**Subject:** RE: End of Year Report

Hi Subir,

Listed below is a summary of our involvement. This is the first time that the research advisory committee provided an extensive review of all 13 sabbatical applications. This activity was productive for at least two reasons. First, all 13 applications were approved by FAA. Second, based on the caliber of the application, a few of them are now being used as models from FAA to emulate by other units on campus. The committee oversaw and helped initiate the research and writing groups that was implemented early in this academic year. The committee also reviewed all 15 applications for the Summer Research Funding. We also reviewed and discussed action steps for the research component of the SLA 5-year Strategic Plan. If you need any additional clarification, please do not hesitate to contact me. Neale

Hi Subir, I was out of the office late last week and I am now getting to all of my emails while I was away. I will strive to get this to you as soon as I can do so. Neale

Hello Neal,  
I sent this to Anne Royalty as I thought she is the chair of the Research Advisory committee. I am forwarding this to you as she told me that you are the current chair of the committee.  
Thanks,  
Subir

To the Chairs of the Faculty Committees,  
We are headed towards the end of the semester and, more importantly, approaching the end of the academic year. We thus need to file the end-of-the year reports. We are therefore asking each of you to send us a report of your committee's work during the year. We would like to have it as soon as you can get it to us but certainly before the Faculty Assembly on April 15. As these will be posted on the Faculty Assembly website it would be greatly appreciated if you **can send the report by April 11**. I thank all of you for your service to the Faculty and to the School.

Thank You,  
Subir Chakrabarti  
President of the Faculty Assembly  
Professor of Economics  
IUPUI
