Message of the President

Once again, perhaps for the last time, I greet the Convention of the American Turnerbund, an organization we all love and whose principles we all revere. Our Association, like every other institution in this country, has suffered from the depression that has swept over our land because our lawmakers and rulers ignore those enlightened principles set down in the Turner platform. Now that a change is coming over the national scene, and the iniquitous prohibition law is already practically nullified, we may hope for new progress and growth.

As I have told several previous conventions, the Pittsburgh District hopes to see some other District placed at the helm. We have been and are sincere in that desire—it is time to remove the headquarters, to infuse fresh blood into our organization. Let the committee canvass the situation carefully, and recommend a change that will mean new leadership and fresh vigor.

I have seen and felt many heartening demonstrations of your affection and loyalty toward me as your leader. In laying down my office, I should like to see a new impetus given to all our activities.

Again I would urge all the Districts to do their duty by organizing new societies. Select some city without a Turnverein, canvass from house to house for members, do not quit until your purpose is achieved.

So also let every society plan and work to double its own membership. It can be done. But every member will have to work. Do not be afraid to ask anyone to join because you think he is too high-up. The American Turnerbund is just as high-up as any prospective member.

We have something to build upon—the Jahn Educational Fund for the promotion of our work in the field of mental training, the Instructors' Fund for the benefit of aged and unfortunate teachers. The next thing we will have to do is to provide for the permanent home and endowment of our splendid Normal College, which has had to struggle against adverse conditions during the past two years. The plans prepared by Eugene Stopper of the Philadelphia Turngemeinde, furnish a basis to make the College a permanent monument to the Turner cause. Here is a field for the generosity of a new Ezra Cornell or Andrew Carnegie—an opportunity to build a memorial more enduring than brass.

In a few days hundreds of American Turners will make the pilgrimage to Stuttgart, for the German Turnfest. They will be sure of a cordial welcome, and will carry to Germany our Turner principles of tolerance and liberalism.

It is also time to begin preparations for our own National Turnfest, to take place in Cleveland during 1934. It should be the greatest Turnfest we have ever held.

Various matters, like the new national organ in English, have been held in abeyance because of the financial condition. During the coming years these delayed activities should be pushed to conclusion. There is nothing we cannot do if we but try. There is no reason why the American Turnerbund should not have a half million members—no reason except our own apathy and indolence. Let us shake off this sloth and forge ahead, never forgetting our Turner mottoes: "A sound mind in a sound body" and "Liberty, education, and a better world."

GEORGE SEIBEL,
National President.

Report of the Secretary

STATISTICAL RESUME

OUR TURNER CHAUTAUQUA

There is no pleasanter place to spend the hot summer than on beautiful Elkhart Lake, where the summer school and camp of the Turnerbund is located.

To the shores of this lovely Wisconsin Lake come hundreds of Turners, old and young, to rest and meet friends.

The Turners have a fine cottage hotel right on the grounds, and there are other places where rooms and board can be secured at reasonable rates. Address inquiries to

Here's a Hint For All Turners

Several bequests have already been made to the Jahn Educational Fund, and as it is a permanent endowment, which will grow to ever greater proportions as the years pass, there will be many Turners, no doubt, desiring to make provision in their wills to perpetuate the principles of Turnerism through this Fund. For the guidance of such Turners the following form is given to write into their wills as a codicil:

I give and bequeath to the Trustees of the Jahn Educational Fund of the American Turnerbund,

the sum of _____ Dollars

Report of Committee on Mental Training

The year 1932, like many of its preceding ones, is history, one that had much suffering and distress to humanity connected therewith, affecting with indifference all endeavors of man; a year in which, like all other other kindred organizations, the American Turnerbund was handicapped in its attempt to spread its ideals and principles. It denied our fellowmen and women that modicum of peace, prosperity, and the pursuit of happiness enjoyed by them in more tranquil times.

