

## FRET References

---

This collection of FRET references is provided here as a place to begin learning about FRET and is not intended as an exhaustive list. As always, the best place to look for information for your experimental design is the literature within your field.

\* Berney, C. and Danuser, G. (2003). Fret or no fret: A quantitative comparison. *Biophys. J.*, 84(6):3992-4010.

Bivona, T. G. and Philips, M. R. (2005). Analysis of ras and rap activation in living cells using fluorescent ras binding domains. *Methods*, 37(2):138-145.
