Did you know that...

At least 267 filmed or live interview stories about I.U. and Purdue staffers and programs at IUPUI appeared on five local television stations during 1978. And some of these stories were aired more than once, for a total of at least 351 appearances during the year. This accounting does not include WRTV's half-hour documentary about IUPUI. It has become unusual to turn on your TV news without seeing something about IUPUI.

SUMMER PLANS? TRY GOING TO CAMP

College students who are interested in summer jobs might find just what they are looking for by attending IUPUI's Fifth Annual Camp Placement Day, scheduled this year for February 6.

Students from other colleges and universities also are welcome to attend the program where camp directors from throughout the Midwest will be on the IUPUI campus to interview students for summer jobs in the areas of counseling, nursing, recreation, arts and crafts, performing arts, aquatics, horseback riding, canoeing, photography, maintenance, kitchen work.

Camp counselors are in the greatest demand and salaries for all areas range from \$350 to \$1,200 for the summer. Qualifications include a sincere interest in working with children; some camping experience is desired but not required.

The program will run from 9 a.m. to 5 p.m. in the Lecture Hall. Interviews are conducted on a walk-in basis and no appointments are necessary. The program is sponsored by the IUPUI Office of Career Counseling and Placement. For more information, call Ellie Workman at Ext. 2555.
