MESSAGE OF THE PRESIDENT

Since assuming office as your National President in September, 1937, I have visited Turner Societies in all sections of the country. After the convention in Los Angeles, the Pacific Coast societies were visited, and since that time I have officially visited societies in nearly all districts.

I believe that a new spirit of enthusiasm has been aroused in many societies for the Turner cause, and I hope that in the future the Turner movement will show a continuous growth in numbers.

All disputes between Districts and Societies have been amicably settled during the past year, and the Districts are going on with renewed enthusiasm to aid our cause. We have had the admission of one new society this year, the Brooklyn Turners, to the American Turnerbund. The Belleville Turners of Belleville, Illinois, have made application to be readmitted as a member society. We welcome them back to our ranks, and hope that their growth shall be steady. We show an increase in membership this year.

The response of many Districts toward the payment of their per capita tax has been unsatisfactory. Part of the blame may lay in the method of collection of the tax. Your former National Committee recommended that the per capita tax be collected directly by the National Executive Committee. I again recommend a direct collection of the tax, and believe that the former method of collection of the tax can never be satisfactory and can lead but to discord.

The spirit of goodwill shown in the Turnvereins all over the country is indeed remarkable. There is no society which I am as proud of as the Turner societies, as it is here that people really enjoy life and devote a part of their time in building their minds and bodies.

I believe that our national publication—"Turner Topics", should be sent to every Turner member in the United States, and that the cost of publishing and mailing the same should be added and made a part of the national per capita tax.

I believe that the method of issuing our membership card should be changed, and that a uniform membership card, numbered serially, should be issued only through the National Committee to the various societies, and that the tax should be paid on each card as issued by the society. We believe this method of controlling our membership will aid the societies in controlling their local dues and guarantee to the National Executive Committee that it will get the per capita tax to which it is entitled.

We understand that the report governing the Jahn Fund and the Instructors' Fund, and also the Normal College will be filed by these bodies. Since taking office the National Executive has appointed a new campaign committee for the Normal College Building and Endowment Fund, and campaign manager. The trust agreement has been finally accepted by the National Executive Committee and the Normal College, and we are now ready to proceed with our plans, and urge the support of every Turner to this worthy cause.

We believe that if the Turner movement is to grow that it must be progressive, and must meet the competition furnished by other similar societies; that our buildings must be maintained in good order; that our class of members should be of the highest, and that as soon as practicable the local societies should be known as "Turner Societies", and confusing and complex names should be avoided in contacts with the public, as we can better build our societies' growth by stressing and calling our societies "Turner Societies".

In reviewing the proceedings of other conventions I find that a change in name was recommended, and particularly that the word "Turner" be stressed.

We believe that the name of the American Turnerbund should be changed to "American Turners", and that this change will facilitate our growth.

We believe that the National Executive Committee should have the services of a paid full time executive secretary, for organization and promotion of the Turner movement.

We have the finest organization in the world, but unfortunately it will not organize itself or sell itself. Competent men have to direct our growth.

Your National Executive Committee is not wholly satisfied with the job it has done, but it has worked faithfully in your behalf without thought of any personal reward, and it is impossible for any set of national officers to do a proper job without having at least one executive on a full time paid basis to devote himself entirely to the interest of the Turner movement.

We have introduced a new line of Turner organization insignia, in the form of medals, jewelry and trophies, which, during this short period, has met with unanimous approval. In addition to this, a distinctive Turner automobile emblem tag has been made available for Turners, in order to advertise our movement more broadly. We ask that each Turner secure one of these automobile tags and he should also wear one of our Turner lapel buttons, identifying himself as a Turner.

In closing, I want to state that my travels throughout the country, my visits to the various societies, and my contacts with individual members of the societies throughout the United States have been very pleasant. I appreciate their cooperation, and their desire to aid our cause.

My first year as President has been a very agreeable one. Several of our societies have shown a splendid growth. I congratulate them. Many other societies have not been so enthusiastic to the Turner movement. If present officers of societies are indifferent to Turner growth it might be possible that new blood in these various societies would give the needed enthusiasm necessary to insure the growth within the society.

I hope that in the coming year we will build a courage and determination within ourselves and within our societies to let the world know what the Turner principles are, and what it means for mankind. We stand committed to the development of a "Sound Mind and a Sound Body", so that this world will be a better place to live in. GUT HEIL.

The balance sheet item "Deposit Normal College Maintenance Fund" represents the balance of cash remaining in this fund, and is subject to call by the Committee to be appointed under the terms of The Trust Agreement. This agreement in its final form has been approved by the National Executive Committee. The Asset is offset by a Liability for the same amount of The Normal College Maintenance Fund.

