

School of Public and Environmental Affairs

Welcome to the IU School of Public and Environmental Affairs!

At SPEA, people learn how to work in government, nonprofit and business roles to make positive changes in their communities, their states, their countries and the world. SPEA IUPUI graduates lead the organizations that make and enforce laws, keep communities livable and safe, shape smart public policy, protect the planet and help our fellow citizens. Through the combined study of civic leadership, management, policy studies, media and public affairs, sustainability management, criminal justice and public safety, SPEA students develop both the practical and philosophical skills that prepare them to craft solutions to society's problems.

Indiana University founded the School of Public and Environmental Affairs (SPEA) 40 years ago to prepare students to address the issues of modern society in ways that more traditional schools overlooked. SPEA operates as a "core schools" model, with programs at [two locations](#): Indiana University Bloomington and Indiana University-Purdue University Indianapolis (IUPUI).

SPEA students major in making a difference.

Overview

The School of Public and Environmental Affairs (SPEA) is a professional school dedicated to applied interdisciplinary learning combining the study of public affairs, management, criminal justice, public safety, emergency management, sustainability, and environmental policy. The interests of the faculty and professional staff typically fall into one or more of the following areas:

- Criminal justice
- Emergency management
- Environmental policy
- Finance and economics
- Law
- Nonprofit management
- Policy and administration
- Public safety
- Sustainability
- Urban affairs

SPEA is located on the busy IUPUI campus in the heart of downtown Indianapolis. For students learning how to make a difference in business, government and nonprofit organizations, what better place to study than a major city where such organizations are headquartered? IUPUI is just a short walk or ride from bustling city, state and federal government centers as well as hundreds of corporations and nonprofit organizations. Internships, mentors and active learning opportunities are right around the corner. Well-connected to these institutions, SPEA's faculty members are recognized for their credentials, experience, involvement and impact worldwide. With the entire Central Indiana community as their learning lab,

SPEA students have unmatched access to the people and places where change happens first.

The school's faculty, staff, and students work individually and collaboratively to solve problems that require SPEA's unique combination of in-depth knowledge in the natural, behavioral, social, and administrative sciences.

SPEA is a resource to many Indiana communities. Public and private organizations, as well as all levels of government, benefit from the knowledge and expertise of SPEA faculty, staff, and students.

Accreditation & Licenses

The Master of Public Affairs program is accredited by the [National Association of Schools of Public Affairs and Administration \(NASPAA\)](#).

SPEA is also a member of the [American Society for Public Administration \(ASPA\)](#) and the [Association for Public Policy Analysis and Management \(APPAM\)](#).

Indiana University, a member of North Central Association (NCA), is accredited by The Higher Learning Commission, [www.ncahigherlearningcommission.org](#).

Credit for Police and Fire training

Credit for Police and Fire Training

SPEA grants credit for graduates of the Indianapolis Fire Department Training academies and graduates of five certified Indiana police training academies. Qualified firefighters receive 9 hours for designated SPEA courses, and qualified law enforcement academy graduates receive 12 hours for designated courses. This credit is awarded by written notification from SPEA to Admissions. The individual must either (1) be currently enrolled or (2) applied and accepted for admission. Once graduation from the academy with a 77% or better has been confirmed by SPEA, the credit is posted as transfer credit and there becomes "official" once the student completes one additional IUPUI course. There is no charge for this credit. Individuals who believe they qualify should contact SPEA Student Services. Recipients of firefighter and law enforcement credit should be directly admitted to SPEA when they apply for the credit.

Credit for law enforcement training

Sworn full-time police officers who have graduated from any of the five law enforcement academies in Indiana are eligible for 12 undergraduate credit hours from SPEA IUPUI. You can apply these credits towards any of SPEA's undergraduate degree programs. The course credit is for Criminal Law SPEA-J 301, Criminal Investigations SPEA-J 320 and six hours of Internship in Criminal Justice SPEA-J 380. For more information contact the SPEA Recorder at 317-274-4656.

Credit for fire training

Full-time firefighters who are trained and employed by the following departments are eligible for nine undergraduate credit hours from the School of Public and Environmental Affairs. You can apply these credits towards any of SPEA's undergraduate degree programs. The course credit is for Principles of Public Safety SPEA-J 376, Emergency Services Administration SPEA-V 375 and Internship in Public Affairs SPEA-V 380.

Graduate Admission

Graduate Admission Procedure

Application Information about graduate study, including literature and application materials, may be obtained from the School of Public and Environmental Affairs Web site (www.spea.iupui.edu).

Eligibility For most programs, applicants with bachelor's degrees in any field from an accredited institution are eligible to apply for admission to the graduate programs of the School of Public and Environmental Affairs.

Application Submission Applicants should apply to a degree or certificate program and request financial assistance as early as possible before the desired semester of enrollment. All forms must be completed and received by the SPEA Graduate Admissions Office at IUPUI before May 15 to attend the fall semester, before September 15 to attend the spring semester, and by March 15 to attend the summer sessions. SPEA accepts late applications for admission.

Admission Each application for admission is carefully evaluated by the admissions committee for the appropriate degree. Applicants to all SPEA degree programs must do the following:

1. Submit applications to the graduate program office. Application materials can be found at www.spea.iupui.edu; select Prospective Students and click on APPLY for instructions and information.
2. Submit complete official transcripts from any other colleges and universities attended. Exception: Students who have taken course work on any Indiana University campus do not need to submit an Indiana University transcript.
3. Submit proof of bachelor's degree certification (official transcripts) from an accredited institution. Students who have not completed undergraduate course work at the time of application may be admitted based on the strength of previous work, but a final transcript attesting to the award of a bachelor's degree must be submitted before the student can enroll.
4. Pay a nonrefundable application fee to Indiana University.
5. When applying to degree programs Master of Public Affairs (M.P.A.) or Master of Science in Criminal Justice and Public Safety (M.S.C.J.P.S.), required documentation includes:
 - online application, all sections completed,
 - official transcripts for all colleges and universities attended. Students who have taken course work on any Indiana University campus do not need to submit an Indiana University transcript.
 - three Application Reference Forms completed by faculty and professionals familiar with applicant's activities and potential to succeed in graduate work.
 - Graduate Record Examination (GRE) official scores preferred. GMAT and LSAT scores will be considered.
 - resume
 - complete personal statement and departmental question sections on application,
 - supplemental questions in the application under departmental questions section
6. When applying to certificate programs, the following documentation is required:
 - online application (GRE scores and references are not required),
 - official transcripts from all colleges and universities attended. Students who have taken course work on any Indiana University campus do not need to submit an Indiana University transcript.
 - resume
 - complete personal statement and departmental question sections on application, and
 - supplemental questions in the application under departmental questions section.
7. International students must apply to SPEA using the online application, complete the international section, and pay the nonrefundable international application fee (subject to change). SPEA will accept the same paper application that you have submitted to the Office of International Affairs (OIA), along with additional required SPEA documents, but the online application is preferable. You are required to provide official scores of one of the English proficiency exams.

International application priority deadlines are February 1 for fall semester application and October 15 for spring semester application. Visit the SPEA Web site at www.spea.iupui.edu or the OIA Web site at www.international.iupui.edu for more information.

LSAT, GRE, and GMAT Requirements Applicants may submit LSAT or GMAT (Law School Admission Test or Graduate Management Admission Test) scores in lieu of GRE (Graduate Record Examination) scores. Other degrees require the GRE. Information concerning the GRE is available from Graduate Record Examination, Educational Testing Service, P.O. Box 6000, Princeton, NJ 08541, (609) 771-7670, or (866) 473-4373, or visit the Web site: www.gre.org. Information concerning the LSAT is available from Law School Admission Services, P.O. Box 2000, Newtown, PA 18940, (215) 968-1001 or visit them on the Web site at www.lsat.org.

Admission Status

Regular (Unconditional) Admission Status Applicants with this status have met all admission requirements for the specific degree program and may enroll in accordance with the entry date contained in the application for admission.

Deferred Admission Following notice of regular admission, applicants may defer enrollment for a maximum of one year. Transcripts of course work completed during the deferral period must be submitted, and the admissions committee may request additional letters of recommendation. Should the additional material prove unsatisfactory, the admission may be canceled. Applicants who fail to enroll within one year may need to reapply for admission.

Conditional Admission Applicants may be admitted on a provisional basis if GRE or LSAT scores or prior grade point averages are below admission criteria. Conditional status is removed upon fulfillment of conditions stipulated by the relevant degree program admissions committee.

Provisional Admission Applicants may be admitted on a provisional basis if GRE or LSAT scores or prior grade point averages are below admission criteria. Provisional status is removed upon fulfillment of conditions stipulated by the relevant degree program admissions committee.

Admission with Deficiencies Applicants may be admitted with deficiencies on a case-by-case basis if they lack course work in certain foundation areas such as mathematics, economics, or statistics.

Nondegree Enrollment Applicants who have a bachelor's degree and who have not been admitted

to the graduate program may enroll in SPEA courses as nondegree graduate students. Procedures may vary across campuses. **Please note that nondegree students are not eligible for financial aid.**

If nondegree students later wish to obtain SPEA graduate degrees, they must apply for admission to the specific degree program. Note that not more than 12 hours of graduate credit completed as a nondegree student may be credited toward a SPEA graduate degree. Not more than 9 hours of SPEA graduate credit earned as a nondegree student may be credited toward SPEA certificate programs.

Probationary Admission

Probationary Admission

Applicants (undergraduate and graduate) may be admitted, case-by-case, on a probationary basis.

Undergraduate Admissions

Undergraduate Admissions

The School of Public and Environmental Affairs (SPEA) considers dual admission of beginning students with University College (UCOL) and direct admission of transfer students. Students can be considered for any term.

Beginners (Direct Admission to SPEA)

Beginner students will receive Direct (Dual) Admission to SPEA and University College (UCOL), if they meet the following criteria:

1. Have completed Core 40 or Academic Honors diploma.
2. Have 1000+ SAT combined total of critical reasoning and math score or ACT composite of 21.
3. Have 3.00 GPA.

Transfer Admission

Students transferring from other institutions will receive Direct Admission to SPEA, if they meet the following criteria:

1. Cumulative GPA of 2.0 and above.
 2. Last completed semester with a GPA of 2.0 and above.
 3. Completed 12 or more transferable credit hours.
- SPEA reserves the right to review and withhold admission in those cases where students have been granted forgiveness, exclusion, or similar exemptions that remove from the cumulative GPA calculation grades that would typically be included in the GPA. SPEA does recognize grade replacements for courses that have been retaken at an institution where the higher of the course grades has been used to compute the cumulative GPA.
 - SPEA reserves the right to review and withhold admission in those cases where students are seeking to transfer to SPEA from another institution, but they also have a previous record at IUPUI which does not meet good standing requirements.

Intercampus Transfer, Temporary or Permanent

SPEA students at any campus of Indiana University may transfer permanently to SPEA on another campus, provided they meet the requirements for admission,

good academic standing, and plurality of courses on that campus. SPEA students seeking a temporary transfer to SPEA Indianapolis must meet the good academic standing requirement.

Good academic standing requires the following:

1. Cumulative GPA – 2.0 and above.
2. Semester GPA – 2.0 and above.
3. SPEA major GPA – 2.3 minimum, providing the student has completed 12 transferable credit hours or more in the major.

Intercampus transfer students must meet the plurality requirement. The campus at which a student completes the plurality (more than half) of course work will award the degree, provided that campus is authorized to grant the degree.

Permanent intercampus transfer students, who do not meet the regular admission requirements, may be considered for admission to University College.

Transferring to SPEA from University College or another IUPUI academic unit

Students who start out in University College or another academic school at IUPUI are eligible to certify or transfer into SPEA after they have declared a major in SPEA and completed a 2.0 cumulative and prior term GPA. In addition, if the student has completed 12 or more hours in the SPEA major, he or she also needs a 2.3 SPEA GPA.

Returning Students

Students who were previously in SPEA or another academic unit and were in good academic standing (semester and cumulative GPA's above 2.0, and SPEA major GPA above 2.3) when they stopped out and currently do not have a service indicator (probation with impact or academic dismissal) will be regularly admitted.

Students who were previously in SPEA and were not in good academic standing when they stopped out may be considered for admission on probation.

Students dismissed from SPEA or another IU school will need to submit a readmission petition to be considered for admission on probation.

Second Undergraduate Degree Applicants

Students who are seeking a second undergraduate degree are encouraged to explore SPEA graduate programs or graduate certificate programs.

Students must petition to SPEA for approval to pursue a second bachelor's degree.

Accelerated Masters

Accelerated Masters

The Accelerated Masters Program is a competitive program for outstanding SPEA undergraduate students. Students may apply to the Master of Public Affairs (M.P.A.) or the Master of Science in Criminal Justice and Public Safety (M.S.C.J.P.S.) early in their junior year.

Participation in this program allows students to fulfill some graduate program requirements during their senior year. Graduate courses count for both graduate and undergraduate degree requirements. Before starting the graduate program, students must have satisfied all general education and specific core requirements.

Admission

The program admits students from among the top tier of SPEA undergraduate majors. To be considered, a student must:

- Complete a minimum of 96 credit hours for the accelerated M.P.A. or 102 credits for the accelerated M.S.C.J.P.S. toward their undergraduate degree including specified general education, major, and elective requirements (see appropriate degree planning sheet below).

- Have no more than 30 transfer hours counted toward graduation requirements.
- Have a 3.2 undergraduate GPA and a 3.5 SPEA major GPA.
- [Apply online](#) for the M.P.A. or M.S.C.J.P.S. degree programs via the school's master's programs admission process.
- Submit at least three letters of recommendation from faculty members.
- Submit a personal statement.

Credit for Law Enforcement Training & Correctional Training Institute

Credit for Law Enforcement Training

Sworn full-time police officers who have graduated from any of the five law enforcement academies in Indiana are eligible for 12 undergraduate credit hours from

SPEA IUPUI. Students can apply these credits towards any of SPEA's undergraduate degree programs. The course credit is for Criminal Law SPEA-J 301, Criminal Investigations SPEA-J 320 and six hours of Internship in Criminal Justice SPEA-J 380.

To be awarded credits for law enforcement training, you must be admitted to IUPUI and you must have completed at least 12 IUPUI credits with a 2.0 GPA prior to being awarded the law enforcement training credits. Law enforcement training credits will not be awarded until SPEA verifies that you have successfully completed 12 credits of coursework at IUPUI.

For more information contact the SPEA Recorder at 317-274-4656. Download an application for credit.

Correctional Training Institute

SPEA students who have completed the Correctional Training Institute through the Department of Corrections have the opportunity to earn 6 credits toward their degree. Credit is earned through Indiana State University (ISU). Applications are sent to ISU during the training sessions. The admission and registration process can take up to 6 months to process. Once processed, IUPUI students will need to request an official ISU transcript to be sent to IUPUI for transfer credit evaluation. At the Correctional Training Institute, state employees are given the opportunity to take ISU Criminology 210 and Criminology 298 for a total of 6 credits. CRIM 210 (Introduction to Corrections) will transfer to IUPUI as SPEA-J 331 (Corrections). CRIM 298 (Practicum in Criminal Justice) will transfer to IUPUI as SPEA UN 200 and will count as an elective. For more information please visit <http://www.indstate.edu/cep/Buttons/CTI.htm>.

Degree Programs

Degree Programs

Indiana University's School of Public and Environmental Affairs (SPEA) helps students with a desire to change the world prepare for careers that change the world.

Created to address the complex issues that face society today - issues on field of study alone can't solve - SPEA integrates business, government, the social and physical sciences.

As a SPEA student, you learn how people and organizations work together toward the greater good. You also get a versatile "go-anywhere" degree that can lead to jobs and careers in public service, business, and government.

At SPEA, a better world starts with you.

Majors

- Civic Leadership (B.S.P.A.)
- Criminal Justice (B.S.C.J.)
- Management (B.S.P.A.)
- Media and Public Affairs (B.S.P.A.)
- Policy Studies (B.S.P.A.)
- Public Safety Management (B.S.C.J.)
- [Sustainable Management and Policy](#) (B.S.P.A.)

For more information about the above majors visit spea.iupui.edu/students/checksheets/index.php. This

will provide you a link to the Degree Planning Sheet and 4 year degree map.

Students pursuing the **Bachelor of Science in Criminal Justice** (B.S.C.J.) may major in Criminal Justice or Public Safety Management. Criminal Justice students learn to protect communities and their citizens.

- Students majors in **Criminal Justice** study law enforcement, the judicial system, corrections and national security.
- Students who major in **Public Safety Management** focus on large-scale disaster preparedness, homeland security and delivery of lifesaving services including fire fighting, emergency medical services and disaster recovery.

Students pursuing the **Bachelor of Science in Public Affairs** (B.S.P.A.) may major in Civic Leadership, Media and Public Affairs, Management, Policy Studies, or Sustainable Management and Policy. Public Affairs majors focus on how we provide for our citizen, making our communities better places to live, work and raise a family. Public Affairs students study and analyze government policies, and learn how to manage government and nonprofit organizations.

