2 Important Information

Important information about changes in registration and insite for the Fall term

Effective for the Fall 2004 term, the university is changing many of its administrative systems, including those used by students, such as insite and Web registration.

Summer 2004

You will enroll for the summer sessions using the current Web registration tool and will still have access to insite for financial aid, bursar, course schedule, and transcript information.

Registration and insite will require the student number and pin you currently use.

Fall 2004 (and thereafter)

You will enroll for the Fall 2004 term using new systems and will have access to an expanded set of self-service tools, including registration, through a new on-line tool called OneStart. In addition to services you are used to from insite, OneStart allows you to personalize your start page, including adding your favorites/bookmarks. This means you can go to those Web addresses from any computer. In short, your desktop is portable.

OneStart requires a user id and password. This is the same user id and password you currently use for university e-mail and access to Oncourse. We strongly recommend you visit OneStart before your registration time for the Fall 2004 term and see all it has to offer. For more about OneStart visit onestart.iu.edu.

If you haven't activated your university e-mail account, visit <https://itaccounts.iu.edu>. You can activate your account as soon as you are admitted to the university. Contact the Support Center with any questions by visiting support.iupui.edu.

Detailed registration instructions will be available from our office Web site in early March. Visit registrar.iupui.edu. To learn more about the larger computing initiative, visit sisinfo.iu.edu.

E-mail

E-mail shall be considered an appropriate mechanism for official communication by Indiana University with IU students. The University reserves the right to send official communications to students by e-mail with the full expectation that students will receive e-mail and read these e-mails in a timely fashion.

Official university e-mail accounts are available for all students once they have been admitted to the university. Official university communications will be sent to students' official university e-mail addresses. For IUPUI, this is the @iupui.edu address.

Students are expected to check their e-mail on a frequent and consistent basis in order to stay current with university-related communications. In addition to their university e-mail account, students should also check for course-related e-mail within Oncourse. The same user id and password are used for Oncourse and the university e-mail system. For more information about Oncourse, visit oncourse.iu.edu.

Students who choose to have their e-mail forwarded to a private (unofficial) e-mail address outside the official university network address, do so at their own risk. The University is not responsible for any difficulties that may occur in the proper or timely transmission or access of e-mail forwarded to any unofficial e-mail address, and any such problems will not absolve students of their responsibility to know and comply with the content of official communications sent to students' official IU e-mail addresses. Instructions on forwarding e-mail may be found by visiting <https://itaccounts.iu.edu>.

University ID

The university is moving away from use of social security numbers as a student's primary identification number. While in most cases, students will be able to complete their business with the university through OneStart by use of a user id and password, there may be occasions when a student id number may be required. Students may obtain their university id numbers by viewing the View My Personal Information page in OneStart or by bringing photo identification to the Office of the Registrar.

Bring the signed form to the Office of the Registrar, CA 133, during regular office hours.

Requests for withdrawal after November 16 require the signature of the instructor, advisor and the student's dean. These are considered only in extraordinary situations which are beyond the student's control and rarely are granted. **Poor performance in a course is not considered grounds for a late withdrawal.** No withdrawal forms will be processed in the Office of the Registrar after the last day of classes. Any requests for a late withdrawal after the last day of classes must go through the grade appeal process (consult your school or the Office of the Registrar).

A note of caution: If you alter your original schedule, whether by personal incentive or by University directive, you must do so officially by the procedures outlined above. If you do not assume this responsibility, you jeopardize your record by possibly incurring an “F” in a course improperly dropped and/or by not receiving credit for a course improperly added.

Drop/Add and Waitlist Requests by Computer

No appointment is necessary to Drop/Add by computer. To Drop/Add use registration on the web. See instructions by visiting registrar.iupui.edu.

The Importance of Your PIN for Summer Sessions

Use of the computer systems will require you to enter your student ID number and your personal identification number (PIN). This number is initially set to your birth month and day (May 4 is entered as 0504, for example) when you are first admitted to the University. When you first enter the student record system, you will be required to change this to a new four-digit PIN. Choose something you'll remember as you'll need to use the new PIN to register in the future. You have one PIN in the Indiana University student record system. If you have used a PIN at another IU campus, use the same number at IUPUI.

Hours for Accessing the Registration System

Monday–Friday 7am–10pm E.S.T.

Saturday 7am–4:30pm

Sunday 10:30am – 4:30pm

All transactions by phone or computer for the current semester end at 6pm on the 100% refund date. **WARNING:** The office is not responsible for system downtimes or system transaction difficulties when the help line is not available. Please do your transactions in a timely manner so if a problem occurs it can be resolved before the deadlines.

Address Change:

It is important that you keep your address current with the Office of the Registrar. Many important documents such as the schedule of classes, schedule confirmation/fee statements, grade reports, etc. are mailed to your address of record. You may change your address on line in the Student Registration System from your home/office computer or any computer on campus. In addition you may change your address through INSITE. You may also report address changes by telephone or in person at the Office of the Registrar.

Registration and Waitlisting Classes via the Web

IUPUI is implementing a new student records system with the Fall 2004 semester. As a result, students will register for Summer classes using one system and for Fall classes using another. Instructions for both registration systems may be found by visiting registrar.iupui.edu.

Registration by touch-tone telephone is no longer available.

Waitlisting Courses

In some cases courses are fully enrolled at the time a student registers. In such cases, a student can usually place himself or herself on a waiting list for the course and will be registered for it should space become available due to added seats or another student's withdrawal.

This assumes the student is otherwise eligible to take the course. Instructions on using the waitlist system may be found by visiting registrar.iupui.edu.

14 IUCARE/Student Advising System/ONCOURSE

The IUCARE system automates degree and program requirements which a student or advisor can then use to produce an IUCARE Academic Progress Report. Students can use this tool in consultation with an advisor for planning course and career options; and on their own to experiment with different programs and courses. For example, students can experiment with the effect that changing their major or taking specific courses will have on their progress in meeting degree requirements. Individual exceptions which a student has had approved by their advisor, such as substituting one course for another course, are dynamically reflected in a student's progress toward meeting requirements and recorded at the end of the report.

IUCARE is intended as an advising tool only. Students should contact their advisor or the Office of Student Services in their school to ensure progress toward meeting degree requirements, with questions about their IUCARE Academic Progress Report or degree requirements, or the availability of a set of degree or program requirements to the system. Students are required to meet formal admission requirements to their academic unit. Students are also required to meet requirements based on placement testing and course pre-requisites.

Students can access this on-line advising system through INSITE at insite.indiana.edu by using a web browser from a computer workstation in the Learning Centers or through dial-up with a modem, communications software, and a web browser. Information about producing and interpreting the advising report is available online at registrar.iupui.edu/iucare.html.

Oncourse

Oncourse is a Web-based teaching and learning environment. Oncourse provides course descriptions, course syllabi, information about the instructors, and many other resources. Find Oncourse in the OneStart portal at onestart.iu.edu, or go directly to the Oncourse home page at oncourse.iu.edu. You may search Oncourse at any time to find out more about courses of interest to you.

- 1) Open a Web browser.
- 2) Type in the Web address for Oncourse (oncourse.iu.edu) then hit Enter on your keyboard.
- 3) To search for a course from the login page, enter the course code, section number, or keyword in the "search" field and click "Search".
- 4) A list of courses will appear. Select the course you wish to view by clicking on its hyperlink.
- 5) Explore the Oncourse environment by clicking on any of the tabs in the top navigation bar — "Schedule," "Syllabus," "Tools," etc.

Remember, not all courses are on-line. Courses are available to students approximately 10 days before the start of the semester.

To Log On to Oncourse

Once you have registered for courses this spring, your name will automatically be added to participating Oncourse courses. To access your course material in Oncourse, go to oncourse.iu.edu and log in using your Network ID and ADS Domain password. If you need help setting up your accounts or using Oncourse, visit the UITS Web Site at uits.iu.edu, call the Support Center at (317)274-HELP, or visit the walk-up window located in ES 2126.

* Classes that meet 2 or more days per week have priority on Final Exam times slots over classes that meet one day per week.

* * On the second normally scheduled meeting day when or after finals begin.

Except for laboratory, clinical, studio, and other activity-based sections, final exams — whether comprehensive or not — are to be given at the appropriately scheduled time during the formal final examination week. Tests or major writing assignments may not be required during the week before the formal final exam week. However, papers, projects, or oral presentations may be due during the last week of class when assigned on the syllabus or announced at the beginning of the semester. Exceptions must be approved in advance by the dean of the particular school involved.

The following courses have a common final given at times other than stated above. These are:

Final examinations are given in all courses except those in which the instructor decides an examination is not necessary.

Final examination conflicts should be resolved with the course instructors.

Classes which meet TR, TWR, MTR, TRF, RF, or TWRf will have examinations at the time set for TR classes.

Classes meeting on MW, MF, MTW, WRF, MTWR, or MTWRF will have examinations at the time set for MWF classes.

Students should consult the final exam schedule early in the semester to discover problems such as more than three exams in one day or insufficient time to cover the distance between successive exams.