NORMAL COLLEGE BUILDING AND ENDOWMENT FUND

Now we have real news for you.

A trust agreement governing the Normal College Endowment Fund has been drawn up and ratified by both the Turner National Executive Committee and the Trustees of the College.

An Endowment Fund Committee is now functioning and consists of the following members:

James O. Gamble, Chairman (Executive Detroit Community Fund)

Kaye H. Buttars, Secretary (Examiner Reconstruction Finance Corporation)

Marvin W. Moesta, Treas. (Automotive Consulting Engineer)

Arthur A. Kuecken, Campaign Mgr. (Sales Promotion Executive — Turner N.E.C. Vice Pres.)

Emil L. Pletz, Ex-Officio Advisor (Normal Alumnus — Detroit Turner Instructor — Turner N.E.C. Sec.)

Judge Carl M. Weideman, Ex-Officio Advisor (Former U.S. Congressman — Now Wayne Co. Mich. Circuit Ct. — Turner N.E.C. President — President Detroit Turners)

Booklets, posters and pledge forms are ready for distribution.

Local campaign committees to contact personally every Turner, every Normal College Alumnus, as well as others interested are now being formed or will be formed as quickly as the Societies in the various cities can be contacted by the National Committee. Through them we hope to complete our first contacts and get pledges signed before the end of this year although the campaign will run for at least five years.

REPORT OF MENTAL CULTURE COMMITTEE

More than thirty-five thousand spectators witnessed the offerings of twenty-eight societies who reported one or more Mental Culture Activities during the past year.

Only fifty-nine societies availed themselves of the opportunity to report their Mental Culture Activities of the year.

The committee is at a loss to understand how whole districts who profess to be carrying out the Turner Principles can function a whole year without having a single Mental Culture Activity to report.

Too many societies forget that "Sound Mind" is one-half of the Turner Slogan. The curve of Turner Progress follows the curve of its Mental Activities. No organization can survive a dormant or dead mind. No Turner Society is COMPLETE without its Mental Activities as outlined at the last convention.

If Turnerism is to go "places", then the day of the Mental Activities being called the "Stief-kind" of the society is passed. Progress in Turnerism includes both Body and Mind.

The names and addresses of authorities in each field of Mental Endeavor have been furnished each society. Use the advice and help of these Turners.

Remember Turner Principles. Prove yourselves worthy of the heritage of our founders. Meet the problems of the day and hour with courage and determination. Stand for progress and liberty!

This report is dated January 1, 1937 to December 31, 1937 to make it comparable to the Statistical Report.

"Turner Topics"

The efforts to create an English language organ for the American Turnerbund are meeting with success. "Turner Topics," published monthly since the Cleveland Turnfest, and our official organ since the last convention has grown steadily in circulation, until the last reports to the Post Office showed 2525 copies mailed to regular subscribers, while more than 3000 were printed of some special issue. Every Turner should be a reader of "Turner Topics."

Work of Jahn Educational Fund

During the past year the Jahn Educational Fund has concentrated most of its efforts upon two objectives: the promotion of our Normal College Endowment and the improvement of "Turner Topics." There has also been some very effective publicity secured for the Turner movement by the Reconsecration of the Lincoln Bodyguard Flags, which caused Governor Earle of Pennsylvania to deliver an address reprinted in the Congressional Record and scores of other publications. Some Turnverein libraries and mental training chairmen were supplied with literature, and students in several universities received materials for historical theses. The Jahn Fund was also augmented by new gifts, including John Mentzer's bequest of \$3,567.04. Books and relics of Turner interest were received from several donors. The address of the Jahn Educational Fund is 1108 Century Building, Pittsburgh, Pa.

George Seibel,
Chairman.

The Jahn Educational Fund

Back in July, 1925, Turner Theodore Ahrens of Louisville, Ky., made a gift of \$5,000 to launch the Jahn Educational Fund to promote mental training activities in the American Turnerbund. It was planned to collect \$100,000 as quickly as possible, and let the Fund grow to a million by the slow accretion of unused earnings. One third of the net income was to be added to the principal, to insure the attainment of the goal.

The object of the Jahn Educational Fund was to encourage "Geistiges Turnen," or mental work, upon which we depend for the perpetuation of our ideals. This mental training activity has often been referred to as the "Stiefkind" or "Schmerzenskind" of the Turnerbund. The object of the fund was to furnish support and encouragement to those engaged in this fundamental activity.

This Fund now amounts to nearly \$60,000 and is steadily growing. Active solicitation for the Fund has not been carried on during the last six years, since the depression made such activities inadvisable, and there has been less effort than ever, in order not to interfere with the Normal College in its financial plans.