- A **Civic Leadership** major teaches students how individuals and organizations can work together to provide for their communities. Graduates often work in public service roles - leading businesses, nonprofit organizations or government agencies. This major is ideal for pre-law student, or students interested in advocacy or community leadership.
- **Media and Public Affairs** gives students an in-depth understanding of governance plus the skills needed to use today's media to communicate to customers, constituents, employees, supporters, opponents and the many other audiences involved in shaping effective public policy. Students who major in Media and Public Affairs will be prepared for careers as public information officers; government affairs personnel for private or nonprofit organizations; public administrators at the local, state, and federal level; lobbyists; representatives of trade organizations; and reporters for various media on the subjects of public affairs, public administration, public policy personnel and decisions. This major teaches anyone who intends to go in to management (public, private or nonprofit) or who will work in the policy area, when and how to deploy traditional and new media tools to achieve their goals.
- A **Management** major teaches some of the things you'd learn in a business school, but you get the additional benefit of leaning how public agencies and nonprofit organizations operate. This holistic approach helps graduates move seamlessly between business, nonprofit and government management roles.
- A **Policy Studies** major prepares students to analyze and assess the usefulness of existing and proposed laws. This major emphasizes critical thinking skills. Graduates often go on to law school or directly into positions in government or government relations.

- A **Sustainable Management and Policy** major gives students a solid understanding of public affairs, finance, policy-making and civic engagement, combined with specialized classes in the principles of sustainability, environmental justice and green technologies. Graduates of the program will find employment in the growing field of sustainability by assuming community and government roles, working for environmental nonprofit groups, owning or managing "green" businesses, and conducting research and legislative analysis. This major is also an excellent choice for a pre-law student.

Civic Leadership (B.S.P.A.)

Civic Leadership (B.S.P.A.)

The Bachelor of Science in Public Affairs requires 120 credit hours. The program includes four main areas: I. IUPUI Common Core, II. SPEA General Education/ baccalaureate requirements, III. Public Affairs Core, IV. Program/Major requirements, and V. Open electives.

Public Affairs focuses on how we provide for our citizens, making our communities better places to live, work and raise a family. Public Affairs students study and analyze government policies, and learn how to manage government and nonprofit organizations.

A Civic Leadership major teaches students how individuals and organizations can work together to provide for their communities. Graduates often work in public service roles - leading businesses, nonprofit organizations or government agencies. This major is ideal for pre-law students, or students interested in advocacy or community leadership.

*The following requirements do not include the [IUPUI General Education Core](#) and are in effect for current IUPUI students, incoming transfer students, and intercampus transfer students. First time students admitted for Fall 2013 will complete the IUPUI General Education Core. For revised Civic Leadership requirements that include the general education coursework, click [here](#).

I. (30 Credits)

Students at IUPUI will complete 30 hours of general education coursework prior to graduation with a baccalaureate degree. The coursework is aligned with the [Indiana Statewide Transferable General Education Core](#). For more information, please visit <http://go.iupui.edu/gened>.

1. [Core Communication](#) (2 courses; 6 credits) From approved list, students must take at least one writing course (ENG W131 - Reading, Writing and Inquiry I or ENG W140 Honors Composition I) and one speaking and listening course (COMM R110 - Public Speaking) for a total of two courses and six credits.
2. [Analytical Reasoning](#) (2 courses, 6 credits) From approved list, at least one college level math course. It is recommended that SPEA students take Math M118 (finite) and SPEA K300 (Statistical Techniques).
3. [Life and Physical Sciences](#) (2 courses, 6 credits) From approved list, at least two courses and six credits toward the life and physical sciences.
4. [Cultural Understanding](#) (1 course; 3 credits) From approved list, at least one course. SPEA students

are encouraged to complete first year competency in a foreign language.

5. [Arts & Humanities](#) and [Social Sciences](#) (3 courses; 9 credits) From approved list, students must take at least three credits from the Arts & Humanities list and at least three credits from the Social Sciences list for a total of nine credits.

II. Baccalaureate Requirements: SPEA General Education Requirements (15 credits)

Classes in this area must be a minimum of 3 credits each.

Media and Public Affairs (B.S.P.A.)

Media and Public Affairs (B.S.P.A.)

The Bachelor of Science in Public Affairs requires 120 credit hours. The program includes four main areas: I. IUPUI Common Core, II. SPEA General Education/

baccalaureate requirements, III. Public Affairs Core, IV. Program/Major requirements, and V. Open electives.

Public Affairs focuses on how we provide for our citizens, making our communities better places to live, work and raise a family. Public Affairs students study and analyze government policies, and learn how to manage government and nonprofit organizations.

Media and Public Affairs gives students an in-depth understanding of governance plus the skills needed to use today's media to communicate to customers, constituents, employees, supporters, opponents and the many other audiences involved in shaping effective public policy. Students who major in Media and Public Affairs will be prepared for careers as public information officers; government affairs personnel for private or nonprofit organizations; public administrators at the local, state, and federal level; lobbyists; representatives of trade organizations; and reporters for various media on the subjects of public affairs, public administration, public policy personnel and decisions. This major teaches anyone who intends to go in to management (public, private or nonprofit) or who will work in the policy area, when and how to deploy traditional and new media tools to achieve their goals.

Management (B.S.P.A.)

Management (B.S.P.A.)

The Bachelor of Science in Public Affairs requires 120 credit hours. The program includes four main areas: I. IUPUI Common Core, II. SPEA General Education/ baccalaureate requirements, III. Public Affairs Core, IV. Program/Major requirements, and V. Open electives.

Public Affairs focuses on how we provide for our citizens, making our communities better places to live, work and raise a family. Public Affairs students study and analyze government policies, and learn how to manage government and nonprofit organizations.

A Management major teaches some of the things you'd learn in a business school, but you get the additional benefit of leaning how public agencies and nonprofit organizations operate. This holistic approach helps graduates move seamlessly between business, nonprofit and government management roles.

Ivy Tech ASCJ to IUPUI BSCJ

Ivy Tech ASCJ to IUPUI BSCJ

Students who complete the Associates of Science in Criminal Justice at IUPUI can transfer to IUPUI to complete a Bachelor of Science in Criminal Justice.

The following information is specific to the transfer agreement between IUPUI and Ivy Tech for transfer from the ASCJ to BSCJ.

Statement of Purpose

The purpose of this transfer agreement is to provide a basis for a cooperative relationship between Indiana University – Purdue University – Indianapolis (IUPUI) and Ivy Tech Community College (ITCC) to benefit students who desire to complete a bachelor's degree. The intent is

for ITCC students completing the AS degree program to move seamlessly to the BS degree program.

Transfer Agreement

Ivy Tech Community College graduates from the appended Associate of Science degree program of study in Criminal Justice, from any Ivy Tech campus, may transfer and apply a minimum of 60 credit hours from that completed degree to the requirements for IUPUI's Bachelor of Science degrees in Criminal Justice.

Admission

Ivy Tech students are eligible for admission with junior standing to IUPUI provided:

- The student has submitted a complete application for admission to IUPUI.
- A course grade of "C" or better must be earned to be accepted for transfer.
- The student has a 2.0 or higher grade point average on a 4 point scale.

As ITCC graduates complete the credit hour requirements for the award of the BS degrees in Criminal Justice, they must meet the graduation requirements as approved by IUPUI at the time of the student's admission to the School of Public and Environmental Affairs. All credit transfers are subject to general policies on this subject.

Curriculum (Click [here for a printable degree map](#))

Ivy Tech Transfer General Education Curriculum (30 credits).

Students who successfully complete the Ivy Tech Transfer General Education Curriculum will have 30 hours awarded toward the IUPUI General Education Core requirements. Total Credit Requirement at Indiana University Purdue University Indianapolis: 120 credits

Transfer Course Policy: Students may transfer no more than 60 credits from a junior college toward a SPEA Bachelor of Science degree. No more than 50 percent of courses taken to satisfy the requirements of the Criminal Justice Major may be transfer courses from other accredited institutions of higher learning; including all IU campuses.

Other articulation agreements: Students admitted to Ivy Tech prior to Fall 2013 will follow the articulation agreement signed August 2010 if following an older plan of study both at Ivy Tech. The student will also follow the previous plan of study at IUPUI, provided they are continuously in Criminal Justice. This will be in effect only through 2018.

For students admitted to Ivy Tech starting fall 2013, they will follow the statewide core and new articulation agreement in Criminal Justice between Ivy Tech and IUPUI.

Honors Program

Honors Program

The SPEA Honors Program offers select students across all SPEA majors an opportunity to enroll in a challenging academic program that will enhance learning opportunities. Benefits include:

- Increased opportunities to interact with faculty members.
- Greater depth of learning in your major through additional challenges.
- Enhanced relationships with other motivated, high-achieving students.
- Enriched classroom discussions.
- Access to the IUPUI [Honors College](#) facility such as dedicated study space, computer lab, group-work rooms, interaction with other honors students, and access to the honors college advisors.
- Opportunity to pursue the [Honors Minor in Leadership](#).

Admission Requirements

1. Be admitted to SPEA.

2. Have 12 IUPUI GPA hours completed with at least a 3.5 cumulative GPA.
3. Complete SPEA Honors Program application.

Program Requirements

To successfully complete the SPEA Honors Program, a student must:

- Maintain a cumulative and term GPA of 3.3 or above.
- Maintain a 3.3 or above in honors courses.
- Complete 24 total honors credit hours (15 hours of required SPEA honors courses plus 9 hours of honors electives).

Probation

Any student who fails to maintain the GPA requirements will be put on probation status for one semester, will be required to meet with the SPEA Honors Advisor to discuss his or her standing in the program and must complete an Honors Probation Contract. If the student is unable to meet the GPA requirements in subsequent terms, he or she may be dismissed from the SPEA Honors program.

Honors Courses

1. Complete 15 hours of SPEA Major courses for Honors credit.
 1. We recommend working with the SPEA Honors Advisor to plan these courses. Taking courses from full-time SPEA faculty will be preferred for Honors credit SPEA courses.
 2. b. SPEA classes being taken for Honors credit will include additional requirements beyond those in the regular course offering. Examples of additional requirements include (applicable paperwork must be submitted and approved prior to the experience in order to receive Honors credit):
 - A major paper not required in the regular course
 - Additional readings not required in the regular course
 - Additional or different questions on exams; these questions may cover additional material or require mastery of material beyond the level required in the regular course
 - Other additional assignments not required in the regular course
 - Adding an Honors component to study abroad, service learning, senior capstone, or internship experiences
 3. Students in the SPEA Honors Program will be required to meet with faculty outside of regular class meetings. Such interaction could take different forms and can be arranged for individual students or groups of students. Options include in-person meetings, online interaction, telephone conference calls, etc. We would recommend at least six hours of interaction per semester (that would be half an hour per week or one hour every other week for 12 of the 15 weeks of a semester).
 4. To complete the program, we recommend completing 1 Honors course per semester.

2. Complete 9 hours of Honors elective courses.

A student must meet with the SPEA Honors Advisor each term to complete the contract required to enroll in an honors course. Students then will submit the contract to the Honors College no later than the third week of classes, though we recommend submitting paperwork prior to the start of the semester.

Leadership Programs

Washington Leadership Program

The School of Public and Environmental Affairs offers the Washington Leadership Program each fall and spring semester in Washington, D.C. This program consists of two senior-level seminars (each worth 3 credit hours) and an internship (worth 5 or 6 credit hours). Students complete internships by working four days per week in an assigned congressional office, public interest group, federal agency, or nonprofit organization.

Students reside and attend classes in nearby Falls Church, Virginia. Tuition is based on the regular fees for Indiana University, plus any special program charges. Students in the program remain eligible for any scholarships or financial aid they would normally receive as Indiana University students. Interested students should contact the SPEA undergraduate advisor or program director.

Indiana Leadership Seminar

The Indiana Leadership Seminar offers honors students a chance to participate in a year-long course consisting of projects and specialized experiences with a local government or agency. The focus is to develop professional skills and provide networking opportunities for future career connections as students apply classroom theory to real-world activities. The Indiana Leadership Seminar has a strong tradition of helping students become superior candidates for both public and private sector jobs.

Minors and Certificates

Minors

Any Indiana University student enrolled in a baccalaureate program may pursue one or more of the minors offered by the School of Public and Environmental Affairs. Individuals interested in one or more of these minors should inquire in the SPEA undergraduate advising office for additional details. Students who successfully complete the requirements will have the minor conferred with their degree. SPEA's multidisciplinary faculty and curricula address environmental, public policy, and management issues from a variety of perspectives. A minor in SPEA can enhance career opportunities for liberal arts and other majors.

Off Campus Study

Off Campus Study

Education is all about new experiences, and SPEA offers several ways to gain different perspectives while remaining an IUPUI student:

Study abroad

Both SPEA and IUPUI offer opportunities to study abroad, and offer scholarships to help you do so! SPEA's Overseas Education Programs are detailed at http://www.indiana.edu/~spea/spea_abroad/index.shtml, and IUPUI's offerings can be found at <http://abroad.iupui.edu/>. Every SPEA student who is accepted into a SPEA study abroad program will be awarded a SPEA Overseas Education Scholarship. Awards range from \$1000 to \$2000. Additional scholarships are also available. Please visit [SPEA's scholarships](#) page.

SPEA has a diverse range of locations and programs, from Beijing to Berlin, Moscow to Kenya, Paris to Pamplona. If you are considering international study, [make an appointment with your SPEA academic advisor](#) to explore the possibilities and find a fit that's right for you.

Study in Washington, DC

SPEA offers the Washington Leadership Program in Washington, DC during the spring and fall semesters. Junior and senior undergraduate students from all majors at all IU campuses are eligible to apply. This program consists of two senior-level seminars (each worth 3 credit hours) and an internship (worth 5-6 credit hours). Students complete internships by working four days per week at an assigned congressional office, trade association or federal agency, or at a health, environmental or nonprofit organization. To learn more, visit the WLP website: <http://www.iu.edu/~speaweb/careers/wlp.php>.

Study at other universities

IUPUI participates in National Student Exchange (NSE), a nonprofit education consortium that allows students to spend a summer, a semester or an academic year at one of the nearly 200 NSE institutions in the U.S., Canada or U.S. territories. Students pay tuition and fees at IUPUI rates even while they are on exchange, and all course credits transfer back to IUPUI. To qualify, students must:

- Have completed 24 credit hours
- Have a GPA of 2.5 or higher
- Be a full-time student at IUPUI.

For more information, contact Asha McCauley, NSE Coordinator at IUPUI, azwillia@iupui.edu or 317-274-2517. <http://www.nse.org/>

Take a course at another IU campus and transfer credits to IUPUI

Select the IU campus that you plan to attend. Make sure the courses you plan to take are being offered. Complete an intercampus transfer form with the IU campus you plan to attend. Once you have registered and completed your courses, they should appear on your IU Academic Advising Report. If you are unsure how a course will transfer to IUPUI, contact IUPUI Admissions at 317-274-4591 or Admissions website: <http://enroll.iupui.edu/admissions/>. Check with your advisor to ensure the class you want to take will fulfill a requirement in your major.

Scholarships

Undergraduate Scholarships

IUPUI offers many scholarships for both incoming freshmen and continuing students. For a comprehensive list of all IUPUI scholarships, please visit the [Office of Student Scholarships](#) website.

In addition, the School of Public and Environmental Affairs offers scholarships to incoming and current SPEA undergraduate students. Students may apply for SPEA scholarships by submitting the appropriate SPEA scholarship application and additional required materials, including a current resume and an essay explaining why you are a good candidate for that particular scholarship (essay guidelines are in the application).

To be eligible for a SPEA Student Scholarship, students must be in good academic standing, both when you apply for the award and when you receive it.

Recipients of SPEA scholarships are selected by members of the SPEA Scholarship Committee, comprised of SPEA faculty and staff. All SPEA scholarship recipients are recognized at the SPEA scholarship luncheon in October.

Award amounts range from \$500 to \$2000 per year, per scholarship and are noted on the scholarship application.

All SPEA scholarships are non-renewable, though former recipients may apply again. Fall scholarships refers to those scholarships that can be used in the fall semester; spring scholarships are for spring semester

- Recognize, characterize and analyze issues and problems in public affairs using appropriate technology to collect, collate and assess data through statistics and other quantitative tools.
- Apply knowledge and theory of the public, nonprofit and private sectors (e.g., microeconomics) to analyze, evaluate and contribute to the development of solutions for public affairs issues and problems.
- Recognize and incorporate concerns, theories, concepts and other information rooted in the broader concepts of globalization, civic engagement, sustainability, and management in working with public affairs issues and problems.
- Work effectively in a team.
- Recognize and demonstrate sensitivity to diverse points of view.
- Develop an awareness of one's personal responsibility and service to the public, and to seek principled solutions to problems in public affairs.

Students will be able to demonstrate additional learning specific to their major.

