5.00 which I understand is the fee which should accompany applications for state charters.

I believe I am correct in saying that as soon as we are able to get our National Charter we will be able to issue local charters to the schools organizing chapters of Future Farmers of America in Wisconsin. At the present time we have some forty-five schools applying for charters and I would like to get the material for them as soon as possible.

I shall be very glad to receive any material which you have concerning the organization of the first state convention of Future Farmers as ours will be held on October 25, 1929.

Very truly yours,

V. E. Kivlin

Assistant Professor of  
Agricultural Education  
The University of Wisconsin  
Madison, Wisconsin

Dear Professor Kivlin:

Please let me acknowledge receipt of your check for \$5.00 as payment in full for a State Charter in the Future Farmers of America.

We are indeed glad to know that Wisconsin is ready to take part in this movement which we think is a good thing for Agricultural Education. I trust that you will be successful in organizing local charters in all of the schools in Wisconsin. Before sending you your charter, however, it will be necessary for you folks to comply with part of the National Constitution, which states that applications for charters must be submitted on an application form and accompanied by certain data which is necessary for the National organization records. I am, therefore, inclosing an application blank for a charter. I will certainly appreciate your filling this out and sending it to me at your earliest convenience.

Very truly yours,

Henry C. Groseclose  
Executive Secretary of Future Farmers  
of America
