Dear Dr. Faiola,

Thank you for the opportunity to review your department's proposed MAS Graduate Certificate Program. I appreciated reading through your document and reviewing the courses you and your colleagues deem appropriate to such a program.

I did not find that there was any apparent conflict with our CGT program, or any of the other courses we offer in our department. Congratulations on an excellent job of putting this certificate together. We all hope you will be rewarded by its approval at the campus level.

Most respectfully,