Civic Leadership Major The civic leadership major is intended to impart knowledge and skills needed to catalyze community actions. Students electing a civic leadership major will analyze the elements necessary to successful community solutions, and will learn to solve public problems in the context of shared power and authority. Students in civic leadership will be able to:

- Understand and communicate the nature of civil society.
- Understand and apply theoretical and applied concepts of the political process to civic engagement.
- Understand and apply the theoretical and practical foundations of leadership.
- Engage in negotiations and conflict resolution.

Management Major

The management major is concerned with the functioning of organizations, whether public, private or nonprofit. Students electing the management major will study resource allocation, organizational design, accountability, and other generally applicable principles involved in all organizational structures, with an emphasis on issues specific to public and nonprofit organizations. Students in management will be able to:

- Understand and participate in the management of public and nonprofit organizations.
- Understand the principles of finance and budgeting in the public sector, and be able to undertake basic finance and budgeting activities in that context.

- Understand the principles of finance and budgeting in the nonprofit sector, and be able to undertake basic finance and budgeting activities in that context.
- Understand the principles of human resource management, and be able to apply them in the context of a public or nonprofit organization.
- Manage diversity in a changing workforce.
- Understand the decision-making in public and nonprofit organizations, and be able to contribute to that process in those organizations.

Policy Studies Major

The policy studies major is concerned with the exercise of power and the nature and wisdom of the rules that constrain the use of power. In contrast to the management student, whose focus is on the organization, and the civic leadership student, whose focus is on the community and community networks, the policy studies student will primarily be concerned with the rules we establish to govern our communal endeavors. Students in policy studies will be able to:

- Understand, explain and apply common models of the policy process to problems in public affairs.
- Understand the options for public input into public decision-making and policy implementation.
- Read, understand and evaluate program evaluations and policy analyses reported by others, and communicate those digested findings clearly and concisely.
- Understand and apply basic methods of program evaluation using common quantitative, qualitative and mixed tools.
- Understand and apply basic methods of public policy analysis using common quantitative, qualitative and mixed tools.
- Understand a policy area in depth.

Bachelor of Science in Criminal Justice (BSCJ)

Bachelor of Science in Criminal Justice (BSCJ)

Graduates of the Bachelor of Science in Criminal Justice program should have the intellectual depth, breadth, and adaptiveness of learning to anticipate, recognize, evaluate, and solve problems in criminal justice or public safety using knowledge, skills, and tools appropriate to entry-level criminal justice and public safety positions. Bachelor of Science in Criminal Justice graduates will be able to:

- Communicate effectively important information and ideas in criminal justice or public safety management (especially within their major), both with individuals and in group settings, and using oral, written, visual, and electronic modes.
- Recognize, characterize and analyze issues and problems in criminal justice or public safety using appropriate technology to collect, collate and assess data through statistics and other quantitative tools.
- Apply extant criminal justice or public safety management knowledge and theory to analyze, evaluate and contribute to the development of solutions for criminal justice or public safety management issues and problems.

- Recognize and demonstrate sensitivity to diverse points of view.

Students will be able to demonstrate additional learning specific to their major.

Criminal Justice Major

The criminal justice major is concerned with the functioning of the major elements of the criminal justice system, policing, courts and corrections, including both public and non-governmental agencies. Students learn what crime is, why and how often it occurs, how we attempt to prevent it, and how we punish those who commit crimes. Criminal justice graduates will be able to:

- Define crime, legally and socially, discuss how it is measured, and current trends in crime.
- Describe major theories of crime and discuss corresponding public policies to reduce crime.
- Discuss the constitutional foundations of the criminal justice system, especially the tension between individual rights and public order.
- Discuss the history and evolution of policing, the role of discretion, the nature and effectiveness of police activities, and issues of police misconduct.
- Describe the structure, process, and actors in the court system, as well as current issues in processing criminal cases.
- Describe the major philosophies of punishment, the history and evolution of corrections systems, and the current issues in corrections.
- Describe current crime control strategies, and discuss the strengths and limitations of various approaches.
- Read criminal justice research and communicate findings clearly, and apply basic research methods to criminal justice research questions.

Public Safety Management Major

The public safety management major is intended to prepare students to work in agencies that ensure public safety, such as fire departments, emergency management and homeland security agencies. Public safety management graduates will be able to:

- Define public safety, and discuss the major components of the public safety system and how they operate.
- Define and describe homeland security, how federal state and local agencies work to maintain homeland security, and how it relates to public safety, in theory and in practice.
- Discuss the constitutional foundations of public safety, especially the tension between individual rights and public order.
- Discuss the history and evolution of terrorism, the motivations that lead to terrorism, and the nature and effectiveness of responses to terrorism.
- Describe emergency service agencies, and current issues and trends in emergency service in the United States and around the world.
- Discuss technology and how it relates to maintaining public safety, particularly the use of geographic information systems.
- Describe current public safety strategies, and discuss the strengths and limitations of various approaches.

- Read public safety research, communicate findings clearly, and apply basic research methods to criminal justice research questions.
- Articulate methods of recognizing and resolving crisis situations, including crisis planning, crisis management and ethical decision making processes and practices.
- Describe the dynamics and processes (individual, group, institutional bureaucratic and psychological) that can impact decision making during crises, and articulate methods of learning from past approaches/ experience to build future strategies for managing disasters or crises.

Admissions

For most programs, applicants with bachelor's degrees in any field from an accredited institution are eligible to apply for admission to the graduate programs of the School of Public and Environmental Affairs.

Application Submission

Applicants should apply to a degree or certificate program and request financial assistance as early as possible before the desired semester of enrollment.

All application forms must be completed and received by the SPEA Graduate Admissions Office at IUPUI **before May 15** to attend the fall semester, **before September 15** to attend the spring semester, and **by March 15** to attend the summer sessions. SPEA accepts late applications.

International application deadlines for the Master of Public Affairs are **February 1** to attend the fall semester and **September 15** to attend the spring semester.

To receive **priority attention** for **financial aid** for the fall semester, send all Free Application for Federal Student Aid (FASFA) and renewal forms to the Office of Student Financial Aid Services by **February 1**.

Graduate Assistantship

SPEA application priority date is **February 1**.

Admission

Each application for admission is carefully evaluated by the admissions committee for the appropriate degree. Applicants to all SPEA degree programs must do the following:

- Submit applications to the graduate program office.
- Pay a nonrefundable application fee to Indiana University.
- Read carefully the applicable sections in this bulletin for any specific program or campus admission requirements.
- Submit proof of bachelor's degree certification from an accredited institution. Students who have not completed undergraduate course work at the time of application may be admitted based on the strength of previous work, but a final transcript attesting to the award of a bachelor's degree must be submitted before the student can enroll.
- When applying to degree programs, Master of Public Affairs (M.P.A.) required documentation includes:
 - Online application, all sections completed.
 - Official transcripts from all colleges and universities attended. Students who have taken course work on any Indiana University campus do not need to submit an Indiana University transcript.
 - Three Application Reference Forms completed by faculty and professionals familiar with applicant's activities and potential to succeed in graduate work. References are required for the M.P.A. programs.
 - Official test scores for the GRE, GMAT or LSAT.
 - Resumes are required for all programs.
 - Complete personal statement and departmental question sections on application.
 - Supplemental questions in the application under departmental questions section.
- When applying to certificate programs the following documentation is required:
 - Online application (GRE scores and references are not required).
 - Official transcripts from all colleges and universities attended. Students who have taken course work on any Indiana University campus do not need to submit an Indiana University transcript.
 - Complete personal statement and departmental question sections on application.
 - Supplemental questions in the application under departmental questions section.

- Resumes are required for all certificate programs.
- International Students must apply to SPEA using the online application, completing the international section, and paying the nonrefundable international application fee (subject to change). SPEA will accept the same paper application that you have submitted to the Office of International Affairs (OIA), along with additional required SPEA documents, but the online application is preferable. You are required to provide TOEFL scores. International application priority deadlines: for fall semester apply by February 1; for spring semester apply by September 15. Visit the [SPEA Web site](#) or the [OIA Web site](#) for more information.

GRE and LSAT Requirements

Applicants may submit LSAT (Law School Admission Test) scores in lieu of GRE (Graduate Record Examination) scores. Applicants must mail a copy of their LSAT score report to SPEA Graduate Admissions.

Information concerning the GRE is available from [Graduate Record Examination, Educational Testing Service](#), P.O. Box 6000, Princeton, NJ 08541, (609) 771-7670 or (866) 473-4373.

Information concerning the LSAT is available from Law School Admission Services, P.O. Box 2000, Newtown, PA 18940, (215) 968-1001.

Master of Public Affairs

Applications for SPEA's graduate programs are processed on a year-round basis for admission in any academic semester. Each application to SPEA's graduate programs is carefully evaluated by the admissions committee for the appropriate degree. Admission to SPEA's graduate programs is competitive. Each program has its own admissions criteria and meeting these criteria does not guarantee admission to that program.

Admission Deadlines

Fall: May 15
Spring: September 15
Summer: March 15

SPEA accepts late applications.

IUPUI Graduate Fellowships: January 15*
Graduate Assistantships: February 1*

*SPEA degree program application must be submitted and an admission decision made to be eligible for the upcoming fall/spring term assistantships and fellowships.

Admission Requirements

Minimum preferred requirements for admission include:

1. A baccalaureate degree from an accredited college or university with a grade point average of B (3.0) or higher
2. [Apply online](#)
3. All transcripts for work that was done outside of the Indiana University system*
4. A resume*
5. A personal statement*
6. Three (3) letters of recommendation*

7. Official test scores for the GRE, GMAT or LSAT. We recommend the following scores
 1. A combined score of 300 or more (verbal and quantitative) on the Graduate Record Examination (GRE) or
 2. A total score of 500 or higher on the GMAT or
 3. A total score of 150 or higher on the LSAT.

SPEA considers results from the GRE, GMAT or LSAT, but the GRE (<http://www.ets.org/gre>) is the most common among our applicants. Preparing to take the test and getting official test scores can be a lengthy process, so plan accordingly.

You can request a waiver of the GRE/GMAT/LSAT if you have already earned a Master's degree from an accredited college or university in the United States or if you have completed a SPEA graduate certificate with a 3.5 GPA or higher. To discuss options regarding the standardized test requirement, contact Luke Bickel, 317-278-0308 or lbickel@iupui.edu.

Although not required for admission, students applying for the MPA are strongly encouraged to complete MATH-M 110 or higher (algebra), ECON-E 201 (microeconomics) and SPEA-K 300 (statistics) or equivalent courses prior to taking SPEA-V 506 and SPEA-V 517.

Awards & Scholarships

SPEA offers many scholarships to SPEA graduate students.

SPEA Alumni Association Scholarships

The School of Public and Environmental Affairs is proud to sponsor \$1,000 scholarships for current SPEA students. The scholarships will be awarded to undergraduate and graduate students, from any IU campus, who meet the qualifications. Applications are due January 27. For more information, contact Jenna Morrison Civitello at 812-856-0597 or jm98@indiana.edu.

Lawrence M. Borst Fellowship

This unique fellowship provides financial support for a talented SPEA graduate student to gain experience with the Indiana Senate, specifically in finance and budgetary analysis and programs. This one-year experience requires a commitment of 20 hours per week during the fall semester, with the student typically enrolled as a full-time graduate student. The approximate award for the fall semester is \$5,000. The spring semester requires a full-time commitment, so the student may register in a practicum course but take no other classes. During the spring semester, the Borst Intern will be paid at the rate earned by other interns, approximately \$350 per week. Deadline is March 1. For more information, contact Kathy Hursh at 317-278-3651 or hurshk@iupui.edu.
[Download the application](#)

Johnson Community Service Fellowship Approximately \$8,000 awarded to a first- or second-year graduate student in SPEA. Any previous graduate GPA must be a 3.0 or above. Students must demonstrate their record of community service and complete an internship (approved by a SPEA faculty member) with a community nonprofit

organization or governmental agency. The deadline is April 1. For more information, contact Luke Bickel at 317-278-0308 or lbickel@iupui.edu.
[Download the application](#)

C. Michael Pitts Scholarship This award was established in memory of C. Michael Pitts, who served as an associate professor for SPEA in labor relations and mediation for many years before his death in 2002. It awards two scholarships of \$1,000 each to a first- or second-year graduate student in SPEA. It is for IUPUI SPEA students seeking an MPA and who have an interest in pursuing a career in public service or the nonprofit sector. Applicants must have a 3.0 grade point average, be a resident of the state of Indiana and demonstrate financial need. Deadline is April 1. For more information, contact Luke Bickel 317-278-0308 or lbickel@iupui.edu.
[Download the application](#)

Tom and Pat DeCoster Scholarship An award of \$2,000 to support a first- or second-year graduate student in SPEA for one year. To be eligible, a student must be a single parent, attend full-time or part-time and have a cumulative GPA of 3.0. Recipient(s) will be chosen by members of the SPEA Scholarship Committee based on academic achievement and quality of the application. The deadline is April 1. For more information, contact Luke Bickel at 317-278-0308 or lbickel@iupui.edu.

SPEA International Experience Scholar Application

This scholarship supports graduate students who are participating in an overseas study opportunity. Award amounts range from \$500 to \$2000 per year, per scholarship. Essay must be submitted with application to SPEA Student Services. Deadline is April 1.
[Download the application](#)

SPEA Overseas Education Scholarship SPEA students who study abroad may be eligible for scholarships of \$1,000 to \$2,000. For more information, contact Casey Windhorst, cwindhor@iupui.edu or 317-274-4656.

Graduate Student Assistantships SPEA IUPUI offers graduate assistantships and University Fellowships through a competitive application process. The graduate assistants work 20 hours per week during the academic year. These are research assistantships and not teaching assistantships. In exchange for the 20 hours per week, GAs receive full tuition, most fees, student health insurance and a stipend of \$9,000 that is paid out monthly over the academic year. Graduate Assistantships are awarded in March for students who will attend full time. Applications are accepted year-round, but priority deadline is February 1. For more information, contact Luke Bickel at 317-278-0308 or lbickel@iupui.edu. [Download the application](#)

Nonprofit Management

The Certificate in Nonprofit Management is a 15 credit-hour program of study. The certificate is designed to serve the needs of individuals who would like exposure to nonprofit sector and nonprofit management issues but who do not wish or need to pursue a degree in nonprofit management. The certificate complements other courses of study or career experience in such areas as social work, library science, and parks and recreation. Students pursuing a nonprofit management certificate gain and understanding of how to work in and with nonprofit organizations.

Eligibility and Application Procedure

1. Any holder of a baccalaureate of higher degree from an accredited college or university is eligible for admission
2. An online application and information may be obtained from the www.spea.iupui.edu. Students should apply to the SPEA admissions online only. Application deadlines for the certificate programs are before May 15 for the fall semester, before September 15 for the spring semester, and before March 15 for summer sessions. Students must pay a nonrefundable application fee.
3. Admission requires only the approval of the respective graduate program director or SPEA campus director.

Program Restrictions

1. Students enrolled in a certificate program must complete it within 15 credit hours of approved SPEA course work with a minimum cumulative GPA of 3.0(B). Failure to do so results in automatic dismissal from the certificate program.
2. Students who have completed more than three SPEA Graduate courses are not eligible for admission to certificate program.
3. Transfer credit, course substitutions, or course waivers are not allowed.
4. Students admitted to a SPEA graduate degree program are not eligible for admission to the

certificate program or eligible to be awarded the certificate.

5. Admission to or successful completion of the Nonprofit Management Certificate program does not guarantee subsequent admission to the M.P.A. program or other graduate programs in the School of Public and Environmental Affairs.
6. Students enrolled in the certificate program who apply to SPEA's graduate programs must meet all existing admission requirements. If a student has a cumulative GPA of 3.5 or better at the completion of the certificate, the student can request a waiver of the GRE requirement if applying to the MPA program.

Courses

The fifteen-hour certificate consists of three required courses and two electives.

Required Courses (9 credit hours)

- **SPEA-V 522 Human Resource Management in Nonprofit Organizations (3 cr.)** Effective resource management is vital for the long-term success of nonprofit organizations. This course provides an overview of human resource management strategies and practices necessary for the productive functioning of nonprofit organizations. Theories of motivation applicable to the management of staff and volunteers, and personnel topics of recruitment, selection, board-staff relations, compensation, training, and development are covered.
- **SPEA-V 525 Management in the Nonprofit Sector (3 cr.)** The course provides a survey of topics important for non-profit management. Internal dynamics, environmental relationships, and public policy are considered. Topics include the legal environment, governance, strategic planning, staff and volunteers, marketing, ethics, evaluation, and change.
- **SPEA-V 526 Financial Management for Nonprofit Organizations (3 cr.)** This course emphasizes a thorough understanding of the language and key concepts of nonprofit financial management. The course covers applications of budgeting, and financial and managerial accounting principles and procedures to nonprofit organizations. The emphasis throughout the course is on the practical application of the fundamental requirements of accounting and financial decision making in the nonprofit organization.