Because of the times and circumstances which made it necessary to go slowly in the accumulation of the Fund, very little has been said about its uses. But it has not been inactive. About \$5,000 has been expended in various ways: for Lectures, the Cologne Turnfest film and the Washington pageant, the Buffalo Turnfest plays, Books for the Normal College and Turnvereins, awards for literary work, and propaganda for the Turnerbund.

At the Cleveland Turnfest the Jahn Fund offered cash prizes for the best Dramatic Sections. For the best performance of a one-act play, either in English or German, a cash prize of \$100 was offered, for the second-best performance a cash prize of \$50, for the third best, \$25.

When the Normal College Maintenance Fund was launched, the Jahn Fund matched the \$5,000 subscription of Theodore Ahrens with \$5,000 from the Fund he had launched years before. We were happy to be able to lend a hand in the perpetuation of our great College.

The Trustees had also been considering the use of the Fund for the purpose of inaugurating an English organ of national scope. Several plans have been submitted, and one was approved, but the private sponsors were deterred by the depression. When an emergency arose the Trustees proceeded with a plan of their own. Because of the limited resources of the Fund it was necessary to start upon a small scale, so as to incur no expense or liability to the Turnerbund. But if "Turner Topics" fills a real need, it should ultimately pay for itself.

HERE'S A HINT FOR ALL TURNERS

Several bequests have already been made to the Jahn Educational Fund, and as it is a permanent endowment, which will grow to ever greater proportions as the years pass, there will be many Turners, no doubt, desiring to make provisions in their wills to perpetuate the principles of Turnerism through this Fund. For the guidance of such Turners the following form is given to write into their wills as a codicil:

I give and bequeath to the Trustees of the Jahn Educational Fund of the American Turnerbund,

The fact that this Fund has been urgently needed is proved by the number of very worthy applications for aid which have been submitted.

As the need for aid is great, further donations by Societies or individuals are solicited. It is our hope that, before the end of 1938 every Society in the Turnerbund will be represented by a donation to this Fund, either from the Society or from the individual member. There is no limit to the size of the donation, but any sum will be very much appreciated.

Attention of the Instructors of the Turnerbund is respectfully invited to the following Resolution submitted by the Western District of New York and unanimously adopted by the 1933 National Convention:

"Be it resolved that the teachers who are now serving or in the future will serve the Turnvereins of the American Turnerbund, are earnestly urged to contribute a certain percentage of their salaries to the Instructors' Fund now created."

It is our hope that, in the spirit of the above resolution, all Instructors may be represented by a donation. Their donation need not necessarily be large. We want them to have an interest in this Fund even if they cannot give more than a few dollars from time to time.

It is the sincere wish of the Trustees to see this Fund grow to a size to meet the deserving demands and sufficient to produce other benefits for the American Turnerbund.

With Turner Greetings,

THE TRUSTEES OF THE INSTRUCTORS' FUND

HENRY W. LUTHER, *Chairman.*
 OSCAR GROTHE, *Vice Chairman.*
 HERMAN EISELE, *Secretary.*

Turners' Normal College

The Normal College of the American Turnerbund is affiliated with Indiana University; its students can acquire the degree of the State University as well as that of the Normal College. The College remains an independent institution, however, and continues its courses as given heretofore.

The Board of Trustees of the College consists of the following: President, George Vonnegut; Treasurer, Richard A. Kurtz; Oscar H. Koster, Leo M. Rappaport, Carl F. Hein, Cleveland; Dr. Rudolph Hofmeister, St. Louis; Paul Krimmel, Syracuse; Max Strass, Chicago; W. K. Streit, Cincinnati; Joseph Weissmueller, Louisville; Dr. Carl B. Sputh, President of the College and Dean of the Department of Science and Hygiene; Emil Rinsch, Dean of the Department of Education, Social Science and Languages, and Secretary of the Board; Rudolph Schreiber, Dean of the Department of Theory and Practice of Physical Education.

The faculty, consisting of sixteen instructors, includes members of the teaching staff of Indiana University.

The following courses are offered:

A four-year course leading to the degree of Bachelor of Physical Education (B.P.E.) and to certification as Teacher of Physical Training and Health Education.

An elementary two-year course, open to male non matriculants who have attained a high degree of proficiency in gymnastics (gymnasts of the second or third grade) and meet such additional requirements as may be prescribed, including a satisfactory knowledge of German. Students who complete this course receive a certificate attesting that they are qualified to teach physical education in schools maintained by societies of the American Turnerbund.

Complete information about these courses is given in the catalogue of the Normal College, sent on request.

Beginning with the year 1919-20 the Board of Trustees of the Normal College has offered seven scholarships to members of the American Turnerbund (one for each of the circuits), consisting of free tuition for two years. Full information about these scholarships will be sent on request.

