# Foreword

This is the tenth volume of "Kiwani Activities" summarizing the officially reported activities of all the Kiwanis clubs in the United States and Canada during the year 1931. The compilation was made possible by utilizing the Official Monthly Reports recording activities as reported by the club secretaries.

At the close of 1931 there were 1,880 clubs, according to the membership records of January 1, 1932, and nearly all, with the exception of the newly built clubs, were carrying on civic and welfare programs.

The Objects of Kiwanis International have made possible these numerous achievements recorded in this present book. These Objects are:

To give primacy to the human and spiritual rather than to the material values of life.

To encourage the daily living of the Golden Rule in all human relationships.

To promote the adoption and the application of higher social, business and professional standards.

To develop, by precept and example, a more intelligent, aggressive and serviceable citizenship.

To provide through Kiwanis clubs, a practical means to form enduring friendships, to render altruistic service, and to build better communities.

To co-operate in creating and maintaining that sound public opinion and high idealism which make possible the increase of righteousness, justice, patriotism, and good-will.

Clubs in the United States observed "Constitution Week," September 13 to 19, and this annual occasion has for its purpose the stressing of better citizenship. In Canada, "Canadian Citizenship Week," June 28 to July 4, was a similar occasion for the promotion of good citizenship. All clubs participated in All-Kiwanis Night, May 4, 1931, during the 15th annual convention in Miami. This was a simultaneous meeting of clubs from the Atlantic to the Pacific in commemoration of the unselfish service and accomplishments of Kiwanians.

The 17th anniversary of Kiwanis was observed during the week of January 21, 1932. The organization's birth-date is January 21, 1915 at Detroit, Michigan.

## Suggestions for Your Own Club

KIWANIS ACTIVITIES is a summary of the community betterment and service activities of Kiwanis clubs in the United States and Canada. The book is compiled annually from the Official Monthly Reports submitted by clubs.

The activities indicate the many varied and practical applications of the ideals, and objectives of Kiwanis International, and suggest opportunities of similar service for other communities, institutions, groups, and individuals.

The book is not an honor-roll of clubs. It has been compiled as a descriptive presentation of diversified service endeavors.

## How to Use the Book

KIWANIS ACTIVITIES is suggestive of what can be done in all communities by active clubs. Every club, large or small, seeking suggestions for community service can find in this volume sources of information on every conceivable kind of activity.

The key which unlocks the treasure of this book for clubs is the index on the final pages. There appear over forty general divisions of activities, which direct the reader to pages of thousands of records of actual club work.

Clubs which have made surveys of their own communities and are planning new or additional service activities, can review the results of clubs in towns of somewhat the same type and population. Clubs seeking suggestions may be located in either agricultural or industrial areas, or in vicinities of both farming and manufacturing.

For a club in an agricultural region, the index will indicate hundreds of valuable activities in better town and country relations work, in city beautiful planning, health campaigns, conservation and general education. If a club functions in a community where all forms of general economic enterprise are in operation, a vast store-house of material is suggested by such index topics as health and sanitation, boys' and girls' work, improvement of civic conditions, aid to business and industry, and many others.

A careful study of KIWANIS ACTIVITIES by members will reveal to them many clubs of about the same size, in localities having similar opportunities and problems, engaged in active and varied service programs.

Every Kiwanian is urged to make a thorough inspection of KIWANIS ACTIVITIES to familiarize himself with the summary of service work of all the clubs in Kiwanis International.

## THE UNDER-PRIVILEGED CHILD

The service rendered by all the Kiwanis clubs in the United States and Canada, on behalf of under-privileged children, consists in removing those physical, mental, moral and economic handicaps, which bar them from the full measure of citizenship. Farmers were encouraged to have at least 10 acres of pasture land. A county-wide meeting was held to encourage strawberry raising and to form an organization to care for co-operative shipping and marketing. ## PLAYGROUNDS AND RECREATION

