HOMECOMING NOVEMBER 24, 25 IN INDIANAPOLIS

The program for Homecoming this year promises to be an interesting one, so plan now to attend.

The festivities will begin on Thanksgiving evening with a Square Dance in the East Room of the Athenaeum. Max Engle, one of the outstanding callers in the Midwest will call this dance.

Anyone desiring to eat Thanksgiving Dinner at the Athenaeum may do so by making reservation no later than Monday, November 21. Write to us at the College and we will make reservations for you or write directly to the Club Manager, Athenaeum Turners, 401 E. Michigan Street, Indianapolis, Ind.

The first session on Friday morning will be at 9:30 a.m. at the Indiana University Medical Center Pool and will be a SCUBA (Self-contained underwater breathing apparatus) demonstration plus added attractions. Jack Romeiser will be in charge of this session.

This should be a fine meeting so make arrangements to be there promptly. Those of you who stay at the Union Building will find this most convenient as the pool is located on the ground floor of that Building.

The second morning session will be a demonstration of Audio Visual aids for the Physical Educator and will include the Uher Tape Recorder that does everything but think. Henry Lohse will be in charge of this session.

The regular Alumni luncheon will be at the Athenaeum and we are happy to announce that Harry Grabner will be the main speaker. The title of his speech is "Roman Holiday" and he

will also show the slides he took while he was attending the Olympics. Anyone who has seen and heard him discuss the Australian Olympics will look forward with great pleasure to this treat.

Following the business meeting with President Lou Roth presiding, the Normal College students will present their demonstration. You will look forward with great pleasure to seeing our large student body on the floor, reminiscent of old times.

In the evening there will again be a dance in the Athenaeum with Ralph Lillard's Orchestra playing.

WE SHALL BE GLAD TO SEE YOU. DO COME.

STAY AT THE STUDENT UNION

Overnight guests are welcome at the Student Union Building at 1300 W. Michigan street. The manager has assured us that there should be plenty of rooms available at that time. Rooms have private baths and are air conditioned. Prices are: Single, \$6.00; Twin-for two, \$10.00; Suite, from \$9.00.

The Union has both a cafeteria and a snack bar for good eating at almost any hour. The facilities are beautiful and we believe you would enjoy staying there. Make reservation with the Manager, Student Union, Indiana University Medical Center, 1300 West Michigan, Indianapolis 2, Indiana.

THE ALUMNI BULLETIN

CONGRATULATIONS TO THE PARENTS OF:

Paula Michelle, daughter of Mark and Barbara (Gerhold) Schurmann, who was born on June 8, 1960.

Brian, son of Roy and Evelyn (Gorr) Broadwell, who was born in August, 1960.

Norman Paul, son of Paul and Carolyn (Gorman) Cooper, who was born on September 20, 1960.

Susan Kimberley, daughter of Lt. Ralph and Margie (Black) Hasch, who was born on Sept. 27, 1960.

Yolanda Sue, daughter of Donald and Patty (Perry) Payne, who was born on September 20.

David John, son of Bud and Sandi (Love) Plopper, who was born on October 6, 1960.

Jack Valentine II, son of Jack and Shirley (Obermiller) Wohlstadter, who was born on October 13, 1960.

Donna Doreen, daughter of Mike and Carole (Wesp) Crotty, who was born on October 25, 1960.

BEST WISHES TO THE NEWLY WEDS

Martha Harrison was married to Marvin Pickering on June 4, 1960, in Indianapolis.

Nancy Hauber was married to C. Edward Straub on August 20, 1960, in Louisville, Kentucky.

John Muto was married to Edna Kopec in August 1960 in Buffalo.

Betty Lou Roth was married to Lawrence Olliges on August 27, 1960 in Covington, Ky.

Mr. Rinsch's youngest daughter, Elizabeth Ann, was married to Larry Max Jones of Roachdale, Ind. in a ceremony performed at her home on September 18, 1960.

WITH SINCERE SYMPATHY

Our deepest sympathy is extended to the families and friends of the following alumni:

Geraldine Hower Bundy of Menomonie, Wis., died on September 21, 1959. She was an alumna from the class of 1932.

Miss Mildred Chacona of Syracuse, N.Y. died this past September of a stroke. Miss Chacona, '33, taught at the Onondaga Valley Academy.

(cont.)