The final exam schedule is established to limit potential conflicts in a student's final exam schedule. If an exam is given, it must be held on the day and time published. If the exam time is changed by the instructor, and that change creates conflicts for a student, he/she should first consult with the instructor. If the problem is not resolved he/she should report the change to the instructors department chairperson. If the problem is not resolved at that level, the student should contact the chairpersons dean or director. If the conflict is not resolved at that level the student may contact the Office of the Dean of Faculties. An instructor giving a final examination before the final exam period should be reported in the same way.

158 New Course Descriptions

Fall 2004

HISTORY (HIST)

J495 Proseminar: Cities Buildings, and Power (3 credits)

This class, the department's senior capstone course, will examine space, place, and power in the context of European urban history. History of the built environment, history of architecture, and socio-political history will be combined to explore how Europeans lived in, perceived, shaped, and submitted themselves to the governance of cities.

H650 Colloquium: U.S. History: Gender and Sexuality (4 credits)

This course will review the scholarly literature examining gender and sexuality as categories of historical analysis, with an emphasis on the U.S. context.

MATHEMATICS (MATH)

Precalculus (5 credits)

MATH 159 replaces MATH 151 "Algebra and Trigonometry," (5 credit hours). The course change on the IUPUI campus follows the same change on the Purdue, West Lafayette campus. Basically only the course number and title have been changed to better reflect the level of rigor and purpose of the course. MATH 159 is a one-semester version of the two-semester MATH 153-154, "Algebra and Trigonometry I & II", sequence. The target audience for MATH 159 continues to be primarily students going on to calculus (either MATH 163 or MATH 221). The change in title is intended to better convey this purpose. However, students with a high enough placement score may also take the one-semester MATH 159 as a prerequisite for courses that would otherwise require MATH 153 and 154, just as they have done for MATH 151 in the past.

Should you have any questions concerning the change from MATH 151 to 159, please feel free to contact the Department of Mathematical Sciences at 274-6918.

The following courses are offered through the Weekend College. Weekend College classes begin Friday, August 27, 2004 and end with finals the week of December 14, 2004. No classes are scheduled November 24 - 28, 2004 (Thanksgiving Break). Classes with insufficient enrollment will be canceled by the Department.

These courses are crosslisted in the departmental sections of this schedule. Call (317)274-9840 for more information or to request the Give Yourself Credit publication which provides complete information about the Weekend College, Community Outreach, Distance Learning and Off-campus credit classes.

OBTAINING AN APPLICATION

You may apply on-line or download an application at www.enroll.iupui.edu. Follow all directions carefully.

APPLICATION FEE

You must pay a non-refundable application fee. Your application fee is valid for two years. This fee must be paid even if you applied to another campus of IU or Purdue. Students transferring from another Purdue campus do not need to pay an application fee.

WHEN TO APPLY AS AN UNDERGRADUATE STUDENT

You may apply as early as one year in advance of your proposed enrollment. All required credentials must be received before an application will be reviewed. After all credentials are received allow four weeks for the review process.

Applicants who file an application with all required credentials and who have paid the application fee by the priority date will receive full consideration for the semester requested. If admitted, you will be invited to register at a date earlier than final registration provided you participate in the new student orientation program. Applicants who file an application after the priority date will be considered on a space-available basis and, if admitted, will likely register for classes during final registration. Conditional admission will close without prior notice sometime after the priority date.

We want to help you get off to a good start at IUPUI, and the sooner you apply, the better we will be able to serve you.

Types of Undergraduate Admission, Required Credentials, and Qualifications

The University offers you three categories of undergraduate admission: degree-seeking, visiting, or adult special student. Please read the following for definitions, qualifications, and required credentials.

DEGREE-SEEKING STUDENTS

If you wish to enter an undergraduate certificate, associate, or bachelor's degree program, you will apply as a degree-seeking student, even if you are unsure of which degree program. You will apply as either a beginning or a transfer student.

BEGINNING FRESHMAN

You are a beginning freshman if you have never enrolled anywhere (college, business, or vocational school) after high school graduation. We will examine your high school record including courses completed, grades earned, and standardized test results. The trend in your marks and the degree of difficulty of your courses are also important.

Required Credentials

1. High school seniors and high school graduates: official high school transcript showing work beginning with the ninth grade.
2. GED: General Education Development Equivalency Certificate required if you left high school before graduation. Provide a copy of score results.
3. Official SAT I or ACT test results.

Current high school students are required to take the ACT or SAT I test. Applicants with a GED who are 18 must also take the ACT or SAT I. We must have these results before making an admission decision.

Students who have graduated from high school within the past three years should submit SAT I or ACT scores, if taken while in high school.

Students who have graduated from high school more than three years ago are not required to submit ACT or SAT I scores.

4. All beginning students are required to take IUPUI placement tests following admission. The Office of Undergraduate Admissions will notify students of placement testing requirements and procedures for taking the tests once we receive an application for admission. Delay in taking placement tests may result in cancellation of admission for the desired term of entry.

166 General Admission Information

IUPUI Admission Standards

Beginning Students

High School Graduates Admission Requirements — Regular Admission

- Graduated from High School or will graduate before enrolling at IUPUI.
- Provide the results of your SAT or ACT**.
- Indiana high school graduates are expected to complete Core 40. (Academic Honors diploma highly encouraged).

For students who have completed Core 40 with a C average or higher in all Core 40 courses, SAT scores should be 900 or higher or ACT composite of 19 or higher.

For students who have earned an Academic Honors diploma, the applicant will be considered fully qualified regardless of test scores; however, scores must be provided.

- We recommend that all high school students complete the following:

4 years of English

3 years of Math (including second year Algebra); a fourth year is highly recommended.

3 years of Social Sciences

3 years of lab science

4 years of additional college preparatory courses selected from English, mathematics, social sciences, lab sciences or foreign language.

** (Seniors in high school must take one of these tests.) If your class has graduated and a fall semester has passed since you graduated, you do not need to take the SAT or ACT. (however, if you did take the test, we would like to see the results.)

- Returning adult students should note that SAT or ACT scores are not required and although a high school transcript is required, the admissions committee also considers such things as military experience, life experiences, and job responsibilities when reviewing the application.

Conditional Admission

If you do not meet the above criteria, you will be considered for conditional acceptance based on other factors that will indicate your potential for success at IUPUI: overall quality of your high school coursework, work experience, maturity, and military service.

If you have significant deficiencies in either academic preparation or performance, we will defer your acceptance until you complete designated courses at the Community College of Indiana or another two-year college. A deferral contract outlining the courses to complete will be sent to you. Our program with the Community College of Indiana (Ivy Tech State College/Vincennes) at Indianapolis is called **Partners**, and admissions counselors at both schools are prepared to assist you with a program of study leading to transfer to IUPUI.

GED Admission Requirements

Students enrolling at IUPUI who have not attended college after earning a GED are considered beginning freshmen students. The following are the admission requirements:

- Earned the GED with a score of 53 (530) or higher.
- If you are under 19 years of age, you must provide the results of an ACT or SAT I test.

If your GED score is below 53 (530), you will be deferred to the Community College of Indiana. (See above section on conditional admission.)

TRANSFER STUDENT

If you enrolled at any post-secondary school after leaving high school, you are considered a transfer student. We will examine your college transcripts including courses completed and grades earned. Your high school record will be examined for academic units and will play a role if you

Problems? Call the Help Line: 274-1508

have less than sophomore standing or your college work is below our requirements.

The Office of Undergraduate Admissions maintains a website which shows how courses transfer from many institutions. For more information visit: enroll.iupui.edu

Required Credentials

1. Official high school transcript showing all work beginning with ninth grade. (This requirement is waived if you have 25 hours of transferable college work.)
2. GED score results if you left school before graduation.
3. Official SAT I or ACT test results. This requirement will be waived if you have been out of school for one year or if you have 25 hours of transferable college work.
4. Official transcripts from all colleges and business and vocational schools you have attended. Grade reports, FAX copies, and photocopies are not official.

Transfer Admission Standards

General Policy — For regular admissions you must have a cumulative grade point average of 2.0 on a 4.0 scale and be eligible to return to your previous college. *If you do not have a 2.0 or you are not eligible to return to your former school, you must sit out for one regular semester**.* Summer sessions do not count. If you have been dismissed twice, you must be out of school for two full semesters. Please mail a statement with your application explaining what caused the low grades and how you will approach your studies at IUPUI.

** Purdue students are exempt from this policy unless they are on drop status or are required to sit out one semester.

Admission on Probation

If you are below a 2.0 you will be considered for admission on probation provided you have met or are meeting the required time out of school. In some cases students below a 2.0 will be required to file a petition and perhaps schedule an interview. After reviewing your application, the Undergraduate Admissions Office will advise you if you must take these steps. We encourage you to apply three months in advance of your proposed starting date.

VISITING STUDENTS

If you are working on a degree from another institution and wish to take courses at IUPUI, apply as a visiting student. You are responsible for verifying that your home institution will accept the course credits. Your permission to enroll is for one term; however, an admissions counselor can authorize enrollment for additional terms if you are completing your final courses for a degree or if you are in the area on an internship or co-op program. You are not eligible for financial aid as a visiting student. If you wish to enroll in mathematics or English courses, you must either have completed a freshman level (non-remedial) college course or complete the IUPUI placement tests. If the course at IUPUI has prerequisites, you must provide a full transcript to the IUPUI academic adviser who will authorize your registration in the course.