Electives (6 credit hours)

- **SPEA-V 521 Nonprofit and Voluntary Sector (3 cr.)** The theory, size, scope, and functions of the nonprofit and voluntary sector are covered from multiple disciplinary perspectives including historical, political, economic, and social.
- **SPEA-V 557 Proposal Development and Grant Administration (3 cr.)** This course provides the opportunity for each student to develop a complete proposal through participation in the entire grant application process. The integration of case studies, visual media, printed materials, and class discussions provides students with practical knowledge for writing successful proposal.
- **SPEA-V 558 Fund Development for Nonprofit Organizations (3 cr.)** Important aspects of the fund raising process in nonprofit organizations are covered, including techniques and strategies for assessing potential sources of support; effective use of human resources; process management; theory to underlay practice; analysis of current practice; practice standards; and discussion of ethical problems.
- **SPEA-V 559 Principles and Practices of Social Entrepreneurship (3 cr.)** This course will survey issues in social entrepreneurship and engage

students in completing class projects applying principles and practices of social entrepreneurship to problems of nonprofit organizations, government agencies, and social-purpose business.

- **SPEA-V 562 Public Program Evaluation (3 cr.)** Examination of how the programs of public agencies are proposed, established, operated, and evaluated. Discussion of the role and conduct of research in the program evaluation process. In addition, techniques of effective evaluation and analysis are discussed.
- **SPEA-V 598 Governing and Leading in a Global Society (3 cr.)** This gateway course will increase student appreciation of the role of public affairs professionals in governance across multiple sectors of society within the global context. Students will learn norms associated with effective practice in public affairs and frame a professional development plan to acquire leadership skills to support these norms.

The certificate program is flexible enough to be adapted to the needs of precareer and in-service individuals. Graduate students in other disciplines can use the program to supplement their primary fields with course work in public management, possibly using the certificate courses as part or all of a doctoral or master's degree minor. Career employees of public and private sector agencies seeking courses in public management, and especially those changing from professional or technical roles to managerial roles, find the certificate program beneficial.

Admission Eligibility

The student must have a bachelor's degree from an accredited college or university to apply.

Application

An online application and information may be obtained from the Web site; materials are also available from the Graduate Program Office. Students should apply to the SPEA admissions office on the IUPUI campus. Application deadlines for the certificate programs are May 15 for the fall semester, September 15 for the spring semester, and March 15 for summer sessions. Students must pay a nonrefundable application fee.

Program Restrictions

1. Students enrolled in a certificate program must complete it within 15 credit hours of approved SPEA course work with a minimum cumulative GPA of 3.0 (B). Failure to do so results in automatic dismissal from the certificate program.
2. Students who have completed more than three SPEA courses are not eligible for admission to a certificate program.

3. Transfer credit, course substitutions, or course waivers are not accepted for meeting the Public Management certificate requirements.
4. Students admitted to a SPEA graduate degree program are not eligible for admission to the certificate program or eligible for the awarding of a certificate.
5. Admission to or successful completion of a certificate program does not guarantee subsequent admission to a SPEA graduate degree program.
6. Students enrolled in the certificate program who apply to SPEA's graduate degree programs must meet all existing admission requirements. If a student has a cumulative GPA of 3.5 or better at the completion of the certificate, the student can request a waiver of the GRE requirement in applying to the MPA.

Courses

The fifteen-hour certificate consists of three required courses and two electives.

Required Courses (9 credit hours)

- **SPEA-V 502 Public Management (3 cr.)** Analysis of concepts, methods, and procedures involved in managing public organizations. Problems of organization, planning, decision making, performance, evaluation, and management of human resources are considered. Cases are drawn from a variety of public services found at federal, state, and local levels of government.
- **SPEA-V 560 Public Finance and Budgeting (3 cr.)** The fiscal role of government in a mixed economy; sources of public revenue and credit; administrative, political, and institutional aspects of the budget and budgetary process; problems and trends in intergovernmental fiscal relations.
- **SPEA-V 561 Public Human Resource Management (3 cr.)** Analysis of the structure, operations, and design of public personnel

systems, including government agencies and public enterprise. Relationships between public policy and personnel concepts, values, and operations considered.

Electives (6 credit hours)

- **SPEA-V 509 Administrative Ethics in the Public Sector (3 cr.)** Ethical conduct in the public sector is examined. Topics covered could include personal ethical responsibility, deception, corruption, codes of ethics, policy-making, morality, politics, and whistle blowing. Case studies and media material will be used to illustrate these and other such issues affecting the workplace.
- **SPEA-V 516 Public Management Information Systems (3 cr.)** This course focuses on the application of information systems concepts and tools to challenges and opportunities in the public sector. Topics covered will include current trends in information systems; managerial use of information systems; hardware software, and telecommunications; systems development processes and practices; and strategic and policy issues in IS.
- **SPEA-V 562 Public Program Evaluation (3cr.)** Examination of how the programs of public agencies are proposed, established, operated, and evaluated. Discussion of the role and conduct of research in the program evaluation process. In addition, techniques of effective evaluation and analysis are discussed.
- **SPEA-V 598 Governing and Leading in a Global Society (3 cr.)** This gateway course will increase student appreciation of the role of public affairs professionals in governance across multiple sectors of society within the global context. Students will learn norms associated with effective practice in public affairs and frame a professional development plan to acquire leadership skills to support these norms.
- **SPEA-V 559 Principles and Practices of Social Entrepreneurship (3 cr.)** This course will survey issues in social entrepreneurship and engage students in completing class projects applying principles and practices of social entrepreneurship to problems of nonprofit organizations, government agencies, and social-purpose business.
- **SPEA-V 654 Public Program Management and Contracting (3 cr.)** An examination of theories, concepts, and processes concerning multi-actor program implementation and alternative forms of service delivery. Focus will be on the problems and challenges public managers face in designing and managing contractual relationships, networks, and other complex implementation structures.

Other electives may be chosen with approval from the faculty advisor.

Master of Library Science - Public Management

The Dual-MLS/SPEA PMC is designed for students who are enrolled in the MLS program and wish to obtain organizational management skills through the SPEA certificate. The Dual-MLS/SPEA Public Management Certificate program is flexible enough to be adapted to the needs of pre-career and in-service individuals.

Career employees of public and private sector agencies seeking courses in public management, and especially those changing from professional or technical roles to managerial roles, find the certificate program beneficial.

Effective Fall 2007

Social Entrepreneurship

In 2006, Indiana University inaugurated the first formal university-based Social Entrepreneurship program in Indiana. The Certificate in Social Entrepreneurship: Nonprofit and Public Benefit Organizations is a cooperative program between the School of Public and Environmental Affairs (SPEA) and the Kelley School of Business. The Social Entrepreneurship certificate prepares students for innovatively approaching public needs with a combination of entrepreneurial practices and social purposes – through the for-profit, nonprofit, and governmental sectors.

Admission Eligibility

Students must be admitted to the Master of Public Affairs program or the Master of Business Administration program at IUPUI to participate in this certificate program.

Application

An online application and information may be obtained from the SPEA Web site, www.spea.iupui.edu. Please contact Dr. Bielefeld, wbielefe@iupui.edu, 317-278-0306, early in your graduate program if you are interested in the certificate program. The certificate program requires a special internship and permission for some courses.

Social Entrepreneurship Internship Program

Internships for the Certificate in Social Entrepreneurship need to satisfy certain criteria to qualify and must be approved by the Director of the Social Entrepreneurship program. All internships must receive prior approval unless it can be shown that a student has had prior experience in social entrepreneurship and the student applies for experiential credit instead of an internship.

STUDENTS ARE REQUIRED TO TAKE V559 BEFORE THEY CAN QUALIFY FOR AN INTERNSHIP IN SOCIAL ENTREPRENEURSHIP.

A Social Entrepreneurship Internship should meet three criteria:

- The development of the project the semester before the internship starts
- A 480 hour internship on site at the host organization, agency, or business to execute the project (may be extended over a longer period than 3 months, with less than 40 hours per week)
- A final evaluation of the project, related to social entrepreneurial approaches

In addition, a Social Entrepreneurship Internship project must have social goals as well as quantifiable financial goals – and both of these goals should increase the

financial profitability of the overall organization while also improving its social mission and outcomes. These objectives need to be identified before the internship and used to evaluate effectiveness at the completion of the internship project.

The final project evaluation should include an analysis of how the doublebottom line was used in the planning and operation process and how it was or is expected to be achieved. If the anticipated financial and social goals were not attained, the analysis should include a critique of what prevented their achievement and suggestions on how the obstacles to successful completion might have been overcome.

The internship may be satisfied by an Internship Practicum through V585 Practicum in Public Affairs (3 - 6 credits), X523 and X524 Enterprise Experience I and II (1.5 credits each), or approved experiential credit.

Certificate Programs

Nine graduate certificates are offered by the School of Public and Environmental Affairs at IUPUI:

Admissions

Admission Eligibility The student must have a bachelor's degree from an accredited college or university to apply. For the Certificate in Social Entrepreneurship, students must be enrolled in the M.P.A.

Application Application and program information may be obtained from SPEA Student Services in the Business/SPEA building 3027. Students should apply to a SPEA graduate program using the online application on the campus where they plan to enroll.

Application Deadlines Application deadlines for the certificate programs are May 15 for the fall semester, Sept. 15 for the spring semester, and March 15 for the summer sessions.

Application Fee Students must pay a nonrefundable application fee.

Program Restrictions

1. Students enrolled in a certificate program must complete it with no more than 18 credit hours of approved SPEA course work with a minimum cumulative GPA of 3.0 (B). Failure to do so results in automatic dismissal from the certificate program. A student will be dismissed if, after 9 credit hours of coursework, the GPA is below a 3.0.

2. Students who have completed more than three SPEA graduate courses are not eligible for admission to a certificate program.
 3. Transfer credit, course substitutions, or course waivers are not accepted for fulfilling the certificate requirements.
 4. Students admitted to a SPEA graduate degree program are not eligible for admission to the certificate program or eligible for the awarding of a certificate.
 5. Admission to or successful completion of a certificate program does not guarantee subsequent admission to a SPEA graduate degree program.
 6. Students enrolled in a certificate program who apply to SPEA's graduate degree programs must meet all existing admission requirements.
 7. Students planning to request admission to a SPEA graduate degree program after successfully completing a certificate program should refer to the application procedure presented earlier in this bulletin.
4. Students admitted to a SPEA graduate degree program are not eligible for admission to the certificate program or eligible for the awarding of a certificate.
 5. Admission to or successful completion of a certificate program does not guarantee subsequent admission to a SPEA graduate degree program.
 6. Students enrolled in the certificate program who apply to SPEA's graduate programs must meet all existing admission requirements. If a student has a cumulative GPA of 3.5 or better at the completion of the certificate, the student can request a waiver of the GRE requirement in applying to the MPA or the MSCJPS.

Homeland Security and Emergency Management

The Certificate in Homeland Security and Emergency Management is a 15-credit-hour program of study. The certificate program is flexible enough to be adapted to the needs of pre-career and in-service individuals. Graduate students in other disciplines can use the program to supplement their primary fields with course work in homeland security and emergency management, possibly using the certificate courses as part of a doctoral or master's degree minor. Degree Programs

The School of Public and Environmental Affairs offers degree programs that range from the bachelors degree to the Ph.D. The IUPUI campus offers two professional master's degrees for individuals interested in leadership positions in public, private, and nonprofit organizations:

- Master of Public Affairs (M.P.A.)
- Master of Science in Criminal Justice and Public Safety (M.S.C.J.P.S.)

The M.P.A. is a professional program that prepares students for leadership positions in government agencies and nonprofit organizations, and for positions addressing public affairs in the private sector. The M.S.C.J.P.S. provides a balanced foundation of practical and theoretical knowledge and technical skills needed to succeed in criminal justice and public safety. Additionally, master's degrees may be pursued in combination with degrees in law and philanthropy.

The School of Public and Environmental Affairs offers a variety of graduate degrees and certificate programs.

The Indiana University Public Policy Institute and Executive Education program at Indiana University's School of Public and Environmental Affairs (SPEA) at IUPUI deliver public service along with innovative academic programs.

- [IU Public Policy Institute](#)
- [Executive Education Program](#)

The IU Public Policy Institute is a collaborative, multidisciplinary research institute within SPEA. Leaders and citizens need objective and data-driven information to make good decisions. The IU Public Policy Institute provides that information. No spin. No agenda. No party affiliation. Just unbiased information that is based on research and expert analysis. It's a rare commodity in today's world, but it's essential to setting the right course for our communities and our state.

Today, IU Public Policy Institute researchers—who also serve as faculty for SPEA—conduct studies critical to the vitality of Indiana and its communities. Historically, its main topics of research have included:

- Economic development
- Tax and finance
- Criminal justice
- Public safety
- Housing and community development
- Land use and environment.

SPEA's Executive Education Program is one of the most prestigious leadership programs in the nation. The Executive Education Program works with government entities, nonprofit agencies and the private sector to prepare leaders and managers to meet today's challenges and prepare for tomorrow's opportunities.

The Indiana University Executive Education Program was founded in 1979 and is offered in the School of Public and Environmental Affairs (SPEA). The program offers credit and non-credit courses to strengthen professional practice in the public and nonprofit sectors.

Graduate-level programs include the Master of Public Affairs (MPA), the Public Management Certificate (PMC), Nonprofit Management Certificate and Homeland Security and Emergency Management Certificate. To date, the Executive Education Program has awarded more than 900 Public Management Certificates and more than 300 Masters in Public Affairs degrees in programs for clients including the Naval Surface Warfare Center, Crane Division.

In a partnership with The Fund Raising School (TFRS) at the Lilly Family School of Philanthropy, Executive Education offers the Certificate for Nonprofit Executive Leadership (CNEL), a non-credit certificate designed for mid-level and upper-level nonprofit leaders and those aspiring to leadership positions in all areas of the nonprofit sector. This four-class series is offered online and in-person, and can be customized for a nonprofit organization to offer as part of its own professional development program.

SPEA's Executive Education Program also provides customized leadership and management programs for national and local clients, such as The American Association of State Highway and Transportation Officials (AASHTO) and the Indiana Hospital Association (IHA). With AASHTO, we conduct The National Transportation Leadership Institute—one of the most influential transportation management programs in the nation. With the IHA, we conduct the Health Care Management Institute, which has served more than 1500 professionals since 1990. We also offer customized leadership programs for the Indiana Department of Child Services, through a partnership with the Indiana University School of Social Work.

The following academic regulations of the School of Public and Environmental Affairs are applicable to all graduate programs.

Confidentiality of Student Records In accordance with Indiana University regulations, student records are

confidential and are available to other persons only under specific conditions as outlined in university regulations.

Student Rights and Responsibility Students are responsible for planning their own academic programs and for meeting the requirements for their degree or certificate programs. Faculty and academic advisors may assist students in meeting their responsibilities. Due process is followed in the event of disciplinary or other actions. Students should read the *IUPUI Code of Student Rights, Responsibilities, and Conduct*, which can be accessed at <http://life.iupui.edu/help/code.asp>, to ensure they are aware of these rights and responsibilities.

Applicability of Degree and Certificate Requirements

Students may choose to complete either the specific degree and certificate requirements published in the appropriate bulletin at the time of entry into the university or those in the bulletin current at the time of graduation.

Residency Requirements-Master's and Certificate Programs

The campus at which a student completes the majority of required course work will certify and award the degree or certificate, provided the campus is authorized to grant that degree or certificate. The student must have been admitted by the SPEA campus awarding the degree or certificate.

Academic Standing Students are considered to be in good standing during any semester in which their academic grade point average is at least 3.0 (B) both for their last semester's course work and for the cumulative average of all course work completed. Only courses with grades of C (2.0) or above may be counted toward degree requirements. However, grades below C are used in computing the cumulative grade point average, even if a course is repeated and a higher grade is earned. Certificate students who do not have a 3.0 cumulative grade point average within their first 9 credit hours will be dismissed.

Academic Probation Students are placed on probation following a semester in which their cumulative or semester grade point average falls below 3.0. Students on probation or admitted provisionally are required to attain an average of at least 3.0 for all work completed by the end of the next semester. Failure to do so is cause for dismissal. Certificate students who do not have a 3.0 cumulative grade point average within their first 9 credit hours will be dismissed.

Dismissal MPA and MSCJPS students who do not maintain a 3.0 cumulative GPA face dismissal. Certificate students who do not have a 3.0 cumulative grade point average within their first 9 credit hours will be dismissed.

Students who are dismissed may appeal their dismissal but must sit out at least one semester before returning to the program.

Grading System SPEA follows the official grading system of Indiana University described in the introductory section of the bulletin.

Incomplete A grade of Incomplete must be removed within the time specified by the instructor of the course; if not, the grade automatically changes to an F one calendar year after the Incomplete was given.

Withdrawals Students must formally withdraw from courses in the timeframe allowed by the Registrar's

office. This information can be found at the Web site www.registrar.iupui.edu.