One of our oldest alums, Mr. Louis Kittlaus, Sr., died recently in St. Louis at the age of 92. One of the pioneers in P.E. in this country, he volunteered his services to introduce P.E. in the St. Louis schools. In 1890 he was appointed director of P.E. at Central H.S., a post he held until his retirement in 1944. Our deepest sympathy is extended to his family and friends.

SPUTH SCHOLARSHIP AWARD

We are happy to announce that the second Dr. Carl B. Sputh Memorial Scholarship has been awarded to Miss Judy Moore from Indianapolis. Given to a worthy Junior, selected by the Normal College faculty, the Scholarship commemorates the deep interest and untiring efforts of Dr. Sputh in behalf of the Normal College.

Judy is a graduate of Pike High School and shows promise of becoming an outstanding member of our profession.

IN APPRECIATION

We wish to publicly thank those alumni who have so faithfully met their pledges for the Sputh Scholarship Fund. We realize full well that most teachers can not give great sums of money, but some of our people have been most generous.

The George Wallentas are examples of alumni who, having educated their own children and still feeling the importance of helping others, have pledged and fulfilled their pledge. There are others, too, but this is a case in point. Their loyalty and kindness will be long remembered.

VERA ULBRICHT REPORTS FROM ST. LOUIS

The St. Louis phylaxers were glad to see Walter Eberhardt back in harness again. He spoke on the Importance of Conditioning Exercises at an In-Service meeting of St. Louis teachers. Then he had his helper, Henry Stroehr, conduct a class of students in some selected exercises, which Walter's daughter, Jean, demonstrated.

Lelia Gunther first enjoyed a brief stay in Colorado this summer, then later visited the East coast, finishing up with a tour of Nova Scotia. The highlight of her trip, however, was the visit in the home of her niece, Iris Hofmeister Cheney, and Iris' young son, James, in Connecticut.

NEW SAILBOAT CHRISTENED THE HERMAN B

One of the highlights of June Camp was the christening of the Herman B, our new sailboat, in honor of our most highly esteemed President Dr. Herman B Wells.

With students and faculty assembled on the T, Mrs. Clara Hester read the dedication speech and then christened the boat with genuine, bottled Elkhart Lake water while flash bulbs flashed and the film reeled on.

Immediately after the serious ceremony was completed, (and following the very quick departure of the faculty from the T) a fairly normal development occurred. Someone pushed a student into the lake, whereupon he took two with him! And so it went! Before it was over the majority of the men were well soaked. (How history repeats itself!)

That afternoon and evening the smell of drying wallets and shoe leather permeated the camp and mingled with the singing at the final campfire. And as far as could be determined, no one lost anything--not even his temper!

LT. COL. FREDERICK PLOETZ HONORED

Lt. Col. Frederick Ploetz was awarded the Air Defense Command Commendation Certificate recently for "commendable service" as commander of a maintenance squadron at the Suffolk County Air Force Base. The award was presented to him at a parade ceremony at the base on Westhampton Beach, Long Island, New York, by Brig. Gen. Arthur C. Agan, commander of the New York Air Defense Sector.

Col. Ploetz, '39, was formerly from Sheboygan, Wisconsin. His "enthusiasm, initiative and determination to overcome all obstacles in this operation reflected great credit upon himself, his organization and the Eastern Air Defense Force." The 52nd Maintenance Squadron is a vital component of the 52nd Fighter Group at Suffolk County AFB whose mission is to protect the New York metropolitan area from hostile air attack.

STUDENT BODY IN THE YEAR 1960-61.

We are happy to report that we have a bumper crop of students this year at the Normal College.

Forty freshmen, all fine looking students, have enrolled and are now busily engaged in learning the fundamentals of our profession. In this class are four second generation Normalites: Patricia Flynn, daughter of the Carlton Flynn, Carol Siegman, daughter of Henry and Ruth (Lorenz) Siegman, David Lohse, son of Henry and Lola (Lennox) Lohse, and Thomas Sutton, son of Charles and Vera (Menapace) Sutton.

We welcome all of our students and wish them well in their new venture. They have demonstrated a fine attitude already and will surely be a credit to our school.