Special note: Students working on degrees at other IU campuses and who wish to register for courses at IUPUI should visit www.iupui.edu/~moveiu or call the IUPUI Office of the Registrar, 274-1512, to schedule a registration time. Foreign students on nonimmigrant visas who wish to attend IUPUI as a visiting student should apply through the Office of International Affairs, Union Bldg., Rm 207, (317) 274-7294.

Required Credentials and Qualifications

1. Must be a current college student (enrolled within the last 12 months). If you have not enrolled within the past 12 months, provide a letter from either the dean or your academic advisor at your home institution stating that you have permission to transfer credits from IUPUI to their degree program.
2. Provide a photocopy of your most recent grade report or transcript.

3. Have a cumulative grade point average of a 2.0 on a 4.0 scale and be eligible to return to your school.
4. For high school seniors who have graduated and wish summer school enrollment before attending another college, provide a copy of the acceptance letter from the other college and a copy of the high school record. You must meet all IUPUI admission requirements for beginning students.

ADULT SPECIAL STUDENTS

If you are sponsored by your employer to enroll in a specific IUPUI course or you wish to take a course for self-enrichment, you may apply as an adult special student. You are strongly encouraged to discuss your plans and previous educational background with an admissions counselor before filing an application. If you have attended college but interrupted your education for three or more years and need additional time to complete your application for a degree program, you may request consideration for temporary student status. Permission to enroll is usually for one term.

You are not eligible for financial aid as an adult special student.

If you wish to enroll in mathematics or English courses, you must either have completed a freshman level (non-remedial) college course or complete the IUPUI placement tests.

Required Credentials and Qualifications

1. You must be 21 or older.
2. If you never attended college, you must be a high school graduate or have a GED and provide a photocopy of your diploma, high school transcript, or GED results.
3. If you previously attended college, you must not have enrolled anywhere for the past three years and provide photocopies of grade reports or a college transcript.
4. If you are being sponsored by an employer and you are not able to obtain the above documents, you may submit a letter of sponsorship from your employer.

ORIENTATION, EVALUATION OF CREDITS, FINAL TRANSCRIPTS

Orientation

After admission, you will receive information about our New Student Orientation (academic advising, orientation, and registration) from the Office of Orientation.

Evaluation of Credits

With your admission letter, you will receive a credit evaluation report for all college work completed, military training and courses, CLEP test results, and the College Board Advanced Placement (AP) exam results.

Final Transcripts

If you are enrolled in high school or college at the time of admission, you must arrange for final transcripts to be sent to the Office of Undergraduate Admission. The final transcript will be reviewed for satisfactory completion of entrance requirements, and a final credit evaluation will be completed.

Graduate Admissions

Degree-Seeking Applicants

Website: www.iupui.edu/~resgrad

IUPUI has a decentralized process for graduate-level admissions. Each degree program has different admission requirements, and the admission process will normally take between three and nine months to complete. A prospective graduate student should discuss the application process and receive academic advising from the IUPUI school or department offering the degree program. General information on most graduate and professional programs is available in the IUPUI Graduate Office, Union Building, Room 518, but it is best to request it directly from the department.

Graduate Non-Degree Admissions

GRADUATE NON-DEGREE PROGRAM APPLICANTS

ELIGIBILITY

Graduate Non-degree classification is for, but not limited to, the following applicants who held at least a bachelor's degree from an accredited college or university:

1. Applicants who are awaiting acceptance to a graduate program and wish to take graduate courses with the guidance and approval of a graduate degree program advisor.
2. Applicants who want to take course for professional or personal development.
3. Applicants who are unsure of what graduate program to which they wish to apply and wish to sample available programs.
4. Applicants who are taking prerequisites required for admission to a graduate or second bachelor's degree program.

Education applicants, who want license renewal, endorsement, or certification for Indiana Teacher's license, should contact the School of Education, ES 3131, (317) 274-6801 for admission. Graduate Non-Degree students may take no more than 12 graduate hours of education coursework prior to admission to a degree program in the School of Education. Web: education.iupui.edu

Your admission to the Graduate Non-Degree Program will not ensure admission to another degree program nor does it guarantee that the courses taken under this admission status will later count toward that degree.

Most degree programs will accept no more than 9-12 credit hours toward their degree of coursework taken in Graduate Non-Degree status. Graduate courses in Law, Medicine, Social Work, Business, Informatics and Library Science are not open to Graduate Non-Degree students. You should always contact the school or department offering the degree program before taking any courses that you may later wish to count toward a degree.

GRADUATE NON-DEGREE POLICIES

- Students must maintain a minimum GPA of at least a 2.5.
- Students may not take more than 18 credit hours in a single subject area. Exceptions may only be granted with written permission from the department.
- Students are not eligible to take medical research courses.
- Returning Graduate Non-Degree students who were admitted after January 1, 1993 and completed courses while in GND status but who have stopped out for two years or longer will need to complete a GND Update Form obtained from our website. Those admitted to the GND Program prior to that date will need to complete the online application.

STUDENT BILL/ACCOUNT STATEMENT (Billing, Statement or Account Statement)

Coming soon: Electronic Bill Presentment and new paper format. See the Bursar website, www.bursar.iupui.edu, for up-to-date information.

The statement indicates all obligations owed the University and may have the following notations or flags. Make note of these flags and follow all instructions.

1. Contact Student Loan Administration

A notation to contact Student Loan Administration (SLA) means that SLA has encumbered the account. If SLA does not release the account, the enrollment may be terminated even if full payment has been received. Recipients of financial aid will not receive financial aid credits until a clearance has been obtained from the SLA office. For SLA information please telephone 1-800-458-8756.

2. No Checks Accepted

If this notation appears on the statement, payment of fees or other items must be made with guaranteed funds only. Guaranteed funds include cash, cashier's check, certified check or money order. No personal or company checks will be accepted on this account. If a personal check is sent, the check may be returned and the enrollment is subject to termination. For reinstatement of check writing privileges, look in the Appeal Procedures section under Check Acceptance Privilege Appeals.

3. Personal Deferment Option Denied

If this notation appears on the statement, the deferred installment option is not authorized. The deferment option is denied for a one-year academic period. All fees must be paid in full by the due date. For reinstatement of personal deferment privileges, look in the Appeal Procedures section under Deferred Installment Plan Appeals.

4. "CR" After Total Due

Do not pay an amount which has a "CR" in the Total Due box. This credit balance indicator may indicate that an excess of funds has been previously applied to the account. A review of the bursar account may generate a refund check, which will be mailed to the address on the Registrar's record. Payments for a "CR" amount may be returned unprocessed.

MULTI-CAMPUS ENROLLMENT

- Students who enroll on more than one campus of Indiana University must verify that satisfactory financial arrangements have been made by the due date of each campus. Fee payment information varies from campus to campus. Contact the Office of the Bursar at each campus for specific fee payment information.
- In the case of multi-campus enrollments, bills may be prepared and mailed by either or both campuses for each semester or session. To maintain IUPUI enrollment, IUPUI charges must be paid or removed by the IUPUI due date.
- Deferred installment plan (Personal Deferment Option) charges must be verified at each campus.
- Payments made with a cashier at IUPUI for other campus' charges, which are due that same day, should be confirmed as paid. The cashier will take appropriate action to avoid possible penalties assessed by the other campus.

STUDENT ADDRESS

Addresses on file with the Office of the Registrar are used for all bursar mailings. It is important to keep ALL information up-to-date. Inaccurate or outdated address information may result in the delay or even loss of your important financial materials. Because the campus is responsible for maintaining the security and integrity of the file update, changes may be made on-line through www.insite.indiana.edu or in-person at the Office of the Registrar, CA 133, 425 University Blvd., Indianapolis, IN 46202-5144.

The request may be denied if the account is encumbered.

SHORT-TERM LOANS

(Limited service based on funds)

\$7.50 Service Charge
(Non-refundable)

This service is available to any student who needs emergency funds and meets the following criteria:

- Enrolled in at least 6 IUPUI credit hours for the fall or spring academic term (at least three per summer session).
- Good bursar credit history.
- Current fees must be paid or deferred.
- Maximum of 2 loans per academic semester or 1 loan per summer session.

The short-term loan application can be requested from, completed and returned to any Cashier. The proceeds will be available via mail the next day or picked up after 3:30 p.m. from a Cashier two business days later.

Appeal Procedures

Changes in your account status with the Office of the Bursar may be appealed if there are significant or unusual circumstances. Appeals should be addressed to the Office of the Bursar referencing account name, identification number, and current mailing address. Pertinent information regarding denial of University services, request for services reinstatement, and supporting documentation are necessary for consideration of appeals. A decision will be rendered in four to six weeks. Current status notification will be sent after a decision has been made. All appeals should be submitted at least 30 days before a registration period, whenever possible.

FEE REFUND APPEAL PROCEDURES:

In order to be considered for a refund or waiver of fees, a student must:

- Submit the appeal within the same term as the withdrawal and no more than one year following the close of the appealed semester.
- Have officially withdrawn from classes, if applicable, to appeal.
- Submit a written request with the following information:
 - name, address and student identification number.
 - detailed reason(s) for the appeal.
 - specific semester and course(s) for which the refund is requested.
- Supply supporting documentation on letterhead or via email:
 - letter from Dean, Department Chair, counselor or instructor.
 - letter from physician detailing nature of illness or injury.
 - other documentation necessary, i.e. employer, police report, etc.
 - letter(s) from Professor(s) confirming non-attendance.