Intercampus Transfer Students enrolled in the School of Public and Environmental Affairs at any campus of Indiana University may transfer to SPEA on another campus, provided they are in good standing. Communication with the appropriate campus is appropriate.

Transfer of Credit A maximum of 9 credit hours of appropriate graduate course work with grades of B (3.0) or better may be transferred from degree programs of other academic units within Indiana University or other accredited colleges and universities and applied to SPEA master's-level degree programs. The transfer must be approved by the appropriate graduate program director.

Credit Earned in Nondegree Status Not more than 12 hours of graduate credit completed as a nondegree student may be credited toward a SPEA graduate degree. Not more than 9 hours of SPEA graduate credit earned as a nondegree student may be credited toward SPEA certificate programs.

Course Waivers Requests for waiver of specific courses or requirements on the basis of previous course work are to be submitted in writing to the appropriate faculty member or program director.

Program Deviations Requests for deviation from SPEA programs or school requirements are granted only with written approval from an academic advisor and a campus or program director. Disposition by the SPEA program or campus director is final.

Minimum Credit Hours To qualify for the M.P.A. degree, students must complete a minimum of 24 of the required 48 credit hours of graduate SPEA courses at Indiana University. Credit granted to transfer students and those exercising the mid-career option does not reduce the number of courses taken in SPEA below this 24 credit hour minimum.

Academic Integrity Academic integrity requires that students take credit only for their own ideas and efforts. Misconduct, including cheating, fabrication, plagiarism, interference, or facilitating academic dishonesty, is prohibited because it undermines the bonds of trust and cooperation among members of this community and between us and those who may depend on our knowledge and integrity. Complete details are contained in the Indiana University *Code of Student Rights, Responsibilities, and Conduct* at <http://life.iupui.edu/help/code.asp>.

Academic Appeals Students may appeal academic decisions made by SPEA faculty members. Attempts to resolve such issues should be made first at the class/instructor level. If necessary, written appeals should be submitted to relevant program directors. Appeals must be submitted before the last day of classes in the semester following the point at which the events in question occurred.

Academic Standing

Good Standing Students are in good academic standing when their semester and cumulative grade point averages are 2.0 or above, and their GPA in all courses included in the SPEA major requirements is at least 2.3. Students must be in good academic standing to graduate.

Probation

1. Students will be placed on academic probation if any of the following occur:
 1. IU cumulative grade point average (GPA) falls below 2.0,
 2. Semester GPA falls below 2.0, or
 3. With at least 12 credits in the major, the SPEA GPA falls below 2.3.
2. Student will be informed of their probationary status by letter.
3. SPEA students on academic probation are required to participate in an approved intervention provided by SPEA during their first semester on academic probation.
4. SPEA students will be continued on probation when their semester GPA is a 2.0 or above but their cumulative IU GPA is below 2.0.

Critical Probation

1. SPEA Students will be placed on critical probation during the second term (consecutive or nonconsecutive) that their SPEA major GPA is below 2.3.
 1. The SPEA major GPA is considered when a student completes 12 or more credits in the major.
2. If a student is making positive progress in their SPEA courses, but their SPEA GPA continues below 2.3, at the discretion of SPEA undergraduate student services, a student could continue on Critical Probation.
3. Critical probation students must participate in intrusive advising and will create a strategic academic plan to return to good standing in consultation with their academic advisor.
4. After the third semester in which a student's SPEA GPA is below 2.3, the student could be dismissed if not making positive progress.
5. Regardless of SPEA GPA, a student could be dismissed if his/her CGPA or semester GPA is below 2.0 for the second consecutive semester.

Dismissal

1. SPEA students on probation who have completed a minimum of 12 IUPUI GPA hours are subject to dismissal if any of the following occur:
 1. They fail to attain a semester GPA of at least 2.0 for two consecutive semesters,
 2. Their Indiana University cumulative GPA is below 2.0 for two consecutive semesters, or
 3. They fail to attain a SPEA major GPA of at least 2.3 after any three semesters (consecutive or non-consecutive).
2. Any SPEA student not making satisfactory progress could be dismissed at the discretion of SPEA Student Services and the appropriate program directors. This includes situations in which graduation is mathematically impossible.
3. Students who are dismissed for the first time must sit out for a minimum of one regular (fall or spring) semester and must petition by the established deadlines to be eligible for reinstatement. Reinstatement is not automatic.
4. Students dismissed two or more times must remain out of school for the next two consecutive regular (fall and spring) semesters and petition by the established deadlines to be eligible for reinstatement. Reinstatement after a second dismissal is extremely rare.

Freshman Dismissal

1. SPEA students with less than 26 credits are subject to dismissal if they have attempted at least 12 credits (including Ws) and do not obtain a semester GPA of at least 1.0.
2. Students with less than 26 credits who withdrew from all courses in a term are exempt from dismissal.
3. Students who are dismissed for the first time must sit out for a minimum of one regular (fall or spring) semester and must petition by the established deadlines to be eligible for reinstatement. Reinstatement is not automatic.
4. Students dismissed two or more times must remain out of school for the next two consecutive regular (fall and spring) semesters and petition by the established deadlines to be reinstated.

Reinstatement

1. Reinstatement will be the decision of the academic unit to which the students are petitioning.
2. Students who are reinstated will be classified as probationary students until the IU CGPA is at least a 2.0. During the first regularly enrolled term on probation, the student must achieve a semester GPA and SPEA GPA of at least 2.3. In some cases students may be required to attain a higher semester or SPEA GPA as determined by the reinstatement committee. In each subsequent semester on probation, the student must achieve a semester GPA of at least 2.0 and SPEA GPA of 2.3. Failure to meet the semester GPA and SPEA GPA requirements while on probation could result in dismissal.
3. Reinstatement after a second dismissal is extremely rare.
4. Student's chances of reinstatement will be enhanced by taking workshops, removing grades of incomplete, undertaking assessment of their academic problems, and providing evidence of their ability to complete successful academic work upon their reinstatement to IUPUI.

Academic Integrity This is a basic principle of intellectual life that holds students responsible for taking credit only for ideas and efforts that are their own. Academic dishonesty violates that principle and undermines the bonds of trust and cooperation among members of the university community, and it is not tolerated. Academic misconduct includes cheating, fabrication, plagiarism, interference, violation of course rules, and facilitating academic dishonesty. Students are responsible for knowing what behaviors and activities constitute these different forms of academic misconduct. Penalties and procedures that are applicable when academic misconduct or dishonesty occurs are described in the *IUPUI Code of Student Rights, Responsibilities, and Conduct*.

Acceptance of Grade Replacement SPEA students may replace any grade in a course by retaking it a second time.

Students may replace a total of 15 credit hours. Additional information about the IUPUI Grade Replacement Policy can be found on the [Registrar's page](#). Students interested in using this option should talk to their academic advisor to complete the necessary paperwork.

Application for Degree All students must fill out an application for degree on their campus. This application should be completed by September 10 for December graduation, or January 10 for May or August graduation. The SPEA graduation application is found online or by visiting SPEA Student Services.

Bulletin Policy Students are expected to complete the requirements for their undergraduate degree within 10 years of admission to the School of Public and Environmental Affairs. Students are allowed to continue beyond this time period only at the discretion of the undergraduate program director or campus director. If a student has not taken classes for three years or more, that student must satisfy program requirements of the School of Public and Environmental Affairs in effect at the time of reactivation. Requests for deviation from requirements listed in the bulletin must be approved in writing by the program director, whose decision is final.

Dean's List The SPEA Dean's List is calculated after every fall and spring semester. To qualify, a student must complete 6 IUPUI credit hours with a semester GPA of 3.50 or higher.

Degrees Awarded with Distinction SPEA recognizes outstanding performance by awarding bachelor's and associate degrees with three levels of distinction to students who rank in the upper 10 percent of their SPEA graduating class and have completed a minimum of 60 hours at Indiana University for a B.S. (30 hours for an A.S.). The levels of distinction are as follows: highest distinction, 3.90 and above; high distinction, 3.70 through 3.89; distinction, 3.50 through 3.69.

Double Counting Generally, courses taken to meet a specific degree requirement cannot be double-counted (i.e., used to satisfy any other degree requirement). Students earning a SPEA major, minor, or certificate may double-count two courses across any allowable combination of these programs. The following restrictions apply: 1) students are limited to two minors and 2) SPEA students may not earn a certificate or minor in the same area as their major.

Forgiveness Policy This policy applies to former IU students pursuing a first undergraduate degree who have been away from the IU system and have not attended any other college or university, including any campus of IU, for the last five years. This policy first became available to students returning to SPEA in the fall of 1996. Students may apply for forgiveness upon application for admission to a degree-granting unit. If the student has not yet been admitted to a degree-granting unit, the student should submit a notification of intent to petition for academic forgiveness as part of the academic advising process. If the petition is approved, the student starts with a fresh cumulative grade point index, after which all the rules of academic probation and dismissal (for SPEA) will apply. The school will evaluate the student's transcript, and all courses taken previously will remain on the permanent record. Only credit hours for courses with grades C or above, P, or S may be counted toward degree completion.

After approval, the student must complete a minimum of 32 credit hours on the IUPUI campus in order to meet the graduation residency requirement.

Grade Appeals Students have 90 days after the conclusion of a course to appeal a grade. Resolution of the issue with the class instructor must be attempted before submitting a written appeal to the appropriate program director. In the event the instructor for the **Indianapolis** campus cannot be contacted, the student must give a notice of intent to appeal at 90 days.

Grade Point Average Requirement A minimum cumulative GPA of 2.0 is required for the B.S. degrees. In addition, a SPEA major GPA of 2.3 must be maintained in order to graduate. For students seeking certificates from SPEA, the minimum cumulative GPA requirement is a 2.0 or higher, and for students pursuing a minor the minimum cumulative GPA is a 2.3 or higher in all applicable course work.

Grading Policies SPEA follows the official grading system of Indiana University, described in the introductory section of the bulletin.

Hours Requirements Students must successfully complete a minimum of 120 credit hours. The campus at which a student completes the plurality of course work will award the degree, provided that campus is authorized to grant the degree/major/concentration and that the student has been admitted to that campus. Students may transfer no more than 90 credit hours (60 credits from a junior college) toward a Bachelor of Science degree or 30 credit hours toward an Associate of Science degree. Class standing, based on total credit hours that count toward minimum degree requirements, is as follows: senior, 86 or more; junior, 56-85; sophomore, 26-55; freshman, fewer than 26.

On the Indianapolis campus, no more than 50 percent of courses taken to satisfy the requirements of the Criminal Justice and Public Safety Management majors may be transfer courses from other accredited institutions of higher learning, including all IU campuses (this policy is specific to the program requirements of the major).

Independent Study credits With prior approval, a student may take three courses totaling no more than 10 credit hours by **correspondence** through the IU Division of Extended Studies, Independent Study Program. Under no circumstances may a student satisfy a core/major/concentration requirement by correspondence.

Internship credits With SPEA faculty approval, a student in good standing may earn a maximum of 9 credit hours of elective credit through the SPEA **internship** program. The SPEA internship program is described here.

Other academic programs SPEA students may choose to pursue a **minor** or **certificate** from another school or department or within SPEA in an area other than their degree or major/concentration. Students interested in a minor should contact that department for additional information.

Pass/Fail credit A student in good academic standing may choose to take a maximum of eight elective courses (two per academic year) Pass/Fail for a B.S. degree or two

courses for an A.S. degree. Deadlines for exercising this option are published on the Registrar's [website](#).

Repeat Rule SPEA students who repeat a course and do not exercise their right to grade replacement will have both courses averaged in their program GPA, though only one of the repeated courses will count toward graduation. There are some courses that are an exception to this policy such as SPEA J380/V380.

Requirements for a second bachelor's degree Students must petition for approval to work toward a second bachelor's degree. If permission is granted, students are required to take 30 credit hours beyond the credits used for the first bachelor's degree and to satisfy all the requirements for the second degree. Generally, SPEA encourages students to work toward a graduate degree or graduate certificate rather than a second bachelor's degree.

Sex Offenders Screening Policy for Students/Applicants Indianapolis applicants should be aware that criminal convictions may result in ineligibility for participation in certain courses/activities within the School of Public and Environmental Affairs. Questions regarding school policy on such matters should be addressed to the appropriate program director.

Statement on Civility SPEA, which is a professional school, expects students to conduct themselves in a courteous and civil manner in interactions with professors, staff and fellow students. Examples of discourteous behavior during class include reading the newspaper, working crossword puzzles, listening to headphones, using computers to surf the Web or for other non-class activities, talking or laughing with others, arriving late, and so forth. These behaviors are distracting to the instructor and to classmates, and SPEA faculty and staff will address these problems as they arise either in class or on an individual basis. Disorderly conduct that interferes with teaching, research, administration, or other university or university-authorized activity will not be tolerated, and it may result in disciplinary action, including possible suspension and/or expulsion from the university.

Student Rights and Responsibilities SPEA IUPUI fully supports the rights and responsibilities of students as defined in the IUPUI *Code of Student Rights, Responsibilities, and Conduct*. The *Student Codes* spells out the expectations for faculty and students, and it provides the framework for SPEA's judicial process.

A student is entitled to rights in the pursuit of his or her education; freedom from discrimination and harassment; and freedom of association, expression, advocacy, and publication. A student also has the right to contribute to university governance, to receive accommodations for disabilities, and to access records and facilities. In accordance with federal law, student records are confidential and are available to other persons only under specific conditions as outlined in university regulations.

A student is responsible for upholding and following all applicable codes of conduct, including the IUPUI *Student Code* and SPEA's policy on classroom etiquette and disorderly conduct, and for obeying all applicable policies and procedures and all local, state, and federal laws. A student is responsible for facilitating the learning process, attending class regularly, completing class assignments,

and coming to class prepared. In addition, a student is responsible for planning his or her own academic program, planning class schedules, and for meeting the requirements for his or her degree or certificate programs. Faculty and academic advisors are available to assist students in meeting this responsibility. A student is responsible for maintaining and regularly monitoring his or her university accounts, including e-mail and bursar accounts. A student is responsible for using university property and facilities in the pursuit of his or her education, while being mindful of the rights of others to do the same. A student is responsible for upholding and maintaining academic and professional honesty and integrity.

Transfer Course Policy (also stated in Hours Requirement) Students may transfer no more than 90 credit hours (60 credits from a junior college) toward a Bachelor of Science degree or 30 credit hours toward an Associate of Science degree. On the Indianapolis campus, no more than 50 percent of courses taken to satisfy the requirements of the Criminal Justice and Public Safety Management majors may be transfer courses from other accredited institutions of higher learning, including all IU campuses (this policy is specific to the program requirements of the major).

Student Organizations & Services

SPEA offers many opportunities for students, alumni, and community members to actively engage with our school. From the annual [Nonprofit Expo](#), to a variety of student organizations, the alumni association, and internships, there are many ways to interact with SPEA faculty, staff, students, and alumni.

The IUPUI Nonprofit Expo brings together nonprofit, government and community partners that offer internship, volunteer and job opportunities to IUPUI students and alumni. The expo is an IUPUI Career Services Council event, coordinated by the IU School of Public and Environmental Affairs, IU School of Liberal Arts, Purdue School of Science Psychology department, and the IUPUI Center for Services and Learning.

For more information on Student organizations, Internships and Career Services, and the SPEA Alumni Association, please click on the appropriate link on the left.

Internships and Experiential Learning

The SPEA internship program provides students with work experience that complements your classroom preparation. Internships allow you to

- Apply what you've learned in the classroom to real-world situations
- Gain valuable work experience relevant to your academic program
- Spot career opportunities
- Connect with professionals who can mentor you, write letters of recommendations and help you find jobs

SPEA students take advantage of a wide range of internship opportunities. Internship programs are designed for maximum flexibility so that many valid learning experiences can qualify as internships. The internship can be full or part time, and paid or unpaid; however,

prior approval by the student's faculty mentor is always required. After obtaining approval for an internship, a student may register for 1-6 credit hours, earning 1 credit for every 80 hours of work. All credit for an internship is awarded on an S/F (Satisfactory/Fail) basis. **Credit is not granted for work experience obtained prior to approval of an internship and enrollment in the appropriate internship class.**

Eligibility

You are eligible for an internship if you meet the following requirements:

BSCJ undergraduate students

- are at least a sophomore (26 or more hours)
- have a cumulative GPA of 2.5 or more
- have completed at least one semester at IUPUI
- have been admitted to a SPEA program.

BSPA undergraduate students

- are at least a sophomore (26 or more hours)
- meet SPEA good standing requirements (2.0 current GPA, 2.0 prior term GPA, 2.3 SPEA GPA)
- have completed at least one semester at IUPUI
- have been admitted to a SPEA program.

Graduate students

- have a cumulative GPA of 3.0 or more
- have completed at least one semester at IUPUI
- have been admitted to a SPEA program.

The SPEA internship process is lead by the student. While required for BSPA majors, all students are encouraged to take advantage of relevant internship opportunities. Instructions for obtaining credit for your internship is available on the SPEA website - www.spea.iupui.edu.