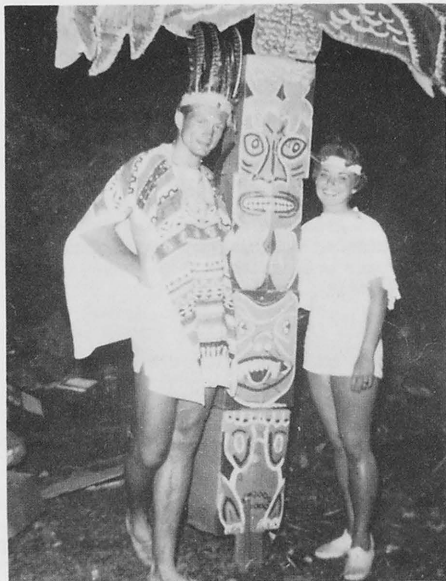

In addition to the forty Freshmen, we have twenty Sophomores who have returned, ten men and ten women. These students are hard working, cooperative and capable and are a credit to us already.

Dean Arthur Daniels and Assistant Dean John Endwright recently visited our school to meet the student body. At that time, Dean Daniels mentioned that he wished he had 60 more, just like ours!

We know you will be interested in seeing this enlarged student body so plan now on Homecoming.

Many thanks to the Alumni who have guided these young people to our school. Your loyalty is recognized and is appreciated. Your reward is the knowledge that you have assisted in strengthening and insuring the future of our profession. A more immediate award might be overhearing the many nice things that the students have said about those of you who have worked with them! They often speak in glowing terms!

A teacher who is attempting to teach without inspiring the pupil with a desire to learn is hammering on cold iron. Horace Mann

Leon Pickens and Janet Hartle

REMEMBER THE INDIAN CEREMONIES AT CAMP?

This picture, taken last June by the campfire, shows Chief Leon Pickens and Indian Maid Janet Hartle posing by the totem pole. Does it bring back some pleasant memories to you?

Despite much too much rain which caused innumerable interruptions of the program, June camp was a pleasant and enjoyable experience. Those wise in the ways of Wisconsin weather have said that this rainy June was long overdue and that, by the law of averages, next June camp should prove to have fine weather throughout most of the four weeks.

BOBBIE LARSEN REPORTS FROM CHICAGO

Dear Classmates of '24--Don't forget that Homecoming will be held in Indianapolis this year, and we'd like to have a real class reunion. Do try to join us. I've written to several regarding our class book. Please let me know where it is.

The Pritzlaffs flew East this summer and visited family and friends. Their son, John, lost a part of his home in a tornado last June so he and his family drove the Pritzlaffs home and remained here during the rebuilding.

Bob Pegal and his wife flew to Wash. and later toured the Oregon and British Columbia area. They also enjoyed island hopping and water sports.

Carolyn Wasserman is enjoying her retirement. She and another sister who is retired drove through the Northwest and down to San Diego and Phoenix.

Gretchen Stuart is now Mrs. Edwin Osborn. She and her new dentist husband are living in Chickamauga, Georgia. Address: Box 183.

Emil Rothe Jr. and wife drove through the Black Hills, Denver, Salt Lake City and the Rocky Mt. area. A slight accident to her made them return sooner than planned but she is fully recovered.

A birdie told me that Bill Schaeffer spent his summer in the county jail. It wasn't what you are thinking--he was the relief teacher replacing those on vacation. He is also the Chairman of the 75th Anniversary of the Lincoln Turners. They are planning an exciting program of activities.

The Charlie Sieberts enjoyed their summer in Hawaii. How about teaching all of us the Hula at Homecoming?

Mike Valentine was recreational director at Mt. Sinai pool this summer while Ed Schalk was at LaPollott Park. Ed is also the Parade Marshall for Chicago.

The family of Ernest Klafs, Sr. came to Chicago in June and they had a very happy, surprise reunion.

George Wallenta was a guard at the Brookfield Zoo outside of Chicago.

Our retired alums enjoyed their summer in Wis. Al Diete was at Cable, and Ed Hall at Spooner. Ed says he feels better than he has in years, and Al has fully recovered from his eye surgery.

As for myself, I did the unusual. I stayed home, did needlepoint and all the do-it-yourself jobs that needed attention. It's a wonderful feeling to catch up!

IRMA HARTMAN BECK REPORTS FROM DAVENPORT

Ken Buttgen received his Master's degree from N.E. Missouri State Teachers College this summer.

Hank Krambeck is pursuing his Masters at the same institution and is slated to accomplish just that next summer.

Fred Frederickson is now swimming coach at the brand new West High in Davenport.