Please note that financial aid MAY be placed into repayment status if an appeal is granted. These candidates should **consult the Office of Student Financial Aid Services for counseling before withdrawing and appealing.**

CHECK ACCEPTANCE PRIVILEGE APPEALS

The privilege of using personal checks with cashiers or the Office of the Bursar is denied when two or more nonnegotiable checks have been returned by the bank or may be denied for a history of bad credit. One year after the denial of the privilege or after payment for the nonnegotiable check and its fees, whichever is more recent; an appeal may be filed. A favorable decision will be a probationary privilege, which may be revoked upon receipt of another nonnegotiable check. Requests for probationary check-writing privileges must be made in writing and received at least 30 days before registration, whenever possible.

DEFERRED INSTALLMENT PLAN APPEALS**(Personal Deferment)**

This privilege may be denied when a late payment has been received on the personal deferment balance or when an account has shown a history of bad credit. One year after the privilege has been revoked or after payment of delinquent fees, whichever is more recent, creating a new favorable credit history, an appeal may be filed. Requests for reinstatement of personal deferments must be made in writing and received at least 30 days before registration, whenever possible.

MANDATORY FEES

STUDENT TECHNOLOGY FEE RATES

Student technology fee income is used to fund technology resources that are directly accessible to students, and of which students are the primary beneficiaries. Resources are interpreted to include not only technological equipment, but also personnel to support student use of, and access to, the equipment. Guidelines for the allocation of Student Technology Fee funds by academic units require student participation in the planning process. Technology fees are based on your class standing as determined by your academic unit at the time the fees are assessed. The IUPUI semester technology fee schedules are as follows:

Payment Options and Information

METHODS OF PAYMENT

Your bill may be paid by mail or in person in the Enrollment Services office. Commonly accepted payment methods are cash, check, money order, and charge. Because paying in person may involve waiting in line, students are encouraged to pay by phone, by mail, or by using the drop box. Mailing your payment at least five business days before the due date will help ensure receipt of payment by the due date. Please be aware that nonpayment of your bill may jeopardize your enrollment, so arrange for payment on your account early.

Cash or Traveler's Check Payments

1. All payments must be United States currency.
2. Do not place cash in the bursar drop box as it must be accepted by a cashier with a receipt returned acknowledging the transaction.
3. Do not place signed traveler's checks in the bursar drop box, as they must be negotiated through a cashier with a receipt returned, acknowledging the transaction..
4. Traveler's check payments must be in United States dollars and drawn on a United States bank.
5. If payment is made by check, any resulting or future credit balance will be refunded after 14 days.

Check or Money Order Payments

1. Electronic check presentment via the web is preferred. You may access QuikPay from our webpage: www.bursar.iupui.edu.
2. Checks or money orders must be payable to IUPUI.
3. Checks or money orders must be payable in United States dollars and drawn on a United States bank.
4. Postdated checks are not accepted.

CREDIT CARD PAYMENTS

New opportunities are coming as Pay-By-Phone is going away. See the bursar website. Currently, you are encouraged to use the PAY-BY-PHONE SYSTEM to charge your fees to your credit card. Within the Indianapolis metropolitan area, dial 274-8729 or toll free outside the Indianapolis area by dialing 1-888-677-8729. VISA, MasterCard, and DISCOVER are the accepted credit cards.

To use this service the caller must know the student's account number, your credit card number, your credit card expiration date, and the amount you wish to pay. (You may also refer to your student bill for balance information or check your account through the insite system at <http://insite.indiana.edu>)

The caller will receive confirmation if the charge payment has been authorized by your bank, and the payment will be applied immediately to the student's account.

Please note that the student account number and PIN# are needed for balance inquiry.

If payment is made by credit card, any resulting or future credit balance may be refunded by check. For more information about refunds, look in the Check and Account Information section.

MAIL-IN PAYMENTS

**** Do not mail cash ****

Students who register during Priority Registration may pay fees by mail with:

1. Check or money order for United States dollars, drawn on a United States bank, and made payable to IUPUI. The canceled check will be payment receipt.
2. Deferred installment plan (personal deferment). See below for more information.
3. Sponsor authorizations. For more information, read the Sponsored Student section.

Any personal checks may be returned if the account indicates to send Guaranteed Funds. Students with address change information may refer to the Student Address section.

DEFERRED INSTALLMENT PLAN (Two- or Three-payment plan)

(Personal Deferment Option) Non-refundable service charge.

Students who register during the priority registration period may pay the minimum payment amount as indicated on the Account Statement, if they are eligible for the Deferred Installment Plan. This amount includes 100% of prior-term charges, if any; 100% of campus housing charges, if any; 100% of any optional selections; 40% of credit hour, course related and mandatory fees; and the personal deferment service charge. Denial of subsequent plans may occur when the second or third payment is received after the deferment balance due date.

1. The minimum payment will be calculated and listed on the initial semester billing for the fall or spring semesters. Students who have enrolled on more than one campus should read the Multi-Campus Enrollment section for more details.
2. If you make schedule adjustments prior to the due date, the minimum amount must be recalculated if you wish to use this option. Please email: Bursar@iupui.edu to request recalculation of the minimum.

3. The second bill of the Fall or Spring Semester will include the minimum payment for eligible students who register, add or have already made a first installment payment. A deferment service charge (about one half, the installment service charge) will be added to the student account.
4. A payment received that is equal to or greater than the required down payment and less than the total amount due, will be treated as an installment payment. The service charge will be applied to the account.
5. Financial aid credits, fee remissions, sponsor authorizations, etc., may not be used for personal deferment down payments.

SPONSORED STUDENTS

Sponsored students are those for whom an agency outside the university is paying student fees. This usually is an employer but includes government agencies, Vocational Rehabilitation, Military branches, foreign governments, and others. Mail authorizations at least 5 days prior to due date to: Office of the Bursar, PO Box 6020, Indianapolis, IN 46206-6020. Authorizations may be placed in the drop box at least two (2) days prior to the due date. A fax may also be used for submitting an authorization by dialing (317) 278-1579.

The authorization must, at a minimum, reference the student's name, identification number, and state the amount and type of fees the sponsor intends to pay, ie, course fees, lab fees or other mandatory fees associated with the course such as the technology and activity fee. The authorization must include the effective period for the authorization and be on official letterhead or billing form of the sponsor. A revised account statement will be provided to students presenting authorizations in person.

1. Authorizations maintained in the Office of the Bursar will be applied to the student account. Payment of fees cannot be conditional upon: grades, completion of courses, or employment status. The billing authorization must include a complete mailing address and a telephone number of a contact person. Automatic authorization application changes must be made in writing.
2. Sponsoring agencies are not routinely billed for library charges, returned checks, parking decals or tickets, ID cards, recreation fees, locker fees, late charges, etc. Students may be responsible for these fees.
3. Sponsor payments on your account could affect your aid package, if you are a financial aid recipient.
4. When the sponsored student chooses not to attend IUPUI, enrollment must be terminated by written request to the IUPUI Office of the Registrar. Fee payments not paid by the sponsor per the terms stated on our sponsor billing may become the student's responsibility. If the student has applied for financial aid, it is the student's responsibility to notify the Office of Student Financial Aid Services of any sponsorship for which they may be eligible. Failure to remit payment in a timely manner could result in the Bursar Office not accepting future authorizations from a sponsor.
5. Fee payments not paid by the sponsor within 30 days of the billing date become the student's responsibility.

Financial Aid Recipient Information

Financial aid recipients are considered those students who have their tuition obligations reduced by the following:

1. Grants: SSACI, Pell, Lilly, etc.
2. Scholarships
3. Monies borrowed from banking institutions
4. Monies borrowed through the University: Perkins, NDSL, Federal Nursing, Health Professional, etc.
5. University fee courtesy for full-time employees
6. University departmental fee remissions.

When you register, all processed financial aid will be indicated on your Student Bill/Account Statement.

1. Financial aid recipients whose aid is not posted on their statement must verify aid status at the Office of Student Financial Aid Services.
2. Any aid awarded by the Office of Student Financial Aid Services must be confirmed before the due date.
3. For a revised Account Statement, please check "insite", email bursar@iupui.edu, or visit an University Cashier.

FINANCIAL AID DISBURSEMENT

When financial aid awards are greater than the amount of fees due, refund checks may be generated. Direct Deposit or refund checks are available to eligible recipients starting the first designated day of financial aid disbursement each semester. See the Bursar Calendar for specific semester dates. Federal regulations state that:

1. Title IV grant and loan monies may not be used for non-educational purposes (including but not limited to: parking decals, recreation and locker fees, parking and library fines, etc.) without a signed Student Letter of Authorization on file. The letter is valid for the student's entire career at the institution where it is filed. Those students who are eligible for federal aid will receive mailings detailing and including authorization letters and cancellation policies.
2. Delivery of bank loan monies to educational institutions may begin no sooner than 13 calendar days before the first day of class.
3. Monies can be disbursed by the IUPUI Office of the Bursar to students no sooner than 10 calendar days before the first day of class.

