IUPUI and IvyTech Coordinated Programs (Passport)

Welcome to the IUPUI & Ivy Tech Coordinated Programs home. Here you will find information and tools to assist you in your journey through what, at times, can be a complicated system. Please take a moment to look around and contact us if you have any questions or concerns.

About the Passport program

The Office of IUPUI/Ivy Tech Coordinated Programs was formed with the central purpose being to increase access to those in the eight-county Indianapolis region to a full range of post-secondary education degree options, from the associate through the doctoral levels. Its three-part mission is:

- To ensure general coordination between IUPUI and Ivy Tech Community College with regard to credit courses, non-credit courses, student services, needs assessment, and marketing in cooperation with the respective institutional officers.
- To monitor and help promote coordinated student services to facilitate student transfers, concurrent enrollment, and course credit transfer.
- To promote both institutions as distinct post-secondary institutions with differentiated missions which collaborate to meet the full range of community needs.