Georgia Frederickson is scheduled at least once a week on a program at WOC-TV called "Especially For You" where she gives instruction and demonstrations for Physical Fitness. I was delighted to watch her while I was sitting at home this summer.

My daughter was transferred from Rock Island Arsenal to Vandenberg Air Force Base early this summer. She's on a civilian status. Following in-service training on IBM machines she received further training on the RCA-501 Data Processing Machines.

I nomaded through Wisconsin this summer, but never did get near Elkhart Lake. Will try that ere too many summers pass.

PAY YOUR ALUMNI DUES

RAY ZIMLICH, TREASURER

6125 N. HAVERFORD

INDIANAPOLIS, INDIANA

ELIZABETH RUPERT AND BETTY MADDEN REPORT
FROM SYRACUSE

Lt. Col. Norma M. Flachsland, deputy commander of the Women's Army Corps at Ft. McClellan received the Army Commendation Medal for meritorious service. Lt. Col. Flachsland retired from the service in August, 1960. Many congratulations are due her for her fine record.

She seems to have the wanderlust for she returned home early in August and then was off for Europe on Sept. 1st to England, Germany, the Passion Play and then returned by way of Paris. Is this wanderlust due to having traveled so much during the years in service or could the Dean's old favorite of having his classes sing "To Wander is a Glorious Joy" while marching around the gym have something to do with it?

Harold C. Quinlan '20, is "dean" of the P.E. department of the Syracuse Public Schools, out-ranking all other members of the department in years of service with his 40 years of teaching. He also holds a similar record as senior member of the faculty of his school, having taught at Theodore Roosevelt Jr. H.S. since 1927.

The following have teaching assignments in schools just out of Syracuse.

Jim Menapace is at West Geness H.S.

William Luttinger is at Liverpool, N.Y.

Al Knieser is at North Syracuse H.S.

Bill and Al are working hard to have a new gym built at the Turn Hall.

During the past summer, Bill Luttinger had charge of the new swimming pool at Drumlins Country Club.

Walter Black '50, is the proud papa of Mark, Jimmy and Mary. After graduation from I.U., he taught at the Syracuse Turners and in 1952 joined the Syracuse Public Schools. He taught P.E. and coached at Vocational H.S. In Jan. 1958 he was appointed guidance counselor at Theo. Roosevelt Jr. H.S. He keeps his hand in sports by officiating football and gymnastics and aids in swimming programs during summers for the Recreation Department.

Charles Sutton, '41, after graduation taught six months at Ontario, N.Y. Then after three years in the service he returned to Ontario for two years, moved to Syracuse in '48 and taught for eight years at Porter Jr. H.S. In 1956 he was appointed guidance counselor at Lincoln Jr. H.S. and served there for two years. He was then appointed Vice Principal of Valley High School in 1958 and in 1959 was returned to Lincoln as Principal. This fall, Vera (Menapace) and Charlie's son, Tom is enrolled at the Normal College.

Betty Madden, '25 is another who has left the ranks of P.E. teachers. She found going back to school at her "old age" pretty rough but with night and Saturday morning classes and a few summers at Syracuse U. she managed to meet the requirements for certification in Guidance. She was appointed a counselor in September 1957, and in September '58 Girls' Counselor at Theo. Roosevelt Jr. H.S. This last appointment was like going home, she had taught P.E. at that school for 29 years. She now meets her former students' children, and probably soon, the grandchildren! (Many thanks to Betty Madden for assisting in reporting the news from Syracuse.)

SOPHIE LESSING REPORTS FROM CLEVELAND

Seems as though Florida has a particular attraction to Clevelanders. Hilda Wagner has made a change to St. Petersburg where she is teaching physical education at a H.S. Dick Heeschen has a fellowship at Florida State U. so he and his family are now living in Tallahassee.

Carl Lakosky has replaced Otto Eckl, Jr. as part time instructor at the Cleveland East Side Turners. This is in addition to Carl's regular position as English instructor at West H.S. in Cleveland. Even after those years away from the field, seems as though you can tell a Normal College background—wonder why?

HELEN WOELFLE REPORTS FROM BUFFALO

In May, 1960, Chester Lesniak, physical education teacher at McKinley Vocational H.S. was installed as President of Alpha Psi Chapter of Phi Delta Kappa, international honorary educational fraternity of State U. College of Education at Buffalo, N.Y.