Bank loans and University loans must be paid back, both principal and accrued interest, by the student or parent as defined in the terms related to the loan type.

Any account charges that remain unpaid after all aid has been applied or award(s) canceled become the responsibility of the student.

FINANCIAL AID DEFERMENTS — for Summer I & II 2004

A Financial Aid or Loan Deferment may be obtained through the Office of Student Financial Aid Services. A deferment is for current semester fees and other current semester charges. The presence of a deferment will preserve the enrollment and allow the payment of fees to be handled by the aid when it arrives.

1. The deferment must be posted before the due date (most deferments are posted automatically when a student qualifies — please check "insite" or your bill details for the deferment entry).
2. To avoid jeopardizing enrollment status or credit history with the University, students must monitor their account to ensure aid is applied. Be sure to see a member of your financial aid team to verify the status of your aid.
3. If you get a financial aid deferment and you do not receive your expected aid, you are still responsible for the outstanding fees due.
4. If you get a financial aid deferment and subsequently decide you do not wish to attend school, you MUST pursue a total withdrawal by notifying the Office of the Registrar. Doing so prior to the close of the 100% refund period will ensure full crediting of your account for assessed instructional and course fees.
5. If a deferment is received, it is expected that the related aid will be processed within a one-month timeframe. Late payment charges may accrue if not processed within the timeframe.
6. While the presence of a deferment on your account will preserve your enrollment, your outstanding fees will automatically be flagged as "past due" if not paid by the due date shown on your bursar bill. Even though "past due" the terms of the deferment are still in force.

Beginning Fall Semester 2004, financial aid deferments for fees will be seen as anticipated aid. Verify your status with financial aid or bursar@iupui.edu.

180 Office of the Bursar

SCHOLARSHIP CHECKS PAYABLE TO THE STUDENT

Because the IUPUI Office of Student Scholarships is responsible for proper administration of student scholarships, it must acknowledge all scholarships. If scholarship checks are sent directly to an IUPUI student, they must be presented and processed through Office of Student Scholarships, Cavanaugh Hall Room 003, 425 University Blvd., Indianapolis, IN 46202-5143. Do not use the familiar bursar return envelope as that will slow the processing of your important financial aid. Contact the Office of Student Scholarships for additional information and instructions at 317-274-3720.

BANK LOANS — for Summer I & II

(Stafford and Guaranteed Student Loans [GSL])

By the semester due date and to maintain enrollment status, you must obtain a Loan Deferment, if qualified. Refer to the instructions above for getting financial aid deferments.

If undergraduate students are enrolled in less than six hours for fall or spring semesters or less than 3 hours for the summer sessions, an approval is required from the Office of Student Financial Aid Services prior to processing of a bank loan or loan deferment. Graduate students enrolled in less than four hours for any session must have an hours approval from the Office of Student Financial Aid Services before processing a loan deferment.

The section entitled Financial Aid Disbursement has more information detailing processes and procedures.

UNIVERSITY LOANS

The Office of Student Financial Aid Services awards Perkins Loans, National Direct Student Loans (NDSL), Federal Nursing Loans, Health Professions Loans, or other University loans. Promissory notes are created by Student Loan Administration (SLA) and are audited for student enrollment eligibility verification, and mailing to the borrower. The original loan note and any enclosed documents must be signed by the student and returned to SLA in the envelope provided. When SLA receives the signed promissory note, it is recorded on the student account and the appropriate credit is posted. An unsigned loan note is not a valid credit and may jeopardize your enrollment status. If an expected University loan has not been received, signed, and returned, the student must contact the Office of Student Financial Aid Services to request a financial aid deferment before the Summer session due dates only.

DEPARTMENTAL FEE REMISSIONS

All IUPUI departments may submit award notifications to the Office of the Bursar for processing. An award from another campus for IUPUI courses must be posted by the IUPUI Office of the Bursar. The student must:

1. Verify the award is on the Account Statement before the due date.
2. Pay any remaining balance after application of the award.
Nonpayment of fees may jeopardize the enrollment.

FEE COURTESY POLICY

There is a fringe benefit of Fee Courtesy extended to all 100% FTE IU employees, their spouses and their dependents.

1. A full-time (100% FTE) employee of Indiana University enrolled for one to three credit hours in a semester or combined summer sessions will be given 100% fee courtesy credit for one to three resident credit hours. A full-time (100% FTE) employee of Indiana University enrolled for an additional one to three credit hours in a semester or combined summer sessions will be given fee courtesy for one-half the resident credit hour rate. Course fees for any courses in addition to the six hour entitlement will be assessed at the full resident credit hour rate. Upon completion of courses, if a grade of C- or less is obtained in the course receiving 100% fee courtesy, 50% of the fee courtesy will be reversed and fees must be paid by the employee. If a grade of "I" (incomplete) is reported, the employee will be billed for and must pay one-half of the fee courtesy benefit. If the grade is later changed to R, S, P, or C or higher, the employee must contact the IUPUI Office of the Bursar to obtain an adjustment.

2. If the employee withdraws after the 100% fee refund period from hours covered by the 100% fee courtesy, the employee will be billed for one-half of the forfeited fees.
3. The spouse of a full-time (100% FTE) employee of Indiana University is entitled to a fee courtesy credit of one-half the resident undergraduate credit hour rate for a maximum of three credit hours per semester or combined summer sessions.
4. The dependent child of a full-time (100% FTE) employee of Indiana University is entitled to a fee courtesy credit of one-half the resident credit hour rate. The credit is applied to all courses taken in a semester provided the student has not already earned a baccalaureate degree.

For fee courtesy information and applications, contact the Office of Student Financial Aid Services on your campus. It is recommended that these applications be completed by the following dates to ensure that the credit will be available for registration.

Summer Session I	March 1
Summer Session II	March 1

ADDING COURSES

Charges resulting from adding a course will appear on your Student Bill/Account Statement. These charges must be paid by the due date listed. Failure to make payment or, when eligible, obtain a deferment of fees from the Office of Student Financial Aid Services by the listed due date may jeopardize your enrollment status and your ENTIRE enrollment may be subject to termination.

DROPPING COURSES

To receive credit for a dropped course, the schedule adjustment form must be received in the IUPUI Office of the Registrar for processing. For refund information, refer to Refund Schedule.

1. Verify the correct course has been dropped.
2. Any credits for dropped courses will be applied to the account.
3. Refund amounts are determined by the date the drop activity is processed by the IUPUI Office of the Registrar.

DROP/ADD EVEN EXCHANGES — For Summer I & II 2004

1. Courses with the same credit hours and course-related assessments may be dropped and added within any given refund period as an even exchange.
2. After the refund period there is no refund credit given for a dropped course, even if the exchange is for equal value. The student will be required to pay in full for any added course, plus the late program change fee.
3. Section changes (changing from one section to another section of the same course with the same number of credit hours) are permitted, throughout the semester, as an even exchange.
4. A late program change fee will be assessed for EACH change.

TERMINATION OF ENROLLMENT

After the semester's first due date and upon completion of payment and deferment processing, a system-generated termination is initiated which may cancel student enrollments and reverse enrollment fee charges. Cancellation of classes and reversing of fees is completed to:

1. Allow reports to be generated and sent to schools and departments, providing them with accurate enrollment statistics.

2. Assist students choosing not to attend classes, but who do not advise the Office of the Registrar of their decision.

This is not a means of withdrawal on the part of the student. If you do not wish to attend your confirmed classes and you wish to preserve your academic record, follow the procedures outlined in the front of this Schedule of Classes or on the IUPUI Registrar's website: registrar.iupui.edu.

VOLUNTARY WITHDRAWAL FROM SCHOOL

1. Please refer to the procedures listed on the Registrar's website at: registrar.iupui.edu or under the registration header in the front of the Schedule of Classes.
2. Do not depend on nonpayment to terminate your enrollment. Prior term credits may have applied to current term charges, which may maintain current enrollment status.
3. If you decide you do not wish to attend school, you **MUST** pursue a total withdrawal by notifying the Office of the Registrar.

Check and Account Information

REFUND CHECKS

The Office of the Bursar conducts all of its business directly with the student. Just as monthly charges are listed in the student's name, so are any course withdrawals that might produce a refund. Therefore, refunds are drawn in the name of the student. Refunds will not be generated on the day a class is dropped. Financial aid recipients may be required to wait an additional length of time for an extra screening by the Office of Student Financial Aid Services. If your refund is not received within 35 days from the date the drop was made, please contact the Office of the Bursar, bursar@iupui.edu.

DIRECT DEPOSIT

Direct Deposit is a service which allows eligible students to have refunds deposited into their personal checking accounts.

Eligible students are those who have credit on their bursar accounts resulting from:

- dropped classes
- bank loans
- financial aid
- other refundable credits.

and whose bank participates in Direct Deposit.

Advantages of Direct Deposit:

- Funds will be deposited into checking account at earliest opportunity.
- Funds won't be delayed or lost in the mail.

Sign up for Direct Deposit at www.onestart.iu.edu. When enrolling, be certain that your bank information is correct.

DELINQUENT ACCOUNTS

IUPUI Charges A Late Fee On Past Due Bursar Accounts.