Under these distressing conditions it is regrettable to note that Mental Activities on the part of our Societies lay, to a certain extent, dormant; that their membership has decreased in numbers and a feeling of uncertainty as to the future of our organization prevails. Yet it is the candid opinion of your Committee that a new era lies before us, one, which if nurtured with intelligence and a proper conception of its possibilities, will increase both membership and opportunity of usefulness to our fellowmen and women.

It is apparent that a relatively large number of the Societies of our organization have failed to give evidence of their activities along these lines, yet we are aware that a commendable amount of interest was shown by many of our Societies, who through indifference and a lack of a proper conception of its value, failed to report thereon.

Never in the history of our Nation has it been of greater importance to our people for our organization to have taken a bold, broad stand on the many questions of the day, questions which gravely involve the peace and prosperity of our country. It has been the generally recognized opinion of our organization that we are, and should not be, politically speaking, a factor in the affairs of our Nation, deeming it to be consistent, on our part, to assume a passive attitude on political questions of the day. However, it nevertheless should become incumbent upon us to speak out frankly and fearlessly on all questions involving the weal and woe of our Nation, as was done by the founders of our organization in the early days of its history, so that we may contribute our just share in moulding public opinion and enlightening our fellow citizens on all matters of public concern.

Public opinion is a powerful factor in shaping legislation and good government, in fostering the choice of and election to office of public-spirited men and women, such as will have the courage of their convictions and the determination to be fearless and impartial in the administration and upholding of the law, so as to assure equal opportunities for the enjoyment of the good things of life by all and prevent the centralization of wealth in the hands of the few.

We should at all times take an active part in the promulgation of matters connected with the general welfare of our Nation and its citizens. It should be our province to further the advancement of the Arts and Sciences, discuss frankly and intelligently questions pertaining to affairs of a social, economical, industrial, educational, financial, religious, and political nature, not forgetting to give voice to our dissent, when those chosen to guide the Ship of State indicate a trend to forget loyalty, or exhibit lack of proper conception to fulfill with intelligence the duties of office to which they were chosen by the electorate.

Existing administrative conditions have deprived our Societies of sources of revenue, vital to their existence and formerly enjoyed, limiting them quite naturally in carrying on their beneficial work of extending the ideals and principles

of our organization. Yet it behooves us to look forward with renewed hope and courage to a better day ahead. The response of our people to the re-enactment and the elimination of laws detrimental, as also beneficial, to our land, has been most encouraging. By their very action they have heartened the administration for the enactment of measures that surely will bring about a betterment of affairs. The abatement and repeal of antiquated laws such as the obsolete Blue Laws, still in effect in many States of the Union, is a step in the right direction. The repeal of the brainless Prohibition Enactment will give renewed energy of man's endeavors, increase and foster the re-opening of industries kindred to that of brewing, bring much-needed revenues to the coffers of the Nation, reduce taxation, which if permitted to continue, will bring about bankruptcy. Its repeal will restore our citizens' respect and confidence for the Constitution and gradually aid prosperity, a condition without which no Nation may expect to endure.

The future maintenance and expansion of our organization's usefulness is to be measured by the amount of attention, energy, and power we devote to fostering the cultivation of Mental Activities. These are the underlying qualifications upon which we should build for the future. It will bring to our ranks men and women of intelligence and standing. Imbued with this spirit, the graduates of our Normal College may be expected to take a more active, wholesome interest in their chosen fields of activities. If they will represent our Societies, in and outside of their confines, they will impart an atmosphere of respect and support in its affairs throughout their communities. Let us not forget to recruit our ranks from the youth of the land, so that we may train them for a life of usefulness, acquaint them with the traditions, aims, and objects of our organization, insuring their lasting interest and enduring membership. "Turners are not born; they must be trained."

We point with gratification to the good work being done by our competent and efficient Educational Leader, Mrs. Marie B. MacDonald. She has, during the past year, been actively engaged in promoting Turnerism in the West and in the New England States, but recently returning from a visit to the Societies of the Middle West. In nearly all of the Societies visited by her she has met with a cordial reception. Many have been the requests extended to her for a return visit.