William S. Hubbard, Principal of School 72 has been elected President of the Public School Athletic League of Buffalo for the year 1960-61. Elected to the Board of Directors for the terms of two years were Hubert Lee and George Geoghan. Also serving on the Board are Ray Glunz, Bill McColgan, Louis Goldstein and Helen Woelfle.

At the National Council meeting of the American Turners, held in Chicago on Feb. 20, 1960, the Council awarded the American Turner Key for Distinguished Service to George J. Jacquin, First Vice President of the American Turners. During the Western N.Y. District Convention held in Buffalo, this award was presented by the Vice President of the Buffalo Turners, John Stocker, also a recipient of this award. Andy Lascari and Henry Kumpf, Sr., former recipients, were also present.

Ruth Baecher has returned to teaching at Bennett H.S. after a lengthy illness.

On October 5, 1960, the Elementary Men's Physical Education Association honored their Supervisor, Ray Glunz, at an informal dinner. The occasion was not for Ray's position but for his disposition.

LESTER BECOMES A DOCTOR

In May of 1960, R. Anton Lester, Jr., was graduated from the College of Osteopathy and Surgery in Kirksville, Missouri. Dr. Lester had entered the Normal College in the fall of 1939 and had joined the Royal Canadian Air Force in 1941. He was later transferred to the U.S. Army Air Corps.

In 1943 he married Jeanne Watkin of Buffalo and they now have three children.

Best wishes for success in this new career!

BILL MCCOLGAN REPORTS FROM BUFFALO

Mr. Carl Baer, '16, and Mrs. Sarah Whittemore Mann, '25, have retired after years of outstanding service to the Buffalo school system. They will be missed, but they go with the best wishes of everyone who has known them, especially the boys and girls they served so well.

Mrs. Mann started her teaching in the elementary schools of Buffalo in 1925. In 1951 she was assigned to Fosdich-Masten Girls Vocational School, where she spent the remainder of her teaching years doing an excellent job with this group of girls. Mrs. Mann is planning to spend a great deal of time in Florida.

Mr. Baer started his teaching career at the Meridan, Conn. Turners and the Meridan H.S. In 1917 he was with the N.Y. City Turners, 1918 in service, 1919 in the Akron Ohio Turners, 1920 at Niagara Falls H.S. and from 1921 to 1960 he was in the Buffalo Public Schools. Carl was assigned to school #78 in 1928 and finished his career there in 1960.

The following Normal College men are busy with their cross country teams:

Bennett—Elmer Rosenthal
Grover Cleveland—George Kuhn
Kensington—Ralph DuQuin
Riverside—Ronald Moody
Burgard—Randolph Mineo
Seneca—Henry Thayer

Russell Garcia at Burgard and George Kalbfleisch at East H.S. are coaching football.

A NEW BOOK FOR ELEMENTARY PHYSICAL EDUCATION

We recommend "Physical Education for Today's Boys and Girls" by Gladys Andrews, Jeannette Saurborn and Elsa Schneider, published by Allyn and Bacon, Boston. It contains interesting philosophy, excellent varied activities and is very practical.

A sound mind in a sound body is a thing to be prayed for. Decimus Juvenal

MARTHA GABLE REPORTS FROM PHILADELPHIA

Grover Mueller, Director of Physical Education in the Philadelphia Public Schools, divided his time between cutting down trees in the Maine woods and working on material for the American College of Sports Medicine. He is associated with Dr. Joseph Wolffe, well known cardiologist who is also active in this international sports medicine organization.

Dr. Henry Schneider is President of the Medical School Alumni, Temple University.

Florence Bergmeister spent some time this summer at Brant Beach, New Jersey.

Emmy Ellis Angerman is teaching remedial physical education at High School for Girls

Dr. Armin Stecher has an ever-increasing practice in Havertown, Pa., a suburb of Phil.

Martha A. Gable spent a week on the campus of Indiana University as a consultant to the workshop preparing teachers for the Midwest Airborne TV Project, which will begin early in 1961 in six midwest states. In August, she spent three weeks in Rome and served as the American judge for Women's Gymnastics.

MR. HESSLER VISITS

It was our pleasure at school recently to have a visit from Harry H. Hessler from Cincinnati. Mr. Hessler had attended the Normal College summer sessions for a period of nine years as did his wife, Eleanor C. Hauck Hessler.