University policy requires timely payment for all charges owed to Indiana University, including but not limited to, tuition and fees, library and parking fines. Failure to make payments on time will subject you to an additional charge of \$12.00, which is subject to change without notice.. Timely payment of your account with approved financial aid, personal check (unless restricted), credit card or cash will ensure that you avoid the late fee assessment and keep your account in good standing.

In addition to monthly late fees the University reserves the right to restrict services, terminate enrollments, contract for outside collections, and pursue legal action in the collection of any past due debt.

STOP PAYMENT ON CHECKS

A stop payment order issued through your bank does not constitute official withdrawal. See the section entitled Dropping Courses to withdraw from classes. A service charge will be assessed and is nonrefundable on all stop payment orders. See Returned Checks, below, for service charge information.

RETURNED CHECKS

Upon the return by the bank of any nonnegotiable check, your account will be assessed a nonrefundable service charge. Nonnegotiable checks for fees may cause termination of enrollment in addition to the service charge. The current service charge is \$20.00 per check or 5% of the face value of the check (whichever is greater). The return by the bank of two or more nonnegotiable checks will jeopardize check-cashing privileges and your credit standing with Indiana University.

NONNEGOTIABLE CREDIT CARD

Upon the return by the bank of any nonnegotiable credit card, your account will be assessed a nonrefundable service charge. Nonnegotiable charges for fees may cause termination of enrollment in addition to the service charge. The current service charge is \$20.00 or 5% of the non-negotiable charge (whichever is greater). Your credit standing with Indiana University may be in jeopardy and monthly late fees may be assessed. Also, refer to the delinquent accounts section.

TEXTBOOKS

You will find books arranged by department and then numerically by course and section. Each text book has a shelf card that lists course, section, instructor, and if it is a "required" textbook. Recommended titles are so stated on the card (in these instances attend the class before you make your purchases.)

Locating your textbook can be made easier by having your class schedule with you. If you can't locate a book you need, don't hesitate to ask the staff for help. Each store has an alphabetical-by-the-author listing of all books being used for the current semester, and a listing of all courses, and the required books for each course. They also have a copy of each faculty request for any book used at their location.

ORDERING TEXTBOOKS ONLINE

The e-commerce solution to ordering your textbooks is here. Simply go to the IUPUI Jags Bookstores' website: bookstore.iupui.edu, click "mail order textbooks," and provide your course information when prompted. Once you've placed your order, you can track it by visiting the same web location. It's simple and easy, and you don't have to stand in line. Go online instead!

- Books bought from our own students during Buyback.
- Orders placed with used-book wholesalers throughout the nation.

TEXTBOOK RETURN POLICY

- Dates for refund periods will be posted in each store and given to each customer at the cash register.
- Return of purchases made by credit cards must be accompanied by:
 1. The credit card.

- Books purchased new must be in resaleable condition to be returned. We are not able to accept returns on new books that have been marked in, have a name written in, are stained, have bent covers, etc.

BUYING USED BOOKS

- Used books are in great demand and should be bought early.
- Used books sell for 25% less than new books.
- If there are used books available for a class, they will be shelved with the new books for that course.

SELLING USED BOOKS/BUY-BACK

- Cash is paid for used books during finals week, during late registration and other announced Buy-back dates. Current Student ID is required to sell books back.
- If a book is required for the upcoming semester, and is on the Buy-back list, the Bookstores may pay half of the current new price.

The IUPUI Career Center is a key resource for students, particularly exploratory students, who are considering academic majors and career paths. The center's primary purpose is to aid students in developing, evaluating, and effectively implementing a sound career planning strategy. Tools provided to assist in this process include self-assessment inventories, career counseling, workshops, the Student Employment Office and the IUPUI Internship Program. In addition, the Career Center houses JagJobs, the latest web-based technology for posting internships, non-degreed jobs and senior/alumni employment opportunities. Computing Support and University Information Technology Services

At IUPUI, information technology plays a vital role in the campus goal of becoming one of the nation's best urban universities. University Information Technology Services (UITS) offers a wide range of tools, services, and resources to students at IUPUI in support of this vision.

Tech support via e-mail, a walk-up window, phone, or the Web.

Technology Support is available 24-hours a day, seven days a week, 365 days a year. Look for answers to your computing questions on the UITS web site at uits.iu.edu. If you require further assistance, contact the UITS Support Center by phone at 274-HELP (4357), through e-mail at support@iupui.edu, or by visiting the walk-up window in ES2126.

Computers on campus

The Student Technology Centers (STCs) offer the latest in hardware and software, as well as on-duty Consultants ready to offer help should you have any questions or problems. There's even a 24-hour STC in BS3000, available for your convenience! For a complete list of STC locations and hours, select "Labs, Classrooms, and Instructional Resources" on the UITS web site at uits.iu.edu. If you would like to use a laptop computer on campus, UITS offers wireless access at some campus locations. For more information about using IU's wireless Virtual Private Network Service, see <http://kb.iu.edu/data/akbr.html>

Computing classes and technology training

UITS IT Training & Education offers free STEPS computing classes for students that cover a broad range of topics: Access, Dreamweaver, e-mail, Excel, Flash, Oncourse, Photoshop, PowerPoint, statistics (SPSS), Web development, and word processing. The classes are held in BS3003 and most are free to students and at a nominal fee for faculty and staff. Low-cost classes for faculty, students, and staff are also available. Advanced registration for classes is preferred but not required. See the IT Training & Education home page at itraining.iu.edu/iupui for a complete list of classes, dates, and times. IT Training Online is another resource from IT Training & Education available for students, faculty, and staff. You can learn computer skills — anytime, anywhere — through these self-paced tutorials on CD or the Web at itraining.iu.edu/online.

Incredible software offerings

Affordable and up-to-date software for students, faculty, and staff is readily available — thanks to IU's license agreements with companies such as Microsoft, Macromedia, and Symantec. Offerings include operating systems, antivirus programs, and software for word processing, spreadsheets, Web development, and more. IUware, a compilation of must-haves for computing at IUPUI, is available to students on CD at campus bookstores, or through the Web (iuware.iu.edu).

Confidentiality and Access to Student Records

IUPUI, in compliance with the Family Educational Rights and Privacy Act, provides that with the exception of directory information, all student records are confidential and available only to the student.

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

Access

The right to inspect and review the student's education records within 45 days of the day the University receives a request for access. Students should submit to the registrar, dean, head of the academic department, or other appropriate official, written requests that identify the record(s) they wish to inspect. The University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

The right to request the amendment of the student's education records that the student believes are inaccurate or misleading. Students may ask the University to amend a record that they believe is inaccurate or misleading. They should write the University official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the University decides not to amend the record as requested by the student, the University will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

Right to file a complaint

Students have the right to file a complaint with the U.S. Department of Education concerning alleged failures by Indiana University to comply with the requirements of FERPA.

Confidentiality and Disclosure

The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the University

has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the University may disclose education records without consent to officials of another school in which a student seeks or intends to enroll. Finally, "public information" may be released freely unless the student files the appropriate form requesting that certain public information not be released. This form is available online at registrar.iupui.edu/confiden.html or from the Office of the Registrar.

Public information at IUPUI is limited to:

Name	School or Division
University E-mail Address	Class Standing
Major Field of Study	Degrees and Awards
Dates of Attendance	Activities
Admission or Enrollment Status	Sports and Athletic Information
Campus	

Parental access to student records

Under the Family Educational Rights and Privacy Act, parental access to student records may be granted if the student is under 21 years of age and the parent certifies in writing that the student is a dependent as defined by the Internal Revenue Service (IRS). In the case of divorce either parent (custodial or non-custodial) has access to the record of a dependent student.

Availability of Public Information

Certain student information maintained in the Office of the Registrar is considered public. The complete list appears above. The university maintains an on-line address book which allows a user to find a limited set of information for an individual student by searching on a student's name or university network id. The address book displays the student's school, major, class standing, and, if available, the student's e-mail address.

The university makes limited public information for a student available through the "Public Services" option of [insite](http://insite.iu.edu). This screen displays a student's name, school, major, class standing, current and future semesters for which the student has registered, any semesters completed, and any degrees awarded to the student. The screen does not show the student's address, phone number, or any specific courses for which the student has enrolled or has completed.

IUPUI uses a course management system called Oncourse. Through use of Oncourse, all students enrolled in a course section will see the names of their classmates unless a student has filed a restraint of information in the Office of the Registrar (see below). The list of names is only available to the instructor and those enrolled in the specific class and does not provide a student's complete course schedule. A student's course enrollment is available only to students enrolled in that course section and not to anyone outside of the university. Only the name will appear unless the individual student releases additional information to fellow classmates through use of the Oncourse Profile system. See the Oncourse Students Guide for additional information.

Restraint of Release of Student Information

If you do not want all or some of the information released to any person other than IUPUI faculty or staff, complete a Restraint of Release of Student Information Form and return it to the IUPUI Office of the Registrar. A confidentiality flag will be added to your record by the Office of the Registrar. The restrainer will also block all information from appearing in the on-line address book, to classmates in Oncourse, or in the Public Services option of [insite](http://insite.iu.edu). To remove the restrainer, complete a Removal of the Restraint of Release of Student Information Form and return it to the IUPUI Office of the Registrar.

These forms are available on the Web at registrar.iupui.edu/confiden.html or may be obtained in the Office of the Registrar.