The 27th convention of the Turnerbund decided to offer similar scholarships to 20 members (one for each of the districts), without the high school education required for those mentioned above, consisting of one year's free tuition for the elementary course. Complete information will be sent on request.

Children's Camp at Brosius

Camp Brosius at Elkhart Lake in Wisconsin, the summer camp and resort owned and operated by the Indianapolis College of the American Turnerbund, is an ideal place for a children's camp. The College, therefore, started such a camp last summer and its success encouraged the Board of Trustees to make more elaborate arrangements for this year's camp.

Boys and girls, 9 to 15 years of age, will be admitted. The camp director is Rudolph R. Schreiber, Dean of the College's department of Physical Education; he will be assisted by several instructors and counselors, men and women who have had training and experience in such work. Each counselor will have charge of a group of not more than six boys or girls. The fee for the six weeks of the camp course, beginning July 2 and ending August 12, is \$125.00; shorter periods at proportionate rates. This fee includes room and board, all instruction and material, laundry, etc.

The camp is located at the western end of the lake, 150 miles north of Chicago. The climate is fine and the swimming excellent. No camper is permitted to swim alone nor to enter a canoe unless able to swim. Safety and health of the campers are well taken care of. Frame cabins with raised floors and electrically lighted, house the campers and staff. Instruction includes swimming, boating and canoeing, track and field work, archery, handcraft, nature study—in fact, all activities and studies usually found in such camps.

The Hotel Camp Brosius located on the camp grounds, is a summer rendezvous for many Turners who spend delightful vacations there.

For further information about the camp and the hotel, write to Normal College of the American Turnerbund, 415 East Michigan Street, Indianapolis, Indiana. After June 1, address the College at Elkhart Lake, Wisconsin.

The "American Boy Turner" movement was originated in the fall of 1932 at the Eiche Turnverein, Chicago, Ill. For a period of time nothing was done until Rudolph Koenig, a Chicago Turner, undertook the job of organizing the boys belonging to the various Turnvereins of Chicago, and today this movement has met with a great deal of success in Chicago.

At the National Convention of the American Turnerbund held in 1933 the plan as presented by the Illinois District was accepted, but the outlined plan which was printed in book form failed to take hold in other districts outside of the Illinois District.

At present many changes have been made in the organization of the American Boy Turner movement in Chicago. Boys have been organized in troops of eight, each troop in charge of a leader. A uniform has been adopted as pictured above. Five tests have been adopted which include such activities as: History of the American Turnerbund, Physical Skills, Hikes, Nature Study, Woodcraft and First Aid. The tests are named accordingly:

1. Qualifying Test;
2. Pioneer Test;
3. Lincoln Test;
4. Turner Test, and
5. Jahn Test.

The tests have been compiled by the Illinois Districts and are to be released for distribution to societies in the very near future.

Societies are urged to organize their boys and girls into this movement. Information regarding the organization and tests may be had through Rudolph Koenig, National Chairman of the American Boy Turner, 712 Federal Street, Chicago, Ill.

OUR TURNER CHAUTAUQUA

Where Do You Spend Your Vacation?

There is no pleasanter place to spend the hot summer than on beautiful Elkhart Lake, where the summer school and camp of the Turnerbund are located.

To the shores of this lovely Wisconsin Lake come hundreds of Turners, old and young, to rest and meet old friends.

The Turners have a fine cottage hotel right on the grounds, and there are other places where rooms and board can be secured at reasonable rates. Address inquiries to

THOUGHTS FOR THE TIMES from Oscar Wilde

In war the strong make slaves of the weak, and in peace the rich make slaves of the poor.

Agitators are a set of interfering, meddling people, who come down to some perfectly contented class of the community and sow seeds of discontent among them. That is the reason why agitators are so absolutely necessary.

In an evil moment the Philanthropist made his appearance and brought with him the mischievous idea of Government.

Despotism is unjust to everybody, including the despot, who was probably made for better things.

It is safer to beg than to take, but it is finer to take than to beg.

Society produces rogues, and education makes one rogue cleverer than another.

Disobedience, in the eyes of anyone who has read history, is man's original virtue. It is through disobedience that progress has been made — through disobedience and rebellion.

In the country people get up early because they have so much to do, and go to bed early because they have so little to think about.

There are times when one has to choose between living one's own life, fully, entirely, completely — or dragging out some false, shallow, degrading existence that the world in its hypocrisy demands.

As a Turner you have much to be proud of.

The American Turners individually and as a group have an enviable record gained through service in defending the institutions of the United States.

The American Turners introduced health and physical education into the public schools and through the Turner Normal College have supplied teachers — men and women — trained to aid in its spread and development.