SPEA Alumni Association

Mission: To inspire and cultivate dynamic interactions among alumni, SPEA, and students, for the betterment of SPEA and the professions that it serves. SPEA has a strong commitment to its alumni and considers them among our most valued resources. Contact with the alumni community is maintained through the SPEA Alumni Association, a constituent society within the parent Indiana University Alumni Association. The IUAA SPEA supports many educational, social, and networking events for alumni across the country. In addition the association supports the School's alumni e-newsletter, Connect@SPEA, e-mailed quarterly to nearly 28,000 SPEA alumni located across the country and world. The SPEA Alumni Association awards annual student scholarships to undergraduate and graduate SPEA students from either of SPEA's core campuses (Bloomington and Indianapolis) as well as from other IU campuses which are SPEA program affiliates. The SPEA Alumni Association is governed by an elected board of directors comprised of SPEA Alumni who represent diverse academic and geographic backgrounds.

SPEA Student Organizations

- Alpha Phi Sigma
- Pi Alpha Alpha

- PASSPORT
- PublicNreview
- SPEA Student Council
- SPEA Ambassadors
- Public Affairs Student Association (PASA)

Alpha Phi Sigma

Alpha Phi Sigma is the National Criminal Justice Honor Society for criminal justice students. The society recognizes academic excellence among undergraduate and graduate students of criminal justice. The honor society is open to those with a declared criminal justice major, minor or graduate concentration. Membership is by invitation only.

Undergraduate students must maintain a 3.2 overall GPA and a 3.2 GPA in criminal justice courses. Students must also rank in the top 35% of their classes and have completed a minimum of four courses within IUPUI's criminal justice curriculum.

Graduate students are required to maintain a minimum of a 3.7/4.0 GPA in both criminal justice courses and overall courses and must have completed at least 50 percent of their public administration, public policy or sub-degree coursework.

Since 1988, Alpha Phi Sigma has sponsored IUPUI's annual Criminal Justice Career Information Day, bringing a variety of agencies and organizations to campus, including the Indianapolis Metropolitan Police Department, the F.B.I., the U.S. Postal Inspection Service, local probation departments and private security companies.

Pi Alpha Alpha

Pi Alpha Alpha is the national honorary society for schools of public affairs and administration. The society acknowledges outstanding scholarship and contributions to these fields. It was founded in 1972 by the National Association of Schools of Public Affairs and Administration (NASPAA) to honor those whose performance in public affairs has been distinguished. The Indiana chapter of Pi Alpha Alpha is a charter chapter. Membership in Pi Alpha Alpha may be compared to membership in Phi Beta Kappa for liberal arts graduates. A person evaluating credentials in the various fields of public service should recognize the professional quality such a membership represents.

Undergraduate students are eligible for Pi Alpha Alpha membership when they are in the top 10 percent of their graduating class with a minimum grade point average of 3.5 in at least 15 credit hours of SPEA courses, when they are in the last semester of the junior year or in the senior year, and when they have earned a grade point average of at least 3.0 in all course work.

Graduate students shall achieve and maintain a 3.7/4.0 GPA, and have completed 50% of their public administration, public policy or sub-degree coursework.

Alumni are eligible for membership if they meet all the requirements of student membership, even if they graduated before induction by the Indiana chapter.

Honorary membership is available to any person who has achieved distinction in public administration and who has the distinguished qualities that Pi Alpha Alpha fosters.

PASSPORT

Passport, which stands for Patrons Addressing SPEA Students Participating in Overseas Research and Travel Programs, is a student organization dedicated to furthering interest in studying abroad. Participants educate classmates on the value of international travel and share experiences from past study abroad programs by holding panel discussions and representing SPEA at campus-wide involvement events.

publicNreview

publicNreview is a student-run, online journal published by SPEA at IUPUI. The journal focuses on regional issues in the broad area of public affairs, discusses realistic application of emerging theory, and shares best practices with local practitioners and professionals. *publicNreview* is a forum where students can connect with practitioners in the Midwest area. In addition to student-written articles, the journal periodically includes interviews with local public figures and job postings, and it serves as a resource for networking opportunities, local events, presentations, and trainings in SPEA's areas of interest, including public affairs, criminal justice and public safety. www.spea.iupui.edu/publicNreview

SPEA Student Council

SPEA Student Council is a great way for students to get involved and effect positive change in the school. The purposes of the SPEA Student Council are to: assist students in the resolution of issues relating to the School of Public and Environmental Affairs (SPEA), assist and promote SPEA student organizations, allocate undergraduate Student Activity Fees (SAF) according to university and state guidelines, represent SPEA students' interests at faculty committee meetings, represent SPEA students' interests to the IUPUI Undergraduate Student Government (USG), and represent SPEA students' interests to the associate dean.

SPEA Ambassadors

The SPEA Ambassadors serve as representatives for SPEA during recruitment events with SPEA faculty and staff. Ambassadors speak about their experiences in SPEA both academically and socially.

Public Affairs Student Association (PASA)

Public Affairs Student Association is a social organization that will provide networking and volunteer opportunities for all public affairs undergraduate and graduate students.

Faculty

View faculty and staff listing, including research areas, projects, and current news at <http://www.spea.iupui.edu/facultyandstaff/index.php>.

Courses

The notations list prerequisites, recommended prerequisites and corequisites. The abbreviation P refers to course prerequisites and recommended refers to courses listed as recommended prerequisites. Prerequisites can be waived by the instructor of the course. The number of hours of credits is indicated in parentheses following the course title. Courses are listed in four groups: criminal justice and public safety (J), environmental (E) and public affairs (V and K).

Graduate Courses

Criminal Justice Courses

SPEA-J 501 Evolution of Criminological Thought and Policy (3 cr.) This course provides an intensive introduction to the theoretical literature on crime and delinquency. Its purpose is to develop students' ability to critically evaluate and compare theories of crime as they apply to public policy and the criminal justice system.

SPEA-J 502 Research Methods in Criminal Justice and Public Affairs (3 cr.) This course examines research techniques necessary for systematic analysis of the criminal justice system, offenders' behavior, crime trends, and program effectiveness. The course requires that students actively pursue such techniques as conducting interviews, coding data, and designing studies.

SPEA-J 520 Mapping and Analysis for Public Safety (3 cr.) The use of geographic information systems to map locations of events and analyze patterns for decision making and facility location in areas of public safety including criminal justice, fire services, emergency management and homeland security; and the management and application of those systems.

SPEA-J 524 Crisis Management in Public Safety (3 cr.) The identification and management of criminal justice and public safety crisis. Issues of psychological and behavioral responses to crisis, mitigation, contingency and response plans, coordination with governmental, nonprofit agencies and private corporations, crisis decision making, communication, infrastructure and proactive planning. Practical crisis management techniques for use in public safety.

SPEA-J 528 Risk Analysis for Public Safety (3 cr.) An examination of theoretical foundations of risk analysis including the history of risk analysis, risk assessment, perception and communications; models for decision making, techniques for generating alternative courses of action and definitions of risk and opportunity within a context of local, state and federal regulatory guidelines, media and social context.

SPEA-J 531 National and Homeland Security in America (3 cr.)

This course addresses federal policy and management issues related to preventing, mitigating, preparing for, responding to, and recovering from major catastrophic events; both natural and man-made, including acts of terrorism. Topics include emergency management, resource and response infrastructures, public health

issues, best practices, crisis communications, and business and governmental continuity.

SPEA-J 550 Topics in Criminal Justice (1-3 cr.)

Selected research and special topics in criminal justice and public safety. Yes

SPEA-J 580 Readings in Criminal Justice and Public Safety (1-3 cr.)

Consent of instructor Readings and research on selected topics in criminal justice and public safety.

SPEA-J 581 Public Safety Law (3 cr.) Survey of the historical development of Anglo-American law of public safety, including criminal law, civil remedies, administrative regulation of risk, and recent developments in employee and consumer safety. Emphasis on understanding legal theory and practice as basis for management decisions. Comparison of jurisprudential viewpoints and other disciplinary approaches to public safety programs.

SPEA-J 582 Criminal Justice Systems (3 cr.)

Detailed examination of operations of police, courts, and correctional agencies. Study of management problems in system response to criminal activity. Development of understanding of relationships among system components. Examination of major policy issues in criminal justice, with emphasis on decision-making techniques.

SPEA-J 585 Practicum in Criminal Justice and Public Safety (1-6 cr.) Students hold work assignments with public agencies. Grading is on an S/F basis.

SPEA-J 586 Public Safety in the U.S. (3 cr.) Overview of criminal justice and public safety. Definitions of public safety and identification of major components. Functional description of major public safety agencies. Discussion of basic issues in public safety. Management in public safety system.

SPEA-J 587 Criminal Violation: Problems and Characteristics (3 cr.) Commonalities in criminal behavior. Circumstances leading to the commission of the criminal act, subsequent perceptions of them. Family, community, and other environments affecting criminal behavior. Behavioral consequences of processes of crime control.

SPEA-J 588 Law and Control in Society (3 cr.) The role of law versus other forms of social control. How social change and social institutions shape the law. Social factors influencing the administration of law.

SPEA-J 590 Research in Criminal Justice and Public Safety (1-6 cr.) Research on selected topics in criminal justice

SPEA-J 600 Capstone in Criminal Justice and Public Safety (3 cr.) Course is designed to expose students to the realities of the policy process in criminal justice and public safety through detailed analyses of case studies and projects.

SPEA-J 666 Criminal Justice and Public Safety Policy Evaluation (3 cr.) An empirical assessment of the foundations of contemporary and historical attempts to control or prevent crime. Major policies, programs, and

strategies are reviewed and critically analyzed. Specific topics and policies will vary in this capstone seminar.

SPEA-J 682 Planning and Management for Criminal Justice and Public Safety (3 cr.) Methods and procedures involved in criminal justice and public safety planning and management. Administration and implementation of public policies in policing, courts, corrections, emergency management and homeland security. Organization, decision making, evaluation and human resource issues of public policy.

Environmental Science Courses

SPEA-E 510 Environmental Regulation and Compliance (3 cr.) The course provides an in-depth study of federal, state, and local regulations and requirements pertaining to the management of hazardous materials.

SPEA-E 511 Sustainability Assessment (3 cr.)

P: SPEA-E 538, SPEA-V 506 or equivalent.

There has been a proliferation of various metrics that measure the sustainability of products, services, buildings, and institutions. Three are developed: life cycle analysis (ISO14040), the USGBC's LEED certification, and the AASHE's STARS metric. Various uses of these metrics to design products, certify performances, and improve outcomes will be evaluated.

SPEA-E 515 Fundamentals of Air Pollution (3 cr.)

The purpose of the course is to provide the student with an understanding of the field of air pollution, including the behavior of the atmosphere and pollutants in the atmosphere, effects of air pollution, regulatory programs, engineering controls, and air quality management programs.

SPEA-E 520 Environmental Toxicology (3 cr.) An examination of the principles of toxicology and the toxicity resulting from environmental exposure to chemical substances.

SPEA-E 526 Applied Mathematics for Environmental Science (3 cr.)

P: differential and integral calculus. Applications of mathematics to modeling environmental processes. Applied calculus, numerical analysis, differential equations.

SPEA-E 527 Applied Ecology (3 cr.) P: one introductory-level ecology course. Ecosystem concepts in natural resource management. Techniques of ecosystem analysis. Principles and practices of ecological natural resource management.

SPEA-E 529 Application of Geographic Information Systems (3 cr.) Conceptual and technical overview of geographic information systems (GIS). Applications in various fields of public affairs and environmental science.

SPEA-E 533 Environmental Management Systems: ISO 14001 Based (3 cr.) This course provides students with the knowledge and skills to establish or improve an environmental management system that is compatible with ISO (International Organizations for Standardization) 14001, an international, voluntary standard that is emerging as a best-management practice for environment.

SPEA-E 535 International Environmental Policy (3 cr.) This course examines the forces in society alternately promoting and impeding cooperation in the environmental

realm. Our inquiry is guided by four interrelated course units: (1) international environmental law, (2) international political order, (3) the environment and global markets, and (4) sustainable development.

SPEA-E 536 Environmental Chemistry (3 cr.)

P: one course in chemistry with lab. Gas law calculations, stoichiometry, steady and nonsteady state box models, stratospheric ozone, chemical kinetics, photochemical smog, greenhouse effect, CO₂ equilibria, chemodynamics, pesticides, and toxic metals.

SPEA-E 537 Environmental Chemistry Laboratory (3 cr.)

P or C: E536 or consent of instructor. Experimental work in environmental chemical analysis to demonstrate analytical methods and instrumentation used in environmental laboratories, having reference to air, water, and soil quality.

SPEA-E 541 Controversies in Environmental Health (3 cr.)

Research, presentation, writing, and argumentation skills will be developed using a debate format. The course focuses on topics related to environmental health and the health of the environment.

SPEA-E 542 Hazardous Materials (3 cr.) Topics of discussion include properties and chemistry of hazardous materials; recognition of potential hazards associated with the use, storage, and transport of these materials; emergency and spill response; health effects of hazardous materials; hazard communication and personal protection; and case studies related to the management of hazardous materials.

SPEA-E 546 Stream Ecology (3 cr.) P: E455. Advanced limnology course that explores patterns and processes characterizing stream ecosystems. Takes a holistic approach that includes: physical, chemical, and biological stream characteristics; watershed patterns; and stream processes (trophic dynamics, colonization and dispersal, community dynamics, and responses to change). A four-hour weekly lab and group project develop necessary analytical skills.

SPEA-E 547 Applied Earth Science (3 cr.) Principles of the earth sciences and their applications to environmental analysis and management. Identification, quantification, and analysis of critical components of watershed systems. Interaction of human activities with the physical environment.

SPEA-E 548 Applied Earth Science Laboratory (3 cr.)

Principles and methods of sampling, collection, measurement, analysis, and interpretation of data concerning processes and features of the physical environment. Students will become familiar with field and laboratory equipment within the context of research projects. Emphasis is placed on practical application of basic techniques to real problems.

SPEA-E 549 Environmental Planning (3 cr.) Concepts and methodologies in environmental planning. The planning process. Topics may include environmental impact assessment, economic approaches to environmental decision-making, use of computer models in environmental planning, geographic information systems in environmental planning, environmental perception, and construction of environmental indices. Team projects with planning agencies.

SPEA-E 552 Environmental Engineering (3 cr.)

Concerned with biological, chemical, physical, and engineering knowledge essential to the achievement of environmental quality objectives. Theory and design of unit operations and processes for air, water, and land pollution abatement. Emphasis on water quality control, industrial wastewater treatment, and solid waste management.

SPEA-E 555 Topics in Environmental Science (2-3 cr.)

Selected research and discussion topics in environmental science. Usually organized in a seminar format.

SPEA-E 560 Environmental Risk Analysis (3 cr.)

P: SPEA-E 538, V 506 or consent of instructor Methods of probabilistic risk analysis applied to environmental situations. Event trees, fault trees, toxicological estimation, ecological risk analysis. Social and psychological aspects of risk. Individual and group projects assessing some real environmental risk are an important part of the course.

SPEA-E 562 Solid and Hazardous Waste Management (3 cr.)

The purpose is to provide students with a technical foundation in areas of solid and hazardous waste management that can be applied to the examination of policy options. Topics include characterization of the waste stream, regulations, health and environmental risks, liability issues, management technologies, and treatment and disposal options.

SPEA-E 579 Readings in Environmental Science (1-6 cr.)

Readings on selected topics in environmental science to be arranged with the individual instructor. Yes

SPEA-E 620 Environmental Analysis Workshop (3 cr.)

Projects in environmental analysis.

SPEA-E 625 Research in Environmental Science (1-12 cr.)

Research on selected topics in environmental science to be arranged with the individual instructor. Yes

Public Affairs Courses**SPEA-V 502 Public Management (1-3 cr.)**

Analysis of concepts, methods, and procedures involved in managing public organizations. Problems of organization, planning, decision making, performance evaluation, and management of human resources are considered. Cases are drawn from a variety of public services found at federal, state, and local levels of government.

SPEA-V 504 Public Organizations (1-3 cr.)

This course focuses on the behavior and theory of public organizations in four areas: (1) individuals and groups in public organizations, (2) the design of public organizations, (3) organization-environment relations, and (4) interorganizational relations.

SPEA-V 506 Statistical Analysis for Effective Decision Making (3 cr.)

Noncalculus survey of concepts in probability, estimation, and hypothesis testing. Applications of contingency table analysis and analysis of variance, regression, and other statistical techniques. Computer processing of data emphasized.

SPEA-V 507 Data Analysis and Modeling for Public Affairs (3 cr.)

P: E538 or V506. Focus on analytical models and their use in solving problems and making decisions in the public sector. Discussion of standard approaches to modeling and estimation of parameters.

SPEA-V 508 Topics in Quantitative Analysis (1-3 cr.)