Disclosures

From time-to-time, the university is served with a subpoena for portions of a student's record. In these cases, we will write to the student or the student's attorney (if known) and inform them that unless we receive written notification that the student will attempt to quash the subpoena, we will provide the information requested, even if the student has placed a restriction on his or her record.

A number of IUPUI degree programs prohibit enrollment to anyone listed on the Indiana Sex Offender Registry. The Office of the Registrar will notify the school dean of any student on the Registry attempting to enroll in such programs.

Records of arrests and/or convictions and traffic accident information are public information and may be released to anyone making inquiry of the University Police.

For additional questions regarding the policy on the release of student information, contact the Office of the Registrar. For a full copy of the university policy on student records, see Appendix 4 in the Code of Student Rights, Responsibilities, and Conduct.

IUPUI does not provide lists of students or an individual student's address or phone number to outside businesses, agencies, students, or other parties. We will provide phone numbers in emergency situations and only following consultation with university police. However, because IUPUI participates in Federal Programs, we are required by Federal Law to make available to military recruiters the name, address, age, and prior military service status of all students at IUPUI.

The university sponsors an affinity credit card to IU students and alumni. A small portion of each charge is paid to the university while students and alumni have the opportunity to demonstrate their support of the university. A list of students is provided to the vendor each year for purposes of solicitation for this credit card only. Under terms of the contract the vendor may not share the list of students or alumni with other vendors. Students who have filed a restraint of release of information will not appear on this list.

Drug-Free Campus Policy for Students

As an institution of higher education, Indiana University Purdue University Indianapolis (IUPUI) has a responsibility to establish and maintain a safe, healthy academic environment for all students. In keeping with its policy stated in the Indiana University Code of Student Rights, Responsibilities and Conduct concerning the possession and/or use of alcohol and illegal drugs in compliance with the Drug-Free School and Community Act amendment of 1989, enacted by Congress as Law 101-226, this policy document is provided to each student.

IUPUI Regulations for Students

The following are examples of situations in which the University may discipline a student:

A. Unauthorized possession or use of alcoholic beverages

1. The following actions are prohibited by Indiana University of which IUPUI is part of Indiana University:

(I.C. 35-48-1-9)

APPLICABLE LEGAL SANCTIONS

The following information concerns state and federal criminal penalties related to alcohol and drug possession or use:

- All students are reminded that conviction under state and federal laws that prohibit alcohol-related and drug-related conduct can result in fines, confiscation of automobiles and other property, and imprisonment. In addition, licenses to practice certain professions may be revoked, and many employment opportunities may be barred.
- It is impractical to list all the alcohol and drug-related state and federal crimes and penalties. But all persons should be aware that in Indiana any person under 21 who possesses an alcoholic beverage, and any person who provides alcohol to such person, is at risk of arrest. Any person who is intoxicated in public risks arrest. A person convicted of driving while intoxicated may be punished by fine, be jailed, and lose his/her license to drive an automobile. Any selling of alcoholic beverages without a license is illegal.
- Illegal possession, use, distribution, or manufacture of controlled substances (drugs) can result in arrest and conviction of a drug law violation and:
 - fines up to \$10,000 (Indiana)
 - fines up to \$250,000 (federal)
 - imprisonment up to 50 years (Indiana)
 - imprisonment up to life (federal)
 - confiscation of property.

3. University Sanctions for Violations of Alcohol and Drug-Free Campus Policy

The University may discipline a student for acts of personal misconduct that are not committed on University property if the acts occur in the course of University-related activities that are being conducted off the University campus or if the acts relate to the security of the University community or the integrity of the educational process. Such acts include, but are not limited to, the following: drug trafficking, use, possession, or sale.

186 Student Information

SANCTIONS

The Dean of Students is authorized to impose any one of the following sanctions for an act of personal misconduct:

- Reprimand and warning
- Disciplinary probation
- Restitution
- Participation in a specific program (such as drug education or counseling)
- Provision of a specific service
- Expulsion from University housing
- Transfer to a different residence hall or housing unit
- Suspension from Indiana University (all campuses)
- Expulsion from Indiana University (all campuses)

Sanctions in each case are made only after a hearing and a determination of responsibility. Sanctions will vary depending upon the nature and circumstances of the offense and the student's record. Indiana University is a signatory to the Standards of the Network of Colleges and Universities Committed to the Elimination of Alcohol and Other Drug Abuse. These standards require the usual sanctions for drug dealing to be suspension or expulsion from the University.*

NOTE: Both campus disciplinary charges and criminal charges may be filed for the same action. Students may be subject to sanctions by both the campus and the courts for the same action.

*For more complete details of these sanctions and of the hearing process, students are referred to the Code of Student Rights, Responsibilities and Conduct.

4. Health Risks Associated with Alcohol and Controlled Substances (Drugs)

All persons should be aware of the health risks caused by the use of alcohol and by the illegal use of controlled substances.

- Consumption of more than two average servings of alcohol in several hours can impair coordination and reasoning and make driving unsafe.
- Consumption of alcohol by a pregnant woman can damage the unborn child. A pregnant woman should consult her physician about this risk.
- Regular and heavy alcohol consumption can cause serious liver problems, damage to the nervous and circulatory systems, mental disorders, and other health problems.
- Drinking large amounts of alcohol in a short time may quickly produce unconsciousness, coma, and even death.
- Use of controlled substances can result in damage to health and impairment of physical condition, including:
- impaired short-term memory or comprehension anxiety, delusions, and hallucinations
- loss of appetite resulting in general damage to the user's health, over the long-term
- a drug-dependent newborn, if the mother is a drug user during pregnancy (pregnant women who use alcohol and/or drugs or who smoke should consult their physicians);
- AIDS, as a result of "needle-sharing" among drug users
- death from overdose.

The health risks associated with illicit drug use and/or excessive use of alcohol are many, and they are different for different drugs. But all illicit, non-prescription use of drugs and excessive use of alcohol endangers your health. There are no good reasons for abusing drugs or alcohol.

Email as Official Correspondence with Students

At Indiana University, there is an increasing need for fast and efficient communication with currently enrolled students in order to conduct official business at the University. Students tend to communicate extensively through electronic mail. Each student is issued a University network ID and email account for use throughout the time the student is registered for classes at the University. Accordingly, email is an available mechanism for formal communication by the University with students. If a student chooses to forward his/her mail to another email address (AOL, Hotmail, departmental server, etc.), the student's primary campus email address remain the official destination for official university correspondence.

Policy

Email shall be considered an appropriate mechanism for official communication by Indiana University with IU students unless otherwise prohibited by law. The University reserves the right to send official communications to students by email with the full expectation that students will receive email and read these emails in a timely fashion.

Assignment of Student Email

Official university email accounts are available for all registered students. Official university communications will be sent to students' official university email addresses. For IUPUI, this is the @iupui.edu address. Instruction on establishing a university email account may be found by visiting <https://itaccounts.iu.edu>.

Students are expected to check their email on a frequent and consistent basis in order to stay current with university-related communications. Students must insure that there is sufficient space in their accounts to allow for email to be delivered. Students have the responsibility to recognize that certain communications may be time-critical. Students will not be held responsible for an interruption in their ability to access a message if system malfunctions or other system-related problems prevent timely delivery of, or access to, that message (e.g., power outages or email system viruses. In addition to their university email account, students should also check for course-related email within Oncourse. The same user id and password are used for Oncourse and the university email system. For more information about Oncourse, visit oncourse.iu.edu.

Forwarding of Email

Students who choose to have their email forwarded to a private (unofficial) email address outside the official university network address, do so at their own risk. The University is not responsible for any difficulties that may occur in the proper or timely transmission or access of email forwarded to any unofficial email address, and any such problems will not absolve students of their responsibility to know and comply with the content of official communications sent to students' official IU email addresses. Instructions on forwarding email may be found by visiting <https://itaccounts.iu.edu>.

Emergency Messages

Emergency messages are those involving a situation directly affecting the life, health, or safety of a student or family member. Emergency messages will be delivered to your classroom if its location is known. Give your family a copy of your class schedule and this information:

Indiana University pledges itself to continue its commitment to the achievement of equal opportunity within the University and throughout American society as a whole. In this regard, Indiana University will recruit, hire, promote, educate, and provide services to persons based upon their individual qualifications. Indiana University prohibits discrimination based on arbitrary considerations of such characteristics as age, color, disability, ethnicity, gender, marital status, national origin, race, religion, sexual orientation, or veteran status.

All financial aid, except work-study, is disbursed by the Bursar Office. Work-study students receive paychecks biweekly.

The Office of Student Financial Aid Services is located in Cavanaugh Hall. The office is open 8:00 am – 6:00 pm Monday – Thursday; 8:00 am – 5:00 pm Friday; and 9:00 am–12:00 noon on Saturday.

Students can use INSITE (insite.indiana.edu) to see if all required documents have been submitted or to view their awards.

ACADEMIC REQUIREMENTS

To be considered for most types of financial aid, students must be enrolled at least half-time (generally 6 credits for undergrads and 4 credits for grad students) in a program that leads to a degree or certificate.