- Alameda, Calif.** Over 1,500 children attended our Hallowe'en party. Candy, horns, and 500 prizes were distributed.
- Alton, Ill.** Through our efforts the Kiwanis Water Tower Playground was the first lighted recreation spot equipped for night play and sports. During 1931 approximately 20,000 adults and children were given recreational privileges. The Dads' Club installed horse-shoe courts, picnic tables, 2 bleachers and an additional baseball diamond. This playground, due to community co-operation, is probably the finest development that exists in the state of Illinois. The club took an active part in the building of a 9-hole municipal golf course.
- Altus, Okla.** Four thousand children took part in a big Easter egg hunt for which 20,000 eggs were hidden. Police protection was provided at the children's wading pool.
- Amarillo, Tex.** There were 4,000 children at our Hallowe'en party and parade, which was held in 4 of the city parks. Kiwanians, policemen, firemen, Boy Scouts and Girl Scouts helped to supervise the work. Prizes were awarded and the police and educational authorities reported there was less damage to property than in any other previous year.

## IMPROVEMENT OF CIVIC CONDITIONS

- Ada, Okla. Our agitation caused city commissioners to revise summer water rates.
- Alexandria, Va. So that we could understand tax affairs, the mayor of our city was a speaker at one of our meetings.
- All-Chicago Clubs, Chicago. The Committee on Public Affairs planned a county-wide campaign to consolidate 418 different taxing bodies in the Chicago area.
- Anderson, Ind. To make possible a general county, township and city tax reduction, Kiwanians took the lead in setting up community and county committees for studying public expenditures, unemployment relief and economic administration.

## CONSERVATION

**Amarillo, Tex.** Ten thousand trees were planted in a city-wide Arbor Day program.  
**Amsterdam, N. Y.** The club sponsored the George Washington Bi-Centennial tree planting campaign.

**Arkansas City, Kan.** Kiwanians are responsible for the development of a 640-acre game reservation, which has been stocked with pheasants.

**Bell, Calif.** A uniform tree planting activity is being urged for the city.

**Brookville, Pa.** The borough council granted permission to establish a bird and small game refuge on nearby land.

**Compton, Calif.** Members willingly co-operated in obeying all laws to prevent forest fires in the mountains.

**Crawfordsville, Ind.** A prize was awarded in a county bird house building contest.

**East Los Angeles, Calif.** The club was of assistance to the forestry department of the city schools by contributing tons of salvaged material for boys who are learning the lessons of reforestation and conservation in their mountain camp. These materials were used in the construction and furnishing of dormitory buildings.

**Great Falls, Mont.** Kiwanians, assisted by Boy Scouts, planted 9,000 pine and fir trees on a site which was burned over several years ago by a forest fire.

**Hogansville, Ga.** Planned and organized a school forestry project.

**Melbourne, Fla.** Observed conservation week, proposed new laws regulating hunting and fishing and offered prizes for school essays dealing with the conservation of our forests.

**Michigan Kiwanis District.** The Michigan Kiwanis Forest, which is part of the Huron National Forest on the banks of the Au Sable River near East Tawas, was dedicated in the presence of 500 Kiwanians on September 21, 1928. Planting during 1928 consisted of setting out 5,500 acres in trees, and since that time a general reforestation program has been in operation. This is the largest project of its kind ever undertaken by a civic organization.

**Midland, Mich.** The club urged the state legislature to consider advocating small community forests on the land in Michigan which is not suited for agricultural purposes. A bill was successfully passed making it legal for municipalities to own land for reforestation purposes and for setting up a county reforestation commission. A conservation essay and poster contest was sponsored by the club.

**Rochester, Ind.** After 6 months of effort our local Izaak Walton Chapter was awarded the United States Government Fish Hatchery.

**San Fernando, Calif.** Provided transportation for the forestry club of the high school in its work of reforestation in Clear Creek.

**Sanford, Fla.** Assisted in locating property for an experiment in reforestation. The work was carried on by the Seminole High School.

**Wisconsin-Upper Michigan Kiwanis District.** In 1930 at the 12th annual convention a resolution was adopted and passed pledging funds from clubs for a Kiwanis Forest Nursery. A campaign was launched, and it is still going on, to raise \$10,000.00 for the reforestation program. A former Wisconsin man pledged himself to give \$5,000.00 for this project if others raise \$10,000.00. The total cost of the Kiwanis Nursery at Rhinelander will be \$15,000.00. Work has been started and 2,000,000 sprouts will be transplanted in the summer of 1932. The nursery is to be administered by the forestry division of the federal government.
