National Association of Dental Faculties.

The Indiana Dental College is a member of the National Association of Dental Faculties, and the rules governing Colleges belonging to the Association will be strictly enforced. George Edwin Hunt, M. D., D. D. S., is the accredited representative of the College in the Association of Dental Faculties, for the fiscal year.

Calendar for 1905-1906.

The matriculation books are now open.

October 2, 1905	Lectures Begin.
October 12, 1905	Last Day for Entering.
November 30.....	Thanksgiving Holiday.
December 24 to December 31, inclusive.....	Christmas Holidays.
January 13, 1906.....	Close of first Semester.

February 22, 1906.....	Washington's Birthday.
May 5, 1906.....	Close of Second Semester.
May 7-14, 1906.....	Final Examinations.
May 14, 1906.....	Commencement Exercises.

Requirements for Admission.

A candidate for admission into the freshman class who has received a collegiate degree, or who has passed the matriculation examination of a recognized college, or who has a certificate from a high school showing that he has passed into the third year, or who has credentials showing a preliminary training equal to completion of the second year of high school may matriculate without examination.

Of all other candidates a preliminary examination is required. This examination is the equivalent of the final examination of the second year of high school work. It is held by an educator appointed for the purpose by the State Superintendent of Public Instruction. The expense of the examination is borne by the College. Every candidate for the freshman class must present credentials such as are enumerated above, from the examiner, when application for matriculation is made. Undergraduates from recognized medical colleges will be excused from lectures in such subjects as they have credentials for from the medical college.

Students are allowed to select seats in the lecture room and lockers in the laboratories in the order in which they matriculate. Each student is required to occupy the seat selected during the lectures he attends.

Admission to Advanced Standing.

Students are admitted to the second-year course who present certificates from recognized dental colleges, of attendance upon one full course of lectures and of examinations in the studies of the first year course in this college, satisfactory to the professors of the respective departments of that year.

Graduates of reputable medical colleges are admitted to the second-year course, and are excused from lectures and examinations upon general anatomy, chemistry, histology, physiology and pathology, but are required to take the courses in operative and prosthetic dentistry, special materia medica, and therapeutics.

Students are admitted to the third-year course who present certificates from recognized dental colleges, showing that the second-year course has been successfully completed.

Candidates for advanced standing must present their certificates to the Dean at the opening of the school.

Graduation.

The candidate for the degree of Doctor of Dental Surgery must be twenty-one years of age, must possess a good moral character and must have been a student of good deportment while in college.

Students will be required to attend before graduation, three full courses of lectures, the last one in this college. Two courses in any other college having an equal or similar standard of requirements will be accepted as equivalent to the same number in this college. Graduates from recognized dental schools may become candidates for a degree from this college after attending the senior year course of instruction;

Expenses.

FIRST OR FRESHMAN YEAR.

Matriculation Fee.....	\$ 5 00

Total	<u>\$105 00</u>

THIRD OR SENIOR YEAR.

Matriculation Fee.....	\$ 5 00
General Ticket.....	100 00
Diploma Fee.....	10 00
Total	<u>\$115 00</u>

Each student should bring with him about one hundred and eighty dollars, which will defray all expenses, including tuition, books, and instruments for the term, and board for the first month.

Breakage and loss in the chemical and microscopical laboratories must be made good by the student. Each desk is inspected after each session and the student charged with breakage or loss.

All tuition must be paid at the beginning of the term. All tickets are issued by the Dean to whom the students are requested to report themselves immediately upon their arrival in the city. By leaving baggage at railway depot until a boarding house is secured, hotel bills can be saved.

Board may be obtained at prices varying from \$2.50 to 4.00 a week, according to the accommodation; also, rooms without board, furnished or unfurnished, can be obtained at from \$2.00 to \$8.00 per month.

The Indianapolis Public Library is only two blocks from the college and is accessible to students by complying with the requirements of the librarian.

The infirmary in the college building is open during the entire year for dental operations, and students can enter at any time by paying \$25.00, which is deducted from the fees of the succeeding winter course.

Notice.

We always need disassociated teeth. Send in all the teeth you can, by express, collect. Students are requested to bring as many extracted teeth with them as they can.

Alumni of the College who are permanently settled, and other dental practitioners, who desire to receive the annual catalogue regularly, are respectfully requested to send their names and addresses to the College.

This announcement is not designed to answer all questions a prospective student may desire to ask. Another pamphlet entitled "A BOOKLET FOR THE STUDENT" will be sent to anyone requesting it. In that will be found much information regarding the college and the city, with advice about the proper course to pursue on reaching Indianapolis. Every prospective dental student should send for this booklet.

Students corresponding with the college will please be careful to give full address and direct their letters to

SENIOR CLINIC DAY.

The Second Annual Clinic was held December 10, 1904, and was as successful as the one of 1903. Four clinicians from the city and four from other parts of the State were present. Senior Clinic Day is now a permanent fixture in the College year. It is both enjoyable and profitable.

Post Graduate Course.

In response to a demand for instruction in the latest phases of Dental practice, and especially in porcelain art, the Indiana Dental College has established a post-graduate course, open for practitioners from June 1 to August 15, each year. Instruction is given in all branches of dentistry to applicants desiring it, but as the most rapid advance in recent years has been along the line of porcelain inlay, crown and bridge-work, that naturally receives the greater amount of attention. To complete the entire course the applicant should devote not less than four weeks to the work. The course in porcelain inlay work may be completed in two weeks. The applicant is privileged to remain as long as he desires, to perfect himself in practice. The college is fully equipped with electric and gasoline furnaces of various designs, and the operatory constantly furnishes an abundance of clinical material. The fee for the course in porcelain inlay work alone is \$25.00; for the entire course, \$40.00, payable in advance. This course is second to none given in the world, and personal attention is given each attendant at every stage of the work.