The academic progress of students is monitored annually in compliance with federal guidelines. Students who fail to complete courses with a grade of C or better, have excessive withdrawals or incompletes, stop attending classes, repeat courses or have attempted more than 150% of the required credits for their degree, may expect to have financial aid adjusted or terminated. Students receiving financial aid should always consult with a Financial Aid Advisor before dropping classes.

188 Student Information

APPLYING FOR FINANCIAL AID

Undergraduate & Graduate students must complete the Free Application for Federal Student Aid (FAFSA) each year. Undergraduate students must file by March 1st to be eligible for state grants and most university funds. Applications filed after March 1st will be considered for the Pell Grant and student loans. Students are encouraged to use FAFSA on the Web (www.fafsa.ed.gov) to file the FAFSA electronically. This will save 1-2 weeks in processing time. Paper forms are available in the Financial Aid Office for those who do not have Internet access. Students should expect to receive notification of their eligibility for financial aid six to eight weeks after filing the FAFSA form.

Students or parents who want to apply for the Federal Stafford Student Loan or Parent PLUS Loan must file a separate student loan data sheet in addition to the FAFSA. The Loan forms are available at www.iupui.edu/finaid. Paper forms are available in the Financial Aid Office for those who do not have Internet access.

Students are notified by mail once financial aid awards have been finalized.

Grade Replacement Policy

The IUPUI Grade Replacement Policy (FX) was revised effective with the Fall 1996 semester. The new policy will allow approved undergraduate students seeking their first degree to repeat a maximum of 15 credit hours subject to school/division approval. If a student chooses to repeat a course and achieves the same or a higher grade, only that grade will be counted in the cumulative GPA. Certain restrictions apply and the grade replacement policy may not be honored by some schools when considering admission determinations or computing graduation honors. Please contact your school/division for more information on the grade replacement policy and to determine if this option is available to you. This policy is not available for graduate students or students seeking any second undergraduate degree. registrar.iupui.edu/replace.html

IUPUI Libraries

There are five separate libraries on the IUPUI campus. Each is open to all students enrolled at the university. The University Library is located in the center of the campus. The dental, art, law, and medical libraries contain specialized collections reflecting their respective curricula and are located at the School of Dentistry, Herron School of Art, School of Law, and School of Medicine.

The University Library collection supports undergraduate courses and covers a wide range of academic disciplines, from liberal arts to science, engineering, and technology. This collection contains over 800,000 volumes and approximately 4,300 subscriptions to current periodicals. The Library has 530 general and graduate study carrels, 30 group study rooms, class and meeting rooms, including a 100-seat auditorium.

The University Library information system hosts approximately 270 computer workstations permitting patrons to search for information through one of the most extensive and sophisticated online research systems in the country. The system provides access to a wide variety of resources such as library catalogs from around the world, bibliographic databases, full-text and numeric databases, cable television, and the internet. Word processing and other electronic applications are also available on these machines, combined with file storage on the university main system for use by students. Access to any of these resources is provided from computer stations around the campus, and via wireless service.

The hours for the campus libraries are subject to change, particularly during the summer sessions and when classes are not in session. Because lending policies and procedures vary slightly among the different libraries, students should consult with personnel at the main desk of each library before checking out books and other materials.

OneStart

Indiana University is implementing a new student records system with the Fall 2004 semester. As a result, students will register for Summer classes using one system and for Fall classes using another. Instructions for both registration systems may be found by visiting registrar.iupui.edu.

Another significant change for the Fall is a move away from student identification number and pin to a user id and password in order to register and perform other self-service activities.

Insite will be replaced with a new, expanded self-service environment called OneStart. In addition to serving as the starting point for email and Oncourse, OneStart allows users to customize their desktops and maintain bookmarks in a location accessible from anywhere. For more information, visit onestart.iu.edu.

You will need to have activated your account to use the new tools, including registration, for the Fall term. If you have not yet activated your university account, visit <https://itaccounts.iu.edu>. Contact the Support Center with any questions by visiting support.iupui.edu.

Students will use the same user id and password to access email, Oncourse, and OneStart. If you already have a university email account (@iupui.edu) you are ready.

Religious Holidays

IUPUI respects the right of all students to observe their religious holidays and will make reasonable accommodation, upon request, for such observances. On occasion conflicts may occur between a student's obligations in a course and the student's obligations in observing major religious holidays.

Any student who is unable to attend classes or participate in any examination, study, or work requirement on some particular day or days because of his or her religious beliefs must be given the opportunity to make up the work that was missed or to do alternative work that is intrinsically no more difficult than the original exam or assignment. Upon request and timely notice, students shall be provided a reasonable accommodation. It is recommended that dates and times for examinations and other major course obligations be announced at the beginning of the semester or summer session and that students let instructors know of conflicts very early in the semester, so that accommodations can be made.

Students seeking accommodation for religious observances must make a request in writing by the end of the 2nd week of the semester to the course instructor and should use the Request for Course Accommodation Due to Religious Observance Form available on the Web. The University will not levy fees or charges of any kind when allowing the student to make up missed work. In addition, no adverse or prejudicial effects should result to students because they have made use of these provisions.

Taxpayer Relief Act of 1997

Education-Related Federal Income Tax Credits

The Taxpayer Relief Act of 1997 offers two nonrefundable Federal income tax credits for qualified education expenses paid each calendar year. Through tax year 2001, this act provides for a maximum tax credit of \$1,500 per student for the Hope Scholarship and a maximum tax credit of \$1,000 per family for the Lifetime Learning Credit. After 2001, the amount of the credit is adjusted for inflation. Refer to IRS Publication 970 for more information about the associated eligibility requirements.

Beginning in calendar year 1998, all eligible education institutions are required to submit an information return (Form 1098-T, Tuition Payment Statement) to the student and to the IRS. The information filed with the IRS must contain the student's Social Security Number (SSN). Since Indiana University does not use a student's SSN exclusively as his/her student identification number (SIDN), every student must complete Form W-9S (Request for Student or Borrower Social Security Number) each calendar year in which the student is enrolled. This form is available electronically through *insite* at insite.indiana.edu and can also be obtained from Financial Management Services at (812) 855-5657.

For more information about the education tax benefits, visit the Taxpayer Relief Act of 1997 Web site at taxpayer.fns.indiana.edu or send email to taxpayer@exchange.uccs.indiana.edu.

University College Bepko Learning Center

Located on the second floor of the University College Building (UC) the Learning Center is the home of student programs focused on providing students with academic, social, personal and institutional adaptation skills at the university level. The components include the Resource Center, Structured Learning Assistance, and Supplemental Instruction and Tutoring Program. In addition to the above-mentioned programs the Learning Center's environment provides study spaces for students along with a Student laptop program in which students can check out a laptop for use while in the Center. The following programs are based in the enhancement of academic skills through peer support and collaboration.

Supplemental Instruction (SI)

Provides an environment conducive to academic excellence through a philosophy using a collaborative approach of "students helping students". IUPUI students have the opportunity to participate in SI Sessions for a variety of academic courses held throughout the week, such as Chemistry, Anatomy, Physiology, Criminal Justice, Religion, and Physics, CIT 106.

192 Student Information

Structured Learning Assistance Program (SLA)

A program, which incorporates a team approach between the faculty members and the student facilitator on behalf of students, encourages collaboration in a structured and supportive manner. SLA is course content centered and applies study and learning skills to the specific content a student is learning. Students are given specific background information to assist them in making connections to the lessons and lectures of the class. SLA is a mechanism for teaching students how to work collaboratively and learn to form study teams.

The Resource Center

Student Mentors work with students one-on-one providing a variety of peer support services including academic assistance, resource referral and assisting students in their acclimation to campus life. Mentors prepare study skill, time management, student success, and campus handouts for students. The mentors provide support for the students throughout the semester with phone calls and/or email contact.

Tutoring Program

A program, which offers private, paid tutoring in a variety of classes. We maintain a database with the names and contact information for eligible tutors. For more information, call 317-274-4818 or stop by UC 2006. Student mentors also refer students to free departmental tutoring. Free tutoring is currently offered for Physics, Philosophy, and Economics. The Tutoring Program also works with students who go through Vocational Rehabilitation and Veteran's Affairs offices. Some students in these programs may be eligible for tutoring paid by the VR or VA department. The Learning Center also has FREE online tutoring offered at <http://www.smarthinking.com>. Smarthinking offers live drop-in sessions at certain times of the day. Student's can also email a question to an e-structor and will usually receive a reply within twenty-four hours. Another option is to schedule a session with a tutor. Finally, Smarthinking also has links to various study materials. Smarthinking is offered for Economics, Accounting, Chemistry, and Spanish questions.

Hours:

Monday - Thursday	8:00 am - 7:00 pm
Friday	8:00 am - 4:00 pm

Students are encouraged to contact the Learning Center by calling 274-4818 with any questions regarding services. Please visit us on our web page at www.iupui.edu/learningcenter/.

This information may appear on the web via Oncourse pages. In some cases the information might be maintained by the department teaching the course.

Zachary's Law

The State of Indiana maintains a registry committed against minors. As a number of degree programs and specific courses either prepare students to work with minors or place them in contact with minors as a part of the course, enrollment in those courses or programs is not available to anyone who appears on the Sex Offender Registry. Consult the individual schools or departments to see if appearance on the registry will be a barrier to enrollment. Website: registrar.iupui.edu/zachary.html