We were sorry to learn that Mrs. Hessler had died on September 8, 1960. Mr. and Mrs. Hessler had worked closely together since they left the Normal College in 1920. For 30 years they had maintained a dance studio in Cincinnati and numbered among their pupils both Doris Day and Vera Ellen. In addition to the dance work, they had both taught in the parochial schools there.

Mr. Hessler was pleased to watch a sophomore class in dancing and commented favorably about the students.

We are always happy when our alums return to visit us. It is good to know that they remember and still care.

ROBERT FLANEGIN REPORTS FROM LOS ANGELES

Bob forwarded news of Inez (Lemmon) Lang, '18, who is now living in Santa Monica, Cal.

She reports she is finishing her last year of teaching and will retire in June, '61, after 18 years at Santa Monica H.S. in the Girls' Physical Education Department.

Mrs. Lang tells us that she often thinks of her Normal College days and of the early morning swimming classes held at the Hoosier Athletic Club Pool (as she now enjoys the pool at her apartment). Her early struggles with the college swimming classes have been rewarded for she finds great enjoyment in her daily swims.

Mrs. Lang requested that she be remembered to the 'old timers' and closed with the comment, "Those were great days under great Emil Rath and Elsa Hein."

Bob reports on himself to a very limited degree. He spent a couple of weeks in Yosemite last summer where he thoroughly enjoyed relaxing and catching the full quota of fish. He advocates Yosemite for a fine vacation place.

Bob enjoys his 15 month old granddaughter-in fact he sounds very much like a typical grandfather!

MRS. ELSA HOYLER TUTHILL VISITS

We so enjoyed having Elsa Tuthill visit the College recently. Now that her daughter, Ruth, is teaching Science and Physical Education at Eastwood Junior High School in Indianapolis we hope to see her more often.

Elsa has another daughter who is also through college and a son, now in the 8th grade. Mr. and Mrs. Tuthill live in Old Hickory, Tennessee just 5 miles outside of Nashville. While Elsa is no longer teaching, she most certainly reports a very full and happy life.

NEWS FROM HERE AND THERE

Dorothy Martin is teaching health and physical education at Sacred Heart H.S. in Indianapolis.

Juanita Davis Lennox is teaching physical education at North Central H.S. in Indianapolis.

David Mather is teaching Driver Education in the Cincinnati Public Schools after having completed a tour of duty with the Navy as a Lt. j.g.

Edgar Joe White has moved from the Indianapolis Schools to the Metropolitan School District of Warren Township as a fifth grade teacher.

Barret Diehl has also left the Indianapolis Schools and is now the new principal at Lowell School in Warren Township.

Henry Lohse, formerly principal at Lowell, has moved to Moorhead Elementary School as a principal there.

Bob Mayberry has accepted a new position with a Cerebral Palsy Clinic in Michigan. We would like to hear more of this assignment.

Betty Lou Roth Olliges is teaching in Indianapolis now after resigning from the Cincinnati system. Her husband Larry is enrolled as a freshman at the Normal College.

Jerry Jacquin, '60, has accepted a job in a high school in the Highland Park area.

Betty Dressel Poling is now teaching Physical Education at the elementary level in the Sloan school system near Buffalo.

Hilda Wagner is teaching physical education at the North East High School in St. Petersburg.

Albina Macyuskas Walsh is again teaching several days a week at East H.S. in Cleveland.

Alan Hart is teaching elementary children physical education in the Rochester system.

Miss Elaine Scanlan is the executive director for the Sheboygan, Wis., Local Council of Girl Scouts. She took up her new duties last April.

Barbara Vargo mailed a card from Hawaii on July 18, saying that Hawaii was almost as wonderful as Brosius.

On July 25, Vi Wirth mailed a card from the same place saying that the weather was wonderful and the scenery beautiful.

Now we are wondering if by any chance the two alums bumped into each other over there, or even knew that the other was there. Stranger things have happened.

Dr. Fritz Rohdes and wife Margie (LaRue) are living in Indianapolis again as he has taken a residency at the I.U. Medical Center. They now have three sons-Geoffrey, Fritzle and Jonathon, who goes by the name of Hansy. (pronounced Huntsy!)

CHAMPIONSHIP GOLF

Sandy Spuzich, '59, of Indianapolis has chalked up an enviable record in the field of golf.