P: consent of instructor. Study and application of selected quantitative methods of analysis. Additional topics that are not included in V506 and V507 may be presented, or more advanced examination of topics that are introduced in V506 or V507 may be presented.

SPEA-V 509 Administrative Ethics in the Public Sector (3 cr.)

Ethical conduct in the public sector is examined. Topics covered could include personal ethical responsibility, deception, corruption, codes of ethics, policymaking, morality, politics, and whistle blowing. Case studies and media material will be used to illustrate these and other such issues affecting the workplace.

SPEA-V 512 Public Policy Process (1-3 cr.)

An examination of the role of public affairs professionals in policy processes. Focuses on relationships with political actors in various policy areas.

SPEA-V 515 Sustainable Communities (3 cr.)

Course explores proactive strategies for moving communities toward economic, social and environmental sustainability. Through case studies, projects, tours, and visiting professionals the new thinking in community design, from individual green buildings to regional scales of transportation, land use, commerce, natural systems restoration, waste, food, water, and energy is developed.

SPEA-V 516 Public Management Information Systems (3 cr.)

This course focuses on the application of information systems concepts and tools to challenges and opportunities in the public sector. Topics covered will include current trends in information systems; managerial use of information systems; hardware, software, and telecommunications; systems development processes and practices; and strategic and policy issues in information systems.

SPEA-V 517 Public Management Economics (3 cr.)

This course focuses on applications of the principles and concepts of intermediate microeconomic theory and managerial economics to public sector management decisions and policy analysis. The course utilizes case studies to give students opportunities to recognize the economic dimensions inherent in the public policy problems and to develop an analytical problem-solving orientation.

SPEA-V 520 Environmental Policy Analysis (3 cr.)

The interrelationships among social, technical, and natural systems. Theories of growth. Causes and implications of environmental problems. Alternative policies and mechanisms for environmental control and bases for choice.

SPEA-V 521 The Nonprofit and Voluntary Sector (3 cr.)

Same as PHST P521. The theory, size, scope, and functions of the nonprofit and voluntary sector are covered from multiple disciplinary perspectives including historical, political, economic, and social.

SPEA-V 522 Human Resource Management in Nonprofit Organizations (3 cr.)

This course provides an overview of the human resource management areas necessary for the productive functioning of nonprofit organizations. Theories of motivation applicable to the management of staff and volunteers and personnel

topics of recruitment, selection, board-staff relations, compensation, training, and development are covered.

SPEA-V 523 Civil Society and Public Policy (3 cr.) Exploration of interaction of public policy and nonprofit organizations, drawing on history, political theory, and social science. Includes examination of regulations and taxation. Depending on instructor's interests, course covers nonprofit role in selected policy arenas (such as environment and poverty) and industries (such as international development and health care).

SPEA-V 524 Civil Society in Comparative Perspective (3 cr.) An exploration of state-society relationships in a variety of regimes and time periods. Focuses on ways regimes' policies affect the existence and contribution of those nongovernmental and nonprofit organizations that stand between the individual and the state and how nonprofit organizations shape the policy agenda of a regime.

SPEA-V 525 Management in the Nonprofit Sector (3 cr.) P: V521 or PHST P521. An examination of nonprofit organizations and their role in society. Management issues and public policy affecting these organizations are discussed. Primary emphasis is on U.S. organizations, but attention is given to the global nature of the sector.

SPEA-V 526 Financial Management for Nonprofit Organizations (3 cr.) This course emphasizes a thorough understanding of the language and key concepts of nonprofit financial management. A working knowledge of the basic analytical tools used in financial decision making for nonprofit organizations will be examined through the use of computer software.

SPEA-V 527 Urban Sustainability (3 cr.) This course is an introduction to urban government and policy issues within the context of sustainability. Specifically, the course introduces social, fiscal, economic, physical, and political aspects of sustainable policy in urban areas.

SPEA-V 528 Energy, Policy, and Sustainability (3 cr.) This course is designed to investigate the origins of U.S. and Indiana energy policies, and apply the concept of sustainability to the analysis of past and current energy policies, as well as the development and adoption of future energy policy alternatives.

SPEA-V 529 Seminar in Career and Professional Development (1 cr.) Introduction to career development in public and environmental affairs. Orientation to career development approaches and resources. Discussion and practice of professional skills and techniques. Orientation to career development opportunities. Grading is on an S/F basis.

SPEA-V 539 Management Science for Public Affairs (3 cr.) P: SPEA-V 506 Focuses on management science methods as applied to public affairs. Includes treatment of decision theory, constrained optimization, and probability simulation.

SPEA-V 540 Law and Public Affairs (1-3 cr.) Explanation of law in society and its influence on public sector operations. Examination of some of the central substantive areas of the study of law, including regulatory processes, administrative adjudication, the Administrative

Procedures Act, ombudsmen, and citizen rights, among others.

SPEA-V 541 Benefit-Cost Analysis of Public and Environmental Policies (3 cr.) P: SPEA-V 517 or consent of instructor A course applying benefit-cost analysis to public and environmental policies. The first part of the course develops the foundation of benefit-cost analysis. The second part of the course consists of case studies applying benefit-cost analysis to actual policy decisions.

SPEA-V 542 Governmental Financial Accounting and Reporting (3 cr.) P: SPEA-V 560 or corequisite C: SPEA-V 560 An introduction to the fundamentals of accounting in business, nonprofit, and public sectors. Intended only for students without previous accounting courses. Primary emphasis is on municipal entity fund accounting, including the development and use of financial statements.

SPEA-V 543 Health Services Management (3 cr.) A course that integrates theory and application with respect to management of health service organizations. Emphasis on the role of managers and management within formal health service organizations. Current management and organization theories are applied to an understanding of health care delivery settings.

SPEA-V 544 Marketing for Nonprofit Organizations (3 cr.) This course examines the concepts of marketing and the extent to which they apply to the nonprofit sector, as well as how marketing can assist organizations both in resource acquisition and program development/implementation. Contexts such as social marketing, arts marketing, fundraising, education, and health care marketing will be considered.

SPEA-V 545 The U.S. Health Care System (3 cr.) An analysis of the delivery of health care in the United States from 1900 to the present. Major system components are defined and studied with emphasis on current health care policy. Topics include the organization of health care delivery on federal, state, and local levels, in both public and private sectors.

SPEA-V 546 Health Services Utilization (3 cr.) An examination of problems of access to health care and the utilization of health services. The social, political, and individual factors associated with utilization are studied, along with social change and control strategies. Special emphasis is given to power and the definition of power in the system.

SPEA-V 547 Negotiation and Dispute Resolution for Public Affairs (3 cr.) Students will learn the skill of interest-based negotiation through role play and simulation. Students will learn about dispute resolution techniques such as mediation, arbitration, fact finding, early neutral evaluation, ombudsmanship, and facilitation. The course covers dispute resolution in federal government and in the context of public, environmental, labor, and business disputes.

SPEA-V 550 Topics in Public Affairs (1-4 cr.) Selected research and discussion topics organized on a semester-by-semester basis, usually with significant student input in the course design. This course may be repeated for credit.

SPEA-V 557 Proposal Development and Grant Administration (3 cr.) This course provides the

opportunity for each student to develop a complete proposal through participation in the entire grant application process. The integration of case studies, visual media, printed materials, and class discussions provides students with practical knowledge for writing successful proposals.

SPEA-V 558 Fund Development for Nonprofits (3 cr.)

Important aspects of the fundraising process in nonprofit organizations are covered, including techniques and strategies for assessing potential sources of support, effective use of human resources, process management, theory to underlay practice, analysis of current practice, practice standards, and discussion of ethical problems.

SPEA-V 559 Principles and Practices of Social Entrepreneurship (3 cr.) This course will survey issues in social entrepreneurship and engage students in completing class projects applying principles and practices of social entrepreneurship to problems of nonprofit organizations, government agencies, and social-purpose business.

SPEA-V 560 Public Finance and Budgeting (1-3 cr.)

The fiscal role of government in a mixed economy; sources of public revenue and credit; administrative, political, and institutional aspects of the budget and the budgetary process; problems and trends in intergovernmental fiscal relations.

SPEA-V 561 Public Human Resources Management (3 cr.)

Analysis of the structure, operations, and design of public personnel systems, including government agencies and public enterprise. Relationships between public policy and personnel concepts, values, and operations are considered.

SPEA-V 562 Public Program Evaluation (1-3 cr.)

Examination of how the programs of public agencies are proposed, established, operated, and evaluated. Discussion of the role and conduct of research in the program evaluation process. In addition, techniques of effective evaluation and analysis are discussed.

SPEA-V 564 Urban Management (3 cr.) This course deals with the management of public policy in American urban government, with special attention to the relationships between structure, process, and policy. Readings and case studies will focus on urban management problems relating to leadership, planning, and operations.

SPEA-V 566 Executive Leadership (3 cr.) The course offers an in-depth examination of factors that contribute to successful executive leadership practice in a wide variety of organizational settings. Topics include what leadership is, what impact leadership has, and how leaders use various approaches and powers to achieve their goals.

SPEA-V 569 Managing Interpersonal Relations (3 cr.)

P: SPEA-V 502 This course will teach students the theory and application of individual and group human behavior. Key interpersonal skills will be modeled expertly on videotape. Students will be expected to practice these key skills and receive feedback on their performance.

SPEA-V 570 Public Sector Labor Relations (1-3 cr.) An introductory overview of labor relations concepts within the framework of the public sector. The development, practice, and extent of the collective bargaining process,

as well as the administration of the labor agreement, will be examined for state agencies, local municipalities, and school districts.

SPEA-V 572 Urban Topics (3 cr.) Selected topics in urban policy and administration. The course is sometimes restricted to a special group of students in order to focus on a particular research interest.

SPEA-V 580 Readings in Public Affairs (1-3 cr.)

P: Consent of instructor Readings on selected topics in public affairs. This course may be repeated for credit.

SPEA-V 581 Public Safety Law (1-3 cr.) Survey of historical development of Anglo-American law of public safety, including criminal law, civil remedies, administrative regulation of risk, and recent developments in employee and consumer safety. Emphasis on understanding legal theory and practice as basis for management decisions. Comparison of jurisprudential viewpoints and other disciplinary approaches to causation, prevention, and correction of public safety problems.

SPEA-V 585 Practicum in Public Affairs (1-6 cr.)

Students hold work assignments with public agencies. Grading is on an S/F basis. This course may be repeated for credit.

SPEA-V 586 Public Safety in the U.S. (2-3 cr.) Overview of criminal justice and public safety. Definitions of public safety and identification of major components. Functional description of major public safety agencies. Discussion of basic issues in public safety. Management in public safety system.

SPEA-V 590 Research in Public Affairs (1-6 cr.)

P: Consent of instructor Research on selected topics in public affairs. This course may be repeated for credit.

SPEA-V 595 Managerial Decision Making (1-3 cr.)

P: SPEA-V 504 and V 539 Applications of decision-making tools to substantive public management problems. A variety of managerial cases and issues are selected for intensive discussion and analysis.

SPEA-V 597 Land Use Planning (3 cr.) The course examines the theoretical basis and practical need for land use planning. Emphasis is placed on the institutional context in which land use planning occurs. The course provides an in-depth analysis and exercise in plan preparations.

SPEA-V 598 Governing and Leading in a Global Society (3 cr.)

This gateway course will increase the student's appreciation of the role of the profession in governance across multiple sectors of society within the global context. Students will learn norms associated with effective practice and frame a professional development plan to acquire the leadership skills to support these norms.

SPEA-V 600 Capstone in Public and Environmental Affairs (3 cr.)

Interdisciplinary course designed to expose students to the realities of the policy process through detailed analyses of case studies and projects. Course integrates science, technology, policy, and management.

SPEA-V 601 Workshop in Public Affairs (1-6 cr.)

Projects in public affairs. The students work on a research and resource team to complete a project for a public-

sector client. Faculty act as project managers and resource personnel.

SPEA-V 602 Strategic Management of Public and Nonprofit Organizations (3 cr.) P: V502. Concepts, cases, and problem solving associated with the structure and process of strategic management in the public sector, broadly defined to include governmental and nongovernmental organizations.

SPEA-V 639 Managing Government Operations (3 cr.) P: V502. This is an introductory survey of operations management. Emphasis is placed on the analysis, design, and management of operation systems using models from operations management. Readings, lectures, and structured exercises are used to present the models and demonstrate their application.

SPEA-V 645 Environmental Law (3 cr.) An overview of U.S. environmental law. Key environmental statutes are examined, as are court decisions interpreting those statutes. Topics include water and air pollution, hazardous waste, toxins, pesticides, and environmental impact statements.

SPEA-V 650 Topics in Public Personnel Management (1-3 cr.) P: V561. Readings and research on selected topics in the public personnel field. Topics may include such subjects as affirmative action, occupational health and safety, workforce forecasting and planning, and personnel approaches to position classification.

SPEA-V 652 Managing Work Force Diversity in Public Organizations (3 cr.) P: SPEA-V 502 Explores and applies theoretical and empirical research from a management perspective on workforce diversity. Topics include theories and constructs pertaining to diversity in work organizations, organizational postures toward workplace diversity, the interface between heterogeneity, work processes, and management practices; and the effects of heterogeneity on work-related outcomes.

SPEA-V 662 Public Program Management and Contracting (3 cr.) An examination of theories, concepts, and processes concerning multi-actor program implementation and alternative forms of service delivery. Focus will be on the problems and challenges public managers face in designing and managing contractual relationships, networks, and other complex implementation structures.

SPEA-V 662 Seminar in Productivity and Program Evaluation (3 cr.) Examines the problem of rigorously determining the productivity of governmental services, including problems of defining and measuring public products, specifying public service inputs, and statistically estimating public service production functions. Concepts are given concrete application through careful investigation of attempts to measure productivity of governmental services.

Undergraduate Courses **Criminal Justice Courses**

SPEA-J 101 The American Criminal Justice System (3 cr.) Introduction to the criminal justice system of the United States and its function in contemporary society.

SPEA-J 150 Public Safety in America (3 cr.) The protection of persons and property involves a number of public and private organizations. This course examines

the roles that agencies working within the fire services, emergency management, criminal justice, and the private security sector play in securing public safety in the United States.

SPEA-J 201 Theoretical Foundations of Criminal Justice Policies (3 cr.) P: SPEA-J 101 This course examines the impact of sociological, biological, and economic theories of crime and the practice of criminal justice. Focus is on the nature and importance of theory, context of theoretical developments, methods for the critical analysis of theoretical developments, and policy implications of the varying perspectives considered.

SPEA-J 202 Criminal Justice Data, Methods, and Resources (3 cr.) P: SPEA-J 101 Course examines basic concepts of criminal justice. Students become familiar with research techniques necessary for systematic analysis of the criminal justice system, offender behavior, crime trends, and program effectiveness. Students will learn to critically evaluate existing research. Students will become familiar with existing sources of criminal justice data and will learn to assess the quality of that data.

SPEA-J 215 Concepts of Forensic Science (3 cr.) Forensic science and the criminal justice system. Evidence collection and analysis. Forensic chemistry including drugs and trace evidence; biology including blood spatter and DNA; pathology; entomology; anthropology; and forensic science and the law. Please note that students taking this course cannot also receive credit for J322.

SPEA-J 222 Murder in America: Causes and Consequences (3 cr.) An investigation of homicide in the United States. Focus on the level and nature of homicides as well as domestic homicides; serial and mass murder; race, ethnicity, and gender; drugs and alcohol; school and workplace homicides; investigation; profiling and the death penalty; and homicide prevention and intervention programs.

SPEA-J 260 Topics in Criminal Justice (1-3 cr.) Study of selected issues in criminal justice. Topics vary from semester to semester. This course may be repeated for credit.

SPEA-J 272 Terrorism and Public Policy (3 cr.) This course surveys terrorism in democratic societies, with an emphasis on public policy responses designed to combat terrorism. Overviews of terrorist organizations in various countries are interspersed with analyses of significant terrorist events and public policies, and legal and public safety responses the events create.

SPEA-J 275 Diversity Issues in Criminal Justice (3 cr.) This course will examine the influence of diversity issues such as race, ethnicity, class, and gender on crime and the treatment of underrepresented groups throughout the American criminal justice system.

SPEA-J 301 Substantive Criminal Law (3 cr.) P: SPEA-J 101 Recommended: SPEA-J 201, SPEA-J 202 The development, limitations, and application of substantive criminal law utilizing the case-study method.

SPEA-J 302 Procedural Criminal Law (3 cr.) P: SPEA-J 101 Criminal law application and procedure from the

initiation of police activity through the correctional process, utilizing the case-study method.

SPEA-J 303 Evidence (3 cr.) P: SPEA-J 101 The rules of law governing proof at trial of disputed issues of fact; burden of proof; presumptions and judicial notice; examination, impeachment, competency, and privileges of witnesses; hearsay rule and exceptions—all related as nearly as possible to criminal, as opposed to civil, process.

SPEA-J 304 Correctional Law (3 cr.) P: SPEA-J 101 Legal problems from conviction to release: pre-sentence investigations, sentencing, probation and parole, incarceration, loss and restoration of civil rights.