Her participation, during last fall, on the occasion of the celebration of German Day at Gwynn Oak Park, in the City of Baltimore, was most flattering indeed. It gave her an exceptional opportunity to preach the Gospel of Turnerism to an appreciative audience of over 25,000 persons assembled there to hear this gifted and learned speaker. We sincerely hope that her services may be at the disposal of our organization for years to come.

It is our earnest wish and desire that there will be an increased number of participants in the Literary Contests of Essays, Debates, etc., during the days of our next National Festival, to be held in the City of Cleveland, Ohio, during the year of 1934. These contests are sponsored through the Jahn Educational Fund, which, as in the past, has provided for the distribution of suitable prizes to the successful contestants.

The Festival gives promise to exceed in magnitude, scope, and variety all its predecessors, auguring a large attendance on the part of the public.

In concluding my annual report, let me reiterate: "It is to the Thinkers and Doers of Things that we must look forward to, should we expect Turnerism to grow, prosper, and flourish in this great land of ours."

RICHARD TURNT, Chairman,
Committee on Mental Training.

Uses of Jahn Fund

The Jahn Fund income during the past years has mostly been permitted to augment the Fund, but more and more is being used to promote Mental Training. The German plays at the Buffalo Turnfest were guaranteed by the Jahn Fund, which covered the deficit. The German Turnfest film was secured by the Jahn Fund. Prizes have been offered, lectures subsidized, and books sent to the libraries of societies that use their libraries. Chairmen of Mental Training Committees are requested to let the Fund know their activities and needs.

Instructors' Fund of American Turnerbund

The Instructors' Fund was established by the American Turnerbund for the purpose of aiding Instructors who have served the American Turnerbund faithfully and who are seriously in need of assistance.

The following are some of the provisions of the Trust Agreement governing this Fund: The principal of this Fund must be invested only in high-grade U. S. Government, State, or Municipal Bonds. One-fourth of the income must be added to the Principal to insure the growth of the Fund. The balance of the income from the Fund is available for distribution to worthy applicants. No Trustee shall receive any salary or other compensation from the Fund.

The cash which has been received by this Fund as itemized above has been invested in U. S. Government Bonds and U. S. Government Certificates.

The fact that this Fund has been urgently needed is proved by the number of very worthy applications for aid which have been submitted.

As the need for aid is great, further donations by Societies, or individuals, are solicited. It is our hope that, before the end of the year 1933, every Society in the American Turnerbund will be represented by a donation to this Fund,

either from the Society or from an individual member in the Society. There is no limit to the size of the donation, but any sum is very acceptable and will be very much appreciated. Contributions for this Fund should be made to Carl Volk, Treasurer Instructors' Fund, and sent to him at 1616 East 55th Street, Cleveland, Ohio. This is a cause which has long been fostered by the American Turnerbund, and is now a reality, and it is the sincere wish of the Trustees to see this Fund grow to a size ample to meet the deserving demands and sufficient to produce other resultant benefits for the American Turnerbund.

With Turner Greetings,
THE TRUSTEES OF THE INSTRUCTORS' FUND:

HENRY LUTHER, Chairman,
OSCAR GROTHE, Vice Chairman,
HERMAN EISELE, Secretary,
CARL VOLK, Treasurer,
GEORGE SEIBEL,
EWALD F. TOBOLD,
HENRY A. ZWIERLEIN.

Here's a Hint For All Turners

No bequests have yet been made to the Instructors' Fund, as it has just been launched, but as it is a permanent Endowment, which will grow to ever greater proportions as the years pass, there will be many Turners, no doubt, desiring to make provision in their wills to aid the brave apostles of Turnerism through this Fund. For the guidance of such Turners the following form is given to write into their wills as a codicil:

I give and bequeath to the Trustees of the Instructors' Fund of the American Turnerbund, the sum of

Dollars

Added to the Honor Roll