During the past season she won the Indianapolis Women's Amateur Golf Championship, was runner-up in the Indiana State Women's Amateur Golf Tournament and was runner-up in the Women's Western Amateur Golf Tournament.

Sandy's success was recognized recently by the Indianapolis Chamber of Commerce when, at the Annual Awards Dinner, she was presented with the "Ammy" Award for being the Outstanding Woman Golfer for the state of Indiana.

Many congratulations from all of us.

* * * * *

Max Moreillon, the gal apt to do the unusual flew to Portland, Oregon in August just to take a short course in Driver Education. Then she flew on to Seattle to enroll in another short course in the same subject. Broad Ripple High School students should become crackerjack drivers!

If you are surprised at the number of our maladies, count our cooks. Lucius Seneca

ESTHER BOETTCHER AND ESTHER HEIDEN REPORT
FROM MILWAUKEE

Although Louis Zinsmeister has retired from the Milwaukee School System, he is now Principal of a Catholic School, St. Vincent De Paul.

Harold Hahn is teaching in Milwaukee and living in a very nice trailer. He has purchased a piece of land up north and hopes to retire there someday.

Esther Heiden spent 10 days of her vacation in Jamaica. While there, two especially exciting experiences which she had were diving for coral (she picked some off the bottom of the sea) and renting a Hillmann to go on a sight seeing excursion. Her descriptions of this trip in a compact car with right hand drive are so vivid and sound like lots of fun!

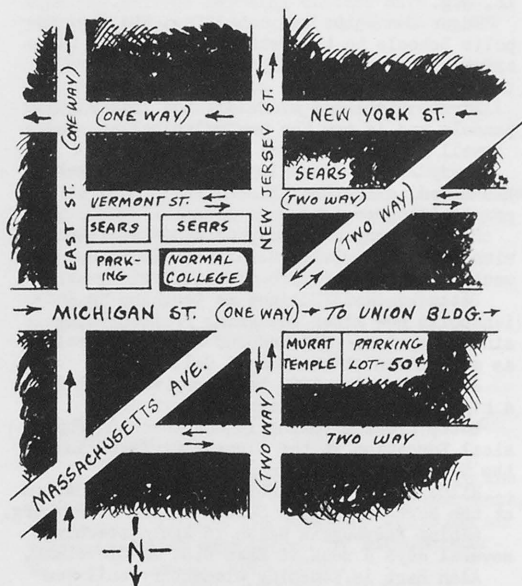

Esther (Plischke) Boettcher with husband Herb and son Todd traveled 7000 miles during the month of August, stopping briefly at the following places: Glacier National Park, Waterton Park, Banff, Lake Louise, Jasper National Park, Mt. Rainier, Spokane, Olympic National Park, Victoria BC, Portland, Mt. Hood, Sun Valley, Salt Lake City and east towards home. Breath-taking scenery and hundreds of fascinating experiences all along the way. One week before this trip, Esther and Todd accompanied Mr. and Mrs. Plischke on a trip east to visit Esther's brother, Dr. Elmer Plischke (head of the history department at the University of Maryland.) This trip took them through the Blue Ridge Mountains and the Smokies and back home on the Pennsylvania Turnpike, totaling about 3000 miles.

* * * * *

On October 1, Mabelle (Lanky Muenster) Schueler took off for California to visit her daughter, Ina. Since no plane disasters have occurred, we take it for granted that she has returned safely. We expect her for Homecoming!

ONE WAY STREET MAY BE CONFUSING

The following diagram is shown for your convenience. Those who live here find it confusing, so out-of-towners may find this helpful.

Parking in the lot east of the College may or may not be permitted. If not, the parking lot in back of the Murat may be used for a small fee. Street parking permitted within certain hours.

THE ALUMNI BULLETIN

FROM OUR INTERESTING MAIL DEPARTMENT

Isabelle Hutchinson writes:

I'm back in the Sunny South, after a wild hurricane, Donna. I was beginning to wonder if I would see the green trees of Indiana again! It was my first hurricane and I hope the last one. Believe me, I was scared. We were without lights and water for a week. Everything in the house was filled with water before Donna hit. We had the tub, every bucket, anything that would hold water, filled. Flashlights were the main source of light. We did have a gasoline lantern that helped. It was like camping again, the only difference being that we had warnings not to go outside. Everything is back to normal here in Tampa, but several places are still digging out from under all the ruins.