SPEA-J 305 Juvenile Justice (3 cr.) P: SPEA-J 101 This course is designed to provide an overview of the justice system's response to abused, neglected, and dependent children; juvenile misconduct; and delinquent behavior. An extensive review of the development of recent legal changes to the court, options for prevention, treatment of juvenile offenders, and possible system reforms.

SPEA-J 306 The Criminal Courts (3 cr.) P: SPEA-J 101 Recommended: SPEA-J 201, SPEA-J 202 An analysis of the criminal justice process from prosecution through appeal. The organization and operation of felony and misdemeanor courts are examined. Topics include prosecutorial decision-making, plea bargaining, judicial selection, and the conduct of trials, sentencing, and appeal.

SPEA-J 310 Introduction to Administrative Processes (3 cr.) P: SPEA-J 101 Introduction to principles of management and systems theory for the administration of criminal justice agencies. Credit not given for both J310 and V270.

SPEA-J 312 White Collar Crime (3 cr.) P: SPEA-J 101 White collar crime is an examination of the definitions, theories, laws, and policy responses that shape crimes by corporations, government agencies, professionals, and others engaged in legitimate occupations.

SPEA-J 320 Criminal Investigation (3 cr.) P: SPEA-J 101 Theory of investigation, crime scene procedures, interviews, interrogations, surveillances, and sources of information; collection and preservation of physical evidence; investigative techniques in specific crimes.

SPEA-J 321 American Policing (3 cr.) P: SPEA-J 101 Recommended: SPEA-J 201, J 202 This course will examine the history, evolution, and organization of policing in the United States. Emphasis is placed on such major contemporary issues as the police role, discretion, use of force, corruption, accountability, and community policing.

SPEA-J 322 Introduction to Criminalistics (3 cr.) P: SPEA-J 101 Recommended: SPEA-J 301 The broad range of physical evidence developed through the investigative process, and methods of identifying and establishing validity and relevance through forensic laboratory techniques.

SPEA-J 324 Technology, Crime, and Public Safety (3 cr.) P: SPEA-J 101 Focuses on role of technological systems in criminal justice, system types available, evolving applications, usages by public safety organizations, technology use by criminals and terrorists, the management and

organizational effects of technologies, training, cost issues, anticipated impacts of technologies, and the political and legal implications for citizens and the public.

SPEA-J 331 Corrections (3 cr.) P: SPEA-J 101 Recommended: SPEA-J 201, J 202 This course examines the historical development of the American correctional system and the study of administration of local, state, and federal corrections programs, including jails, probation, community corrections, and prisons. Includes the study of punishment rationales, current correctional policies, and possibilities for reform.

SPEA-J 355 Global Criminal Justice Perspectives (3 cr.) P: SPEA-J 101 An international review of select criminal justice perspectives and systems within the primary legal traditions of common, civil, Islamic, and socialist systems, as well as those that do not fit into established categories, such as Native American and African tribal justice.

SPEA-J 369 Private Justice: Police, Courts, and Corrections (3 cr.) P: SPEA-J 101 This course examines the role of private policing and security, courts and adjudication, and corrections. Includes legislative and ethical issues and the economics of criminal and juvenile justice privatization. Principles of loss prevention, protection of assets, relationship between public and private services, current issues in privatization.

SPEA-J 370 Seminar in Criminal Justice (3 cr.) P: SPEA-J 101 Selected contemporary topics in criminal justice. This course may be repeated for credit.

SPEA-J 376 Principles of Public Safety (3 cr.) P: SPEA-J 101 Examination of threats to public safety and of governmental response at various levels to those threats. Treatment of such areas as transportation and highway threats, occupational safety and health, criminal threats, emergency and disaster planning, consumer protection, and fire control and suppression. Discussion of techniques to identify and measure risk, the acceptability of risk, and governmental attempts to control risk.

SPEA-J 380 Internship in Criminal Justice (0-6 cr.) P: Permission of instructor Open to interested students who qualify upon approval of the faculty. Students may be placed with various criminal justice agencies for assignment to a defined task relevant to their educational interests. Tasks may involve staff work or research. Full-time participants may earn up to 6 credit hours. Course is graded S/F (Satisfactory/Fail). This course may be repeated for credit.

SPEA-J 381 Internship in Criminal Justice (1-6 cr.) P: Permission of instructor Students will be required to fulfill a minimum of 120 hours of relevant professional work experience.

SPEA-J 382 Foundations of Emergency Management (3 cr.) P: SPEA-J 101 and J 150 A history of emergency management and the four phases—mitigation, preparedness, response, and recovery. An examination of the concepts of hazard, risk and vulnerability and the history, current issues, alternative career paths, roles of local, state, and federal governments in emergency management, and the future outlook of emergency management.

SPEA-J 387 Foundations of Homeland Security (3 cr.)

P: SPEA-J 101 and J 150

Examination of the theory and research driving homeland security and emergency management measures and an analytical look at the practices and principles of homeland security from an empirical perspective.

SPEA-J 426 Mapping & Analysis-Public Safety (3 cr.)

P: SPEA-J 101 or SPEA-J 150

The use of the geographic information systems to map locations of events and analyze patterns for decision making in areas of public safety including criminal justice, fire services, emergency management, and homeland security.

SPEA-J 429 Public Safety Management and Leadership (3 cr.)

This capstone course is designed to examine the major public management principles, policy concerns, and leadership theories learned in an undergraduate management curriculum as they relate to how public safety is achieved in the field and in the policy making arena.

SPEA-J 433 Institutional Corrections (3 cr.)P: SPEA-J 101
The history and development of the jail, penitentiary, prison, and reformatory. Analysis and evaluation of contemporary imprisonment.**SPEA-J 439 Crime and Public Policy (3 cr.)**P: SPEA-J 201, J 202 and K 300
A detailed examination of the major efforts designed to control or reduce crime. A review of existing knowledge is followed by an investigation of current crime-control theories, proposals, and programs.**SPEA-J 440 Corrections in the Community (3 cr.)**P: SPEA-J 101
A detailed analysis of correctional alternatives to incarceration that focus on the reintegration of the offender while remaining in the community. Because of their extensive use, considerable attention is given to probation and parole. Other topics include diversion, community residential programs, restitution, halfway houses, and home detention.**SPEA-J 445 Trends in Corrections (3 cr.)**P: SPEA-J 101
Analysis and evaluation of contemporary correctional systems. Discussion of recent research concerning the correctional institution and the various field services.**SPEA-J 460 Police in the Community (3 cr.)**P: SPEA-J 101
In-depth examination of crime as an urban policy problem, focusing on the role of police and victims in defining crime as a policy problem and their role in seeking to reduce the incidence of crime.**SPEA-J 470 Seminar in Criminal Justice (1-3 cr.)**P: Senior Standing
Emphasizes current developments in legal, administrative, and operational aspects of the criminal justice system.**SPEA-J 480 Research in Criminal Justice (1-6 cr.)**P: Junior standing and consent of instructor
Individual research under guidance of faculty member. This course may be repeated for credit.**Environmental Affairs Courses****SPEA-E 100 Environmental Topics (1-3 cr.)**
Study of selected issues in environmental affairs. Topics vary from semester to semester. This course is repeatable.**SPEA-E 162 Environment and People (3 cr.)**
An interdisciplinary examination of the problems of population, pollution, and natural resources and their implications for society. Credit not given for both SPEA-E 162 and E 262.**SPEA-E 272 Introduction to Environmental Sciences (3 cr.)**
P: statistics
Application of principles from life and physical sciences to the understanding and management of the environment. Emphasis will be placed on (1) the physical and biological restraints on resource availability and use, and (2) the technological and scientific options to solving environmental problems.**SPEA-E 400 Topics in Environmental Studies (1-3 cr.)**
An interdisciplinary consideration of specific environmental topics. This course is repeatable.**SPEA-E 412 Risk Communication (3 cr.)**
Risk communication is the means by which technical information is communicated to others (the public included), especially in the context of making decisions about environmentally related policy (such as siting of a landfill). The course emphasizes both theory (in lectures) and practical experience through developing and acting in role-play scenarios.**SPEA-E 431 Water Supply and Wastewater Treatment (3 cr.)**P: SPEA-E 272, CHEM-C 101 or equivalent, and MATH-M 119 or equivalent
Health and ecological premises for water and wastewater treatment; principles of water supply; treatment, distribution, and construction; basis for water standards and laboratory examinations; wastewater disposal methods and construction for private installations, institutions, municipalities, and industries; water quality control with respect to wastewater pollution.**SPEA-E 451 Air Pollution and Control (3 cr.)**P: SPEA-E 272, CHEM-C 101 or equivalent, and MATH-M 118 or equivalent
A survey course covering the chemistry, transport, and fate of air pollutants related to current issues of air quality, such as photochemical smog, ozone depletion, particulate matter, and indoor air quality. Topics include the types, sources, health and environmental effects, measurement, evaluation, control, regulation, and modeling of air pollution concentrations.**SPEA-E 452 Solid and Hazardous Waste Management (3 cr.)**P: SPEA-E 272
Types and sources of solid waste; collection methods; disposal techniques: sanitary landfill, incineration, composting, reclaiming, or recycling; advantages and disadvantages of each; special and hazardous waste handling; operation and management of solid and hazardous waste programs.**SPEA-E 476 Environmental Law and Regulation (3 cr.)**

Introductory course in environmental law and regulation. Subjects covered include command and control regulation, air quality, water quality, toxics, waste management, energy, natural resources, international environmental law, and alternative dispute resolution.

SPEA-E 490 Directed Field Research in Environmental Science (1-4 cr.)

Individualized laboratory or field-based research in any field of environmental science, under

the direction of an advising professor. Students are expected to write a report on their research at the end of each semester. May be used to fulfill laboratory course requirement with the permission of the appropriate science department.

SPEA-E 491 Honors Research in Environmental Science (1-4 cr.) Individualized laboratory or field-based honors research in any field of environmental science, under direction of an advising professor. Students are expected to write a report on their research at the end of each semester. May be used to fulfill laboratory course requirement with permission of the appropriate science department.

Public Affairs Courses

SPEA-K 300 Statistical Techniques (3 cr.) P: MATH 110/111 or equivalent Recommended: MATH-M 118 Nature of statistical data. Ordering and manipulation of data. Measures of central tendency and dispersion. Elementary probability. Concepts of statistical inference decision: estimation and hypothesis testing. Special topics discussed may include regression and correlation, analysis of variance, nonparametric methods. Credit not given for both K300 and either ECON-E 270, PSY-B 305, SOC-R 359, STAT 30100.

SPEA-K 301 Statistics Laboratory (1 cr.) C: SPEA-K 300 This course is an optional 1 credit hour module to accompany K300 and must be taken concurrently with K300. The course focuses on application of techniques being taught in K300. The course will allow students to obtain tutoring with specific problems. K301 sessions will be linked with K300 lectures.

SPEA-V 100 Current Topics in Public Affairs (1-3 cr.) Readings and discussion of current public issues and problems. This course may be repeated for credit.

SPEA-V 170 Introduction to Public Affairs (3 cr.) Broad coverage of public affairs through critical and analytical inquiry into policy making at all levels of government. Particular emphasis on intergovernmental relations as they affect policy in the federal system. Credit not given for both V160 and V170.

SPEA-V 221 Nonprofit and Voluntary Sector (3 cr.) This course provides a broad overview of the United States nonprofit sector. Topics include the sector's size and scope and its religious, historical, and theoretical underpinnings. It also examines perspectives on why people organize, donate to, and volunteer for nonprofit organizations and looks at current challenges that the sector faces.

SPEA-V 222 Principles of Sustainability (3 cr.) Meeting the needs of the present without jeopardizing the future involves an interrelationship between environmental, social, and economic systems. This course introduces and investigates the interrelationships between these approaches to synthesize a basic understanding that can lead to sustainable policies in the public, nonprofit and for-profit sectors.

SPEA-V 241 Management Foundations and Approaches (3 cr.) This course examines core functions of management and the political socioeconomic context within which organizations operate in different sectors of employment. It is organized into five main parts:

what management entails, approaches to the study of management, contextual factors, core issues, and management functions. Course concludes with a capstone exercise.

SPEA-V 246 Elements of Governmental and Nonprofit Financial Accounting Cycle (3 cr.) This is a course designed to prepare students for next-level courses in governmental accounting and reporting, nonprofit accounting and reporting, and health accounting and finance.

SPEA-V 252 Career Development (3 cr.) Career planning and placement strategies, assessment of labor market information, market surveys, and development of customized portfolios. Emphasis given to projects, papers, and independent research.

SPEA-V 260 Topics in Public Affairs (1-3 cr.) Study of selected issues in public affairs. Topics vary from semester to semester. This course may be repeated for credit.

SPEA-V 261 Computers in Public Affairs (3 cr.) An introduction to information technology and computing applications in public affairs. Topics include basic IT concepts, project proposals, network and infrastructure design, security and ethics, data and document management, cloud computing, and IT futures. Direct application of the above with office suites, website development, spreadsheets and statistics, and databases. Recommend basic understanding of computer operations.

SPEA-V 263 Public Management (3 cr.) This course is an examination of the management process in public organizations in the United States. Special attention will be given to external influences on public managers, the effect of the intergovernmental environment and, in particular, problems of management in a democratic, limited government system.

SPEA-V 457 Management Science in the Public Sector (3 cr.) P: V348, CSCI C211, and K300. An intermediate treatment of management science methods with primary application to public managerial decision support. Topics include network analysis, queuing, simulation, and others. Computer-based analysis is emphasized.

SPEA-V 458 Fund Development for Nonprofit Organizations (3 cr.) Course builds an understanding of the practice, philosophy, law, and theory of fundraising. Students establish an organization's value base and mission, prepare funding appeals, evaluate readiness for a campaign, assess funding sources, implement fundraising vehicles, evaluate effectiveness, and discuss stewardship of contributions.

SPEA-V 460 Intergovernmental Relations (3 cr.) Overview of the dynamics of multiorganizational governance in the United States. Examination of federal and other systems. Structure and operations of intergovernmental programs and the role of managers within these systems.

SPEA-V 461 Computer Applications in Public Affairs (3 cr.) P: BUS K201. This course is designed to provide students with the essentials of computer hardware and software needed to operate effectively in a public sector environment. The course will emphasize public sector applications using software packages or microcomputers and minicomputers.

SPEA-V 462 Community Development (3 cr.) The process and outcomes of local citizen-based efforts to improve social, economic, and cultural conditions. Interaction of public and nonprofit sectors in community revitalization. Experiences, cases, and problems involving both rural and urban settings.

SPEA-V 463 Interpersonal Relations in the Workplace (1-4 cr.) Key interpersonal skills will be modeled through a variety of media and experiences. Students will practice these skills and receive feedback. Students will be expected to participate in structured experiences designed to give them insight into their behavior and how it will

affect their ability to achieve personal and professional objectives.

SPEA-V 465 Geographic Information Systems for Public and Environmental Affairs (3 cr.) P: V261 and V369. Students will learn the concepts, methodologies, and perspectives essential for using geographic information systems (GIS) to address critical public affairs issues. Through course projects, students will learn how to use desktop and Internet-based GIS applications and will develop complementary skills related to designing and implementing GIS applications for public-sector organizations.

SPEA-V 470 Community Development Workshop (3 cr.) This course will be conducted as an undergraduate research workshop. The focus will be on community development problems, such as long-range planning, the delivery of government services, or local economic development. The research topic of the course will change each year and will be announced the preceding semester.

SPEA-V 471 Urban Management Systems (3 cr.) P: V348 and senior standing. This course is designed to extend the student's skill in applying a variety of qualitative and quantitative methods to the problems of urban government planning and management.

SPEA-V 473 Management, Leadership, and Policy (3 cr.) P: SPEA-K 300 and V 370 This course seeks to integrate learning across the public affairs curriculum. Students will review and reflect about their learning in management, leadership, and policy. Experiential methods—service learning, projects, cases, and exercises—will be used to help students apply theory, concepts, and skills.

SPEA-V 475 Database Management Systems (3 cr.) P: SPEA-V 261, V 369 or equivalent Students learn contemporary theories and methodologies regarding design, use, and management of database systems among public-sector organizations. The course provides hands-on experience with tools such as entity-relationship diagrams, query languages, database management software; and an understanding of critical database management issues such as security, backup, and recovery.

SPEA-V 490 Directed Research in Public and Environmental Affairs (0-3 cr.) To be arranged with the individual instructor and approved by the chairperson of the undergraduate program. This course may be repeated for credit.

SPEA-V 491 Honors Research in Public and Environmental Affairs (1-3 cr.) P: Consent of instructor and honors advisor Restricted to students in the SPEA Honors Program. This course may be repeated for credit.

SPEA-V 499 Honors Thesis (3 cr.) P: Consent of instructor and honors advisor Research and paper to be arranged with individual instructor and approved by the campus SPEA Honors Program director. This course may be repeated for credit.