I'm busy teaching 300 junior high gals. We have 1450 in our school. At the present time I'm giving the AAHPER Physical Fitness Test. All the county has to give the test to every boy and girl in P.E. classes. After we finish the test we go into volleyball. We have 160 girls in one period; this is a mess when they try to dress in our tiny dressing room. We do have three teachers which helps cut down on the load. We have a fine school and a wonderful program will be coming up this year. I finally got some mats and will and will be starting a gymnastic program. The new teacher is very much interested in dance and is wonderful in modern, tap and social dancing. The other gal likes sports. This year we are rotating our groups to the different teachers when it comes to these activities. We want to see how it will work. Our dance program is co-educational. The men work with us which I am very pleased to see and only wish more men would cooperate in this way.

I'm sorry I didn't get to see you before I left, but going to school and working on the playground didn't leave much time. I left Bloomington, went to Orlando and played

with the softball team I was on. Glad I did for we won the Florida State Championship. I am now playing on a volleyball team and bowling in a league. I really love it.

Guess school will be in session by now. Hope you have a very successful year. You know me—I'm for Normal College all the way.
Love, Isabelle

FROM KIKI AND ED FEDOSKY

I was just thinking about Normal College and wondering when the Bulletin would be coming so I could catch up on the latest news.

The past two years we have been in Schenectady, N.Y. where Ed was swimming coach at Union College. We enjoyed it and made many wonderful friends. But we were looking for a chance to get back to the mid-west and now we are at Kansas State U. where Ed is teaching and coaching the swimming team. The campus looks much like Bloomington and we feel at home already.

Ever since our first year at Normal, we have been at Camp Shishebogama in Wis. This past summer was our last as Mr. F. sold the property after 13 summers there. We did retain property with lake frontage so that each of the kids will have a spot to build a cottage as we intend to do also. Spent a couple of fine days with Janie and Paul Voisard and their fine family who have recently bought property near ours.

Our children are growing and happy. Eddie the fisherman is 5, Susan the swimmer is 4 and Scott the football player is 2. We are just a half block from the campus and the pool and we can hardly keep the kids out of the water. We have a big house with 8 boys renting rooms, so there is never a dull moment.

Say hello to everyone for us. Someday we hope to be in Indianapolis when Normal is open. Usually we are there for a few days in the summer.

Regards to all, Kiki and Ed

THE ALUMNI BULLETIN

C.L.H. TRAVELS AGAIN

I managed a short trip this summer. I went back to Camp Brosius for the closing sessions of Children's Camp. I found the campers in tears, hating to leave. Norman Schulte and his staff had done a superb job.

I had the pleasure of spending several days with my dear friend, Maybelle Schueler. We had a wonderful time—mostly laughing. Just join Lanky for sheer fun. She is good for a laugh, anytime.

From New Holstein we drove north around Lake Michigan and over the new bridge at Mackinac Straits. We also took the ferry to Mackinac Island where I had the pleasure of visiting Anne (Greve) Lund at her summer home near Grand Hotel. What a place to spend one's summer! Anne and I had a fine visit for several hours until I had to return to the ferry.

On my way down the west side of Michigan we stopped at Four Lodge where we saw Pauline and Charlie Salwasser, Betty Lou Roth and Jan Hartle, all busy at work with their camp responsibilities.

From Four Way we drove on to Camp Fairwood to visit briefly with Lou Roth. He was bemoaning the fact that wife "Mutzie" had left him alone to go back to Covington to prepare for B.L.'s wedding. Mutzie and Lou have always worked as a team.

Any vacation is wonderful, even if short, if one can rediscover one's old friends—and there are none finer than those made in the Normal College.

Clara Hester

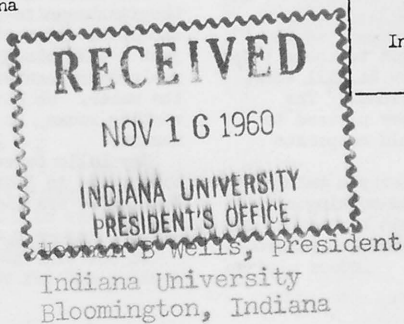

IT'S A SMALL WORLD!

A friend of my sister's met Herman Schmitt (Dr. Schmitt now) at a country club in Pittsburgh. To his amazement she had heard of our school since her home is in Plainfield, Ind. Remember Herman and his famous wrestling match with a mat?
